[In addition to the amendments of sections, as above indicated, the act of 1893 contained the following provisions:

PROTECTION DISTRICTS—RECLAMATION.

To provide for the formation of protection districts in the various counties of this state, for the improvement and rectification of the channels of innavigable streams and water courses, for the prevention of the overflow thereof, by widening, deepening and straightening and otherwise improving the same, and to authorize the boards of supervisors to levy and collect assessments from the property benefited to pay the expenses of the same.

(Stats. 1895, 247, ch. CCI; amended 1897, 219, ch. CLXIII; 1903, 328, ch. CCXLV.)

§ 1. Whenever the board of supervisors of any county in this state may deem it proper to improve and rectify the channel of any innavigable stream or watercourse within the county, and to prevent the overflow of such stream by widening, deepening, or straightening its course, or by erecting levees or dikes upon its banks, the board may, upon a petition of ten property holders of the district to be affected by such improvements, pass a resolution signifying its intention to improve such innavigable stream or watercourse, describing the exterior boundaries of the district of lands to be affected or benefited by such work or improvement, and to be assessed to pay the damages, cost, and expenses thereof, the character of work or improvement contemplated, and the place where the proposed work or improvement is to be done. Such resolution shall also contain a notice, to be published, which notice shall be headed

"Notice of intention of the board of supervisors to form a protection district," and shall state the fact of the passage of such resolution, with the date thereof, and briefly, the work or improvement proposed, and the statement that it is proposed to assess all property affected or benefited by such improvement for the expenses thereof, and refer to the resolution for further particulars. Such notice to be given by the board of supervisors, and signed by its clerk.

§ 2. Such notice shall be published for a period of thirty days, in one daily newspaper published and circulated in such county, and designated by said board of supervisors; or if there is no daily newspaper so published and circulated in said county, then by four successive insertions in a weekly or semi-weekly newspaper so published, circulated, and designated.

§ 3. Any person interested, objecting to such work or improvement, or to the extent of the district of lands to be affected or benefited by such work or improvement, and to be assessed to pay the costs and expenses thereof, may make written objections to the same within ten days after the expiration of the time of the publication of said notice, which objection shall be delivered to the clerk of said board of supervisors, who shall indorse thereon the date of its reception by him, and at the next regular meeting of such board of supervisors, or at an adjourned meeting, or a special meeting called for that purpose, after the expiration of said ten days, lay such objections before said board of supervisors, which shall fix a time for hearing said objection, not less than fifteen days thereafter, and direct its clerk to notify each person objecting of such day fixed for hearing, by depositing a notice thereof in the post-office at the county seat of such county, postage prepaid, addressed to such person objecting, which said notice shall be deposited in the post-office not less than ten days before the day set for hearing.

§ 4. At the time specified or to which the hearing may be adjourned, the board of supervisors shall hear the objections urged and pass upon the same. Such board may, in its discretion, sustain, in whole or in part, any or all of the objections made and filed, and may change or alter the boundaries of such district to conform to the needs of the district, and may, in their discretion, declare such protection district formed as a subdivision of such county, and shall designate such district by name as the ——— protection district of ——— county, and thereafter the board of supervisors shall be deemed to have acquired jurisdiction to purchase or receive by donation, in the name of the district, any real or personal property necessary to properly carry out the purposes of the formation of such district, under the same rules as govern the purchase of property in the name of the county; but no district shall be formed wherein a majority of the property holders within its limits protest in writing against such action.

§ 5. The board of supervisors of such county shall also have power to condemn land for the purpose of widening, deepening and straightening any innavigable stream flowing through such protection district, or forming a boundary, or any part of a boundary thereof, and for that purpose all the provisions of part three, title seven, of the Code of Civil Procedure are hereby made applicable to the exercise of the right of eminent domain for such purposes, or to any other purpose necessary to the needs of such district when

formed; provided, that nothing in this act shall be construed as interfering, conflicting or abrogating reclamation districts now established by law. Whenever such innavigable stream or watercourse forms, or the portion thereof deemed proper or necessary to be improved and rectified by widening, deepening or straightening its course, or by erecting levees or dikes upon its bank, forms the boundary line between any two or more counties in this state, the petition shall first be presented to the board of supervisors of the county in which the greatest portion of lands within the proposed district are situated, signed by at least twenty of the property holders of the district, ten (10) from each of the counties to be affected, which petition shall set forth and particularly describe the proposed boundaries of such district and the other matters required by section one of the act of which this act is amendatory, and shall pray for a district to be organized under said act; and when the board of supervisors of any one of said counties has acquired jurisdiction, as provided in section four of the act of which this act is amendatory, the board of supervisors of each of the other counties, when notified, shall proceed to improve and rectify the channel of said stream or watercourse, so as to prevent the overflow of such stream or watercourse, and in accordance with the terms of said act of which this act is amendatory. And if, after notice, given in writing by the board of supervisors of the county so first acquiring jurisdiction to the board of supervisors of said other counties, either or any county so notified shall fail for sixty days to proceed to take all necessary steps under said act for the prevention of the overflow of such stream, by widening, deepening or straightening its course, or by erecting levees or dikes upon its banks, the board of supervisors having obtained jurisdiction as above provided and giving such notice shall proceed under the terms of said act to improve and rectify the channel of such stream or watercourse, by widening, deepening, or straightening its course, or by erecting levees or dikes upon its banks, and collect by law, from the county or counties so notified, its proportion of the costs and expenses of said improvement, which shall not exceed in the case of any county one quarter of the total cost thereof; provided, said amount shall not exceed in any case for any one county the sum of twenty-five hundred dollars. Nothing herein shall authorize the alteration of the boundary lines of any county, and said boundary lines shall remain as they are at present. Thereafter all costs of every nature that may be incurred or made necessary in the keeping up or preservation of any work or improvement done under the provisions of this section shall be borne by the counties affected by such work or improvement, and the lands within said district in the proportion provided in section ten of this act. [Amendment, Stats. 1903, 328.]

§ 6. Having acquired jurisdiction, as provided in section four hereof, the board of supervisors shall cause a survey of said contemplated improvement to be made, or adopt a survey already made; and a map of the survey must be adopted by such board, and thereafter such survey and map shall be the plans to be followed in making such improvements; provided, that at any time after the adoption of such survey and map, and before any commissioners' report of the assessment of benefits and award of damages has been finally adopted and confirmed by the board of supervisors as provided for by section sixteen of this act, said board of supervisors may rescind their action in adopting such

survey and map, and may adopt others in place thereof, or, by the affirmative vote of not less than four fifths of all its members, said board may abandon its contemplated improvement and disorganize and abolish such protection district, in which case the preliminary expenses already incurred for advertising and surveying shall be a county charge. [Amendment, Stats. 1897, 219.]

§ 7. After adopting such survey, the board of supervisors shall appoint three commissioners to assess benefits and damages, to estimate the total cost of making the proposed improvements and performing such proposed work, which estimate shall include all expenses of every kind incurred or to be incurred, either directly or indirectly, in carrying out the said work and improvements. Before entering upon the discharge of their duties as such commissioners, they shall each take and subscribe to an oath to perform the duties of such commission to the best of their abilities, and shall each file, with the clerk of the board of supervisors, a bond to the state of California, in the sum of three thousand dollars, to faithfully perform the duties of his office as such commissioner, which said bond must be approved by the chairman of the board of supervisors. The board of supervisors may, at any time, remove any or all of said commissioners for cause, upon reasonable notice and hearing, and may fill any vacancies occurring among them from any cause.

§ 8. The commissioners shall have all powers necessary and proper to carry out the provisions of this act, and the act of a majority shall be the act of the board.

§ 9. All such charges and expenses shall be deemed as expenses of said work or improvement, and be a charge only upon the funds devoted to the particular work or improvement as provided hereafter. All claims, as well for the land and improvements taken or damaged as for the charges and expenses, shall be paid as are other claims against the county and upon order of the board of supervisors, and the claims shall be itemized in the same manner as are other claims against the county.

§ 10. Said commissioners shall proceed to view the lands embraced within the boundaries of such protection district, and may examine witnesses under oath, to be administered by any one of them. Having viewed the land to be taken, and the improvements affected, and considered the testimony presented, they shall proceed with all diligence to determine the value of the land and damage to improvements and property affected and also the estimate amount of the costs of the proposed work or improvement and the expenses incident thereto, and having determined the same, shall proceed to assess the same to the county or counties and upon the lands embraced within the exterior boundaries of such protection district. Such assessment shall be made in the manner following, to wit: The board of supervisors shall assess to the county or counties where more than one as [is] an interested and benefited party or parties not exceeding one half of such assessment; provided, that in no case shall a county be liable for an amount in excess of one fourth thereof or for any sum greater than twenty-five hundred dollars where there are two or more counties within which said district is formed, and the remainder of such assessment may be made upon the lands within said district in proportion to the benefits to be derived from said work or improvement, so far as said com-

mission can reasonably estimate the same, including in such estimate the property of any railroad company, within said district, if such there be. [Amendment, Stats. 1903, 329.]

§ 11. Said commissioners, having made their assessment of benefits and damages, shall, with all diligence, make a written report thereof to the board of supervisors, and shall accompany their report with a plat of the district, showing the land taken or to be taken for the work or improvement; and the lands assessed, showing the relative location of each district, block, lot, or portion of lot or other piece of land, and its dimensions, so far as the commissioners can reasonably ascertain the same. Each block and lot, or portion of lot, or other parcel or parcels of land taken or assessed, shall be designated and described in said plat by an appropriate number, and a reference to it by such descriptive number shall be a sufficient description of it in all respects. When the report and plat are approved by the board of supervisors, a copy of said plat (appropriately designated and certified by the clerk of said board as a correct copy of the plat on file in his office) shall be, by the clerk of said board, recorded in the office of the recorder of the county. Said report of the commissioner shall also contain the names of the persons owning lands taken, or to be taken, for such work or improvement; the names of the landowners who consent to give the right of way, and their written consent thereto; the names of landowners who do not consent, and the amount of damage claimed by each, and the amount of damages awarded to each by the commissioners.

§ 12. Said report shall specify each lot, subdivision, or piece of property taken or injured by the widening, deepening, or straightening of such innavigable stream, or other improvement made or work done, or assessed therefor, together with the name of the owner or claimants thereof or of persons interested therein as lessees, encumbrancers, or otherwise, so far as the same are known to the commissioners, and the particulars of their interests, so far as the same can be ascertained, and the amount of value or damages or the amount assessed, as the case may be.

§ 13. If in any case the commissioners find that conflicting claims of title exist, or shall be in ignorance or doubt as to the ownership of any piece of land or of any improvement thereon, or of any interest in such land or improvement, it shall be set down as belonging to unknown owners. Errors in the designation of the owner or owners of any land or improvement, or of the particulars of their interests, shall not affect the validity of the assessment, or of any condemnation of the property to be taken.

§ 14. The commissioners shall receive for their services such compensation as the board of supervisors may determine from time to time; provided, that the compensation shall not exceed the sum of one hundred dollars per month each, nor continue for more than six months, unless the board of supervisors shall, by order, extend such time. The compensation of the commissioners shall be considered as an expense of the work or improvement, and shall be chargeable and payable as are other expenses thereof.

§ 15. The report of such commissioners, and the plat accompanying it, shall be filed with the clerk of the board of supervisors, and thereupon the said

clerk shall give notice of such filing by publication for at least ten days, in one daily newspaper published and circulated in said county; or if there be no daily paper, by three successive insertions in a weekly or semiweekly newspaper so published and circulated. Said notice shall require all persons interested to show cause, if any they have, why such report should not be adopted and confirmed by the board of supervisors, on or before a day fixed by the clerk thereof, and stated in said notice; which day shall not be less than thirty days from the last publication thereof. Such notice shall be substantially in the following form:

Notice of filing of the report of the board of commissioners of ——— protection district.

Notice is hereby given that the board of commissioners of ——— protection district did, on the ——— day of ——— 189—, file its report of the assessment of benefits and award of damages in said protection district with the clerk of the board of supervisors of ——— county, which said report is now on file in the office of said board, in the county court-house, in the city of ———, in said county. Said report is hereby made a part hereof, and is hereby referred to for further particulars. All persons interested are hereby required to show cause, if any they have, why such report should not be adopted and confirmed by such board of supervisors.

All objections to such adoption of such report shall be in writing and signed by the person objecting, giving post-office address, and filed with the clerk of said board of supervisors on or before the ——— day of ———, 189—.

_____,
Clerk of the board of supervisors of ——— county.

§ 16. All objections shall be in writing and filed with the clerk of the board of supervisors, who shall, at the next meeting of the board (whether an adjourned meeting, a regular monthly meeting, or a special meeting called for that purpose) after the day fixed in the notice to show cause, lay the said objections, if any have been filed, before the said board, which shall, by order, fix a time for hearing the same, and direct the clerk to notify the objectors in the manner prescribed in section three hereof. At the time fixed for hearing, or at such other time as the hearing may be adjourned to, the board of supervisors shall hear such objections and pass upon the same; and at such time, or if there be no objections, at the first meeting after the day set in such order to show cause, or such other time as may be fixed, shall proceed to pass upon such report, and may confirm, correct, or modify the same, or may order the commissioners to make a new assessment, report, and plat, which shall be filed, notice given, and hearing had as in the case of an original report. When such report has been adopted and confirmed, the said board may, by order entered upon its minutes, discharge such commissioners, and their authority shall thereupon cease.

§ 17. After said report has been adopted as provided in the preceding section, the board of supervisors, if they consider the sum to be raised for the payment of the expenses of such work or improvement too great to be properly expended in one year, or too great to be raised in one year by assessments against the property of such protection district, may, by order entered upon

its minutes, provide that any part of such expenses shall be raised or expended in one year, and that such assessments shall continue for a number of years sufficient to raise by assessment, and expend, the total sum required by such report for the work or improvement. When the board has determined the sum to be assessed for each year, and the number of years that such assessments shall continue, they shall cause the clerk of the board of supervisors to forward to the tax collector of the county in which such district is situated, a certified copy of the report, assessment, and plat as adopted and confirmed by the said board of supervisors, together with a certified copy of the order of said board, fixing the sum to be raised by such assessment each year and the number of years such assessment shall continue, and from and after the filing of such certified copy the charges assessed upon each piece of land or improvement thereon for the first year shall become due and payable immediately and shall constitute a lien thereon; and thereafter the assessments for the succeeding years shall become due and payable on the first day of October of each year, and shall, upon becoming due and payable, constitute a lien upon the land or improvements upon which it is assessed. Before such sums become delinquent, the board of supervisors shall direct the county treasurer to transfer from the money then in the general fund of such county to the fund raised by such assessment, a sum of money to be named in the order, great enough to pay the assessment made against the county for that year for such work and improvements.

§ 18. All moneys paid upon such assessments, either by property owners or by the county, and moneys received from any source for the benefit of such protection district, shall be, by the county treasurer, placed in a fund to be called the ——— protection district fund; and all payments of any of the expenses of the work or improvements or other expenses of such district shall be made upon warrants drawn by the county auditor upon such fund, and paid by such treasurer.

§ 19. Upon the filing of such certified copy of such report, assessment plat, and order with the tax collector of the county, as prescribed in section eighteen hereof, the county tax collector shall give notice, by ten days' publication in a newspaper printed in the county, that the assessment list of ——— protection district has been filed in his office, with the date of such filing; that the amounts entered thereon are due and payable; that if not paid on or before the first Monday in January next ensuing, the same will become delinquent and will be collected as are delinquent taxes. He shall note on said assessment list all assessments paid, giving receipts as in the payment of taxes, and shall pay all money collected into the county treasury at the same time and in the same manner as money collected for taxes is paid into said treasury. All subsequent collections of assessments shall be made in the same manner above set forth, and the tax collector shall annually (after the first year), immediately after the first day of October, publish a notice containing all the statements required to be made as hereinbefore in this section set forth, and the same proceedings shall be had as upon the collection of the first assessment.

§ 20. When said assessments have become delinquent the tax collector of such county shall proceed to collect such delinquent assessments, with five

per centum added thereon, and pay the same, including the five per centum so collected, over to the county treasurer, in the same manner as state and county taxes are collected and paid over; and for the purpose of collecting such assessments and delinquent assessments all of the provisions of chapter seven, title nine, part three, of the Political Code not in conflict with any of the provisions of this act are hereby made applicable to the collection of assessments and delinquent assessments in such protection districts.

§ 21. If, at the completion of such work or improvements, there should be, from any cause, a surplus of money left in such protection district fund, the board of supervisors may ascertain the pro rata amount belonging to each person paying such assessments, and upon the filing of claims for such rebate properly itemized, shall refund such money to the parties who paid the same; and when all of such money has been refunded, shall, by order, direct the county treasurer to abolish such protection district fund.

§ 22. When sufficient money is in such protection district fund to pay for the property taken and damaged, according to the award of damages made in the report adopted by the board of supervisors, as provided in section seventeen hereof, the clerk of the board of supervisors shall notify the owner, possessor, or occupant of any land or improvement thereon to whom damages shall have been awarded, that such award has been made, and the amount thereof, and that upon such person filing a claim and tendering a conveyance of any property to be taken, such claim will be allowed and such damages paid. Such notice shall be given by depositing such notice in the post-office at the county seat of such county, postage prepaid, addressed to such owner, possessor, or occupant, if his name be known. In case the property is unoccupied, and the name of the owners is unknown, or in case such unoccupied property is set down as belonging to unknown owners for the reasons given in section fourteen hereof, such notice shall be delivered to the sheriff or to a constable, who shall serve the same by posting a copy in a conspicuous place upon the property named in said notice, and indorse a certificate of service upon the original notice, and file the same with the clerk of the board of supervisors.

§ 23. Whenever the clerk of the board of supervisors or other officer is, by this act, empowered to serve any notice by mailing, a certificate of such mailing, in conformity to the provisions of this act and filed with the records of such supervisors, shall be sufficient proof of such service.

§ 24. If any award of damages is not accepted within fifteen days after the mailing or posting of such notice, it shall be deemed as rejected by the property owner, and thereupon the board of supervisors may direct proceedings to procure the right of way to be instituted, in the name of the county, by the district attorney, under and as provided in title seven, part three, of the Code of Civil Procedure, against all non-accepting property owners; and when thereunder the right of way is procured, the work or improvement must be commenced as hereinafter provided. In such suit no informality in the proceedings of the board of supervisors, or in the proceedings of the commissioners, shall vitiate said suit, but the said order of the board of supervisors, directing the district attorney to bring suit, shall be conclusive proof of the regularity

thereof; and the said suit shall be determined by the court or jury in accordance with the rights of the respective parties as shown in court, independent of said proceedings before said board of supervisors or before said commissioners.

§ 25. If any right of way, attempted to be acquired by virtue of this act, shall be found to be defective from any cause, the board of supervisors may again institute proceedings to acquire the right of way as in this act provided, or otherwise, or may purchase the same and include the cost thereof in the expenses of such work or improvement.

§ 26. The board of supervisors shall determine the amount of work to be done in each year and the place where such work is to be done, and may let a contract for any portion of such work that they may think proper. When the work is let by contract, either as a whole work or for a portion thereof, the board shall give notice, by publication thereof, not less than ten days, in a newspaper published in such county, calling for bids for the construction of such work, or of any portion thereof; if less than the whole work is advertised, then the portion so advertised must be particularly described in such notice. Said notice shall set forth that plans and specifications can be seen at the office of the board, and that the board will receive sealed proposals therefor, and that the contract will be let to the lowest responsible bidder, stating the time and place for opening said proposal, and how such sealed proposals shall be addressed, which, at the time and place appointed, shall be opened, and, as soon thereafter as convenient, the board shall let said work, either in portions or as a whole, to the lowest responsible bidder; or they may reject any and all bids and readvertise for proposals. Any person or persons to whom a contract may be awarded shall enter into a bond, with good and sufficient sureties, to be approved by the board, payable to said county for the use of such protection district, for double the amount of the contract price, conditioned for the faithful performance of said contract. The work shall be done under the direction and to the satisfaction of the board of supervisors.

§ 27. If, according to the survey and map as adopted by the board of supervisors, as provided in section seven hereof, it is necessary, in order to shorten or straighten the course of any innavigable stream, to dig canals, cut off bends, change the channel or course of such stream, or to turn the water from its present channel into a former but now dry channel, then such work shall be considered as the straightening of the channel and course of such innavigable stream, and all of the provisions of this act are hereby declared to be applicable to such work.

§ 28. If, at any time, in the opinion of the board of supervisors, the expenditure of money is absolutely necessary to the welfare of such protection district, and there is no money in the fund of such district to make such necessary expenditure, or the money in such fund is insufficient to make such necessary expenditure, then the board of supervisors may advance such money out of the general fund of the county, and the same shall be a credit to the county as a payment of the assessments against the county to that extent; or if such money advanced shall exceed the assessments against the county, then as soon as there is sufficient money in the fund of such protection district to pay the

excess, the board of supervisors shall direct the county treasurer to transfer to the general fund from the fund of such protection district, a sum great enough to balance the accounts.

§ 29. The provisions of this act shall be liberally construed to promote the objects thereof.

This act shall take effect and be in force from and after its passage.

Rudel vs. Los Angeles County, 118 Cal. 281, 285, 50 Pac. Rep. 400.

An act to protect lands not recognized as swamp-lands from overflow (Stats. 1880, 55) was held unconstitutional in not providing proper notice to owners of lands assessed, in Hutson vs. Protection Dist., 79 Cal. 90, 21 Pac. Rep. 435. The act was sub-

sequently amended (Stats. 1889, 366) with special reference to notice, publication, and hearing, and, as amended, does not seem to have ever come before the supreme court. It is assumed that the acts mentioned have been superseded by the foregoing Act of 1895, as amended.

§ 1. If the public administrator of any county of this state fails to qualify, or in person fails to perform the duties of his office, the coroner of such county shall be ex officio public administrator; and in case both public administrator and coroner fail to qualify or to perform the duties appertaining thereto, the supervisors shall appoint a suitable person to be public administrator; and all laws applicable to the qualification, powers, duties, and compensation of public administrator shall apply to the coroner or appointee of the supervisors as aforesaid.

§ 2. That such plans, drawings, representations, bills or materials, and specifications of work, and estimates of the cost thereof, in detail and in the aggregate, as are required in the first section of this act to be made, shall be, when made, submitted to the governor, state treasurer, and secretary of state, for their approval, and if approved by them, a copy thereof shall be deposited and safely kept in the office of controller of state.

§ 3. That after such plans, descriptions, bills of materials, and specifications and estimates as are in this act required are made and approved, in accordance with the requirements of this act, it shall be and is hereby made the duty of such commissioners, directors, trustees, or other officer or officers to whom the duty of devising and superintending the erection, addition to, alteration, or improvement of such institution, asylum, or other improvement as in this act provided to give or cause to be given public notice of the time and place when and where sealed proposals will be received for performing the labor and furnishing the materials necessary to the erection of such institution, asylum, or other improvement, or for the adding to, altering, or improvement thereof, and a contract or contracts based on such sealed proposals will be made, which notice will be published weekly for four consecutive weeks next preceding the day named for the making of such contract or contracts, in three papers specially representing the building trades, and having the largest circulation and published each in the cities of San Francisco, Los Angeles, and Sacramento; also in a newspaper having a general circulation in the county where the work is to be let, and shall state when and where such plan or plans, descriptions, bills, and specifications can be seen, and which shall be open to public inspection at all business hours between the date of such notice and the making of such contract or contracts; provided, however, that the rates of said advertisements shall not

exceed the regular advertising rates for similar matter, whether public or private, in such paper or papers.

The aforesaid notice must state that separate bids will be received and separate contracts let for the performance of each of the following parts of said erection, addition, alteration, or improvement, including the furnishing of materials and labor necessary therefor, viz.: First, for the masonry work, including all brick, stone, terra cotta, and concrete work, and all necessary excavations and filling; second, for the iron work; third, for the carpenter, plastering, electric, and glazing work; fourth, for the plumbing and gas-fitting work; fifth, for the heating work; sixth, for the tinning, galvanized iron, and slating work; and seventh, for the painting and graining work; and there shall be in all such cases as many separate contracts let therefor as there are different kinds of work, according to the foregoing classification, whether the same be let by the state board of harbor commissioners or any other of the aforesaid commissioners, directors, trustees, or other officer or officers. [Amendment, Stats. 1905, 416.]

§ 4. That on the day named in said public notice, said commissioners, directors, trustees, or officer or officers, as aforesaid, shall proceed to publicly open said sealed proposals, and shall award such contract or contracts for doing the work and furnishing materials for the same to the lowest bidder, giving responsible bonds; provided always, that no proposals shall be considered unless accompanied with a bond of said proposer, equal to ten per centum of his proposal, with sufficient sureties, conditioned that if said proposal shall be accepted the party proposing will duly enter into a proper contract, and faithfully perform his or their contract or contracts, in accordance with said proposal, and the plan or plans, specifications, and descriptions, which shall be and are hereby made a part of such contract or contracts; and provided further, that such contract or contracts shall not be binding on the state until they are submitted to the attorney-general, and by him found to be in accordance with the provisions of this act, and his certificate thereon to that effect made; and provided further, that if in the opinion of such commissioners, directors, trustees, or other officer or officers, the acceptance of the lowest bid or bids shall not be for the best interest of the state, it may be lawful for them, with the written advice and consent of the governor, state treasurer, and secretary of state, to accept such proposal or proposals opened, as in their opinion may be better for the interests of the state, or reject all proposals and advertise for others in the manner aforesaid. All contracts shall provide that such commissioners, directors, trustees, or other officer or officers may, as hereinafter provided, and on the conditions stated, make any change in the work or materials.

§ 5. That no change of the plan or plans, descriptions, bills of materials, or specifications which shall either increase or decrease the cost of said institution, asylum, building, or improvement, exceeding the sum of one thousand dollars, shall be made or allowed after they are once approved and filed with the controller of state as herein required, until such proposed change shall have received the approval of the governor, state treasurer, and secretary of state; and when so approved, the plan or plans of such change, with the description thereof, and the specifications of the work, and bills of material, shall be filed with the controller of state in the same manner as required before such change was

made; and no allowance whatever shall be made for work performed or materials furnished under such change of plan or plans, or descriptions or specifications, or bills of materials, unless, before such labor is performed and materials furnished, a contract or contracts therefor is made in writing, which contract or contracts shall show distinctly the nature of such change, and shall be subject to all the conditions and provisions herein imposed upon the original contracts, and be subject also to the approval of the attorney-general as hereinbefore provided; provided, that all changes in the contract exceeding five hundred dollars shall be by contracts in writing, with full specifications and estimates, and shall become a part of the original contract, and shall be filed with the controller of state, with the original contract; and provided further, that the amount of such change in the contract, plans, descriptions, bills of materials, or specifications shall not, in the aggregate, increase the cost of construction of said institution, asylum, building, or improvement more than three per centum of the original contract price or cost.

§ 6. That no contract or contracts shall be made for the labor or material herein provided for at a price in excess of the entire estimate thereof in this act required to be made, and the entire contract or contracts shall not, including estimates of expenses for architects and otherwise, exceed in the aggregate the amount authorized by law for such institution, asylum, building, or other improvement, or such addition to, or alteration or improvement thereof, under the penalties of section ten of this act hereinafter provided.

§ 7. At the time or times named in the contract or contracts made and filed with the controller of state, or which has been previously made and filed with him, in accordance with the provisions of this act, for payment to the person or persons with whom such contract or contracts has been made, it shall be and is hereby made the duty of the commissioners, directors, trustees, or other officer or officers, to whom is confided the duty of superintending the erection of such institution, asylum, building, or improvement, or adding to, altering, or improving the same, to make or cause to be made a full, accurate, and detailed estimate of the various kinds of labor performed and materials furnished under such contract or contracts, with the amount due for each kind of labor and materials, and the amount due in the aggregate, which estimate shall be based upon an actual measurement of the labor so performed and materials so furnished, which estimate shall, in all cases, give the amounts of the preceding estimate or estimates, and the amount of labor performed and materials furnished since the last estimate, which estimate or estimates so made, as in this act required, shall be recorded in a book for that purpose to be provided and kept, or caused to be kept, by the said commissioners, directors, trustees, or other officer or officers, and a certified copy thereof, addressed to the controller of state by the said commissioners, directors, trustees, or other officer or officers, or by such person as they may designate for that purpose, be delivered to the contractor or contractors, entitled thereto; provided, that upon all estimates of materials furnished and delivered, and not actually having entered into and become a part of said institution, building or other improvement, there shall not be paid, until the same shall be incorporated into and become a part of said institution, building, or other improvement, exceeding fifty per centum of such estimated value.

§ 8. It shall be the duty of the controller of state, on the receipt of such esti-

mate so certified and approved, to compare carefully the same with the contract or contracts under which labor was done or materials furnished, and if there had been any previous estimates, then with such estimates; and if, upon such comparison, he shall find such last-named estimate in all respects correct, he shall number the same, place it on file, and have a record thereof made, and give to the person or persons entitled thereto, taking his or their receipt therefor, a warrant on the treasurer of state for the amount shown by such estimate or estimates to be due, less the amount of ten per centum thereon, which shall be retained as an additional security for the faithful performance of his or their contract or contracts, and shall be forfeited to the state in the event of a failure of such contractor or contractors to conform in good faith to the terms and conditions of such contract or contracts; but when the labor to be performed and materials furnished, under such contract or contracts, is performed and furnished, and a final estimate thereof made, the controller of state shall include in the warrant or warrants for the amount of such last estimate the percentage retained on former estimates.

§ 9. The treasurer of state shall pay the warrants issued by the controller of state, under and by virtue of the provisions of this act, placing the same on file and keeping a register of the names of the person or persons to whom such warrants are paid.

Providing for the appointment of an auditing board to the commissioner of public works, authorizing and directing him and them to perform certain duties relating to drainage, to purchase machinery, tools, dredges, and appliances therefor, to improve and rectify water channels, to erect works necessary and incident to said drainage, to condemn land and property for the purposes aforesaid, making certain acts a felony, and making an appropriation of money for the purposes of this act.

(Stats. 1897, 171, ch. CXIV; amended 1900, 21, ch. XIII; 1901, 91, ch. LXXVI.)

§ 1. Within thirty days after the passage of this act, the governor shall appoint five persons who shall be citizens of the state of California, and not all members of the same political party, and who, after the first appointment, shall hold office for four years after their appointment, who shall be known as the auditing board to the commissioner of public works. They must, within fifteen days after receiving notice of their appointment, meet in the city of Sacramento and organize by selecting from their number a president and secretary. But of those appointed under this act, the term of office of two shall be for two years, and the term of the others for four years, and the governor shall designate, in their commissions, their respective terms. Thereafter all shall be appointed for four years. All vacancies shall be filled in like manner by appointment from the governor, but the person appointed to fill a vacancy shall fill only the unexpired term. No member thereof shall recover any compensation whatever, but they may be paid their reasonable traveling expenses in attending meetings, to be audited by the board of examiners. They shall meet at Sacramento city once in two months, and oftener if required.

§ 2. For the purposes of this act, the report of the commissioner of public works, dated November sixteenth, eighteen hundred and ninety-six, and accom-

panying reports and plans of engineers, shall be adopted and made the basis of operations, and the plans therein specified for promoting drainage and improving and rectifying river channels, shall, as far as practicable, be carried out and finished as herein provided. In addition to the work outlined and described in said report, the said commissioner of public works and board of auditors are hereby authorized and empowered to perform other further and additional work upon the Sacramento River, the San Joaquin, Feather, Yuba, Bear, Mokelumne, and Tuolumne rivers, and Petaluma, Alviso, and Napa creeks, and upon all tide waters entering and flowing into the bays of San Pablo, Suisun, and San Francisco, and also upon the navigable creeks, rivers, and sloughs of the state of California, of a character and nature similar to that outlined and described in said report, for the purpose of promoting drainage, rectifying channels, and improving navigation. [Amendment, became a law under constitutional provision without governor's approval, March 2, 1901. Stats. 1901, 91.]

§ 3. The commissioner of public works shall have charge and superintendence of all work authorized by this act, and shall employ and direct all employees, but no expenditure shall be made without the sanction of the auditing board. The commissioner of public works shall determine the character and extent of the work to be done in accordance with the said report, and shall have full power to carry on and complete the same.

§ 4. There is hereby appropriated out of any money in the state treasury not otherwise appropriated, the sum of three hundred thousand dollars, to be paid to the said auditing board, and to be expended for the purposes hereinafter specified, to wit: for the purchase, construction, and operation of one or more dredgers, or machines, and appliances to improve and rectify the river channels of the state of California, so as to promote drainage and to protect towns and cities of the state of California from inundation, as outlined and described in the said report of commissioner of public works; to erect, build, and construct embankments, and other works, where necessary for carrying out the purposes of this act; to employ persons in and about said work, and to purchase such supplies as may be necessary for the carrying on of the same, and for doing all other work described in said report, to improve and rectify river channels so as to promote drainage.

§ 5. The commissioner of public works shall have power to employ such persons in and about said work as the auditing board may determine to be necessary, at a compensation to be fixed by the auditing board. All contracts for the purchase of material and supplies, or for such work as can be done by contract, where the expense thereof shall exceed the sum of five hundred dollars, shall be awarded to the lowest bidder, at a public letting thereof, and after a notice to bidders to be published in one newspaper published in the city of Sacramento, one in Stockton, and one in San Francisco, for at least one week; provided, that at least two weeks shall intervene between the last publication of said notice, and the time for opening bids; provided, the said bid is a fair and reasonable one. All bids required by this act shall be accompanied by such security as the auditing board may require, conditioned upon the bidder entering into a contract upon the terms of his bid, on notice of the acceptance thereof, and furnishing a penal bond, with good and sufficient sureties, in such sum as the auditing board may require, and to their satisfaction, that he will faithfully

perform his contract. If all the bids made at such letting are deemed unreasonably high, the board may, in their discretion, decline to contract, and may again advertise for such time and in such papers as they see proper, for proposals, and may so continue to renew the advertisement until satisfactory contracts are made; and in the mean time the board may contract for articles and supplies for immediate and temporary use, with any one whose offer is regarded as just and equitable, or may purchase in the open market. No bid shall be accepted, nor a contract entered into in pursuance thereof, when such bid is higher than any other bid at the same letting for the same class or schedule of articles, quality considered, and when a contract can be had at such lower bid. When two or more bids for the same article or articles are equal in amount, the board may select the one which, all things considered, may by them be thought best for the interest of the state, or they may divide the contract between the bidders as in their judgment may seem proper and right. The board shall have power to let a contract in the aggregate, or they may segregate the items, and enter into a contract with the bidder or bidders who may bid lowest on the several articles. The board shall have the power to reject the bid of any person who had a prior contract and who had not, in the opinion of the board, faithfully complied therewith. If, however, any sudden emergency should arise, rendering it necessary, in the judgment of the auditing board, to protect works already completed, or to prevent any work in process of construction being damaged by storms or flood-waters, that immediate repairs or work should be done, the said commissioner of public works shall have power to perform such work, or make such repairs, in the manner which to him seems most advisable.

§ 6. It will not be necessary to obtain the sanction of any other board or officer for the doing of any work, or the letting of any contract, except as herein specified, but all claims shall be audited by the state board of examiners as provided for by law.

§ 7. The auditing board may condemn the right of way necessary for the purpose of doing the work outlined and described in said report of the commissioner of public works, and may purchase or condemn all land and material necessary to carry out such plans of drainage, and may generally connect with, enlarge or strengthen any work of construction, and may condemn any lands which may be by them deemed necessary for the purposes of the act, and it is hereby declared that such purposes are a public use and that said appropriation is for the public benefit; provided, however, that they shall not interfere with any existing reclamation work or cut ditches or drains without the consent of the board of trustees thereof on, in, or over any lands situated in any swamp-land, reclamation, levee, or protection district.

§ 8. Whenever the auditing board cannot procure from the owner or owners thereof, without purchase, the right of way or material needed for the construction of such works as are described in the said report of the commissioner of public works, or cannot procure the consent to join or connect with any existing works, or procure lands necessary for the construction and completion of the said system and plan described in said report, the said auditing board may, in their own name or in the name of the state of California, proceed to condemn the same under the provisions of title seven, part three, of the Code of Civil Procedure, and amendments thereto, which are now existing or which may here-

representative, when making payments of moneys thus due, shall withhold and retain therefrom all sums and amounts which shall have been forfeited pursuant to the herein said stipulation.

§ 3. Any officer, agent, or representative of the state of California, or of any political subdivision thereof, who shall violate any of the provisions of this act, shall be deemed guilty of misdemeanor, and shall upon conviction be punished by fine not exceeding five hundred (500) dollars, or by imprisonment, not exceeding six (6) months, or by both such fine and imprisonment, in the discretion of the court.

§ 4. All acts or parts of acts inconsistent with the provisions of this act are hereby repealed.

§ 5. This act shall take effect and be in force from and after the date of its passage.

§ 2. This act shall take effect immediately.

RECLAMATION DISTRICTS—BONDS.

To provide for the issuing of bonds by reclamation districts, and the disposal thereof for reclamation and other purposes, and their payment by taxation upon the property situated in such reclamation districts.

(Stats. 1895, 197, ch. CLXXIV.)

§ 1. Whenever in the opinion of the board of trustees of any reclamation district now formed, or hereafter to be formed, under any law of this state, the cost of the works of reclamation according to the plans thereof will be too great to be raised by assessments as provided in the Political Code, said board of trustees shall order a special election to be held at some place in said district to be designated by said board of trustees, at which said special election shall be submitted to the owners of land in said district the question whether or not the bonds of said district shall be issued in an amount necessary to construct said works of reclamation, which said amount shall be estimated by said board of trustees, and stated in the order for such special election.

§ 2. Notice of such special election must be given by the board of trustees by posting notices thereof in at least three public places in the district, at least twenty days prior thereto, and also by publication for the same time in some newspaper published in each county in which any portion of said district may be situated, if there be a newspaper published in each of such counties, and if there is no newspaper so published, then by such publication in each county in which there is a newspaper published, and such notice must specify the time and place of holding such election, the amount of bonds proposed to be issued, and the names of three landholders of the district to act as a board of election.

§ 3. At such election each holder of lands in the district shall be entitled to vote in person or by proxy, and shall have the right to cast one vote for each

dollar's worth of real estate owned by him in the district, the value thereof to be determined from the next preceding assessment roll of the county where the same is situated; and the board of trustees of the district shall, prior to the election, procure from the assessor of each county where any portion of the district is situated a list, certified by such assessor, containing a description of all the land of the district situated in such county, the name of the person to whom each tract is assessed, and the value thereof as appears from the assessment roll of said county, which said list shall be furnished to and be used by the said board of election in determining the number of votes each voter is entitled to cast. No person shall vote by proxy at such election, unless authority to cast such vote shall be evidenced by an instrument in writing, duly acknowledged and certified as grants of real property, and filed with the board of election. The ballots cast at such election shall contain the words "Bonds—Yes," or the words "Bonds—No," and also the name of the person casting the ballot, with the number of votes cast by him; and a list of the ballots cast shall be made by the board of election, containing the name of the voter, and if the ballot be cast by proxy, the name of the person casting it, the number of votes cast, and whether the same be cast for or against the issuing of the bonds.

§ 4. If the persons, or any of them, appointed and specified in the notice of election as the board of election fail to attend at the time and place appointed for the election, the voters present at the time for opening the polls may appoint any landholder of the district then present to fill the place of any absent member thereof. Each member of such board of election must, before entering upon his duties as such, take an official oath as such member of the board of election, which said oath may be administered by any officer authorized to administer oaths, or by any landholder in the district. The polls shall be kept open for the reception of votes from ten o'clock a. m. until four o'clock p. m. At the close of the polls the board of election shall at once proceed to canvass the votes and declare the result and forward a certificate, showing the number of votes cast for and against the issuing of bonds, to the board of supervisors of the county where the district was formed, and deliver a duplicate thereof to the board of trustees of the district, and shall also deliver to the said board of trustees all ballots cast at such election, and all documents and papers used at such election.

§ 5. If a majority of the votes cast at such election are in favor of the issuance of bonds, the board of trustees of the district shall cause bonds in the amount stated in the order for election to be issued and placed in the custody of the treasurer of the county in which the district was formed. Said bonds shall be of the denomination of one hundred dollars each, shall be negotiable in form, signed by the president of the board of trustees of the district, and the chairman of the board of supervisors of said county, and attested by the clerk of said board of supervisors, and the seal of said board of supervisors, shall be numbered consecutively as issued, and bear date at the time of their issue, and shall express on their face that they were issued by authority of this act, stating its title and date of approval, and the date of the election at which their issuance was authorized. Said bonds shall bear interest at the rate of seven per centum per annum, payable semiannually on the first day

of January and the first day of July in each year, at the office of said county treasurer, upon the presentation of the proper coupons therefor. Coupons for each instalment of interest shall be attached to said bonds, and shall be numbered, signed, and attested, in the same manner as the bond. The principal of said bonds shall be paid as follows, to wit: Ten per centum of the whole amount of bonds issued, according to their consecutive numbers, shall be paid in ten years from the date of their issue, at the office of said county treasurer, and ten per centum thereof each succeeding year thereafter, until all are paid. If any bond shall not be presented for payment when the same becomes due, it shall cease to draw interest; but if presented at such time, and not paid for want of funds, the said county treasurer shall so indorse it, and thereafter such bond shall draw interest until paid, at said rate of seven per centum per annum, payable semiannually.

§ 6. The treasurer of said county shall place the bonds prepared pursuant to this act to the credit of said district, and may at any time sell any of said bonds for the best price obtainable therefor, but in no event for less than the face value of said bond, and the accrued interest thereon. Any money derived from the sale of said bonds by said county treasurer shall be placed in the treasury to the credit of said district, and a proper record of such transaction be placed upon the books of said treasurer.

§ 7. The board of trustees of said district may draw orders upon the said county treasurer, payable in bonds or money in the proportion and to the amount therein named, to pay for labor or services performed for, or materials or property furnished to, said district, for the purpose of constructing the reclamation works thereof, and the expenses necessarily incident to maintaining the same, and the contingent expenses of said district, which said orders shall be approved by the board of supervisors of the county where such district was formed, and thereafter be paid by said treasurer in the manner therein provided for if such bonds or money then remaining in said treasury to the credit of said district be sufficient to pay the same.

§ 8. The principal of said bonds, and the interest thereon, shall be paid by revenue derived from a tax levied upon the assessable real property of the district, and the board of supervisors of the county wherein said district was formed, at the time of making the levy of taxes for county purposes, must levy a tax for that year, upon the taxable real property in such district, sufficient to pay the interest which may become due upon said bonds during such year, and if any portion of the principal of said bonds will become due during such year, then also in an amount sufficient to pay such portion of said principal. All taxes so levied shall be computed and entered on the assessment roll of the county where such land may be situated, by the county auditor, and collected by the tax collector, at the same time and in the same manner as state and county taxes, and when collected shall be paid into the county treasury for the use of said district.

§ 9. When such district is situated partly in different counties, the assessor of said county, or counties, other than the county where the district was formed, and in which any portion of such district may be situated, shall, prior to the time when the board of supervisors meets to make the levy for county

purposes in each year, certify to the board of supervisors of the county where such district was formed, a statement of the total value of all the taxable real property of said district, situated in his county; and when such board of supervisors shall have determined the rate of taxation necessary to be levied upon such property the clerk of said board of supervisors shall certify the same, under the seal of said board, to the auditor of any county other than the county where such district was formed, and such auditor shall thereupon compute the tax and enter the same upon the assessment roll of said county. When any taxes shall have been collected under any of the provisions of this act, and placed in the treasury of any county other than the one in which said district was formed, the treasurer of such county must, when requested so to do by the board of trustees of said district, forward all money in such treasury to the county treasurer of the county in which such district was formed, who shall receive and receipt for the same, and place such money in the treasury of such county to the credit of said district.

§ 10. No assessor, tax collector, treasurer, or clerk shall receive any fee for any service required to be performed by them under the provisions of this act. All expenses necessarily incurred in carrying out the provisions of this act shall be paid out of any money to the credit of the district for which the services are performed in the treasury of the county where the district was formed, upon the order of the board of trustees of said district, approved by the board of supervisors of said county.

§ 11. This act shall take effect and be in force from and after its passage.

RECLAMATION DISTRICTS—DISSOLUTION.

§ 1. All swamp and overflowed land reclamation districts and protection districts heretofore organized under any law of this state, which have, for more than five years, failed or neglected to use their corporate powers, and are free from debt, or against which all claims are barred by the provisions of the Code of Civil Procedure of this state, may be dissolved and annulled by the judgment of a court of competent jurisdiction on proper proceedings had therefor. The action or proceeding may be brought against said district by any person owning lands therein. The summons shall be served upon a majority of the last elected and acting trustees of the district, if living; if not living, then it may be served generally by publication.

§ 2. All acts and parts of acts in conflict with this act are hereby repealed.

§ 3. This act shall take effect and be in force from and after its passage.

See KERR'S CYC. POL. CODE § 3493.

RECLAMATION DISTRICTS.

Subjecting certain reclamation districts in the state to the provisions of the Political Code.

(Stats. 1885, 77, ch. CII.)

§ 1. All reclamation districts, now legally existing in the state, which were formed under the provisions of any statute of the state prior to the first day of January, eighteen hundred and seventy-three, which are now, and have been ever since their creation, prosecuting the objects for which they were created, shall, after this act takes effect, be subject to the provisions of the Political Code of the state relating to reclamation districts for reclamation purposes, the same as though such districts had been formed and created under the provisions of article two of said code, relating to "swamp and overflowed, salt-marsh, and tide lands"; provided, that nothing in this act shall affect any proceeding that shall have been already commenced for the levy or collection of assessments in such districts when this act takes effect; nor shall it affect any act done or performed in relation to the affairs of the districts prior to said last-mentioned date, nor the indebtedness of the districts theretofore incurred.

§ 2. This act shall take effect immediately.

RECLAMATION DISTRICTS—FUNDING OF DEBTS.

To provide for the funding of the indebtedness of the reclamation and levee districts of the state.

(Stats. 1871-2, 835; ch. DLXX; amended 1873-4, 237, ch. CLXXIV; 1873-4, 585, ch. CCCCXIII; 1875-6, 888, ch. DXCIV.)

§ 1. The board of supervisors of Sutter County shall be ex officio members of and constitute a board, to be known as reclamation fund commissioners, who shall provide an official seal, and have the powers and perform the duties herein-after provided. The chairman of the board of supervisors shall be president of the said board of reclamation fund commissioners, and the county clerk shall act as clerk of said board. They shall have an office at the county seat of Sutter County. [Amendment, Stats. 1873-4, 585.]

§ 2. Whenever in any reclamation district the trustees, or the owners of the land in case there be no trustees, or the engineer of any levee district, have reported or may hereafter report to the board of supervisors the plans and estimates of the cost of the works of reclamation therein, or whenever in such districts assessments have been levied and paid, in whole or part, or warrants drawn by the trustees or owners of the land and approved by the board of supervisors are outstanding, the board of supervisors by whom such district was formed shall cause a notice to be published for three weeks, in a newspaper published in the county or counties in which the district is situated, or if there be none such, in a newspaper of general circulation in such county or counties, calling a meeting of the landowners therein, stating the time and place of such meeting, and that the question will then and there be submitted whether the estimated cost of the work of reclamation shall be provided for by the issue of bonds in pursuance of this act. In case of a district where assessments have been levied and paid, in whole or part, or where such warrants are outstanding, the notice shall state that the question will be submitted whether bonds shall be issued in pursuance of this act for funding such assessments paid and such warrants outstanding. At such meeting the president of the board of supervisors shall preside, and the clerk of the board shall act as secretary; and the question as above stated shall

be determined by a vote of the majority in acreage of the landowners of the district. The minutes of such meeting shall be filed among the records of the said board of supervisors.

§ 3. If it be determined that bonds shall be issued for any of said purposes, the said president of the board of supervisors shall transmit to the reclamation fund commissioners a certificate, under the county seal, stating that the landowners in reclamation or levee district number — (designating its proper number), had determined that bonds of the district should be issued in pursuance of the provisions of this act, the county or counties, in which the district is situated, and the total estimated cost of the works of reclamation. And in case the bonds are to be issued for funding assessments paid, or warrants outstanding, the said certificate shall state, in addition, the total amount of assessments paid and warrants outstanding in said district, and any further estimated cost of reclamation reported in said district, to the board of supervisors; provided, that all contracts let after the passage of this act for the purpose of reclamation in any of the districts that shall vote to avail themselves of the provisions of this act, shall be let to the lowest responsible bidder; and for that purpose the trustees of the district shall give thirty days' notice in some newspaper published in a county in which the district or some part thereof is situated, if there be one; but if there be none, then in some newspaper of general circulation in the county or counties in which the district is situated, that they will receive bids for the construction of the works in accordance with the plans and specifications of said district, and stating the time and place where such bids will be received and opened; and they will award the contract to the lowest bidder who will give good and sufficient bonds for the performance of the same. After the contract has been so awarded, the trustees shall proceed with the reclamation in all respects under the provisions of the law under which the district is organized; provided, that the trustees may reject any and all bids, if by them deemed too high, and again may give notice, in the same manner as herein provided.

§ 4. The said certificates shall be filed in the office of the said reclamation fund commissioners, who shall thereupon cause to be prepared bonds of the said district to an amount not exceeding the estimated cost of the works of reclamation, or the aggregate amount of assessments paid and outstanding warrants therein, and in any further estimated cost of reclamation reported in said district to the board of supervisors; provided, no issue of bonds shall exceed six dollars per acre in the aggregate, except that in district number forty-one and Twitchell Island district; Grand Island district shall not exceed fifteen dollars per acre, and in Sherman Island district twenty-five dollars per acre. And the principal and interest of said bonds shall be payable out of the special fund hereinafter directed to be created.

§ 5. The bonds shall designate the reclamation or levee district by its proper number; be issued in sums of not less than five hundred dollars each; be made payable twenty years after date, and bear interest at eight per centum per annum, payable on the first day of January and July of each year. The principal and interest shall be made payable in gold coin of the United States, at the office of the state treasurer. The bonds shall be numbered and bear the same date, although issued at different times, and be signed by the reclama-

tion fund commissioners, and have their seal affixed thereto. Coupons for the interest shall be attached to each bond, so that they may be removed without mutilation thereof, and shall be signed by the president of the fund commissioners. Said bonds shall express on their face that they are issued by authority of this act, stating its title and date of approval. [Amendment, Stats. 1873-4, 585.]

§ 6. The expense of preparing said bonds and other necessary expenses shall be paid by the district in the same manner as other indebtedness.

§ 7. The "Reclamation Fund Commissioners" are hereby authorized and required to apply said bonds of the district valued at par to the funding, by receiving in exchange therefor at par all certificates of assessments paid in such district, with legal interest thereon from the date of payment, and also all outstanding warrants which have been approved or issued by the board of supervisors of the county or counties in which the district is situated, with legal interest thereon from their date of registration or presentation for payment at the county treasurer's office. In such funding interest shall be estimated on such assessments and warrants, to the first of January or July next succeeding, and the reclamation fund commissioners shall remove from the bond before delivery all coupons for accrued interest up to that date, and shall cancel the removed coupons as in the case of paid coupons, but adding the word "Unpaid."

§ 8. No bond shall be issued for the fractional part of five hundred dollars; but the reclamation fund commissioners shall issue certificates for such fraction not funded, which shall be transferable by delivery and be funded with legal interest from their date when presented in sums of not less than five hundred dollars or its multiple.

§ 9. To entitle an assessment to be funded, the applicant shall present to the reclamation fund commissioners a certificate from the county treasurer, stating the name of the person by whom, and the number of the district in which the said assessment was paid, its amount, and the date of its payment. The bonds shall be issued to the legal holders of such certificates or warrants upon their being surrendered in exchange for said bonds; and they shall be canceled when so funded by that word being written on their face and signed by the president and secretary of the reclamation fund commissioners; provided, that if the person who paid the assessment shall have subsequently sold or contracted to sell the land, then and in such case the bonds shall be issued to the purchaser of the land.

§ 10. The reclamation fund commissioners shall keep records of all such bonds issued, showing the number, date, and amount, the name of the person to whom, and the number of the district for which each bond was issued, and describing the certificates or warrants so funded, and open and keep an account with the district therefor; and shall transmit monthly to the state treasurer a list of such bonds issued during the preceding month; and he shall enter such lists in proper books to be kept in his office.

§ 11. For the purpose of raising funds for the payment of the principal and interest of said bonds, the board of supervisors of the county who approved the formation of the district are hereby authorized and directed, immediately

after the determination by the landowners in favor of the issue of bonds as hereinbefore provided, to appoint three competent persons, residents of the county or counties in which the district is situated, and interested neither directly nor indirectly in the lands of the district, as "Assessment Commissioners," and shall issue to each of them a certificate of appointment as in cases of county officers.

§ 12. Before proceeding to discharge their duties, each of said commissioners shall subscribe an oath, indorsed in his certificate of appointment, which shall be filed in the office of the clerk of the county in which he resides, that he has no interest, direct or indirect, in the lands within the said district, and that he will to the best of his ability, without fear or favor, perform all the duties required by this act. Their compensation shall be fixed by the said board of supervisors at the time of their appointment, not to exceed five dollars per day for the time necessarily employed, and shall be paid, together with any necessary expenses in the performance of their duties, by the trustees of the district or by the owners of land therein, if there be no trustees, in the same manner as other claims against the district are paid.

§ 13. The said commissioners, immediately after being qualified, shall give notice by posting the same for not less than twenty days, in three public places within the district, and by publication in a newspaper, if there be any published in the county or each of the counties in which the district is situated, stating that on a day and hour, and at a place to be named in said notice, they will hold a meeting to determine the amount to be charged on each forty-acre tract or lot as known by the United States system of surveys within the district (designating its number), for the benefits received or to be received from the works of reclamation therein, so as to furnish a basis by which the lands of the said district may be assessed to raise the amount requisite to pay the principal and interest as they may become due on the bonds of the said district, and that all persons interested in said lands will then be heard.

§ 14. The commissioners shall meet, in pursuance of such notice, and shall continue in session for not more than thirty days, and within ten days thereafter they shall prepare a list, to be entitled Assessment List of Reclamation District Number —— (designating its proper number, which shall contain a description of each forty-acre tract or lot in said district, as known by the United States system of survey, the number of acres in each tract or lot, the names of the owners thereof, if known, or if not, then stating them as unknown, and the amount, in United States gold coin, to be charged on each of said forty-acre tracts or lots, which amount shall be ascertained by apportioning the whole cost of the work of reclamation, according to the benefits which each of said tracts or lots has received or may receive from such work. The said lists shall be signed by the commissioners and filed in the office of the county clerk. In case the district be situated in more than one county, separate lists shall be made of the tracts or lots situated in each of said counties, designating on the list the county for which it is made, and be filed in the office of the county clerk of the respective counties. On the filing of said lists, the county judge shall make an order fixing a day for the hearing of objections thereto, which shall not be less than thirty days from the date of the filing of said lists in the county clerk's office, and the clerk shall publish

said order in a newspaper published or of general circulation in the county, for three weeks preceding the day of hearing. At such hearing, upon good cause shown, the said judge may alter any or all of the assessments charged on the lands in said lists, and his decision shall be final. The county clerk shall enter on the list any alterations so made by the order of the county judge, and shall thereupon deliver the same to the county auditor, who shall make a copy of said lists as revised by the county judge, and transmit the same to the reclamation fund commissioners. And be it further enacted, that no lands shall be included without the consent of the owner, in any reclamation district, or subject to the conditions of this act, except lands that are actually bona fide swamp and overflowed and unfit for cultivation without such reclamation, as was contemplated by and expressed in the act of Congress of twenty-eighth of September, eighteen hundred and fifty, granting swamp and overflowed lands to the several states. And be it further enacted, that after the final location of the levees in any district, the assessment commissioners, appointed in accordance with section eleven of the act to which this is amendatory and supplemental, shall meet and correct the assessment list, and they shall strike from the assessment lists all tracts or lots, or parts of tracts or lots of land that are outside of said levees. Also, all lands in said district which have been patented by the United States to homestead and pre-emption settlers, and which have never been and are not now subject to overflow, and are in no way benefited by any reclamation, as proposed in said district. And the tracts, or parts of tracts, or lots, so stricken from said lists, shall be in nowise responsible for the costs of reclamation of the said district. Nor shall any proceeding to collect or enforce the collection of any assessment or charge thereon be valid or effective, for any purpose whatever. Nor shall any officer be empowered, in any manner, to enforce the collection of any charges or assessments thereon, and should any officer proceed to enforce, in any manner, any of the provisions of this act, as to the lands situated outside of said levees, his or their acts shall be wholly void, and shall not create any cloud on the title to the said lands outside of said levee. But said lands may be included in other reclamation or levee districts, the same as if they had not been included in the one from which they were stricken; provided, however, that nothing in this act contained, shall be deemed to exclude from its operation land derived from the Mexican government, if actually swamp and overflowed land. [Amendment, Stats. 1873-4, 237.]

§ 15. The reclamation fund commissioners shall, on the first Monday of March, and every year thereafter until the said bonds are all paid, estimate the rate of assessment which it shall be necessary to levy on the aggregate of amounts charged on the tracts or lots described in the said list or lists, in order to raise the amount sufficient to pay the interest that is due or to become due in the ensuing year, and such parts of the principal of the said bonds as is hereinafter provided; and they shall transmit a certificate to the auditor or auditors of the counties in which the district is situated, stating the rate of assessment to be levied upon the amount charged on each tract or lot described in the list filed in his office, and directing him to prepare, within ninety days, a copy of said lists, and to enter thereon, opposite to each tract or lot therein described, the amount of assessment to be collected from the owner or claimant

of each of said tracts or lots at the rate indicated; provided, the auditor of Sutter County shall have sixty days after the passage of this act to prepare a copy of the lists for levee district number five, and to enter the amount of assessments levied for the district by the reclamation fund commissioners on the first Monday of March, eighteen hundred and seventy-five, and shall, within the said sixty days, sign the same and file it in the office of the county treasurer, who shall note on said lists the date of filing; and the assessment shall thereafter be due and payable, and shall be collected, in the same manner as though the lists had been filed with the county treasurer at the proper time in eighteen hundred and seventy-five; provided, that nothing in this act shall be so construed as to legalize any assessment or delinquent assessment heretofore made in district number five, Sutter County, nor in any reclamation or levee district in any county in this state, nor shall this act be so construed as to legalize any order of the board of supervisors, or board of funding commissioners, or any act of the assessment commissioners in district number five, Sutter County, nor in any district in this state. [Amendment, Stats. 1875-6, 888.]

[The amendatory act of 1875-6 also contained the following section: “§ 2. Coupons shall be received by the county treasurer in payment for the assessments levied to pay the interest on outstanding bonds, provided said coupons shall be due or become due within the fiscal year for which the assessment was levied; and in case assessments are paid in coupons, the county treasurer shall turn them over to the state treasurer, who shall cancel them in the same manner as if he had redeemed them.”]

§ 16. The rate to be estimated by the reclamation fund commissioners shall be such as for the first ten years from the date of the bonds, shall be sufficient to raise the annual interest on the outstanding bonds (allowance being made for cost of collection), and the rate shall be such, for the ensuing ten years, as shall be sufficient to raise the annual interest, and the following percentage of the principal of the whole amount of bonds issued or outstanding, to wit: for the eleventh year, five per centum; for the twelfth year, six per centum; for the thirteenth year, seven per centum; for the fourteenth year, eight per centum; for the fifteenth year, nine per centum; for the sixteenth year, ten per centum; for the seventeenth year, eleven per centum; for the eighteenth year, thirteen per centum; for the nineteenth year, fifteen per centum; and for the twentieth year, sixteen per centum. [Amendment, Stats. 1873-4, 585.]

§ 17. The county auditor, after making the entries on the copy of the assessment list, as hereinbefore provided, shall sign the same and file it in the office of the treasurer of the county, who shall note on said list the date of filing, and the assessment shall thereupon be due and payable, and become a lien on each and every tract and lot described in the said list.

§ 18. The said county treasurer shall thereupon give notice by publication in a newspaper published or of general circulation in the county that the assessment list of reclamation district number — (designating its proper number) has been filed in his office, and the date of the filing; that the amounts entered thereon are due and payable; that if not paid on or before the first Monday of September ensuing the same will become delinquent and be returned to the tax collector of the county for collection. He shall note on the list all

assessments paid, and if at such time all the assessments have not been paid, he shall return the list to the tax collector of the county, who shall proceed to collect such delinquent assessments, with five per centum thereon, and pay over the same to the county treasurer in the same manner as state and county taxes are collected and paid.

§ 19. The assessments so collected shall be paid to the state treasurer on or before the twentieth day of December, in each and every year, in the same manner that state taxes are paid; and he shall place the money to the credit of a fund, to be known as the interest and sinking fund of reclamation district number — (its number being designated); and he is hereby authorized and directed to pay the principal and interest of said bonds of that district, as they become due and payable, out of such fund, which is hereby pledged for that purpose. In case any surplus remains after payment of coupons and the redemption of all outstanding bonds, the same shall be paid to the treasurer of the county in which the district was formed, and shall be placed to the credit of that district. [Amendment, Stats. 1873-4, 585.]

§ 20. Whenever there shall be in the interest and sinking fund of any district a surplus of three thousand dollars or more over and above the interest to be paid in that year, the reclamation fund commissioners shall give notice for thirty days in one or more newspapers published or of general circulation in the county or counties in which the district is situated, and in a newspaper of general circulation in the state, stating the amount of such surplus, and that on a day and hour to be named therein sealed proposals will be received at his office for the surrender of bonds of said district (designating its number). At that time the said reclamation fund commissioners, or a majority of them, shall open the proposals and accept the lowest bids at a rate not exceeding par and accrued interest; provided, that they may reject any or all proposals and give another similar notice; provided, also, that if proposals are not offered at par or less sufficient to exhaust the amount on hand applicable to redemption, the reclamation fund commissioners shall publish for thirty days a notice in a daily newspaper published in the city of Sacramento and another in San Francisco having general circulation in the state, that they will redeem bond or bonds of the reclamation district (designating its number), commencing with the highest numbers and giving the amounts, and that at the expiration of ninety days from the date of the notice if said bonds are not presented for redemption the interest thereon will cease. From and after that time no interest shall be allowed on such bonds.

§ 21. Whenever any bond or coupon is paid, the state treasurer shall write or stamp the word "Canceled" and date of payment on its face, and sign his name thereto. [Amendment, Stats. 1873-4, 585.]

[The amendatory act of 1873-4 also contained the following seven sections:]

[§ 21a.] § 7. When the owner of any tract of land in any reclamation or levee district desires to pay the amount due from said tract of land for the payment of outstanding bonds of the district, he may do so, either by paying the amount in United States gold coin, or he may surrender bonds of the district at par value, with the unpaid coupons attached, equal to the amount of the indebtedness of said tract to reclamation fund commissioners. In ascertaining the amount due from said tract, the commissioners shall compute the

interest thereon to the next succeeding July or January first, as the case may be; and in case payment is made by surrender of bonds, the coupons due the next succeeding July or January first, shall be received in payment at par.

[§ 21b.] § 8. Upon the payment of any money, as provided by the foregoing section, the commissioners shall pay the same to the state treasurer, to be by him placed to the credit of the interest and sinking fund of said district, to be used exclusively for the redemption of bonds, in the same manner as provided for in other cases; in case bonds are surrendered, then the commissioners shall turn them over to the state treasurer, who shall cancel them in the same manner as in case of redemption.

[§ 21c.] § 9. The reclamation fund commissioners shall notify the auditor of the county in which said district is located, that payment has been made upon certain tract or tracts of land, describing each forty-acre tract, and he shall thereupon strike such tract or tracts of land from the assessment list of said district, after which said land shall be in nowise responsible for the payment of the then outstanding bonds of said district, or the interest thereon.

[§ 21d.] § 10. The reclamation fund commissioners, created by the act to which this act is amendatory and supplemental, are hereby required to turn over all books, papers, blanks, etc., to the commissioners created by this act, and pay to the state treasurer all moneys remaining in their hands; the money so paid shall be placed by him to the credit of the interest and sinking fund of levee district number five, Sutter County.

[§ 21e.] § 11. The board of supervisors, acting as a board of reclamation fund commissioners, shall, within six months from the passage of this act, estimate the rate of assessment which it will be necessary to levy on the tracts and lots within the said district number five, and to pay all the unpaid indebtedness of the board of commissioners acting as such, under the act to which this is supplementary; and they shall levy a tax upon all of said land and lots to pay said indebtedness, and the said assessment shall be a lien upon said lands and lots, the same as all other assessments under this act and the act to which this is supplementary; and all the provisions of said act, in regard to the collection of assessments, are hereby made applicable to the assessments in this section provided, and the said indebtedness shall be paid as provided in the act to which this is supplementary.

[§ 21f.] § 12. The act entitled an act to provide for funding the indebtedness of the reclamation and levee districts of the state, approved March thirtieth, eighteen hundred and seventy-two, is hereby repealed, except in so far as it applies to levee district number five, in Sutter County; but as to that district it shall remain in force, as hereby amended and supplemented.

[§ 21g.] § 13. Nothing in this act, or in the act of which it is amendatory, shall be construed to affect or cure any defects in or validate any act or proceeding in the formation of any levee, reclamation, or swamp-land district.

§ 22. The county treasurer shall be entitled to receive and retain one half of one per centum out of the moneys received by him for assessments paid under the provisions of this act in each district.

§ 23. In case the estimates in any district formed or to be formed shall be

found insufficient to meet the cost of the works of reclamation therein, or repairs to such works from time to time required, a further amount of bonds of said district may be issued on additional estimates to be reported to the board of supervisors of the county by whom the formation of the said district was approved, for the amount of such estimates, and the same proceedings shall be had in reference to the issue of such bonds, the levy and collection of assessments for the payment of the principal and interest, the amount required to pay said compensation and expenses thereof, and the application of the moneys arising therefrom, as are hereinbefore provided; provided, that the assessment to raise moneys for the payment of the principal and interest of such bonds shall always be levied on the basis fixed in the assessment list provided for in section fourteen of this act; and that the aggregate of all bonds issued under this act shall not exceed the actual cost of reclamation, nor in any event exceed six dollars per acre, except that in district forty-one and Twitchell Island district, and Grand Island district, bonds may be issued not to exceed fifteen dollars per acre; and in Sherman Island district not to exceed twenty-five dollars per acre; provided, also, that when the determination in any district has been in favor of the issue of bonds, the question of any further issue shall again be submitted to the landowners; provided, that the provisions of this act shall not apply to any lands in the counties of Siskiyou, Lassen, Plumas, and Shasta.

§ 24. Nothing in this act shall be so construed as to make the state, or any county in this state, liable for the payment of the principal or interest of any bond issued in pursuance of this act.

§ 25. If at the time fixed by the county judge provided for in section fourteen of this act for hearing objections to the assessment lists, the owner or owners of any portion of land included in the district shall give notice in writing that he prefers to pay money for the assessment made upon his said land, or that he does not desire to have the assessments already paid upon his land funded under the provisions of this act, the land owned by him shall be exempt from the provisions of this act, and shall not be subject to any liability or lien by reason of any proceedings under this act; provided, he shall pay to the county treasurer the amount found due from said tract of land as ascertained by the assessment commissioners and corrected by the county judge, in instalments, as the work of reclamation progresses, as required by the trustees of the district. In case he fails to pay said assessments or any portion thereof within thirty days after receipt of notice that said instalment is due, then the trustees shall file a list of such delinquent assessment with the county tax collector, who shall proceed to collect said assessment in the same manner as state and county taxes are collected, and pay the same over to the county treasurer.

§ 26. Reclamation district number two, in Sacramento County, and levee districts numbers one, two, three, and six, in Sutter County, are exempt from the provisions of this act.

§ 27. This act shall take effect from and after its passage.

See, generally, tits. **Lands—Public; Levee Districts; Protection Districts**.

It is held that the Act of 1868, 507, ch. CCCCXV, relating to the disposal of state lands, repealed all former acts on the same subject.—*Kings County vs. Tulare County*,

119 Cal. 509-512, 51 Pac. Rep. 866; *People ex rel. Thisby vs. Reclamation Dist.*, 130 Cal. 607-610, 63 Pac. Rep. 27.

Part II of Act of 1868 contained provisions for forming and managing reclamation districts for swamp-lands, and it was held, in *Reclamation Dist. vs. Goldman*, 61 Cal. 205, that the Political Code had not repealed that portion of that act, in the matter of assessments or taxes, citing subd. 25, § 19, Pol. Code.

That statute, however, has now been carried into the Political Code.—*Laguna D. Dist. vs. Chas. Martin Co.*, 144 Cal. 209, 211, 77 Pac. Rep. 933; *San Francisco Sav. Union vs. Reclamation Dist.*, 144 Cal. 639, 644, 79 Pac. Rep. 374.

The Act of 1885, 77, ch. CII, provides that all reclamation districts then legally existing, and which were formed under the provisions of any statute of this state prior to the first day of January, 1873, shall thenceforth be subject to the provisions of the Political Code, relating to reclamation districts, the same as though such districts had been organized thereunder, except that assessment proceedings already commenced, or acts performed, or indebtedness incurred, prior to said date, were unaffected by the act.

The following special legislation is noted:

Legalizing acts of Reclamation District 108, Yolo County, 1871-2, 776; relating to interest on warrants, same district, 1871-2, 696 (repealed, 1903, 53); *Mormon Slough District*, San Joaquin County, 1871-2, 709; *Swamp-Land Dist. No. 70*, Sutter County, 1871-2, 719; reorganizing same, 1877-8, 580; amending last act, 1891, 62. Rep. 806).

The statute gave compensation to district attorneys for collecting.—Legalizing, etc., districts 209, 223, San Joaquin County, 1875-6, 281; relating to district 205, *Sacramento County*, 1877-8, 911 (repealed, 1880, 25); creating district 317, *Sacramento County*, 1877-8, 562; creating district 252, *Sacramento County*, 1877-8, 531; creating district 254, *Sacramento County*, 1877-8, 909; district No. 54, in same county, legalized, 1877-8, 230. (Stats. 1863-4, 187, ch. CLXXXVII.)

§ 1. In all the counties of this state where recorders and auditors have not been elected according to the provisions of an act entitled an act concerning offices, approved April twenty-second, eighteen hundred and sixty-three, the county clerks of each of such counties shall be ex officio recorders and auditors, and all the acts heretofore performed by the county clerks of such counties as recorders and auditors are hereby legalized and declared valid; provided, nothing in this act shall apply to the counties of San Francisco, Del Norte, and Sacramento, nor shall those provisions of it which enact that the county clerk or recorder shall be ex officio auditor, or which legalize and confirm any acts as such auditor done or performed since the sixth day of February, eighteen hundred and sixty-four, apply to the county of San Mateo.

§ 2. This act shall take effect from and after its passage.

RECORDS—COURTS, FORMER.

To transfer the records, papers, and business of the courts existing on the thirty-first day of December, eighteen hundred and seventy-nine, in this state, to the courts now existing therein.

(Stats. 1880, 2, ch. IV.)

§ 1. The supreme court shall, for all purposes, be considered the successor of the court of the same name which was abolished on the first day of January, eighteen hundred and eighty, and to have succeeded to all its unfinished business. It shall have jurisdiction of, and shall hear and determine, or otherwise dispose of, all causes, proceedings, appeals, motions, and matters pending on said day in the court superseded by it; and also, of all appeals taken to such court, before or after said day, from judgments or orders of any of the inferior courts abolished by the constitution. From and after the first day of January, eighteen hundred and eighty, the supreme court shall have the custody of all records, books, and papers of the former supreme court, and the same jurisdiction over its judgments, orders and proceedings as if they had in the first instance been rendered, made, or commenced in the present court. All laws relating to the former court shall, as far as applicable, be considered as applying to the present court. All rules of the former court which were in force on the first day of January, eighteen hundred and eighty, and not inconsistent with the constitution, shall continue in force as rules of the present court until altered, abolished, or superseded by the order of the court.

§ 2. The superior court of each county in this state shall, for all purposes, be considered the successor of the district, county, and probate courts thereof, and, in the city and county of San Francisco, of the municipal criminal court and municipal court of appeals, and shall be deemed to have succeeded to all the unfinished business of said courts. The superior courts shall hear, determine or otherwise dispose of, all causes and proceedings which were pending on the first day of January, eighteen hundred and eighty, in the said courts superseded by them, and every motion or proceeding then pending or there-

after made or taken in such causes and proceedings, and of which said courts would have had jurisdiction had they not been abolished; and also, all appeals taken or perfected, before or after said day, from all orders or judgments of justices' and police courts which by law are declared to be appealable. From and after the first day of January, eighteen hundred and eighty, the superior courts shall have the custody of all the records, books, and papers of the said courts superseded by them, and shall have jurisdiction thereof, and of the judgments, orders, and process of said courts; and shall enforce the same and issue process thereon in like manner, and with the same effect, as if they had in the first instance been filed, commenced, rendered, made, or issued in or by the superior court. The superior court of the city and county of San Francisco shall have jurisdiction of, and shall try and dispose of, all indictments for misdemeanor pending in the city criminal court of said city and county, on the first day of January, eighteen hundred and eighty; and such indictments, and all papers and records relating thereto, shall be transferred to the said superior court and become records thereof. Any application, motion, or proceeding, set by the district, county, or probate court of any county, or by the judge thereof, to be heard by such court or judge after the first day of January, eighteen hundred and eighty, may be heard in the superior court of such county, upon the same notice that was required to authorize the hearing thereof in such district, county, or probate court, or by the judge thereof. Any process issued out of any district, county, or probate court of this state before the first day of January, eighteen hundred and eighty, may be served, or the service thereof completed, after said day, in the same manner, and with like effect, as if such courts had not been abolished; provided, that such process shall be returned to the superior court of the county in which it was issued, and any appearance or answer required by such process shall be made or filed in such court.

§ 3. All prosecutions which were transferred or certified for trial to the city criminal court of the city and county of San Francisco, by the police court thereof, and were pending or undetermined on the first day of January, eighteen hundred and eighty, shall be tried and disposed of in the said police court; and all the papers, pleadings, and records relating to such prosecutions shall be transferred to, and deposited with, said police court, and become records and papers thereof.

§ 4. This act shall take effect immediately.

RED BLUFF—TOWN OF.

An act amendatory of and supplementary to an act entitled an act to authorize the county judge of Tehama County to distribute town lots, held by him in trust for the citizens of the town of Red Bluff, and to issue certificates of title to the inhabitants of said town in accordance with their respective interests, approved March sixth, eighteen hundred and sixty-eight.

(Stats. 1867-8, 107, ch. CXXIX; amended and supplemented 1877-8, 602, ch. CCCCXIV.)

§ 1. All lots embraced within the town site of Red Bluff, now remaining

undisposed of under and pursuant to the provisions of an act entitled "An act to authorize the county judge of Tehama County to distribute town lots, held by him in trust for the citizens of the town of Red Bluff, and to issue certificate[s] of title to the inhabitants of said town in accordance with their respective interests," approved March sixth, eighteen hundred and sixty-eight, shall be disposed of and distributed as follows:

§ 2. As soon as practicable after the act takes effect, the county judge of said Tehama County shall cause notice to be given in some newspaper published in said county, in at least three successive issues thereof, notifying all persons claiming one or more of said lots, or fractional parts thereof, to present their respective claims thereto, at his chambers, within a given time, to be specified in said notice, not less than thirty nor more than ninety days, together with the evidence on which such claim is based.

§ 3. Claimants shall be required to make their application in writing, setting forth the facts in a brief and concise form, showing that the claimant is in the possession, or entitled to the possession, of the premises embraced in his application, and the act or acts, and circumstances, constituting such possession or right of possession. The application must be verified by the oath of the claimant, and must contain sufficient facts, *prima facie*, to prove that the applicant is in, or is entitled to, the possession of the premises claimed.

§ 4. In any case where a certificate of title heretofore issued by the county judge of said county to any portion of said town site is invalid for any reason, the holder of such certificate, his grantee or successor, may make application for a new certificate of title for the land embraced in said invalid certificate, in the same manner and subject to the same rules and conditions as prescribed for other applicants by this act.

§ 5. The board of trustees of the town of Red Bluff are hereby authorized and directed to procure and cause to be made a correct survey and map of the survey of the town site of said town, according to the description in the patent from the United States to the county judge, which said map shall be filed in the office of the county recorder of Tehama County, and thereafter to be the official map of said town site.

§ 6. The provisions of an act entitled "An act to authorize the county judge of Tehama County to distribute town lots, held by him in trust for the citizens of the town of Red Bluff, and to issue certificates of title to the inhabitants of said town according to their respective interests," approved March sixth, eighteen hundred and sixty-eight, not in conflict with the provisions of this act, shall apply to the disposition of the lots to be disposed of and distributed under this act. And this act shall in no wise offset any suits which have been heretofore commenced, and are now pending, to settle individual interests or right of possession to town lots in said town of Red Bluff.

§ 7. After the expiration of the time specified in the notice given by the county judge, provided for by section two of this act, the lots for which no valid application has been presented to said county judge within the time specified in said notice shall be disposed of as follows: Any party or parties desiring to obtain title to one or more thereof shall cause to be published in the Sentinel, a newspaper published in said Tehama County, at least once a week for two successive weeks, a notice stating that such party or parties

intend to apply to the said county judge for such certificate of title. Said notice shall contain a definite description of the premises intended to be applied for. The said application may be made at any time after the first publication of said notice and previous to the issuance of a certificate, and must in all respects conform to and comply with the provisions of section three of this act. If within sixty days after the first publication of said notice, no other notice and application has been given and made by any other party or parties, as prescribed in this section, and if the applicant is entitled thereto, the county judge shall, upon the expiration of sixty days, issue a certificate of said title to said applicant for the premises described in said notice and application. If within sixty days after the first publication of notice of the party or parties who first give notice of intention as aforesaid, there shall be more than one application for the same lot or lots, which notice as aforesaid has been given on the expiration of said sixty days, the county judge shall issue a certificate of title to the applicant deemed by him entitled thereto, and any applicant aggrieved thereby shall proceed according to the provisions of section six of the said act of March sixth, eighteen hundred and sixty-eight, and sections six and seven of said last-named act shall apply to such proceedings.

§ 8. The board of trustees of the town of Red Bluff may, in their discretion, and to the extent that the interest[s] of the town require it, designate from any of the lands or lots which have not been previously disposed of and which are not occupied and claimed in good faith by any person, and set forth and dedicate the same to public uses in such mode and manner as the said board may adopt; and upon an order to that effect being made, the county judge of said county shall, if the proceedings upon which such order is based appear to be regular, issue a certificate to that effect, and file the same with the recorder of said county, and said recorder shall thereupon record it in the proper record of deeds of conveyance of real estate for said county, and thereafter the lands and lots so embraced shall be deemed to be forever dedicated to such public use.

§ 9. Sections eight, nine, ten, eleven, and twelve of said act of March sixth, eighteen hundred and sixty-eight, are hereby repealed.

§ 10. The limitation of one year mentioned in section six of an act to authorize the county judge of Tehama County to distribute town lots held by him in trust for the citizens of the town of Red Bluff, and to issue certificates of title to the inhabitants of said town in accordance with their respective interests, approved March sixth, eighteen hundred and sixty-eight, in respect to aggrieved parties bringing suits in the district court to litigate their rights, shall not apply to minor heirs who have attained their majority subsequent to the issuance of title by said county judge, but in all such cases parties may bring their actions within five years after such minor [heirs] shall have arrived at their majority.

§ 11. All acts or parts of acts in conflict with the provisions of this act are hereby repealed, and this act shall take effect and be in force from and after its passage.

(Stats. 1893, 158, ch. CXLII.)

§ 1. There is hereby formed, subject to approval by a vote, as in this act provided, out of the southwest part of the county of San Bernardino, and the northern part of San Diego County, a new county, to be known as the county of Riverside, as hereinafter described, which shall rank as a county of the twenty-fourth class until otherwise classified.

§ 2. The boundaries of the county of Riverside shall be as follows, to wit: Beginning at the common corner of the counties of Orange and San Bernardino and the westerly line of San Diego County; thence southwesterly along the line between Orange and San Diego counties to the point of intersection of said line with the township line between township seven south and township eight south, San Bernardino base and meridian; thence easterly along said township line to its intersection with western boundary of Santa Rosa Rancho; thence southerly along the boundary of said rancho to where said

§ 3. The county seat of the county of Riverside shall be located as hereinafter provided.

§ 4. The governor shall, when this act takes effect, appoint five persons, residents and electors of said county of Riverside, as above described, who shall be and constitute a board of commissioners to perfect the organization of said county, a majority of whom shall constitute a quorum. Said commissioners shall meet in the city of Riverside, within ten days after their appointment, and after being duly sworn to faithfully discharge their duties, as prescribed in this act, shall organize by electing from their number a president and secretary. Said commissioners shall have power to fill all vacancies in their number in case of death, resignation, or failure to qualify. Said commissioners shall then divide the new county formed under this act into a convenient number of judicial townships, road and school districts, define their boundaries, and designate the name of each district. They shall also divide the county into five supervisorial districts, to contain, as nearly as practicable, an equal number of inhabitants, and number said districts. They [shall] also establish election precincts in said county. They [shall] also give thirty days' notice by publication in one or more newspapers published in the said county, of

the precincts established, and shall designate the name and boundaries of each precinct, and number and boundaries of each supervisorial district. Said commissioners, their president and secretary, are hereby authorized and required to discharge the same duties as are now required by law of the boards of supervisors and county clerks in the several counties of the state, so far as the same applies to the appointment of election officers, publication of notices and proclamations, holding elections, canvassing returns, issuing certificates, and all things lawful to be done to provide for, conduct, and carry on all elections mentioned in this act. They shall keep a full record of all their proceedings, transmitting to the secretary of state a certified copy thereof, filing the originals, with the original election returns, in the county clerk's office of the county of Riverside, as soon as he shall have been qualified, and thereupon the powers and duties of said commissioners shall cease and terminate.

§ 5. There shall be an election held in said county of Riverside on the first Tuesday in May, A. D. eighteen hundred and ninety-three, at which election shall be submitted to the said qualified electors of said county of Riverside, as herein described, whether there shall be formed and organized the county of Riverside, as herein provided for; and for the purpose of ascertaining the choice of the said electors of said county under the provisions of this act, the ballots used at said election shall have written or printed thereon, "The new county of Riverside—Yes," and "The new county of Riverside—No," and each voter desiring to vote for the establishment and organization of said county of Riverside shall mark a cross (thus, X) opposite the words "The new county of Riverside—Yes," in the manner now required by law, and each voter desiring to vote against the organization of said county shall mark a cross (thus, X) opposite the words "The new county of Riverside—No," in the manner now required by law. Said election shall be conducted, said tickets printed, prepared, and the votes counted in every respect, except as in this act otherwise provided, in accordance with the general law for the election of state, county, and township officers. If at said election two thirds of the votes cast on the question of the organization of said county government shall be "The new county of Riverside—Yes," then the said territory hereinabove described shall be and become the organized county of Riverside, from and after the day upon which the returns of said election shall be ascertained and declared by the said board of commissioners.

§ 6. At the election provided for in section five of this act there shall be chosen by the qualified electors of said county of Riverside, one judge of the superior court of said county, whose salary shall be four thousand dollars per annum, payable at the same time and in the same manner as salaries of the judges of the superior courts of the several counties of the state are now paid; also one district attorney, one county clerk, one county recorder, one auditor, one sheriff, one tax collector, one county treasurer, one county assessor, one county superintendent of public schools, one county surveyor, one county coroner, and one public administrator. There shall be chosen at such election one supervisor for each supervisorial district in said county; provided, that all duly elected and qualified supervisors of the counties of San Diego and San Bernardino, who, at the taking effect of this act, are residents of the county of Riverside, shall hold their offices for the full term for which they were

elected, upon having duly qualified as supervisors of the county of Riverside, for the respective districts in which they reside, as said districts are organized by the action of the board of commissioners provided for in this act. There shall be chosen at said election two justices of the peace and two constables for each of said townships; provided, that all justices of the peace and constables, acting as such at the passage of this act, residents of the county of Riverside, shall hold their offices for the full term for which they were elected or appointed, upon having qualified as justices of the peace or constables of the county of Riverside for the respective townships in which they severally reside, as said townships are organized by the action of the board of commissioners provided for in this act. There shall be chosen at said election three school trustees for each school district; provided, that all school trustees, acting as such at the time of the passage of this act, residents of the county of Riverside, shall hold their offices for the time for which they were elected, upon having duly qualified as school trustees in the county of Riverside for the respective districts in which they severally reside, as said districts are organized by the action of the board of commissioners provided for in this act. All the officers elected at said election, or who qualify or are appointed under the provisions of this act shall enter, immediately after their qualification, upon the discharge of the duties of their respective offices; and all the officers elected at said election or appointed under this act shall hold their offices until the time provided by general law for the election and qualification of such officers of this state, and until their successors are elected and qualified. At said election there shall also be submitted to the qualified electors the question of the location of the county seat for the said county of Riverside; and the place, town, or city in said county receiving the highest number of votes for county seat of said county shall be declared by the commissioners to be, and the same shall be, the county seat of the said county of Riverside. It shall be the duty of the said commissioners to make ample provision, in the preparation and printing of the ticket to be used at said election, for the expression of said electors of said county as to the location and designation of the said county seat for said county.

§ 7. All qualified electors of this state, who have been residents and electors of said territory of the county of Riverside for ninety days preceding the election provided for in this act, shall be qualified to vote at said election. The great registers of San Bernardino and San Diego counties, used at the general election held in the year eighteen hundred and ninety-two, in the territory of the new created county of Riverside, shall be prima facie evidence of the qualifications of the electors. The county clerks of San Bernardino and San Diego counties are hereby directed to furnish the commissioners of the county of Riverside a certificate, under seal, showing the additional names of voters on the great registers of San Bernardino and San Diego counties, registered as residing within the territory forming the county of Riverside since the last great registers of San Bernardino and San Diego counties were printed, and the certificates of the county clerks of said counties, under seal, showing the registration of any qualified voter who resides in the territory forming the county of Riverside, up to the date of election, shall entitle the holder thereof, if otherwise qualified by law, to vote at said election.

§ 8. It shall be the duty of the board of supervisors of the county of River-

side, whose election is by this act provided for, to meet at the county seat of the county of Riverside on the first Monday of the month subsequent to their election, and, having duly qualified, shall organize by the election of one of their number as chairman. Said board shall allow such remuneration to the commissioners, and officers acting for said board of commissioners, as it may think just and proper, not exceeding five dollars per day each; provided, claims are presented therefor in the manner now required by law. Said board shall appoint two freeholders, residents of the county of Riverside, to act as commissioners, whose duty it shall be to meet at the city of San Bernardino, California, within twenty days from the time of their appointment, a like number of commissioners, who shall be appointed by the board of supervisors of San Bernardino County, and one commissioner, to be appointed by the governor of the state of California. Such commissioners shall then jointly organize as a board by electing from their number a chairman and secretary. A majority of said commissioners shall constitute a quorum of said board for the transaction of business. Should any vacancy occur in said board of commissioners by death, resignation, or otherwise, the office so vacated shall be filled by the appointing power which made the original appointment. Any of said commissioners shall have the power to compel, by a citation or subpoena signed by him, the attendance of such persons and the production of such books and papers before said board of commissioners as he may require in performing the duties imposed by this act. It shall be the duty of the sheriff of the counties of San Bernardino and Riverside to execute, in their respective counties, all lawful orders and citations of any of said commissioners, and for any services performed the sheriff shall be allowed the same fees as are allowed for like services in civil cases, and all witnesses attending before said board of commissioners shall be entitled to the same compensation and mileage as is allowed to witnesses in civil cases; provided, that no witness shall be excused from attendance at the time and place mentioned in said order or citation by reason of the failure of the officer making service thereof to tender to said witness his fee in advance. Said board of commissioners shall, immediately after its organization, ascertain the indebtedness of San Bernardino County existing at the time this act takes effect, and also the total value of all property at that time belonging to the said county of San Bernardino. They shall ascertain the assessed value of all property in San Bernardino County as it stood before this act takes effect according to the assessment made for San Bernardino County in the year eighteen hundred and ninety-two, also the assessed value under the same assessment of all property in the territory hereby set apart from San Bernardino County and embraced in the county of Riverside. They shall then find the difference between the amount of indebtedness of San Bernardino County and the value of the property belonging to San Bernardino County at the time this act takes effect, and if such indebtedness exceeds the value of such property belonging to San Bernardino County, the county of Riverside shall pay San Bernardino County a due proportion thereof, to be determined as follows: As said assessed value of the property in San Bernardino County is to the said assessed value of the property in the territory by this act set apart from San Bernardino County, so is the amount of said excess to the amount to be paid by the county of Riverside to San Bernardino County. Said board of commissioners shall then

certify forthwith to the respective boards of supervisors of said counties of San Bernardino and Riverside the amount constituting the due proportion of said excess payable by the county of Riverside, also the value of any property belonging to San Bernardino County at the time this act takes effect which is situated in the county of Riverside. The sum of said ascertained value of said last mentioned property, added to the ascertained proportion of said excess which the county of Riverside is to pay to the county of San Bernardino, shall be an indebtedness from the county of Riverside to the county of San Bernardino. Said property, situated as aforesaid in the county of Riverside, shall, upon settlement therefor as provided in this act, become the property of the county of Riverside, and San Bernardino County shall pay the entire indebtedness of San Bernardino County; provided, the county of Riverside pays to the county of San Bernardino, as herein designated, any proportion thereof that may be found properly to be payable by the county of Riverside. In case said board of commissioners shall find that the value of the property belonging to said San Bernardino County at the time this act takes effect exceeds the indebtedness of said San Bernardino County, the excess shall be apportioned between said counties of San Bernardino and Riverside in the proportions aforesaid; and if the portion of said excess payable to the county of Riverside does not exceed the value of said property belonging to San Bernardino County and situate in the county of Riverside as aforesaid, said portion of said excess shall be deducted from the value of said property situate in the county of Riverside as last aforesaid, and the balance, after deducting said portion of such excess, shall be certified as aforesaid to the said board of supervisors and shall be an indebtedness from the county of Riverside to the county of San Bernardino; but if said portion of such excess is greater than the value of said property situate in the county of Riverside as aforesaid belonging to San Bernardino County, the value of said property last aforesaid shall be deducted from said portion of such excess, and the balance shall be certified as aforesaid to said boards of supervisors, and shall be an indebtedness from San Bernardino County to the county of Riverside, and said San Bernardino County shall pay the same. If, upon the settlement between the counties of San Bernardino and Riverside, as herein provided for, said county of Riverside shall be found to be indebted to San Bernardino County, the money necessary to pay said indebtedness shall be raised by a tax levied upon the property contained in the county of Riverside, and the county of Riverside shall pay the same.

§ 9. Said board shall also appoint two freeholders, residents of the county of Riverside, to act as commissioners, whose duty it shall be to meet at the city of San Diego, California, within twenty days from the time of their appointment, a like number of commissioners, who shall be appointed by the board of supervisors of San Diego County, and one commissioner to be appointed by the governor of the state of California. Such commissioners shall then jointly organize a board, by electing from their number a chairman and secretary. A majority of said commissioners shall constitute a quorum of said board for the transaction of business. Should any vacancy occur in said board of commissioners by death, resignation, or otherwise, the office so vacated shall be filled by the appointing power which made the original appointment. Any of said commissioners shall have the power to compel, by a citation or sub-

pœna signed by him, the attendance of such persons and the production of such books and papers before said board of commissioners as he may require in performing the duties imposed by this act; and it shall be the duty of the sheriffs of the counties of San Diego and Riverside to execute in their respective counties all lawful orders and citations of any of said commissioners; and for any services performed, the sheriff shall be allowed the same fees as are allowed for like services in civil cases; and all witnesses attending before the said board of commissioners shall be entitled to the same compensation and mileage as is allowed to witnesses in civil cases; provided, that no witness shall be excused from attendance at the time and place mentioned in said order or citation by reason of the failure of the officer making service thereof to tender said witness his fees in advance. Said board of commissioners shall, immediately after its organization, ascertain the indebtedness of San Diego County existing at the time this act takes effect, and also the total value of all property at that time belonging to said county of San Diego. They shall ascertain the assessed value of all property in San Diego County, as it stood before this act takes effect, according to the assessment made for San Diego County in the year eighteen hundred and ninety-two; also, the assessed value, under the same assessment, of all property in the territory hereby set apart from San Diego County and embraced in the county of Riverside. They shall find the difference between the amount of the indebtedness of San Diego County and the value of the property belonging to San Diego County at the time this act takes effect, and if such indebtedness exceeds the value of such property belonging to San Diego County, the county of Riverside shall pay San Diego County a due proportion thereof, to be determined as follows: As said assessed value of the property of San Diego County is to the said assessed value of the property in the territory by this act set apart from San Diego County, so is the amount of said excess to the amount to be paid by the county of Riverside to the county of San Diego. Said board of commissioners shall then certify forthwith to the respective boards of supervisors of said counties of San Diego and Riverside, the amount constituting the due proportion of said excess payable by the county of Riverside; also, the value of any property belonging to San Diego County at the time this act takes effect which is situated in the county of Riverside. The sum of said ascertained value of said last mentioned property, added to the ascertained proportion of said excess which the county of Riverside is to pay to San Diego County, shall be an indebtedness from the county of Riverside to the county of San Diego. Said property, situated as aforesaid in the county of Riverside, shall, upon settlement therefor as provided in this act, become the property of the county of Riverside, and San Diego County shall pay the entire indebtedness of San Diego County; provided, the county of Riverside pays to San Diego County, as herein designated, any proportion thereof that may be found properly to be payable by the county of Riverside. In case said board of commissioners shall find that the value of the property belonging to the said San Diego County at the time this act takes effect exceeds the indebtedness of San Diego County, the excess shall be apportioned between said counties of San Diego and Riverside in the proportion aforesaid, and if the proportion of said excess payable to the county of Riverside does not exceed the value of property belonging to San Diego County, and situate in the county of Riverside afore-

said, said portion of said excess shall be deducted from the value of said property situate in the county of Riverside as last aforesaid, and the balance, after deducting said portion of such excess, shall be certified, as aforesaid, to the boards of supervisors, and shall be an indebtedness from the county of Riverside to the county of San Diego; but if said portion of such excess is greater than the value of said property situate in said county of Riverside, as aforesaid, belonging to San Diego County, the value of said property last aforesaid shall be deducted from said portion of such excess, and the balance shall be certified, as aforesaid, to said boards of supervisors, and shall be an indebtedness from San Diego County to the county of Riverside, and said San Diego County shall pay the same. If, upon the final settlement between the counties of San Diego and Riverside, as herein provided for, said county of Riverside shall be found to be indebted to San Diego County, the money necessary to pay said indebtedness shall be raised by a tax levied upon the property contained in the county of Riverside, and the county of Riverside shall pay the same.

§ 10. After the passage of this act no assessment shall be made, nor poll tax nor taxes on personal property be collected by the assessors of San Bernardino or San Diego counties in the territory embraced in the county of Riverside. The assessor of the county of Riverside, who shall be elected at the election herein provided for, shall, within ninety days after he shall have been qualified, assess all the property in the county of Riverside, except as is required to be assessed by the state board of equalization, and collect the poll taxes and the taxes on personal property in said county of Riverside in accordance with the general laws. Within fifteen days after said assessment is completed, the board of supervisors of the county of Riverside shall, in accordance with the general laws, equalize said assessment and levy state and county taxes. Said assessment and levy, and the collection of taxes, shall be as effective as if said assessment and levy were made at the time provided in the general laws; provided, that the general laws relating to the assessment, levy, and collection of taxes are hereby made applicable, so far as possible, to the assessment, levy, and collection of taxes for the county of Riverside for the year eighteen hundred and ninety-three.

§ 11. The board of supervisors of the county of Riverside are hereby authorized when they deem it necessary, to provide suitable books, and contract with some competent persons to transcribe from the records of San Bernardino and San Diego counties such parts thereof as relate to or affect property, or the title thereto, situate in the county of Riverside; and said records, when so transcribed and certified to by the respective recorders of the counties of San Bernardino and San Diego, shall have the same force and effect as such original records for all purposes.

§ 12. All actions or special proceedings (excepting those provided for in sections three hundred and ninety-two and three hundred and ninety-three, Code of Civil Procedure) which shall be pending in the superior courts in the counties of San Bernardino and San Diego at the time of the organization of the county of Riverside, in which the defendants are residents of the county of Riverside, shall be removed to the superior court of the county of Riverside, on motion of any party interested; provided, that no actions commenced for collection of licenses shall be removed from the courts of San Bernardino and San Diego counties.

§ 13. The notaries public of the counties of San Bernardino and San Diego, who are residents of the territory embraced in the county of Riverside at the date of the passage of this act, shall hold their office until the expiration of their terms, and shall be recommissioned as notaries public in and for the county of Riverside until the expiration of their terms. And the governor shall, from time to time, appoint such additional notaries public for the county of Riverside as he may deem requisite.

§ 14. The superintendents of public schools of the counties of San Bernardino and San Diego shall furnish the superintendent of public schools of the county of Riverside with a certified copy of the last school census of the different school districts in the territory set apart to form the county of Riverside, and respectively draw their warrants on the treasurers of San Bernardino and San Diego counties in favor of the superintendent of schools in the county of Riverside for all money that is or may be due, by apportionment or otherwise, to the different districts embraced in the county of Riverside; and the auditors of San Bernardino and San Diego shall, in like manner, respectively draw their warrants on the respective treasurers of the counties of San Bernardino and San Diego, in favor of the auditor of the county of Riverside for all money that is or may be due, by apportionment or otherwise, to the different road and supervisorial district funds in the territory set apart to form the county of Riverside, which said amounts shall be properly credited to the respective districts in said counties.

§ 15. The said county of Riverside shall form and constitute the seventy-seventh assembly district, and a part of senatorial district number thirty-nine; and that part of the seventy-seventh assembly district remaining in San Bernardino County shall be attached to and constitute a part of the seventy-eighth assembly district, until otherwise provided by law.

§ 16. Nothing contained in this act shall be held or construed as determining that said county of Riverside shall have been formed or created at any time other than at and upon the date of the passage and approval of this act.

§ 17. This act shall take effect and be in force from and after its passage and approval.

ROADS AND HIGHWAYS—BOULEVARD DISTRICTS.

To provide for the formation of boulevard districts and the construction, maintenance, and use of boulevards and defining the term boulevard.

(Stats. 1905, 754, ch. DLXVI.)

§ 1. Any portion of a county not contained in a boulevard district may be formed into a boulevard district under the provisions of this act, and when so formed shall be known and designated by the name and style of ——— boulevard district (using the name of the district), of ——— county (using the name of the county in which said district is located), and shall have the rights herein enumerated and such as may hereafter be conferred by law.

§ 2. A petition for the formation of such boulevard district (naming it) may be presented to the board of supervisors of the county wherein the district

is proposed to be formed, which said petition shall be signed by not less than twenty-five freeholders, resident within the proposed district, and shall contain—

(1) The boundaries of the proposed district.

(2) The number of acres contained therein and the approximate value thereof and of the improvements thereon.

(3) A particular description of the boulevard which it is desired to lay out, open, and construct.

(4) A request that an election be called within said district for the purpose of determining the question of the formation of said boulevard district and the building of the boulevard described in said petition. Such petition must also be accompanied by a map showing the location of said boulevard, and of said district with relation to the territory immediately contiguous thereto; also with a cross-section and profile of said proposed boulevard, together with specifications for the construction thereof, which said map shall be approved as to location of the boulevard and said cross-section, profile and specifications, as to manner of construction, by the county surveyor of the county in which said proposed district is located. There shall also be filed with said board of supervisors, at the time said petition is presented, a bond in the sum of not more than three hundred dollars, with two sufficient sureties, to be approved by said board, who shall each qualify in double the amount of the penal sum thereof, conditioned that they will pay the expense and cost of said election in an amount not exceeding the amount mentioned in said bond, as the penal sum thereof, in case such election shall fail to carry.

§ 3. Such petition must be presented at a regular meeting of said board of supervisors and they shall thereupon fix a time for hearing said petition, not less than twenty-one nor more than thirty days after the date of presentation thereof, and shall publish a notice of the fact that such petition has been filed (referring to the same on file with the clerk of the board of supervisors for further particulars) and giving the date and hour at which said petition will be heard, which said notice shall be published at least once a week for two consecutive weeks in some newspaper published and circulated in said proposed district; provided, that, if no newspaper be so published in said district, then said notice shall be so published in some newspaper published and circulated in the county in which said proposed district is located.

§ 4. Upon the day named for the hearing of said petition, the board of supervisors shall hear the same and may adjourn such hearing from time to time, not more than two weeks in all. On the final hearing, they shall make such changes in the proposed boundaries as they may find to be proper, and shall define and establish such boundaries. Any change made by the board of supervisors shall not include any territory outside of the boundaries described in the petition until the board has given at least two weeks' notice of its intention to include such territory in said district, said notice to be given and published as herein provided for the notice of the hearing of said petition.

§ 5. The boundaries established by the board of supervisors shall be the boundaries of such boulevard district until the same shall be changed in the manner provided by law. But if it shall appear to the board that the boundaries of any such division have been incorrectly described, it shall direct the

county surveyor to ascertain and report the correct description of the boundaries, in conformity with the orders of said board of supervisors, which said report must be filed within thirty days from the day of the making of such order. At the first regular meeting after the filing of said report, the board of supervisors shall ratify the same, with such modifications as they deem necessary, and the boundaries so established shall be the legal boundaries of such boulevard district.

§ 6. The board of supervisors thereupon, and not later than the first regular meeting after the establishment of said boundaries as hereinbefore provided, shall give notice of an election to be held in such proposed boulevard district for the purpose of determining whether such district shall be formed and said boulevard built as in said petition, maps, cross-sections, profiles and specifications described.

§ 7. Such notice must specify the time and place or places of holding the election, the amount of money proposed to be raised, and the purposes for which it is to be used, including a brief description of the proposed work and materials to be used, and referring to the map, profiles, cross-sections and specifications on file with the clerk of the board of supervisors.

§ 8. For the purposes of this election the board of supervisors shall establish, by order, one or more precincts within the boundaries of said district, and appoint one inspector, one judge and one clerk for each, to conduct the same, and said election must be held in all respects as near as practicable in conformity with the general election laws of the state. At such election the ballots shall contain the words "For the formation of said district and the construction of said boulevard—Yes, No," together with a square at the right of the word "Yes" and at the right of the word "No" in which the voter may stamp his ballot to indicate his choice. But no particular form of ballot other than above set forth need be used; nor shall any informality in conducting said election invalidate the same if the election shall have been otherwise fairly conducted.

§ 9. The officers of the election must certify the result of the election to the board of supervisors, giving the whole number of votes cast, the number for and the number against the formation of said boulevard district and the building of said boulevard, and if the majority of the votes cast are in favor of same, the board of supervisors must enter an order to that effect upon its minutes, declaring said district formed and that said boulevard shall be built, and the amount to be raised by taxation on the taxable property within said district, which said amount shall be in the aggregate not exceeding seventy-five per centum of the estimated cost of acquiring the right of way therefor and constructing said boulevard, as found in the estimates to be furnished by the county surveyor of said county; the balance, twenty-five per centum, to be paid out of the general road fund of the county; and the board of supervisors shall, at the time of fixing the amount of the county tax levy, levy a tax upon the taxable property in said district sufficient to pay said amount.

§ 10. The work provided for in this act to be done shall be by law contracted to the lowest responsible bidder in accord with the provisions of section two thousand six hundred and forty-three of the Political Code of California. The successful bidder shall give a bond in such sum as the board of supervisors

shall provide, conditioned for the faithful performance of the contract, together with any and all bonds required by law for public work. The work done under said contract to be performed under the direction and to the satisfaction of the surveyor of the county in which said boulevard district is located.

§ 11. Any money remaining to the credit of the boulevard district on the completion of the work contracted for, with any and all gifts and donations thereto, shall remain in the fund of the district and be expended in the betterment of said boulevard. The maintenance of the same, after the completion thereof, to be paid out of the general road fund of the county; provided, that the board of supervisors of the county in which said boulevard district is located may, as now or hereafter provided by law, arrange with the department of highways or other lawful authority to turn said boulevard over to the state of California, and it shall thereafter be kept and maintained as a state boulevard out of the funds provided by law for state highway purposes, but subject at all times nevertheless to the limitations as to the use thereof hereinafter provided.

§ 12. By the term "boulevard" as used herein is meant a highway of limited dedication and use, not less than one hundred feet in width and upon which no wagon for heavy teaming, having a tire of less than four inches, shall be permitted, and upon, along and over which no franchise for telephone, telegraph or electric wires or poles or for the operation or running of cars or vehicles upon fixed tracks or rails thereon shall ever be granted; and any easement granted or condemned for the building of said boulevard shall be so granted or condemned; provided, that nothing herein shall be deemed to apply to or preventing the granting of such franchise or limiting the use of wagons across said boulevard, on, over and along intersecting streets and highways.

§ 13. All provisions of the law of the state of California relating to streets and highways, including the right of eminent domain, save only section two of an act of the legislature of the state of California entitled "An act to repeal chapter two of title six, part three, of an act of the legislature of the state of California, entitled 'An act to establish a Political Code,' approved March twelve, eighteen hundred and seventy-two, and each and every section of said chapter two. And to enact a new chapter two of title six of part three of said code, and substitute the same in place of said repealed chapter two in said code, relating to roads and highways," approved February twenty-eight, eighteen hundred and eighty-three, and also an act of the legislature of the state of California entitled "An act for the establishment of a uniform system of road government and administration in the counties of the state of California," approved April one, eighteen hundred and ninety-seven, not in conflict herewith are hereby made applicable to the opening, laying out, and maintaining of boulevards constructed hereunder and the acquiring of rights of way therefor.

§ 14. The board of supervisors of the county in which said boulevard district is located shall have sole control of the management and affairs of said boulevard district.

ROADS AND HIGHWAYS—DEPARTMENT.

To create a department of highways for the state of California, to define its duties and powers, to provide for the appointment of officers and employees thereof, and to provide for the compensation of said officers and employees, and for the additional expenses of said department, and to make an appropriation therefor for the remainder of the forty-eighth fiscal year.

(Stats 1897, 443, ch. CCLXXII.)

§ 1. A department of and for the state of California, to be known as the department of highways, is hereby created, to consist of three chief executive officers, who shall be known as highway commissioners. Said department, its officers and employees, shall have and exercise the powers and duties hereinafter specified, and such as are or may be otherwise provided by law.

§ 2. Immediately upon the taking effect of this act, the governor, by and with the consent and advice of the senate, shall appoint three persons as highway commissioners. The persons so appointed shall be selected with particular reference to their qualifications for, and practical knowledge of, highway location, construction, and maintenance. The highway commissioners shall devote their entire time to the service of the state, and shall not actively engage in any other pursuit while serving as highway commissioners. The commissioners shall personally perform all the engineering work of the department; provided, that the department may be allowed assistance on the engineering work thereof on receiving the unanimous approval of the state board of examiners.

§ 3. Each of the highway commissioners shall hold office for the term of two years from and after the date of his qualification, as hereinafter provided for. At the expiration of said last-named term two of said three offices shall thereupon cease and determine, and the powers and duties herein specified shall devolve upon one highway commissioner. At least thirty days prior to the expiration of the terms of the highway commissioners provided for above in this section the governor, by and with the advice and consent of the senate, unless it be otherwise provided by law, shall appoint, for a term of four years, and every four years thereafter, one civil engineer as highway commissioner, who shall have the qualifications specified in section two of this act, and upon him shall devolve all of the duties and powers which shall be conferred upon the commissioners first appointed under the provisions of this act, and who shall receive like compensation. Whenever a vacancy occurs in the office of highway commissioner, it shall be the duty of the governor to fill such vacancy for the unexpired term, which appointment shall be confirmed by the senate at its next session.

§ 4. Within twenty days after receiving notice of appointment, the person or persons so appointed shall file a bond in the sum of ten thousand dollars (\$10,000), with at least two sufficient sureties thereon, for the faithful performance of his duties, which bond must be approved by the governor, and filed with the secretary of state, and qualify by taking the oath of office as prescribed for state officers.

§ 5. The three chief executive officers hereinbefore provided for shall

immediately, upon qualifying, organize by electing one of their number as president and shall adopt a seal for the authentication of its acts, records, and proceedings.

§ 6. The department of highways shall have power to appoint a secretary and a stenographer, who shall hold office at the pleasure of the department. Such employees shall not be eligible for such appointment unless they possess special qualifications for, and are competent to perform the duties devolving on them; and they shall devote their entire time to the service of the department.

§ 7. The office of the department of highways shall be in the state capitol building; and the secretary of state shall assign to the department, for its use, such rooms as may be necessary for its accommodation. All of the regular meetings of the department shall be held at such office. The department may, however, hold such special meetings at such places as the duties of the department, or the best interests of the state, may require.

§ 8. The department of highways shall take possession, in the name of the state, as rapidly as the funds provided therefor will permit, of all roads which have been or may be declared state highways.

§ 9. The department of highways shall have charge of all expenditures made by the state for highway purposes, except as otherwise provided by law; and all moneys appropriated for such purpose shall be made payable upon proper order of said department. All claims and accounts which may be incurred by the department of highways shall, however, before payment, be audited by the board of examiners.

§ 10. The department of highways shall make examination into existing highway conditions in the state of California, and shall, furthermore, make such investigations within the state, as will put at the service of the state the most approved methods of highway improvement. It shall supply, on request without charge, any information relative to highways required by any county or district official having care of and authority over highways within this state. It shall collect and collate data relating to the geological formation of the state in so far as it relates to material suitable for highway construction, and make analyses and tests of such material as it may deem suitable for highway uses, with the view of determining the value of the same for such purposes. All data so collected, together with such other matters of value or interest to the people of the state, shall be published in bulletins, or upon maps or diagrams, or in other proper form, or in the biennial report of the department, as it in its discretion shall determine. The department shall prepare and adopt styles and forms of books for use by officials, in which to keep account of the expenditure of highway money and all other records or proceedings relating to highways. It shall prepare such forms as may be necessary for use in connection with opening, abandoning, altering, locating, constructing, maintaining, obtaining title to, or otherwise relating to proposed state highways; and such books and forms, when so adopted, shall be the standard for use in the state. Copies of them shall be forwarded to the various officials who are charged with keeping or using the same, and such officials shall immediately prepare books and forms after the style shown by such standard, and shall thereafter use them exclusively

for the purposes for which they are intended. It shall be the duty of the department to adopt such general forms for the surveying of state highways, mapping, and keeping of the notes thereof, and the permanent marking of the same on the ground, as it shall deem necessary and shall issue instructions defining such general forms and markings to the person having charge of the making of such surveys; and it shall thereafter be the duty of such persons to follow the methods prescribed in such instructions. The department of highways, in performance of its duties, shall have the power to call upon any state, county or district official to furnish it with any information contained in his office which relates to or is in any way necessary to the proper performance of the work of said department; and it is hereby made the duty of such officials to furnish such information without cost. The attorney-general of the state shall be the legal adviser of the department of highways, and said department of highways shall call upon the attorney-general of the state for all such legal advice and services as the discharge of its duties may require.

§ 11. The department shall prepare biennial reports, which shall be submitted to the governor at least thirty days before each session of the legislature. Said report shall embrace the work and investigations of the department for the previous two years, together with such recommendations for changes in the law which it may deem advisable, and which the proper and economical maintenance of the highways may demand.

§ 12. It shall be the duty of the state controller, upon the demand of the department of highways, to transfer to it, for its use, all of the property, books, reports, and papers of every description which shall be transferred to him under the provisions of an act entitled "An act to create a bureau of highways, and prescribe its duties and powers, and make an appropriation for its expenses," approved March twenty-seventh, eighteen hundred and ninety-five.

§ 13. It shall be the duty of the state printer to print such reports, bulletins, or other matter, and furnish any necessary illustrations or diagrams therefor as the department of highways may deem necessary; all of which shall first be subject to the approval of the state board of examiners.

§ 14. The department of highways shall have the power and authority to employ, when in its judgment it is deemed necessary, such assistance of a special character as may be necessary and proper, for the discharge of its duties. The department shall also have the power to purchase such supplies, fixtures, and conveniences, as may be necessary in the performance of its work. The commissioners of the department of highways, or any employee thereof, shall be allowed their necessary traveling expenses while engaged in the discharge of their duties within the state. All of the expenses mentioned in this section, except as otherwise herein provided, shall be paid from the appropriation for the contingent expenses of the department of highways. The employment and compensation of assistants under the provisions of this section must receive the approval of the state board of examiners. The expense incurred in locating and definitely surveying state highways in a county shall be paid from the funds apportioned thereto for state highway purposes.

§ 15. The commissioners of highways shall each receive the sum of three thousand dollars (\$3,000) per annum; the secretary the sum of fifteen hundred

dollars (\$1,500) per annum; and the stenographer the sum of twelve hundred dollars (\$1,200) per annum. Such salaries shall be paid at the same time and in the same manner as are the salaries of other state officers.

§ 16. For the purposes of carrying out the provisions of this act, the sum of three thousand dollars (\$3,000) is hereby appropriated out of any money in the state treasury not otherwise appropriated, to pay the salaries of the officers and employees and the other expenses of said department for the remainder of the forty-eighth fiscal year.

§ 17. All acts or parts of acts in conflict with the provisions of this act are hereby repealed.

§ 18. This act shall take effect and be in force from and after its passage.

ROADS AND HIGHWAYS—PUBLIC LANDS.

Granting to roads and highways a right of way over the public lands of this state.

(Stats. 1865-6, 855, ch. DCXXX.)

§ 1. Whenever any corporation, company, or individual shall, in accordance with the general laws of this state lay out and construct any road or highway over any unoccupied public lands of this state, or over any lands that the state by donation of Congress or otherwise may hereafter acquire, such corporation, company or individual, and their respective assigns, are hereby granted the right of way for such roads or highways over such public lands. This act shall apply to roads heretofore as well as hereafter laid out and constructed.

ROADS AND HIGHWAYS—STATE.

To provide for the care, management, and protection of state highways.

(Stats. 1903, 400, ch. CCLXXVI.)

§ 1. If any state highway duly declared, laid out, or erected is encroached upon by fences, buildings, or otherwise, the highway commissioner of California may require the removal of the encroachment. Notice must be given to the occupant or owner of the land or person causing or owning said encroachment, or must be left at his place of residence, if such be known to the commissioner, or in case of a non-resident, then left with his agent if known, otherwise it must be posted on the encroachment. Said notice must specify the breadth of the state highway, the place and extent of the encroachment, and require him to remove the same within five days.

§ 2. If the encroachment is not removed, or commenced to be removed and diligently prosecuted prior to the expiration of the five days from the service or the posting of the notice, the one who caused, owns, or controls the encroachment forfeits ten dollars for each day the same continue unremoved. If the encroachment is such as to effectually obstruct and prevent the use of the road for vehicles, the state highway commissioner must forthwith remove the same.

§ 3. If the encroachment is denied, and the owner, occupant, or person controlling the matter or thing charged as being an encroachment refuses to remove or permit the removal thereof, the state highway commissioner must commence

in the proper court an action to abate the same as a nuisance. If he recovers judgment, he may, in addition to having the same abated, recover ten dollars for every day such nuisance remained after such notice, and also his costs in his said action.

§ 4. If the encroachment is not denied, but is not removed for five days after the notice given as hereinbefore provided, the state highway commissioner may remove the same at the expense of the owner, occupant, or person controlling the same, and recover his costs and expenses, and also ten dollars for each day the same remains after said five days' notice, in an action for that purpose.

§ 5. Whoever obstructs or injures any state highway, or diverts any water-course thereon, or drains water from his land on any highway, to the injury thereof, by means of ditches or dams, is liable to a penalty of ten dollars for each day such obstruction or injury remains, and must be punished as provided in section five hundred and eighty-eight of the Penal Code. Any person, persons, or corporations, who shall, by storing or distributing water for any purpose, permit the water to overflow, or saturate by seepage, any state highway, to the injury thereof, shall, upon notification of the state highway commissioner, discontinue and repair the damage occasioned by such overflow or seepage; and should such repair not forthwith be made by such person, persons, or corporations, said state highway commissioner shall make such repairs and if necessary divert the flow or seepage, and recover the expense thereof from such person, persons, or corporation, in an action by law. In re Madera Irrigation Dist., 92 Cal. 296, 329, 27 Am. St. Rep. 106, 28 Pac. Rep. 272, 675, 14 L. R. A. 755n.

Supplementary to an act to create the county of San Benito, to establish the boundaries thereof, and to provide for its organization, approved February twelfth, eighteen hundred and seventy-four.

(Stats. 1873-4, 428; amended Stats. 1875-6, 177.)

§ 1. The board of supervisors of San Benito County are authorized and directed, at their regular meeting in May, eighteen hundred and seventy-six, to appoint two citizens and taxpayers residents of San Benito County, to act as members of a board of commissioners, with the powers and duties herein mentioned. The board of supervisors of Monterey County are authorized and directed, at their regular meeting in May, eighteen hundred and seventy-six, to appoint two citizens and taxpayers, residents of Monterey County, to act as members of the board of commissioners above named. The four persons appointed as above provided shall constitute a board of commissioners to determine and settle all financial differences between the said counties of Monterey and San Benito. Said commissioners shall meet on the first Monday in June, anno Domini eighteen hundred and seventy-six, at Salinas City, Monterey County, and, after being sworn, shall organize by appointing from their number a president and secretary, and shall immediately proceed to determine the indebtedness, if any, of Monterey County on the twelfth day of February, anno Domini eighteen hundred and seventy-four. Said indebtedness shall be not only that ascertained and established by the board of supervisors of Monterey County prior to said twelfth day of February, anno Domini eighteen hundred and seventy-four, but such indebtedness as was subsequently ascertained and determined and allowed by said board on bills and accounts which should have been presented to such board of supervisors prior to said date, and which were due and owing and legal charges against said Monterey County on said twelfth day of February. After ascertaining said indebtedness, they shall then ascertain the total market cash value of all the assets and real and personal property belonging to Monterey County at said date. They shall then, also, ascertain the assessed value, under the assessment of the year eighteen hundred and seventy-three, of the property of Monterey County and of the property in the territory hereby set apart to form San Benito County. Then, after deducting

the total value of assets and property aforesaid from said amount of said indebtedness, so as to ascertain the actual indebtedness, if any, the proportion due from the county of San Benito shall be ascertained as follows: As the total assessed value of property in the territory taken from Monterey County to form San Benito County is to the total assessed value of said Monterey County, so shall be the proportion of the actual indebtedness of San Benito County to Monterey County. But if said commissioners ascertain that the assets and property belonging to Monterey County exceed the said ascertained indebtedness as herein named, then they shall ascertain, in the same manner as herein named, the proportion thereof belonging to San Benito County, and when so ascertained, said commissioners shall certify to the board of supervisors of their respective counties the amount of said excess of debt or value. In case of the death, resignation, or failure to qualify of either of the commissioners herein appointed, the vacancy shall be filled by the board of supervisors of the county to which said commissioners belonged. If a majority of said commissioners cannot agree upon any of the matters herein submitted to them, then and in that event the Hon. David Belden, district judge of the third judicial district of the state of California, on the application of any two of said commissioners, shall appoint some citizen and taxpayer of this state, and not a resident of either of said counties. The person so appointed shall constitute a member of said commission, and the judgment of a majority of such commission shall be final. If said indebtedness exceeds the said value as herein named, then the board of supervisors of San Benito County shall cause to be issued forthwith the bonds of San Benito County, payable in five years from date of issue, to the county of Monterey for such sum as shall be so certified by said board of commissioners; and if said assets and property exceed said debt, then the board of supervisors of Monterey County shall cause to be issued the bonds of Monterey County, payable in five years from date of issue, to the county of San Benito, for such sum as shall be so certified by said board of commissioners to be due. In either case, the bonds so issued shall bear interest at the rate of seven per centum per annum, payable annually; and said board so issuing said bonds shall levy annually, and cause to be collected as other state and county taxes are collected, a tax of not less than three cents on each one hundred dollars of value of the taxable property in the county, which, when so collected, shall be set aside and appropriated to the payment of the interest on said bonds so issued, and shall be paid on said bonds whenever the amount of five hundred dollars shall have been received and said bonds presented for payment. [Amendment, Stats. 1875-6, 177.]

§ 2. Said commissioners shall receive ten dollars per day from their respective counties; provided, that if a fifth commissioner be appointed as herein provided, his services shall be paid by the two counties jointly. [Amendment, Stats. 1875-6, 177.]

§ 3. The terms of the district court, in and for San Benito County, shall be held on the first Mondays of April, August, and December; and the county courts, first Mondays of February and May, third Monday of August, and first Monday of November of each year.

§ 4. The terms of the probate court, in and for San Benito County, shall be held on the first Monday of every month.

§ 5. All acts and parts of acts in conflict with the provisions of this act are hereby repealed. [Amendment, Stats. 1875-6, 177. Act also contained the following section: § 4. This act shall take effect on after its passage.]

§ 1. So much of the line for a harbor embankment or seawall of the port of San Francisco, adopted on the twelfth day of September, one thousand eight hundred and seventy-seven, by the governor, the mayor of the city and county of San Francisco, and the state harbor commissioners, and indicated on the maps filed in the office of the said board of harbor commissioners and of the recorder of the city and county of San Francisco, as extends from the east line of Taylor Street to the boundary line between the city and county of San Francisco and the county of San Mateo, is hereby ratified and confirmed, and shall be known as the "Water Front Line" of the city and county of San Francisco; and so much of said line of harbor embankment or seawall as extends from the east line of Taylor Street to the eastern line of the Presidio Reservation is hereby annulled and vacated.

§ 2. The inshore limit of the jurisdiction of the board of state harbor commissioners shall be and remain the same as defined in section twenty-five hundred and twenty-four of the Political Code; but when any section of the seawall and thoroughfare hereinafter mentioned is constructed and ready for use, then the inshore limit of their jurisdiction as to such section shall be the inner line of said thoroughfare. But their jurisdiction in and over China, Central, South, India, and Dry Dock basins, and in and over Channel Street, and Islais Creek Channel, and the canal opening into South Basin, shall extend as far as the ebb and flow of tide-water.

§ 3. The said commissioners are authorized and directed to lay out and open along said water-front line a thoroughfare of the uniform width of two hundred feet, the inner line of which shall be parallel with the water-front line; provided, that its inner line between Market Street and Folsom Street shall correspond with the present line of East Street, and its inner line between Clay Street and Sacramento Street shall be a straight line drawn from the intersection of the north line of Clay Street, with the inner line of the thoroughfare to the intersection of the north line of Sacramento Street with the north line of Market Street extended, and its roadways and sidewalks shall conform to such deviation from its uniform width; provided further, that a sum not less than one hundred thousand dollars shall be expended in the construction of wharves, piers, ferry-slips, or bulkhead, on the water front between the westerly line of Mason Street and the easterly line of Kearny Street, as may seem best in the judgment of the state board of harbor commissioners; the said money to be expended, and the work to be done, within one year from and after the passage

of this act. It shall have a roadway of one hundred and eighty feet, and a sidewalk on its inner side of twenty feet in width. It shall be known and designated on the map of the city and county as "East Street." The said roadway shall be constructed and kept in repair by the said commissioners. It shall be constructed by contract, as provided in section twenty-five hundred and thirty-six of the Political Code, and be kept in repair as provided in section twenty-five hundred and twenty-four of same code. The sidewalk shall be constructed and kept in repair in the manner provided by law for the construction and repair of sidewalks on other streets of the city of San Francisco. In case the said roadway or sidewalk be obstructed, the said commissioners shall cause such obstructions to be removed in the manner provided in section twenty-five hundred and twenty-four of the Political Code, and section nine of this act; provided, that they may grant the use and occupation of spaces along the water front for offices and baggage rooms, and for scales for weighing freight, and may charge therefor a reasonable rent. § 4. So much of the act approved March eleventh, eighteen hundred and seventy-four, entitled "An act to amend an act entitled an act to vacate certain streets, alleys, and marketplaces in the city and county of San Francisco, and to donate the same, and other tide-lands belonging to the state of California, to said city and county of San Francisco, for commercial purposes, and other matters relating thereto, approved March thirteenth, eighteen hundred and seventy-two, as grants to the city and county of San Francisco, the power to lease the basins known as China and Central basins, is hereby repealed; and the said basins, and also South, India, and Dry Dock basins, as laid out by the board of tide-land commissioners, and Channel Street, Islais Creek Channel, and the canal opening into South Basin, as far as the ebb and flow of tide in them, are hereby dedicated to public use for the purposes of commerce and navigation, and shall be subject, together with the streets inclosing or bounding on them, and the seawall and thoroughfare constructed across their openings, to the jurisdiction of the said commissioners, as provided in the act approved February twenty-eighth, eighteen hundred and seventy-six, entitled "An act to amend an act entitled an act to establish a Political Code, approved March twelfth, eighteen hundred and seventy-two, and to add a new section thereto." In case the seawall or thoroughfare be extended across them, openings therein, with proper drawbridges, shall be constructed, of sufficient width to allow free and easy entrance and exit, and then they shall be dredged to such depth as may be needed by the class of vessels using them.

§ 5. Whenever any section of the seawall and thoroughfare is constructed and ready for use, the board of supervisors shall cause the streets of the city to be extended and constructed, so as to intersect said section; and in case any such streets have been widened by the harbor commissioners, they shall be con[tracted] to their original width before such widening, and be so extended. When extended, they shall be deemed public streets, and their roadways and

sidewalks, to the intersection of the thoroughfare, shall be constructed and kept in repair in the manner provided by law for the construction and repair of the public streets of the city of San Francisco.

§ 6. The said commissioners shall have the possession, jurisdiction, and control over the blocks and parts of blocks formed by the change of the water front and the extension of the streets to the thoroughfare aforesaid, and remove any obstructions placed thereon in the same manner as provided for the removal of obstructions from the piers, wharves, and thoroughfares. The commissioners are authorized to keep and maintain said blocks and parts of blocks as open spaces for the use of the public, or they may, in their discretion, inclose them. The commissioners are also authorized to assign the use of such portion thereof as they deem expedient for such purposes solely as will be most advantageous to the commerce of the port, and upon such terms and conditions as they may determine. All such assignments shall terminate at the pleasure of the commissioners.

The commissioners are also authorized to lease such portion or portions of seawall lots, numbered one, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen, fourteen, fifteen, sixteen, "a" and "b," as they may deem expedient for such purposes solely as will be most advantageous to the commerce of the port; provided, that before the execution of any lease, notice of the letting or leasing of any of the lots hereinbefore mentioned, or parts thereof, shall be given by publication in three of the daily papers published in the city of San Francisco for at least ten days; such notice shall state the lot or portion of lot to be leased, and that bids will be received by the commissioners at a place and time designated in such notice; and that said property shall be let to the highest and best bidder; provided further, that all bids for lease of lots, or portions of lots, herein mentioned, shall set forth the purposes for which said lots, or the portions thereof, shall be used, and that the statement of such bid shall be embodied in the lease given by the board of state harbor commissioners with the condition that the lot shall be used for such purposes only; provided further, that said board shall have power to reject any and all bids; and provided further, that in no event shall any such lease or leases be made for a term exceeding twenty-five years; provided, however, that all leases made and executed within two years preceding February fifteenth, nineteen hundred and one, and on file in the office of the secretary of state, of any lands belonging to the state less than fifty acres in area, and which lease has been made to any corporation incorporated in this state, or to any person or persons, for terminal facilities, is hereby recognized, approved and ratified, and the conditions, covenants, and agreements of the parties thereto are made binding on the said parties, and on their successors and assigns, and on the state of California. [§ 6a.] § 2. All acts and parts of acts in conflict herewith are hereby repealed.

[Amendatory act of 1880, 31, contained following sections, in reference to further powers of harbor commissioners, to wit, sections 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12:]

[§ 6b.] § 2. The said commissioners are authorized to set apart and use

that portion of the water front and thoroughfare situated between the west line of Powell Street and the north line of Francisco Street, for the landing and loading of grain and other merchandise, and may erect thereon such sheds and structures as may be necessary for sheltering the same; provided, that a roadway of not less than seventy-five feet on the inner side of the thoroughfare shall be left open for the passage of vehicles. They may, from time to time, fix the rates and prescribe the terms and conditions on which such sheds and structures may be used, and shall have the same control over them as over the wharves, and other parts of the water front; provided, that they shall assume or incur none of the duties or obligations of warehousemen.

[§ 6c.] § 3. The said commissioners are authorized to set apart spaces on the water front as depots for the landing of the passenger and freight cars of railroad companies, and may construct such docks, wharves and sheds as may be needed for that purpose. In case any person shall neglect or refuse to deliver such statement as above provided, or shall wilfully make a statement false in any of the above recited particulars, he shall be deemed guilty of a misdemeanor, and, on conviction, shall be punished by a fine not exceeding one hundred dollars, or by imprisonment not exceeding fifty days, or by both such fine and imprisonment.

[§ 6g.] § 7. Such guaranty shall be deemed an original obligation on the part of the guarantor, and no other consideration therefor need exist or be expressed than the acceptance of the said permit.

[§ 6i.] § 9. (Repealed, Stats. 1891, 233.)

[§ 6j.] § 10. The lessees of the state or the commissioners shall charge and collect the same rates of dockage and wharfage as may be established by the said commissioners in pursuance of this act; provided, that this section shall not be deemed to confer any new or additional rights on any of said lessees.

[§ 6k.] § 11. Nothing in this act shall be deemed to divest the said commissioners of the lien on merchandise and other articles for its wharfage, or of the right to enforce such lien, as is provided by existing statutes.

[§ 6l.] § 12. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

§ 7. thoroughfares free of obstructions, the said commissioners shall cause a written notice to be served on the owner, agent, consignee, or person in possession of any such obstructing material or structure, or may post a notice thereon, at their discretion, requiring its removal within twenty-four hours thereafter; and, on failure to comply therewith, the commissioners may remove, store, or sell the same by public auction, at their discretion. To provide for the formation, government, operation, and dissolution of sanitary districts in any part of the state, for the construction of sewers, and other sanitary purposes; the acquisition of property thereby; the calling and conducting of elections in such districts; the assessment, levy, collection, custody, and disbursement of taxes therein; the issuance and disposal of the bonds thereof, and the determination of their validity, and making provision for the payment of such bonds, and the disposal of their proceeds.

(Stats. 1891, 223, ch. CLXI; amended 1893, 88, ch. LXXVIII; 1895, 86, ch. XCV (see note); 1901, 633, ch. CCVIII; 1903, 121, ch. CIX; 1905, 94, ch. XCVI.)

§ 1. Whenever twenty-five persons in any county of the state shall desire the formation of a sanitary district within the county, they may present to the board of supervisors of such county a petition, in writing, signed by them, stating the name of the proposed district, and setting forth the boundaries thereof, and praying that an election be held as provided by this act. Each of the petitioners must be a resident and freeholder within the proposed district.

§ 2. When such petition is presented as above provided, the board of supervisors must, within thirty days thereafter, order that an election be held as provided by this act. The order must fix the day of such election, which must be within sixty days from the date of the order, and must show the boundaries of the proposed district, and must state that at such election persons to fill the offices provided by this act, viz.: a sanitary assessor, and five members of the sanitary board, will be voted for. This order shall be entered in the minutes of the board, and shall be conclusive evidence of the due presenta-

tion of a proper petition, and of the fact that each of the petitioners was, at the time of the signature and presentation of such petition, a resident and freeholder within the limits of the proposed district.

§ 3. A copy of such order shall be posted for four successive weeks prior to the election, in three public places within the proposed district, and shall be published for four successive weeks prior to the election in some newspaper published in the proposed district, if there be one, and if not, in some newspaper published in the county. It shall be sufficient if the order be published once a week.

§ 4. The board of supervisors, at any time prior to the election, shall select one polling-place within the proposed district, and make all suitable arrangements for the holding of such election. The ticket shall contain the words, "For a sanitary district," or "Against a sanitary district," as the case may be, and the name of a person for sanitary assessor, and the names of five persons for members of the sanitary board. Such election shall be conducted in accordance with the general election laws of the state, so far as the same shall be applicable, except as herein otherwise provided. Every qualified elector, resident within the proposed district for the period requisite to enable him to vote at a general election, shall be entitled to vote at the election above provided for. If a majority of the votes cast at such election shall be in favor of a sanitary district, the board of supervisors shall make and cause to be entered in the minutes an order that a sanitary district of the name and with the boundaries stated in the petition (setting forth such boundaries) has been duly established, and said order shall be conclusive evidence of the fact and regularity of all prior proceedings of every kind and nature provided for by this act or by law, and of the existence and validity of the district. If a majority of the votes cast shall be against a sanitary district, the board shall, by order, so declare; no other proceedings shall be taken in relation thereto until the expiration of one year from the presentation of the petition.

§ 5. Every sanitary district formed under the provisions of this act shall have power to have and use a common seal, alterable at the pleasure of the sanitary board; to sue and be sued by its name; to construct and maintain, and keep clean such sewers and drains as in the judgment of the sanitary board shall be necessary or proper, and for this purpose to acquire by purchase, gift, devise, condemnation proceedings, or otherwise, such real and personal property and rights of way, either within or without the limits of the district, as in the judgment of the sanitary board shall be necessary or proper, and to pay for and hold the same; to make and accept any and all contracts, deeds, releases, and documents of any kind which, in the judgment of the sanitary board, shall be necessary or proper to the exercise of any of the powers of the district, and to direct the payment of all lawful claims and demands against it; to issue bonds as hereinafter provided, and to assess, levy, and collect taxes, to pay the principal and interest of the same, and the cost of laying and the expense of maintaining any sewer or sewers that may be constructed subsequent to the issuance of said bonds, or any lawful claims against said district, and the running expenses of the district; to employ all necessary agents and assistants, and pay the same; to lay its sewers and drains in any public street or road of the county, and for this purpose enter upon the same and make all

necessary and proper excavations, restoring the same to proper condition; but in case such street or road shall be in an incorporated city or town, the consent of the lawful authorities thereof shall first be obtained; to make and enforce all necessary and proper regulations for the removal of garbage, and the cleanliness of the roads and streets of the district, and for the purpose of guarding against the spread of contagious and infectious diseases, and for the isolation of persons and houses affected with such diseases, and for the notification of the other inhabitants of the existence thereof, and all other sanitary regulations not in conflict with the constitution and laws of the state; to make and enforce all necessary and proper regulations for suppressing disorderly and disreputable resorts, and houses of ill-fame within the district, and to determine the qualification of persons authorized to sell liquors at retail, and from and after the passage of this act no license to keep a saloon, or sell liquors at retail, shall take effect or be operative within any sanitary district unless the same be approved by the sanitary board of the district; to impose fines, penalties, and forfeitures for any and all violations of its regulations or orders, and to fix the penalty thereof by fine or imprisonment, or both; but no such fine shall exceed the sum of one hundred dollars, and no such imprisonment shall exceed one month; to call, hold, and conduct all elections necessary or proper after the formation of the district; to prescribe, by order, the time, mode, and manner of assessing, levying, and collecting taxes for sanitary purposes, except as otherwise provided herein; to compel all residents and property owners within the district to connect their houses and habitations with the street sewers and drains; and generally to do and perform any and all acts necessary or proper to the complete exercise and effect of any of its powers, or the purpose for which it was formed. § 6. The officers of the district shall be a sanitary assessor and five members of the sanitary board.

§ 7. There shall be an election for sanitary assessor on every even-numbered year in which members of the sanitary board are elected, and at the same time, place, and manner; and the person then elected shall hold office for two years next thereafter, and until the election and qualification of his successor. The person elected assessor at the election at which the district was formed shall hold office until the election and qualification of his successor; provided, that if at any time a vacancy occur in the office of assessor, the sanitary board shall appoint a suitable person to fill such vacancy until the next election at which an assessor may be elected under the provisions of this act.

§ 8. It shall be the duty of the sanitary assessor to make out, before the first Monday in July of each year, a list of all the tangible real and personal property within the district. Such list shall contain a brief and general description of the property, an assessment of the value thereof, the name or names of the owner or owners, and such other matters as may be ordered by the sanitary board and such matters as shall be necessary to make such list conform to the provisions of the general laws of the state of California. The land shall be assessed separately from the improvements thereon. No mistake in the name of the owner of any of the real or personal property assessed, or any informality in the description, or in other parts of the assessment, shall

invalidate the same. The sanitary assessor shall verify said list by his oath before some officer authorized to administer oaths, and shall deposit the same with the sanitary board on the first Monday of July of each year, or as soon thereafter as is practicable. He shall have power to administer all oaths and affirmations necessary or proper in the performance of his duty as assessor, and shall receive such compensation as shall be fixed by the order of the board. He shall also perform such further duties and do such further acts as may be ordered or required by the sanitary board.

§ 9. There shall be an election for two members of the sanitary board in every even-numbered year, beginning with the second even-numbered year after the election at which the district was organized, and the two members then to be elected shall hold office until the election and qualification of their successors in the next even-numbered year; and there shall be an election for three members of the sanitary board in every odd-numbered year, beginning with the second odd-numbered year, after the election at which the district was organized, and the three members then to be elected shall hold office until the election and qualification of their successors in the next odd-numbered year. The five members elected at the election at which the district was organized shall, at their first meeting, or as soon thereafter as may be practicable, so classify themselves, by lot, that two of them shall go out of office in the second even-numbered year after the election at which the district was organized, and upon the election and qualification of their successors, as provided by this act, and three of them in the second odd-numbered year after the election at which the district was organized, and upon the election and qualification of their successors, as provided by this act. All elections for officers after the formation of the district shall be on the first Monday after the first Tuesday in the month of March. The members of the sanitary board shall receive no compensation whatever, either for general or special services.

§ 10. The sanitary board shall be the governing power of the district, and shall exercise all the powers thereof, except the making of an assessment list in the first instance, as herein provided. At its first meeting, or as soon thereafter as may be practicable, the board shall choose one of its members as president, and another of its members as secretary. And all contracts, deeds, warrants, releases, receipts, and documents of every kind shall be signed in the name of the district by its president, and shall be countersigned by its secretary. The board shall hold such meetings, either in the day or in the evening, as may be convenient. In case of the absence or inability to act of the president or secretary, the board shall, by order entered upon the minutes, choose a president pro tempore, or secretary pro tempore, or both, as the case may be.

§ 11. On the first Monday of July each year, at the hour of seven thirty o'clock p. m., the sanitary board shall meet at its usual place of meeting within said district, and proceed to organize itself into a board of equalization, and if the sanitary assessor has returned the assessment list for said year said board shall proceed to equalize the property so assessed and returned by said sanitary assessor. If said assessment list has not been returned by said sanitary assessor said board must adjourn from day to day until said assessment list has been returned, and for the purpose of adjournment one or more of

the members of said board present may make said adjournment and announce the same. Upon the assessment list having been returned by the assessor, said board of equalization shall proceed to equalize the property listed on said assessment list, and said board shall continue in session as a board of equalization until the property upon the entire list returned by the assessor shall have been examined, rectified and equalized, with such reasonable intermissions during the day and from day to day as may be expedient. The board shall have power to hear complaints as to the proceedings of the assessor, and to adjudicate and determine the controversy thereon, and may of its own motion raise an assessment, after such reasonable notice to the party whose assessment is to be raised, as may be ordered by the board. After the examination and rectification of the assessor's list shall have been completed, the board shall, by resolution, fix the rate of taxation for sanitary purposes, designating the number of cents on each one hundred dollars to be levied for each fund, and shall designate the fund into which the same shall be paid; but no more than fifteen cents on each one hundred dollars shall be levied for all the sanitary purposes of any one year, besides what shall be required for the payment of the principal and interest of such year upon outstanding bonds. After the entry in the minutes of the resolution fixing the rate of taxation, the sanitary board shall cause the assessor to compute the amount of the tax upon each piece of real and personal property, and enter the same upon the assessment list in a suitable place. The list, when so completed, shall be verified by the assessor and signed by the president and secretary; and the amount of the tax shall thereupon become a lien upon the property upon which it is assessed, and shall have the effect of a judgment against the person of the owner thereof, and every such lien shall have the force and effect of an execution duly levied against all the property of the delinquent; and the judgment shall not be deemed satisfied or the lien extinguished until the taxes are paid or the property sold to satisfy the same, and no statute of limitations shall apply; but no more than seventy-five thousand dollars of bonds shall be voted for or issued at any one time, nor shall the bonded indebtedness of the district ever exceed the sum of seventy-five thousand dollars at any one period, whether it be made up of one issue of bonds or of several issues. [Amendment, Stats. 1905, 94.]

§ 12. As soon as practicable after the taxes have been computed and extended on the assessment list, verified by the assessor and signed by the president and secretary of said board, the board shall transmit, or cause the assessor to transmit, a duplicate of the list so made to the tax collector of the county, who shall collect the taxes shown by said list to be due, in the same manner as he collects the county taxes, and all the provisions of the laws of the state as to the collection of taxes and delinquent taxes, and the enforcement of the payment thereof, so far as applicable, shall apply to the collection of taxes for sanitary purposes; and said tax collector, and the sureties on his official bond, shall be responsible for the due performance of the duties imposed on him by this act; provided, that the sanitary board may, in its discretion, direct the district attorney of the county to commence and prosecute suits for the collection of the whole, or any portion of the delinquent taxes; and it shall be the duty of the district attorney to carry out such directions of the sanitary board, and he, and the sureties upon his official bond, shall be respon-

sible for the due performance of the duty imposed upon him by this act; and provided further, that the sanitary board may, at any time, by order entered in its minutes, provide a system for the collection of delinquent taxes, or make any change in the manner of their collection, which as to such taxes shall have the force of law. All money collected for sanitary purposes by the district attorney under this act shall be at once paid to the county treasurer. [Amendment, Stats. 1905, 94.]

§ 13. The tax collector shall pay over to the county treasurer all moneys collected by him for sanitary purposes, as fast as the same shall be collected, and the said treasurer shall keep the same in the county treasury, as follows: In a fund called the bond fund of sanitary district (naming it) he shall place and keep the moneys levied by the sanitary board for such fund; and no part of the money in this fund shall be transferred to any other fund, or be used for any other purpose than the payment of the principal and interest of the bonds of the sanitary district, so long as any such bonds shall be unpaid; in a fund called the running expense of sanitary district (naming it) he shall place and keep the moneys levied by the sanitary board for such fund. The whole or any part of the money in the running expense fund may be transferred to the bond fund, or to the other fund hereinafter provided for, upon the order of the sanitary board, and it shall be the duty of the treasurer to comply with such order. The treasurer shall pay out moneys from either of said funds, or from the fund hereinafter mentioned, only upon the written order of the sanitary board, signed by the president and countersigned by the secretary, which order shall specify the name of the person to whom the money is to be paid and the fund from which it is to be paid, and shall state generally the purpose for which the payment is made, and such order shall be entered in the minutes of the sanitary board. The treasurer shall keep the order as his voucher, and shall keep a specific account of his receipts and disbursements of money for sanitary purposes. The treasurer and sureties upon his official bond shall be liable for the due performance of the duties imposed upon him by this act. The treasurer shall keep the money arising from the sale of bonds in the fund hereinafter mentioned.

§ 14. At any time after the district is organized, the sanitary board may, by order entered in the minutes, call an election for the purpose of determining whether bonds shall be issued for the construction of sewers. Such order shall fix the day of the election and shall specify the amount of money to be raised, and shall state in general terms the purpose for which it is to be raised. A copy of such order shall be posted for four successive weeks prior to the election in at least three public places within the district, and shall be published for four successive weeks prior to the election in some newspaper published within the district, if there be one, and if not, in some newspaper published in the county. It shall be sufficient if the order be published once a week.

§ 15. At any time prior to the day fixed for the election, the board shall select one, and may select two, polling-places within the district, appoint officers of election, and make all necessary and proper arrangements for holding the election. The tickets shall contain the words "For the issuance of bonds as proposed by the sanitary board," or "Against the issuance of bonds

as proposed by the sanitary board." The election shall be conducted in accordance with the general election laws of the state, so far as the same shall be applicable, except as herein otherwise provided. Every qualified elector resident within the district for the length of time necessary to enable him to vote at a general election shall be entitled to vote at the election above provided for. After the votes shall have been announced, the ballots shall be sealed up and delivered to the secretary or president of the sanitary board, which shall, as soon as practicable, proceed to canvass the same, and shall enter the result upon its minutes. Such entry shall be conclusive evidence of the fact and regularity of all prior proceedings of every kind and nature provided by this act or by law, and of the facts stated in such entry. If, at such election, two thirds of the votes cast be in favor of the issuance of bonds, as proposed by the sanitary board, the said board shall thenceforth have full power and authority to issue and dispose of bonds as proposed in the order calling the election. [Amendment, Stats. 1893, 88.]

§ 16. All bonds issued under the provisions of this act shall be of such denomination as the sanitary board may determine, except that no bonds shall be of a less denomination than one hundred dollars, nor of a greater denomination than one thousand dollars. Said bonds shall be payable in gold coin of the United States at the office of the county treasurer of the county wherein said district is situated, and shall bear interest at a rate not exceeding five (5) per centum per annum, which interest shall be payable semiannually in like gold coin. Not less than one-twentieth part of the total issue of bonds shall be payable each year, on a day to be specified by the sanitary board, but no bonds shall be payable in instalments, but each bond issued hereunder shall be payable in full on the date specified therein by said board. Each bond shall be signed by the president and countersigned by the secretary of the sanitary board, and said bonds shall be numbered consecutively, beginning with number one (1), and shall have coupons attached referring to the number of the bond to which they are attached, which coupons shall be signed by the president and countersigned by the secretary of said board. The bonds must be disposed of by the sanitary board in such manner and in such quantities as may be determined by said board in its discretion, but no bond must be disposed of for less than its face value. The proceeds of such sale shall be deposited with the county treasurer and shall be by him placed in the fund to be called the sewer construction fund of ——— sanitary district (naming it); the money in such fund shall be used for the purpose indicated in the order calling the election upon the question of the issuance of the bonds, and for no other purpose; provided, that if after such purposes are entirely fulfilled any balance remain in such fund, such balance may, upon the order of the sanitary board, be transferred to either of the other funds provided by this act. If the result of the election be against the issuance of bonds no other election upon the question shall be called or held for a period of one year. Whenever the entire amount of bonds issued by any one district under the provisions of the act of which this is amendatory shall be presented by the holder or holders thereof to the sanitary board of the sanitary district issuing the same, there shall be exchanged therefor and issued in lieu thereof to such holder or holders, by the sanitary board, bonds issued in accordance herewith for the

various instalments payable on the so surrendered bonds and said new bonds so issued in exchange for said old surrendered bonds shall be payable at the same times and places as the instalments due under the old bonds; it being the intention hereof to permit the surrender of sanitary district bonds heretofore issued payable in instalments by the holders thereof, and the exchange therefor of a like amount of bonds of such sanitary district having a denomination equal to the instalments payable under one or more of the bonds heretofore issued by any one sanitary district; said new bonds to be payable at the same time as said instalments and in equal amounts; the amount of said new bonds to be payable in any one year to equal the amount of the instalments on said old bonds payable in such year. All expenses of the exchange shall be borne by the holder of the bonds presented for exchange, and interest on the new bonds shall be paid at the same time and rate as on the old bonds. Upon such exchange being effected the old bonds shall be canceled by punching holes in the signatures thereto attached, and shall be retained by the treasurer of said county as evidence of such cancelation. [Amendment, Stats. 1901, 633.]

§ 17. It is hereby made the duty of the sanitary board to levy, each year, upon the property within the district, a sufficient tax to pay off the interest accruing upon said bonds for the respective year, as it falls due, and also to pay one twentieth of the principal of said bonds, so that the entire amount of principal and interest of said bonds shall be paid within twenty years from the date of the issuance of said bonds; and it is hereby made the duty of the tax collector, or such other person as may be charged with the duty of collecting the sanitary taxes, to collect the said taxes so to be levied, and the duty of the sanitary board to order the same to be paid, in manner and form as provided by this act, and the duty of the county treasurer to pay the same. If, for any reason, any portion of the tax for any year remains unpaid, and in consequence thereof any portion of the interest or principal due for any year remains unpaid, the same shall be added to the levy for the next year, and be collected and paid accordingly. The payment of the whole amount of the principal and interest of all of said bonds, within twenty years from their issuance, is hereby made the imperative duty of the district; and, if necessary for that purpose, a special tax shall be levied; and it is hereby made the duty of every officer and board to do his respective part towards the levy, collection, and payment of such tax; and mandamus shall issue from the superior court of the county in which the district is situated, or from any other competent court, upon application of any party interested, for the purpose of compelling the performance of the duty imposed by this act upon any and all officers or boards.

§ 18. If the result of any election upon the question of the issuance of bonds be in favor of such issuance, the sanitary board may, in their discretion, before such issuance, commence, in the superior court of the county, a special proceeding to determine their right to issue such bonds and the validity thereof, similar to the proceeding in relation to irrigation bonds, provided for by an act entitled "An act supplemental to 'An act to provide for the organization and government of irrigation districts, and to provide for the acquisition of water and other property, and for the distribution of water thereby for irrigation puposes,' approved March seventh, eighteen hundred and eighty-

seven, and to provide for the examination, approval, and confirmation of proceedings for the issue and sale of bonds issued under the provisions of said act;" and all the provisions of said act shall apply to and govern the proceedings so to be commenced by the sanitary board, so far as the same are applicable; and said proceedings shall be in accordance with the provisions of said act, so far as the same are applicable, and the judgment in such proceedings shall have the same effect as a judgment in relation to irrigation bonds under the provisions of said act.

§ 19. Any general regulation of the sanitary board shall be by order entered in the minutes, but such order shall be published once a week for one week in some newspaper published within the district, if there be one, and if there be no such newspaper then such order shall be posted for one week in three public places within the district. A subsequent order of the board that such publication or posting has been duly made shall be conclusive evidence that such publication or posting has been properly made. Orders not establishing a general regulation need not be published or posted (unless otherwise provided by this act), but shall be entered in the minutes, and the entry shall be signed by the secretary of the board. A general regulation shall take effect immediately upon the expiration of the week of publication or posting thereof. An ordinary order shall take effect upon the entry in the minutes.

§ 20. The board may instruct the district attorney of the county to commence and prosecute any and all actions and proceedings necessary or proper to enforce any of its regulations or orders, and may call upon said district attorney for advice as to any sanitary subject; and it shall be the duty of the district attorney to obey such instructions and to give advice when called on by the board therefor. The board may at any time employ special counsel for any purpose. All fines for the violation of any regulation or order of the sanitary board shall, after the expenses of the prosecution are paid therefrom, be paid to the secretary of the board, who shall forthwith deposit the same with the county treasurer, who shall place the same in the running expense fund of the district.

§ 21. The district may at any time be dissolved upon the vote of two thirds of the qualified electors thereof, upon an election called by the sanitary board upon the question of dissolution. Such election shall be called and conducted in the same manner as other elections of the district. Upon such dissolution, the property of the district shall vest in any incorporated city or town that may at said time be in occupation of a considerable portion of the territory of the district, and if there be no such incorporated city or town, then the property shall be vested in the board of supervisors of the county until the formation of such a city or town; provided, however, that if at the time of such election to dissolve such district there be any outstanding bonded indebtedness of such district, then, in such event, the vote to dissolve such district shall dissolve the same for all purposes excepting only the levy and collection of taxes for the payment of such indebtedness; and from the time such district is thus dissolved until such bonded indebtedness, with the interest thereon, is fully paid, satisfied, and discharged, the legislative authority of said incorporated city or town, or the board of supervisors, if there be no such incorporated city or town, is hereby constituted *ex officio* the sanitary board of such district. And it is hereby made obligatory upon such board to levy such taxes and per-

form such other acts as may be necessary in order to raise money for the payment of such indebtedness and the interest thereon, as herein provided.

§ 22. The sanitary board shall have power at any time after main sewers, or other sewers are laid, to order and contract for the construction of a sewer in any street or part of a street of the district where a sewer is not already constructed, and to provide by such order that the cost thereof shall be borne by the property fronting along the line of the sewer as ordered. Before ordering any work done, or improvement made, which is authorized by this section, the sanitary board shall pass a resolution of intention so to do and describing the work. The secretary of the board shall thereupon cause to be conspicuously posted along the line of said contemplated work, or improvement, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of said resolution. Said notices shall, in legible characters, state the fact of the passage of the resolution, its date and briefly the work or improvement proposed, and refer to the resolution for further particulars. He shall also cause a notice, similar in substance, to be published for a period of five consecutive days in a daily newspaper published and circulated in said district, and designated by said sanitary board, or by one insertion in a weekly newspaper so published, circulated and designated. If there be no newspaper published and circulated in said district, then and in that case said secretary shall post said notices in three public places in said district in addition to said posting along the line of said work or improvement. Any owner of property fronting upon said proposed work or improvement may make a written objection to the same within fifteen days from and after the first publication of said notice, or from and after the day of the posting of said notice if the same cannot be published as herein provided, which objection shall be delivered to the secretary of the sanitary board, who shall indorse thereon the date of its reception by him. The sanitary board shall, at its next meeting after the time for presentation of objections has expired, fix a time for hearing said objections, not less than one week thereafter. The secretary of the sanitary board shall thereupon notify the person or persons making such objection, by depositing a notice thereof in the United States post-office in said district, or if there be none in said district, then in the one nearest thereto, postage prepaid, addressed to each objector, or his agent, when such objector appears by agent. At the time specified said sanitary board shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive. Upon such decision or at the expiration of the said fifteen days, if no written objection to the work therein described has been made as aforesaid by any owner of the property fronting on said work or improvement, the sanitary board shall be deemed to have acquired jurisdiction to order any work to be done, or improvement to be made, authorized by said resolution and this section. After said sanitary board has acquired jurisdiction to do such work and make such improvement, it may order the work done and improvement made, and provide in such order a time for receiving bids, and likewise authorize the president and secretary of the sanitary board to enter into a contract for the performance of said work and making of said improvement. Such order shall be published for a period of five consecutive days in a daily newspaper published and circulated in said district, and designated by said sanitary board, or by one insertion in a weekly newspaper so published, circu-

lated and designated, and in case there be no such newspaper published and circulated in said district, then and in that event, such order shall be posted in at least three public places in said district; and at the opening of said bids the board must award the contract to the lowest responsible bidder, or may reject any and all bids and readvertise for bids and upon the opening of such bids award the contract to the lowest responsible bidder, unless the board is satisfied there is collusion between bidders, when it may again reject the bids and again advertise for bids until they are satisfied the bids are fair and not made under collusion or fraud when it must award the contract. And in case such order is made and such contract is let, then the cost of such work and improvement done under such contract shall become a lien upon and shall be assessed against such blocks, lots and lands fronting upon said work and improvement as would be assessable for said work and improvement under the provisions of that certain act entitled "An act to provide for work upon streets, lanes, alleys, courts, places, and sidewalks, and for the construction of sewers within municipalities," approved March eighteenth, eighteen hundred and eighty-five, and acts amendatory and supplemental thereto, and the manner, method and mode of such assessment and collection of such assessment and foreclosure of such lien shall be made in accordance with the provisions of section six and subsequent [sections] of said act and acts supplemental and amendatory to such provisions; provided, however, that the words "city council" used in said act shall be understood to mean "sanitary board;" the words "superintendent of streets" and "city engineer" shall be understood to mean "the engineer of such sanitary district;" the words "city" and "municipality" shall be understood to mean "sanitary district;" the words "clerk" and "city clerk" shall be understood to mean "secretary of said sanitary board;" the term "treasurer" or "city treasurer" shall be understood to mean any person or officer who shall have charge of and make payment of the funds of such sanitary district; and further provided, that all the powers and duties conferred by the said provisions of said act and acts amendatory and supplemental thereof upon city councils, superintendent[s] of streets, clerks and city clerks, and treasurers and engineers and city engineers are hereby conferred and imposed upon the respective officers and board above specified. [Amendment, Stats. 1903, 121.]

§ 23. All acts and parts of acts in conflict with this act, or any portion thereof, are hereby repealed.

§ 24. This act shall take effect immediately.

§ 9. All lots or parcels of land remaining unproved at the expiration of the time specified in section three of this act shall be deemed, held and taken to be the property of said town, and shall be held as such in trust by the board of trustees, and shall be disposed of in such manner as they may prescribe by ordinance duly made and published.

(Stats. 1895, 170, ch. CLXVI; amended 1897, 225, ch. CLXIX; 1901, 676, ch. CCXXX; 1903, 271, ch. CCXXXI. Supplemental act, "Withdrawals," 1903, 131, ch. CXX.)

§ 1. The superintendent of public schools, or in consolidated cities and counties, the superintendent of common schools, the county treasurer, or in consolidated cities and counties, the city and county treasurer, and the chairman of the board of supervisors, or in consolidated cities and counties, the mayor, of each county, or consolidated city and county, and their successors in office, are hereby constituted a board of trustees of the public school teachers' annuity and retirement fund, to manage the same as hereafter directed; said board shall be known as the public school teachers' retirement fund commissioners, and its members shall serve without extra compensation, and shall be liable on their official bonds for the performance of the duties imposed by this act. It shall be the duty of the district attorney of every county, or the city and county attorney of every consolidated city and county, to attend to all suits, matters, and things in which the said board of commissioners may be legally interested, and to give his advice or opinion, in writing, whenever required by said board. [Amendment, Stats. 1897, 225.]

§ 2. The public school teachers' retirement fund commissioners shall organize as such board by choosing one of their number as chairman, and one as secretary. The county treasurer, or in consolidated cities and counties, the city and

county treasurer, shall be ex officio treasurer of said retirement fund. Said board shall hold quarterly meetings on the third Saturday in January, April, July, and October of each year, at the office of the county superintendent of public schools, or, in consolidated cities and counties, at the office of the superintendent of common schools. It shall biennially, at its meeting in January, select from its members a chairman and a secretary. A majority of its members shall constitute a quorum for the transaction of business. It shall report annually to the board of supervisors of the county, or consolidated city and county, the condition of said retirement fund, and the receipts and disbursements on account of the same, with a full and complete list of the beneficiaries of said fund, and the amounts paid to each of them. [Amendment, Stats. 1897, 225.]

§ 3. Said board of public school teachers' retirement fund commissioners shall issue warrants, signed by its chairman and secretary, to the persons entitled thereto, for the amounts of money ordered paid to such persons from said fund by said board, stating therein for what purpose such payment is made, and the treasurer shall pay such warrants on presentation. Said board shall keep a record of all its proceedings, and said record shall be open to public inspection. It shall, at each quarterly meeting, make a list of all persons, if any, entitled to payment out of the funds provided by this act, and enter said list in a book to be kept by them for that purpose, to be known as the public school teachers' annuity and retirement fund book, which list shall be sworn to as correct by the chairman and the secretary of said board, and which shall be open to public inspection. [New section, Stats. 1897, 226.]

§ 4. In addition to the powers hereinbefore granted to said board, it shall have the power, (1) to provide for the payment of its necessary expenses, such as printing, stationery, and postage stamps; and where the number of those subject to the burdens of this act is greater than one hundred, it may employ a clerk at a salary not to exceed fifty (50) dollars per annum; and (2) to make such needful rules and regulations for the transaction of its business, from time to time, as may be necessary; the said expenses and the said clerk's salary shall be paid from the annuity fund in such counties or consolidated cities and counties, wherein there shall be "Annuity Funds," but, wherever there shall be no "Annuity Fund," the said expenses shall be paid from the "Distribution Fund," and the said salary from the reserve fund. one class teacher from some primary school, one from some grammar school, and one from some high school in the county, or consolidated city and county, whenever such election is possible. In the event of a vacancy, the superintendent of schools shall appoint until the next annual election.

Within fifteen days after the taking effect of this amendatory act, the contributors to said fund in any county, or consolidated city and county, in this state, at a meeting called for that purpose, by the superintendent of public schools of such county, or consolidated city and county, (or if he neglects or refuses to call such meeting, then such meeting may be called by ten of such contributors,) may select and designate by resolution adopted by a majority vote of those present, which of the two alternatives presented in section eight class two, in section eight class six, in section eight class seven, and in section eleven, respectively, shall be followed in such county or consolidated city and county.

In the event that no such meeting is called or held for the purpose of making such selection and designation, the said contributors in such county, or consolidated city and county, wherein no such meeting shall be held, will be deemed to have selected the first (marked subdivision "A") of each of the above-mentioned alternatives.

In counties and consolidated cities and counties where a public school teachers' annuity and retirement fund shall be hereafter created the said selection and designation shall be made at the said meeting to be held on the first Saturday in May following the creation of said fund. After any selection and designation shall have been made, pursuant to this section, no change shall ever be made thereafter in that connection. A certified copy of all resolutions adopted pursuant to this section shall be furnished by said meeting of said contributors to the board of public school teachers' retirement fund commissioners of such county or consolidated city and county. [Amendment, Stats. 1903, 271.]

§ 6. The board of education of any incorporated city or town, and the board of trustees of any school districts outside of said city or town, shall refer all applications for retirement to said committee on retirement, or may, of its own motion, submit the name of any person or persons, whom it desires to have retired, to the said committee on retirement, and it shall thereupon be the duty of said committee to investigate the case and report to said board of education or board of trustees, whether or not said teacher should be retired, and the annuity to which said teacher is entitled, if entitled to any. At least three members of the said committee must concur in the report, if it be in favor of granting said annuity. This report of said committee shall be final. Said board of education, or board of trustees, shall thereupon certify and send this report to the public school teachers' retirement fund commissioners, who shall be bound by its decision. [New section, Stats. 1897, 227.]

§ 7. In addition to the powers heretofore granted to said committee on retirement, it shall have the power (1) to subpoena and compel witnesses to attend and testify before it on all matters relating to the operation of this act, and any member of said committee may administer an oath or affirmation to such witness in the form prescribed in courts of justice; (2) to make such rules and regulations for the transaction of its business as may from time to time be necessary. [New section, Stats. 1897, 227.]

Any public school teacher or any occupant of one of the offices mentioned in subdivision four of section twelve of this act, who has been a contributor under the provisions of this act, and who has ceased teaching, for a time, or has ceased to occupy such office, may again become a contributor upon returning to teaching in the public schools of this state, or upon becoming an occupant of any one of the offices mentioned in said subdivision four of section twelve, and shall thereupon be credited with his said previous service and contribution; provided, that no person shall be a contributor to a public school teachers' annuity and retirement fund under this act who does not hold a valid certificate or diploma to teach in the public schools of this state.

The annuitants under this act are classed as follows:

Annuitants of class one shall be entitled to receive from the said public school teachers' annuity and retirement fund the sum of thirty (30) dollars per month in counties, and fifty (50) dollars per month in consolidated cities and counties, payable quarterly.

A. Such applicant upon retirement shall receive from the public school teachers' annuity and retirement fund the sum of thirty (30) dollars per month in counties, and fifty (50) dollars per month in consolidated cities and counties, payable quarterly; provided, that such applicant for retirement is, at the date of the taking effect of this amendatory act, a contributor to the public school teachers' annuity and retirement fund in the county or consolidated city and county, where he is teaching or holding such office, or becomes a contributor thereto within ninety (90) days after he becomes such teacher or such office-

holder, and shall have paid into the said fund, at the time of such retirement, a sum aggregating what he would have paid into said fund in thirty (30) years, had he been a contributor thereto for that period; provided, further, that annuities under this class shall not begin until five (5) years after the retired teacher became a contributor.

B. Such applicant upon retirement shall receive from the public school teachers' annuity and retirement fund the sum of five (5) dollars per month, payable quarterly, for every two and one half (2½) years (or fraction thereof equal to or greater than one half of two and one half years) such teacher or office-holder shall have contributed to said fund, until the maximum annuity of thirty (30) dollars per month in counties and fifty (50) dollars per month in consolidated cities and counties shall have been reached; provided, that such applicant for retirement is, at the date of the taking effect of this amendatory act, a contributor to the public school teachers' annuity and retirement fund in the county, or consolidated city and county where he is teaching or holding such office, or becomes a contributor within ninety (90) days after the taking effect of this amendatory act, or becomes a contributor thereto within ninety (90) days after he becomes such teacher or such office-holder.

No person shall be retired under this subdivision unless he shall have paid into said fund, at the time of such retirement, a sum aggregating what he would have paid into said fund in thirty (30) years had he been a contributor thereto for that period.

No teacher or office-holder shall be retired until he has been a contributor to the fund for five (5) years.

Class Three. Any public school teacher who shall have served for thirty years, twenty-five of which shall have been in the public schools of this state, or partly in the public schools of this state and partly in one or more of the offices mentioned in said subdivision four of section twelve, and who shall have been subject to the burdens imposed by this act for twenty-five years, shall receive upon retirement after thirty years of such service, the sum of thirty (30) dollars per month in counties, and fifty (50) dollars per month in consolidated cities and counties, payable quarterly; provided, he shall have paid into the said fund, at the time of such retirement, a sum aggregating what he would have paid into said fund in thirty (30) years, had he been a contributor thereto for that period.

Class Four. Any public school teacher or any officer mentioned in said subdivision four of section twelve, subject to the burdens of this act, who shall remove to another county in this state, may continue to be a contributor to the public school teachers' annuity and retirement fund in the county, or in the consolidated city and county, from which he removed, so long as he continues to be a public school teacher or the occupant of one of said offices; and it is hereby made the duty of the county treasurer of the county, or consolidated city and county, wherein such teacher or officer agreed to become subject to the burdens of this act, to receive such contributions of such non-residents, and to place such contributions to the credit of the public school teachers' annuity and retirement fund.

Class Five. Any teacher who ceases to serve in the public schools of any county, or of any consolidated city and county, or who ceases to serve in one of the offices mentioned in said subdivision four of section twelve, in the county or

consolidated city and county, where he has been subject to the burdens imposed by this act, and who shall have served in the public schools of this state for thirty (30) years, or who shall have served partly in the public schools of this state and partly in one or more of the offices mentioned in said subdivision four of section twelve, for an aggregate period of thirty (30) years, shall be entitled to retire, and to receive from the public school teachers' annuity and retirement fund of the county, or consolidated city and county, to which he has contributed for at least five (5) years, an annuity equal to such proportion of the maximum annuity granted under this act as the time he has been subject to the burdens imposed by this act in such county, or consolidated city and county, bears to the period of thirty years.

Class Six. Contributors to said public school teachers' annuity and retirement fund retiring under this class, shall be retired either under subdivision A, or subdivision B hereof, as the contributors to said fund in such county, or consolidated city and county, shall have selected to follow, as provided in section five of this act.

If any teacher, or any office-holder mentioned in said subdivision four of section twelve, after the expiration of fifteen (15) years, and before the expiration of thirty (30) years, of service in the public schools of this state, or of service partly in the said public schools and partly in one or more of the offices mentioned in said subdivision four of section twelve, shall be compelled, by reason of incapacity, to retire from public school service, or from one of the offices mentioned in said subdivision four of section twelve, while holding a valid certificate or diploma to teach in the public schools of this state, such retiring teacher or office-holder, if a contributor to the said fund at the time of retirement, shall be entitled to receive, from the public school teachers' annuity and retirement fund, as many thirtieths (30ths) of the full annuity as he has had years of said service, by paying into the public school teachers' annuity and retirement fund the contributions to said fund corresponding to those years of service rendered at a time when, or in a place where, it was impossible to make such contributions by reason of the non-existence of a public school teachers' annuity and retirement fund; provided, that he shall have contributed to the said fund for five years before he becomes an annuitant.

B. If any teacher or any office-holder mentioned in said subdivision four of section twelve, after the expiration of five years, and before the expiration of thirty years of service in the public schools of this state, or of service partly in the said public schools and partly in one or more of the offices mentioned in said subdivision four of section twelve, shall be compelled by reason of incapacity, to retire from public school service, or from one of the offices mentioned in said subdivision four of section twelve, while holding a valid certificate or diploma to teach in the public schools of this state, such retiring teacher or office-holder, if a contributor to the said fund at the time of retirement, shall be entitled to receive from the public school teachers' annuity and retirement fund a sum in dollars equal to such proportion of the maximum annuity granted under this act as the time he shall have been subject to the burdens of this act bears to the period of thirty years; provided, however, that those who have served in the public schools of this state, or partly in the said public schools and partly in one or more of the offices mentioned in said subdivision four of section twelve,

at a time when, or in place where, it was impossible to make contributions to said fund, by reason of the non-existence of said fund, may receive in addition to the proportion of the maximum annuity last hereinabove specified, such an additional proportion of the full annuity as the number of years of said service, while not burdened with the provisions of this act, bears to thirty years; provided, further, that they shall have paid into the said fund, at the time of their retirement, an amount equal to what they would have paid into said fund had they been subject to the burdens imposed by this act for the full time of said service, not to exceed thirty years; and provided, further, that no person retired under this subdivision B shall ever receive a greater annuity than he would have received had he retired on account of years of service; and provided, further, that he shall have contributed to the said fund for five years before he becomes an annuitant.

Class Seven. Contributors to said public school teachers' annuity and retirement fund, retiring under this class, shall be retired under either subdivision A, or under subdivision B, hereof, as the said contributors to said fund in such county, or consolidated city and county, shall have selected to follow, as provided in section five of this act.

B. Any public school teacher who shall have been subject to the burdens imposed by this act for a period of five years (5), and who shall have served in the public schools of this state for a period of five (5) years, or partly in the said public schools and partly in one or more of the offices mentioned in said subdivision four of section twelve, for a period of five years, and who has held a valid certificate to teach in the schools of this state during said period, and who shall have been declared incapacitated by the committee on retirement, to perform the duties of a public school teacher, or the duties of the office which he may be occupying, if he should be occupying one of the offices mentioned in said subdivision four of section twelve, shall be entitled to retire, if a contributor to the fund at the time of retirement, and to receive an annuity, from the public school teachers' annuity and retirement fund a sum in dollars equal to such proportion of the maximum annuity granted under this act, as the time he shall have been subject to the burdens imposed by this act bears to the period of thirty years.

Class Eight. Teachers of public evening schools receiving a salary of fifty

(50) dollars or less per month, shall be subject to one half of the burdens, and shall be entitled to one half of the benefits, of this act; provided, that any public school teacher who is employed both in a day and an evening school shall be considered for the purposes of this act to be employed in a day school only; provided, further, that an evening public school teacher, who at any time before retirement under the provisions of this act shall become a day public school teacher, or an occupant of one of the offices mentioned in said subdivision four of section twelve, shall upon retirement as a day public school teacher, or as one of said officers, be credited with half time for his said evening school service, under the class in which he may be retired.

City treasurers are hereby directed to pay into the public school teachers' annuity and retirement fund of their respective counties the contributions of teachers and officers, whose salaries are paid by, or through, city treasurers, in the same manner as provided in the act of which this act is amendatory, to be paid by the treasurer of a county, or consolidated city and county.

Compliance with these provisions shall render any public high school or other public school teacher eligible to the benefits provided in any one of the eight classes of annuitants in this act created to which such teacher may be qualified.

Any and all annuities shall be suspended if the recipient returns to the profession of teaching or becomes the occupant of one of the said offices mentioned in subdivision four of section twelve. Any annuity less than two thirds of the maximum annuity shall cease at the expiration of one year from the time at which the committee on retirement, constituted in section five of this act, shall decide that the recipient has been restored to the capacity of performing the duties of a public school teacher.

All teachers now employed in the public schools of this state who filed the notice specified in the act of which this act is amendatory, within ninety days after the passage of this amendatory act in counties or in consolidated cities and counties where the provisions of any act or acts to which this act is amendatory are now applicable and all other public school teachers in other counties or consolidated city and county who become contributors within ninety days after the establishment of a public school teachers' annuity and retirement fund therein and who shall have paid at the time of retirement an amount equal to what they would have paid had they been subject to the burdens imposed by the provisions of this act for thirty (30) years, shall not suffer any reduction of annuities; provided, however, that the provisions of this paragraph shall not apply to counties or consolidated cities and counties in which the contributors to said fund shall select to be governed by the provisions of subdivision B of classes two, six and seven respectively of section eight, and sub-

division B of section eleven, as provided in section five. [Amendment, Stats. 1903, 272.]

§ 9. If at the end of any quarter year there shall not be a sufficient amount of money in the "Annuity Fund," or in the "Distribution Fund," as the case may be, to pay all warrants and demands of annuitants in full, then the money in that fund shall be divided pro rata among them, and the sum received by each annuitant shall be in full discharge of all claims against said fund to that date. [Amendment, Stats. 1903, 278.]

(c) Fifty (50) per centum of all moneys collected from unclassified contributors for the third five years after the creation of the fund.

(d) Thirty (30) per centum of all moneys collected from the unclassified contributors for the fourth five years after the creation of the fund.

(e) One hundred per centum of all collections from the classified contributors during the first period of their classification, as hereinafter classified.

(f) Ninety per centum of all collections from the classified contributors during the second period of their classification, as hereinafter classified.

(g) Eighty per centum of all collections from the classified contributors during the third period of their classification, as hereinafter classified.

(h) Seventy per centum of all collections from the classified contributors during the fourth period of their classification, as hereinafter classified.

(i) All collections from sources other than said collections from contributors; all donations, and all interest accrued on such reserve fund for a period of twenty years from the creation of said fund.

It shall be the duty of the public school teachers' retirement fund commissioners to place the reserve fund at interest, monthly, in a savings bank selected by the said commissioners. All original contributors to a public school teachers' annuity and retirement fund in any county or consolidated city and county, and all those who became contributors thereto within the first five years after the creation of said fund shall be known as unclassified contributors.

All who become contributors during the first decade after the fund shall have been in existence for five years shall be known as class A, and those who become contributors to said fund during each decade thereafter shall be known as classes B, C, D, respectively; each of said classes shall exist for four periods, the first three being for ten years each and the fourth for five years.

When the term for which any class has been formed shall have elapsed, all contributors to such classes who continue to contribute, shall be considered as unclassified.

(2) The distribution fund.

The distribution fund shall not be formed in any county or consolidated city and county, until the said public school teachers' annuity and retirement fund shall have been in existence for five years. It shall then consist of

(a) The income not hereinbefore set aside and declared a part of the reserve fund.

(b) After the said fund shall have been in existence for twenty years, in addition to the income not heretofore set aside for the reserve fund, there shall be transferred quarterly, during the next five years, from the reserve fund to the distribution fund, sixty (60) dollars; provided, that the earnings of the reserve fund for that period shall be equal to, or shall exceed, two hundred and forty (240) dollars per annum. If the earnings of the reserve fund shall not equal two hundred and forty (240) dollars per annum, the amount transferred quarterly from the reserve fund to the distribution fund shall be equal to the quarterly interest of the reserve fund.

(c) After the said fund shall have been in existence for twenty-five (25) years, the distribution fund shall consist of the income not heretofore set aside for the reserve fund, and one hundred and sixty (160) dollars to be transferred quarterly, during the next five years from the reserve fund to the distribution fund; provided, however, that this amount does not exceed the quarterly earnings of the reserve fund for that period. Should the one hundred and sixty (160) dollars exceed the said quarterly earnings, then an amount equal to the quarterly earnings of the reserve fund shall be so transferred.

(d) After the said fund shall have been in existence for thirty years the distribution fund shall consist of the income not heretofore set aside for the reserve fund and all of the interest of the reserve fund during the next five years. And should the aforesaid fail to give sufficient funds to pay half of the annuities due, then there shall be transferred quarterly from the reserve fund, over and above the earnings of the reserve fund, thirty (30) dollars per quarter.

(e) After the said fund shall have been in existence for thirty-five years, the distribution fund shall consist of the income not heretofore set aside for the reserve fund. Also the interest on the reserve fund, distributed quarterly during the next five years, and should this not be sufficient to pay half of the annuity due, then there shall be transferred from the reserve fund, in addition to the interest, sixty (60) dollars quarterly.

(f) After the said fund shall have been in existence for forty years, the distribution fund shall consist of the income not heretofore set aside for the reserve fund, the interest on the reserve fund distributed quarterly, and a sum taken from the reserve fund in addition thereto, equal to twelve times

the increase in contributors to the said public school teachers' annuity and retirement fund for the preceding year; that is, if the said contributors increase by twenty during the year nineteen hundred and thirty-four, then during the year nineteen hundred and thirty-five there shall be taken from the reserve fund, in addition to the interest, two hundred and forty (240) dollars per annum.

All disbursements shall be from the distribution fund, except as otherwise provided in section four. [Amendment, Stats. 1903, 279.]

§ 12. This act shall be binding upon such public school teachers, and such officers mentioned in said subdivision four of section twelve as shall sign and deliver to the public school teachers' retirement fund commissioners, and to the secretary of the board of education of the incorporated city or town, or consolidated city and county, or to the clerk of the board of trustees of the school district in which they are employed, a notice in substantially the following form:

(Stats. 1903, 131, ch. CXX.)

§ 1. Within sixty days after the taking effect of this act, any teacher or public officer who is now a contributor to a public school teachers' annuity and retirement fund in any county or consolidated city and county in this state, created under the provisions of an act approved March twenty-nine, eighteen hundred and ninety-seven, entitled "An act to amend an act approved March twenty-six, eighteen hundred and ninety-five, entitled 'An act to create and administer a public school teachers' annuity and retirement fund in the several counties, and cities and counties in the state,'" as amended, may withdraw from such organization by complying with the provisions of this act; provided, however, that the provisions of this act shall not apply to any county or consolidated city and county, where there are, at the time of the taking effect of this act, any annuitants drawing annuities from the said fund of such county, or consolidated city and county.

The said board of commissioners, shall, at its next regular meeting after the expiration of said sixty (60) days, pass a resolution directing that all money contributed to said public school teachers' annuity and retirement fund by such teachers or public officers so withdrawing, shall be immediately returned to such teachers or public officers. If the amount in the fund of said organization, after the payment of all legal demands, shall be insufficient to

§ 4. The president and secretary of said board shall thereupon issue warrants to the persons entitled thereto, in such amounts as shall have been so computed and specified by said board, and the treasurer of said fund shall pay the same to the person named in each respective warrant, or to his heirs or assigns.

§ 5. From and after filing the notices, specified in section two hereof, each teacher or public officer giving such notices shall be relieved from all burdens and liabilities imposed by the said act designated in section one hereof.

§ 6. (Stats. 1903, 247, ch. CCXI.)

§ 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the city and county of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to

construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, anno Domini nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be indorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and fourteen.

§ 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

§ 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

§ 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

§ 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund," shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state of California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and crantage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in

one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last-named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year nineteen hundred and fourteen the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

§ 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

§ 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

§ 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, anno Domini nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

§ 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, anno Domini nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a

cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

§ 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.

§ 11. This act may be known and cited as the "San Francisco Seawall Act."

SHEEP HERDING.

The following special legislation on this subject is noted, though it is probable that none of it is now in force:

Stats. 1857, 227, restricting herding of in Sonoma and Marin counties.

Stats. 1858, 165,—§ 1 of above was amended so as to include the counties of Sonoma, Marin, San Mateo, Santa Clara, Sutter, Tulare, San Bernardino, Los Angeles, Contra Costa, Alameda, San Joaquin, Placer, Colusa, Stanislaus, Calaveras, Yolo, Sacramento, Humboldt, Monterey, Merced, and San Luis Obispo.

Stats. 1859, 119.—§ 1 was amended so as to further include the counties of Solano, Mariposa, and Napa.

Stats. 1860, 332.—§ 1 was amended by adding Mendocino County, and § 5 was amended by providing that nothing in the act should be construed to prohibit the herding of sheep upon unoccupied government or state public lands, with a proviso relating to Mendocino, Calaveras, Yuba, and Merced counties.

Stats. 1869-70, 304.—§§ 1 and 5 were again amended relative to the particular counties

to which the provisions of the statute should apply. As to Modoc County, see Stats. 1877-8, 241.

Stats. 1871-2, 890.—§§ 1 and 5, as amended in 1869-70, are amended by change in names of some of the counties to be affected.

Stats. 1877-8, 79.—The foregoing acts are repealed as to the counties of Mendocino and Humboldt, and apparently leaving the act in force in the counties of Sonoma, Solano, Marin, San Mateo, Sutter, Santa Clara, San Bernardino, Los Angeles, Contra Costa, Alameda, San Joaquin, Placer, Colusa, Stanislaus, Calaveras, Yolo, Sacramento, Humboldt, Monterey, Merced, San Luis Obispo, Mariposa, Napa, Mendocino, and Shasta, with the proviso concerning public lands, as applicable to Mendocino, Calaveras, Merced, and Shasta counties.

There may be some special legislation, affecting particular counties, on the subject of herding sheep still in force, but the subject is sufficiently indefinite, and so peculiarly local, that these are omitted in this publication.

(Stats. 1871-2, 118, ch. CXVII.)

§ 1. The state controller shall furnish to the state treasurer, on the tenth, twentieth, and last days of each month, and when either of these days falls upon a day on which the state controller is not required to keep his office open for the transaction of business, then upon the day immediately preceding the days herein mentioned, with a report of all warrants drawn by him upon

the treasurer since the date of his last report. Such report shall show the number, date, and amount of each warrant, to whom issued, and the fund out of which it is payable. From the report so furnished by the controller, the state treasurer shall make a register of warrants, and shall pay all warrants in the order in which they are drawn by the controller.

§ 2. Upon the last day of each month, except when such last day falls upon a day on which the state treasurer is not required by law to keep his office open for the transaction of business, then upon the day immediately preceding such last day, the state treasurer shall furnish the state controller with a list of all warrants paid by him since the date on which his last list was furnished. Such list shall contain the number, date, and amount of each warrant, and the fund out of which the same was paid.

§ 3. Immediately after the passage of this act, it shall be the duty of the state controller and state treasurer, under the supervision of the governor, to ascertain the numbers, dates, and amounts of the several warrants drawn by the controller, and then unpaid by the treasurer, and to adjust the balances in the several funds of the state treasurer upon the books of the controller and treasurer in accordance with the sums found to the credit of each on the books of the controller, and the warrants found to be outstanding and not paid by the treasurer.

§ 4. When the balances in the several funds of the state treasury shall be adjusted as provided for in the next preceding section, the state board of examiners shall count the money in the state treasury, and compare the amount with the amount found to be in all the funds of the state treasury by the books of the state controller, and upon the first business day of each month thereafter, the state controller shall furnish the state board of examiners with a statement of the amount of money in each fund of the state treasury, and the total amount as the same appears upon the books of his office, together with a list of warrants issued by him but not paid by the state treasurer, and for the payment of which there is money in the state treasury. Upon the receipt of such statement from the controller, the state board of examiners shall proceed to count the money in the state treasury, and compare the amount with the amount named in the statement of the controller.

Whenever any warrant issued by the state controller shall remain in his office uncalled for by the owner thereof for the period of one year after such warrant has become payable, it shall be the duty of the controller and treasurer, in the presence of the state board of examiners, to cancel the same; and whenever any warrant, delivered to the owner thereof by the controller, but not presented to the state treasurer for payment for a period of one year after such warrant has become payable, said warrant shall be deemed to be canceled, and the treasurer shall in the presence of the controller and state board of examiners, write the word "Canceled" opposite the entry of such warrant in his registry of warrants provided for in the first section of this act. The word "Canceled" shall also be written by the state controller opposite the entry in the warrant register in his office of all warrants required to be canceled by this act. The amounts of all warrants canceled under the provisions of this act shall revert to the fund in the state treasury against which said warrants were drawn, and shall be entered upon the books of the con-

The controller and treasurer shall each keep a register of warrants canceled under this act, in which shall be entered the number, date, and amount of the warrant, the name of the person in whose favor it was drawn, the fund out of which it was payable, and the date of cancelation. Whenever the owner of any warrant canceled under the provisions of this act demands such warrant from the controller, it shall be the duty of the controller to issue a new warrant for the same amount, in the name of the same person, and payable out of the same fund as the warrant canceled; and in case where a warrant issued by the controller, but not paid by the treasurer, has been canceled, and the owner or holder thereof presents the same for payment, it shall be the duty of the state controller to draw a new warrant therefor, in the name of the same person, for the same amount, and payable out of the same fund as the original warrant, and such original warrant shall thereupon be canceled by him and retained in his office as his voucher for issuing such new warrant. § 8. Whenever any of the interest coupons mentioned in the seventh section of this act are presented for payment, after the money to pay the same has been

transferred to the general fund, such coupons shall be presented to the state board of examiners, which board shall audit and allow them out of the general fund of the state treasury, and shall transmit a voucher to the state controller upon which to draw his warrant upon the state treasurer. The settlement and compromise must embrace the whole of the premises, or none.

§ 2. Upon such compromise and settlement being made, and upon the execution and delivery to the board of state harbor commissioners of proper deeds of conveyance to the state of California of the said premises, free of all encumbrances, and surrender of possession of the same to the said board, they, or a majority of them, shall certify in writing, to the controller of state, the amount to be paid to the several claimants, and the fact of the execution and delivery of such deeds and surrender of possession of the premises; and thereupon the controller must draw his warrant or warrants on the state treasurer in favor of the person or persons named in said certificate, and on the presentation of such warrants to the state treasurer, he shall pay the same out of the San Francisco harbor improvement fund; and sufficient of said fund is hereby appropriated for that purpose.

§ 1. The board of state harbor commissioners is hereby authorized and directed to rectify the alignment of East Street, between Pacific Street and Market Street, in the city and county of San Francisco, said rectification to be done so as to straighten the property lines and give as wide and commodious a thoroughfare as the traffic may demand.

§ 2. In no case shall the alignment of the westerly side of said thoroughfare extend east of the inner line of the thoroughfare as now established and defined by law.

§ 3. The jurisdiction of the said board shall be westerly to the line as established under this act.

§ 4. The board, in carrying out this law, shall have the power to purchase and sell, and to exchange, upon a legal and equitable basis, any portion or portions of the property adjacent to the westerly line of the thoroughfare herein provided for; and a full record of their proceedings shall be entered upon their minutes, and a sworn statement of all transfers, sales, and purchases, and other transactions, shall be filed with the secretary of state. § 6. This act shall take effect from and after its passage.

STATE HARBOR COMMISSIONERS—FREE MARKET.

To amend an act entitled "An act to authorize the state board of harbor commissioners to establish and maintain a free public market upon the water front of San Francisco, and providing for the expenses and regulations thereof," approved March twenty-ninth, eighteen hundred and ninety-seven.

(Stats. 1903, 76, ch. LXVIII.)

§ 1. The board of state harbor commissioners shall, within one year from the passage of this act, set apart upon some convenient portion of the water front of San Francisco a sufficient number of blocks and parts of blocks belonging to the state contiguous to the docks and piers for a free market for the greater por-

tion of all the perishable products of the state of California arriving in San Francisco by land, boat, or other conveyance, including fruit, vegetables, eggs, poultry, grain, dairy products, and fish, and shall permit the sale of such products upon said blocks and portions of blocks of land by or for the account of the producers thereof only, under such regulations as may be prescribed by the said board of harbor commissioners and as the public convenience may require.

§ 2. The land so set apart for the free public market shall be as convenient as possible to that portion of the city and county of San Francisco in which the principal wholesale trade in perishable products is now carried on, and must be adjacent and contiguous to such piers and docks as are accessible to all watercraft ordinarily employed in carrying such products upon the waters of San Francisco Bay and the navigable waters contributing thereto, and vessels so loaded shall have the preference at all times at docking at such wharves and piers contiguous to said lands over other vessels not so loaded.

§ 3. Docking room at said piers shall be assigned without partiality to all vessels engaged in the transportation of said products, and the space assigned shall be sufficient to permit such vessels regularly running upon a route to receive and discharge their entire cargoes of such products at the piers aforesaid, if they so desire, subject to the control and direction of the board of state harbor commissioners. And the said board of state harbor commissioners shall construct car tracks to connect the said docks and piers with the land so set apart for the free public market and with the belt railroad. For the use of these tracks the state harbor commissioners shall prescribe such regulations as public convenience may require, and fix the compensation to be paid by the companies making use of them for this purpose.

§ 4. The harbor commissioners shall suitably inclose said free market and construct suitable tramways and tracks or other devices for the rapid conveyance of perishable products from car or boat or other conveyance to the stalls in the free market, and operate the same.

§ 5. The harbor commissioners shall assign space within the free market to all producers of perishable products, under such regulations as the harbor commissioners may prescribe. No rental shall be charged for space in the free market. Any violation of this act, or of the regulations made pursuant thereof, shall exclude the person or firm guilty of such violation from the privilege of selling in the free market, during the pleasure of the harbor commissioners, not exceeding one year, in addition to any other penalty which may be incurred thereby.

§ 6. For the payment of the expenses of said free market the said board of state harbor commissioners may, in their judgment, so adjust tolls upon the said perishable products as shall be delivered into said free market as to provide the necessary revenue; provided, however, that no one shall be compelled to enter into said free public market, and no tolls for the purpose of paying the expenses of said free market shall be levied, assessed, or inflicted upon any products not entering into said free public market; and provided further, that the total of such tolls so levied shall not exceed the total expense of maintaining such free market.

§ 7. The officers of said free market shall be a superintendent and assistant†

superintendent, who shall also be secretary, and such other employees as the state board of harbor commissioners may appoint. The salary of all employees of said free market shall be fixed by the state board of harbor commissioners, and be paid out of the general fund of said harbor commission the same as other employees.

§ 8. All officers and employees of any public market on state property are officers and employees of the state, and shall qualify in the same manner as other employees, and give such bonds as the harbor commissioners may prescribe.

§ 9. There is hereby appropriated out of the San Francisco harbor improvement fund the necessary moneys to enable the harbor commissioners to carry this act into effect, and this appropriation shall have precedence of all other claims on such fund for improvements.

The Act of 1897, 238, ch. CLXXV, is not here inserted, because this so-called "amendatory" act seems to entirely supersede the former.

§ 13. Such tax collectors and license collectors shall hereafter be required to pay into the county treasuries of their respective counties only that portion of the moneys collected by them under the act of the legislature mentioned in the last preceding section, approved April first, eighteen hundred and seventy-eight, which is collected from corporations other than those mentioned in section twelve of this act.

(Stats. 1905, 323, ch. CCCVIII.)

§ 1. All moneys in the state treasury belonging to the state not immediately required to meet current expenditures may be deposited by the state treasurer to the credit of the state in such state or national bank, or banks, in the state, as the treasurer, with the approval of the governor and state controller, shall select for the safe-keeping of such deposits, and any sum so deposited shall be deemed to be in the state treasury; provided, that the bank or banks in which such money is deposited shall furnish security as hereinafter provided, and provided further, that such depositary bank or banks be selected from those agreeing to pay the highest rate of interest, not less than two per centum per annum, for such deposits, as may be determined by bids to be submitted at such times and in such manner, as the treasurer, with the approval of the governor and state controller, shall direct; provided, that not more than one tenth of the aggregate amount of state moneys available for deposit and on deposit shall be deposited in any one bank, and provided further, that such deposit shall not exceed twenty-five per centum of the paid-up capital, exclusive of reserve and surplus, of any depositary bank. The expense of transportation of moneys to and from the state treasury to such depositaries shall be borne by such depositaries. Said deposits, with interest thereon, shall be subject to withdrawal at any time upon the demand of the state treasurer, or upon presentation of a certificate of deposit properly indorsed.

§ 2. Said bonds or any part thereof may be withdrawn on the written consent of the governor, controller and treasurer; pro-

vided, that a sufficient amount of said bonds to secure said deposits shall always be kept in the treasury; and in the event that said bank or banks of deposit shall fail to pay such deposits or any part thereof on the demand of the state treasurer, or upon any presentation of a certificate of deposit properly indorsed, then it shall be the duty of the state treasurer to forthwith convert said bonds into money and to disburse the same according to law.

§ 4. The treasurer shall take from such depositary or depositaries a written contract, in duplicate, setting forth the conditions and terms upon which the funds of the state are deposited therewith, one of which shall be filed with the controller. One provision of said contract shall be that each depositary shall at the end of each month render to the treasurer a statement in duplicate showing the daily balances or amount of money of the state held by it during the month and the amount of the accrued interest thereon separately, one of which shall be filed by the treasurer with the controller. The treasurer shall annually on the first day of July furnish each depositary bank with a statement showing the amount and description of the bonds on deposit with him by such bank to secure state deposits.

§ 5. The treasurer, with the approval of the governor and controller, shall, if in his judgment it shall appear necessary for the security of the state, require said banks of deposit to give an indemnity bond, the sureties on which shall not be interested as stockholders in said bank or banks, to be approved by the governor, controller and treasurer, to secure the state against loss by any depreciation in value that may occur in such bonds held by him as security for the safe-keeping and prompt payment of the state moneys in such depositaries.

§ 6. The state treasurer shall not be responsible for any moneys deposited in a bank or in banks under the provisions of this act while the same remain there deposited with the consent of the governor and controller; but the treasurer shall be chargeable with the safe-keeping, management and disbursement of the bonds and certificates of deposit deposited with him as security for deposits of state moneys, and with the interests thereon, and the proceeds of any sale under the provisions of this act.

§ 7. At the time of depositing state money in any bank designated as a depositary the treasurer shall take a certificate or certificates of deposit made payable to the treasurer of state in such sum or sums as he shall deem advisable. Such certificate or certificates of deposit in the possession of the treasurer shall be deemed and counted as cash by the state board of examiners. Controller's warrants drawn upon the state treasury may be paid by such certificates of deposit when properly indorsed by the treasurer the same as in cash.

§ 8. All acts or parts of acts in conflict with this act are hereby expressly repealed.

§ 9. This act shall take effect on July first, nineteen hundred and five.

[New section added, Stats. 1905. **In effect immediately.**]

§ 8. Contracts for such articles as the board may desire to contract for shall be given to the lowest bidder, at a public letting thereof, if the price bid is a fair and reasonable one, and not greater than the usual market value and prices. Each bid shall be accompanied by such security as the board may require, conditional upon the bidder entering into a contract upon the terms of his bid, on notice of the acceptance thereof, and furnishing a penal bond, with good and sufficient sureties, in such sum as the board may require, and to their satisfaction, that he will faithfully perform his contract. No bid shall be accepted, nor a contract entered into in pursuance thereof, when such bid is higher than any other bid at the same letting for the same class or schedule of articles, quality considered, and when a contract can be had at such lower bid. When two or more bids for the same article or articles are equal in amount, the board may select the one which, all things considered, may by them be thought best for the interest of the state, or they may divide the contract between the bidders, as in their judgment may seem proper and right. The board shall have power to let a contract in the aggregate, or they may segregate the items, and enter into a contract with the bidder or bidders who may bid lowest on the several articles. The board shall have the power to reject the bid of any person who had a prior contract, and who had not, in the opinion of the board, faithfully complied therewith.

§ 15. All moneys received or collected by the warden of San Quentin prison shall be reported to the state controller on the first day of each and every month in such form as the controller may require, and at the same time shall be paid into the general fund of the state treasury on the order of the controller, except so much thereof as shall be necessary to be paid into the jute revolving fund as required by the provisions of an act of the legislature approved March ninth, eighteen hundred and eighty-five, and amended March sixteenth, eighteen hundred and eighty-nine. All moneys received or collected by the warden of Folsom prison shall be reported to the

state controller on the first day of each and every month in such form as the controller may require and at the same time shall be paid into the state treasury to the credit of the Folsom state prison fund, excepting so much thereof as may be necessary to pay the expenses and money allowed discharged prisoners under the provisions of this act. The wardens shall require vouchers for all moneys by them expended and safely keep the same on file in their respective offices at the prisons. For all sums of money required to be paid other than for the uses above named, as well as for said uses when there is not sufficient money in the hands of the warden, drafts shall be drawn on the controller of state, signed by at least three of the directors, and the controller of state shall draw his warrant on the state treasurer who shall pay the same out of any moneys belonging to the state prison fund or appropriated for the use or support of the state prisons. The amount of all money retained by the wardens and the aggregate amount paid out shall be reported quarterly to the controller of state and the proper entries shall be made on the controller's books.

[See Stats. 1905, 382, ch. CCCXXVIII, amending Stats. 1899, relative to payments to state treasury.]

[§ 15a.] § 2. So much of the provisions of an act of the legislature, approved March seventeenth, eighteen hundred and ninety-nine, requiring the payment into the state treasury of all moneys belonging to the state, and all amendments to said act, in conflict with the provisions of this act, are hereby repealed.

[§ 15b.] § 3. This act shall take effect and be in force July first, nineteen hundred and five. [Amendment, Stats. 1905, 724.]

§ 16. All revenues of the prisons, unless herein otherwise provided, shall be paid to the wardens, who alone are authorized to receipt for the same and discharge from liability. When any sum of money is paid to the wardens, they shall cause the same to be properly entered on the books by the clerks.

§ 17. On payment of any moneys into the state treasury, as provided in this act, the wardens and state treasurer shall report to the controller of state the amount so paid, and the state treasurer shall give the wardens a receipt therefor, which receipt shall be filed with the controller. The wardens shall report to the controller of state the amount of money paid into said treasury by them during each month, and shall also report to said controller of state the amounts received and disbursed by them every three months, and during the period for which such report shall be made, which quarterly report shall be signed by the warden and at least three of the directors.

§ 18. All convicts may be employed by authority of the board of directors, under charge of the wardens respectively, and such skilled foremen as he may deem necessary in the performance of work for the state, or in the manufacture of any article or articles for the state, or the manufacture of which is sanctioned by law. At San Quentin no articles shall be manufactured for sale except jute fabrics. At Folsom after the completion of the dam and canal the board may commence the erection of structures for jute manufacturing purposes. The board of directors are hereby authorized to purchase from time to time such tools, machinery, and materials, and to direct the employment

of such skilled foremen as may be necessary to carry out the provisions of this section, and to dispose of the articles manufactured, and not needed by the state, for cash, at private sale, in such manner as provided by law.

§ 19. In the treatment of the prisoners, the following general rules shall be observed: Each convict shall be provided with a bed of straw, or other suitable material, and sufficient covering of blankets, and shall be supplied with garments of coarse substantial material, of distinctive manufacture, and with sufficient plain and wholesome food of such variety as may be most conducive to good health.

Second—No punishment shall be inflicted except by the order and under the direction of the wardens.

Third—The warden shall keep a correct account of all money and valuables upon the prisoner when delivered at the prison, and shall pay the amount, or the proceeds thereof, or return the same to the convict when discharged, or to his legal representative in case of his death; and in the case of the death of such convict without being released, if no legal representative shall demand such property within five years, the same shall be paid into the state prison fund.

Fourth—The rules and regulations prescribing the duties and obligations of the prisoners shall be printed and hung up in each cell and shop.

Fifth—Each convict, when he leaves the prison, shall be supplied with the money taken from him when he entered, and which he has not disposed of, together with any sum which may have been earned by him for his own account, allowed to him by the state for good conduct or diligent labor, or may have been presented to him from any source; and, in case the prisoner has not funds sufficient for present purposes, he shall be furnished with five dollars in money, a suit of clothes costing not more than ten dollars, and by the cheapest route to the place where sentenced from, if the prisoner desires to return there, or to any other place of the same cost; and he shall be entitled, if he so elect, to immunity from having his hair cut, or from being shaved, for three calendar months immediately prior to his discharge. It shall not be lawful for the officers of the prison to furnish, or permit to be furnished, to any one, for publication, the name of any prisoner about to be discharged. When the warden, and such other officers as may be designated by the directors to act with him in such cases, shall be of opinion that any convict is insane, they shall make proper examination, and if they remain of the opinion that such person is insane, the warden shall certify the fact to the superintendent of one of the state asylums for the insane, and shall forthwith send such convict to said asylum for care and treatment. If at the expiration of the term of sentence, the insane convict is still in the insane asylum, he shall be allowed to remain there until discharged cured. It shall be the duty of the warden, also, to send to the directors a copy of such certificate, and thereafter a statement as to his subsequent acts regarding the said insane convict. And it shall be the duty of the superintendent of the insane asylum to receive such insane convict and keep him until cured. It shall be his duty, upon receipt of such insane convict, to notify the directors of the fact, giving name, date, and where from, and from whose hands received. When, in the opinion of the superintendent, such insane convict is cured of insanity, it shall be his duty to immediately notify the directors thereof; and it shall be

his duty also to notify the warden of the prison from whence he was received, who shall immediately send for, take, and receive the said convict back into the prison, the time passed at the asylum counting as a part of such convict's sentence. Before discharging any convict who may be insane at the time of the expiration of his sentence, the warden shall first give notice, in writing to a judge of a superior court of the county in which the state prison may be located, over which he has control, of the fact of such insanity; whereupon said court shall forthwith make an order, and deliver the same to the sheriff of said county, commanding him to remove such insane convict and take him before said court. Upon the receipt of such order, it shall be the duty of said sheriff, to whom it is directed, to execute and return the same forthwith to the court by whom it was issued, and thereupon the said court shall cause proper examination to be made by medical experts, and if it shall satisfactorily appear that such convict is insane, said court shall order him to be confined in one of the insane asylums. The sheriff shall receive the same compensation as for transferring a prisoner to the state prison, and to be paid in the same manner. If any judge, after having been notified by the warden, shall neglect to cause such order to be made, as herein provided, or any such sheriff shall neglect to remove such insane convict, as required by the provisions of this section, it shall be the duty of the warden to cause such insane convict to be removed before a superior court of a county in which the state prison is located, in charge of an officer of the prison, or other suitable person, for the purpose of examination; and the cost of such removal shall be paid out of the state treasury, in the same manner as when removed by the sheriff, as herein provided.

§ 20. The state board of prison directors shall require of every able-bodied convict confined in a state prison as many hours of faithful labor in each and every day during his term of imprisonment as shall be prescribed by the rules and regulations of the prison. Every convict who shall have no infraction of the rules and regulations of the prison or laws of the state recorded against him, and who performs in a faithful, orderly, and peaceable manner the duties assigned to him, shall be allowed from his term, instead and in lieu of the credits heretofore allowed by law, a deduction of two months in each of the first two years, four months in each of the next two years, and five months in each of the remaining years of said term, and pro rata for any part of a year, where the sentence is for or more or less than a year. The mode of reckoning credits shall be as shown in the following table:

Number of years of Sentence.	Good Time Granted.	Total Good Time Made.	Time to be Served if Full Time is Made.
First year.....	2 months	2 months.....	10 months
Second year.....	2 months	4 months.....	1 year and 8 months
Third year.....	4 months	8 months.....	2 years and 4 months
Fourth year.....	4 months	1 year.....	3 years
Fifth year.....	5 months	1 year and 5 months.....	5 years and 7 months

Ninth year.....	5 months	3 years and 1 month.....	5 years and 11 months
Tenth year.....	5 months	3 years and 6 months.....	6 years and 5 months

And so on, through as many years as may be the term of the sentence. Each convict shall be held entitled to these deductions, unless the board of directors shall find that for misconduct or other cause he should not receive them. But if any convict shall commit any assault upon his keeper, or any foreman, officer, convict, or person, or otherwise endanger life, or shall be guilty of any flagrant disregard of the rules of the prison, or commit any misdemeanor, or in any manner violate any of the rules and regulations of the prison, he shall forfeit all deductions of time earned by him for good conduct before the commission of such offense, or that, under this section, he may earn in the future, or shall forfeit such part of such deductions as to the board of directors may seem just; such forfeiture, however, shall be made only by the board of directors after due proof of the offense and notice to the offender; nor shall any forfeiture be imposed when a party has violated any rule or rules without violence or evil intent, of which the directors shall be the sole judges. The board shall have power to restore credits forfeited, for such reasons as by them may seem proper.

§ 21. All criminals sentenced to the state prisons by the authority of the United States shall be received and kept according to the sentence of the court by which they were tried, and the prisoners so confined shall be subject in all respects and discipline and treatment as though committed under the laws of this state. STREET LAW.

To provide for work upon streets, lanes, alleys, courts, places, and sidewalks, and for the construction of sewers within municipalities.

(Stats. 1885, 147, ch. CLIII; amended 1887, 148, ch. CXXX; 1889, 157, ch. CLI; 1891, 116, ch. CXIV; 1891, 196, ch. CXLVII; 1891, 461, ch. CCXLIV; supplemented 1893, 33, ch. XXI (Bonds); amended 1893, 89, ch. LXXIX; 1893, 172, ch. CXLIV; 1899, 23, ch. XXII; 1903, 88, ch. LXXX; 1905, 15, ch. XIX; 1905, 63, ch. LXVII.)

PART I.

§ 1. All streets, lanes, alleys, places, or courts, in the municipalities of this state now open or dedicated, or which may hereafter be opened or dedicated to public use, shall be deemed and held to be open public streets, lanes, alleys, places, or courts, for the purposes of this act, and the city council of each municipality is hereby empowered to establish and change the grades of said streets, lanes, alleys, places, or courts, and fix the width thereof, and is hereby invested with jurisdiction to order to be done thereon any of the work mentioned in section two of this act, under the proceedings hereinafter described.

§ 2. Whenever the public interest or convenience may require, the city council is hereby authorized and empowered to order the whole, or any portion, either in length or width, of the streets, avenues, lanes, alleys, courts, or places of any such city graded or regraded, to the official grade, planked or replanked, paved or repaved, macadamized or remacadamized, graveled or regraveled, piled or repiled, capped or recapped, oiled or reoiled, sewerred or resewerred, and to order sidewalks, manholes, culverts, bridges, cesspools, gutters, tunnels, curbing, and crosswalks to be constructed therein, or to order breakwaters, levees, or walls of rock, or other material, to protect the same from overflow or injury, and to order any other work to be done which shall be necessary to complete the whole or any portion of said streets, avenues, sidewalks, lanes, alleys, courts, or places, and it may order any of the said work to be improved; and also to order a sewer or sewers, with outlets, for drainage or sanitary purposes, in, over, or through any right of way granted or obtained for such purpose; provided, that whenever the grade of a street, avenue, lane, alley, court, or place shall hereafter be changed, the petition of the owners of a majority of the feet fronting thereon, asking for grading the same to the new grade, shall be a condition precedent to the ordering of such grading to be done. [Amendment, Stats. 1905, 15. **In effect immediately.**]

§ 3. Before ordering any work done or improvement made, which is authorized by section two of this act, the city council shall pass a resolution of intention so to do, and describing the work, which shall be posted conspicuously for two days on or near the chamber door of said council, and published by two insertions in one or more daily, semiweekly, or weekly newspapers published and circulated in said city, and designated by said council for that purpose. The street superintendent shall thereupon cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than one hundred feet in distance apart, but not less than three in all, or when the work to be done is only upon an entire crossing or any part thereof, in front of

each quarter block and irregular block liable to be assessed, notices of the passage of said resolution. Said notice shall be headed "Notice of Street Work," in letters of not less than one inch in length, and shall, in legible characters, state the fact of the passage of the resolution, its date, and briefly the work or improvement proposed, and refer to the resolution for further particulars. He shall also cause a notice, similar in substance, to be published for six days in one or more daily newspapers published and circulated in said city, and designated by said city council, or in cities where there is no daily newspaper, by one insertion in a semiweekly or weekly newspaper so published, circulated and designated. In case there is no such paper published in said city, said notice shall be posted for six days on or near the chamber door of said council, and in two other conspicuous places in said city, as hereinafter provided. The owners of a majority of the frontage of the property fronting on said proposed work or improvement, where the same is for one block or more, may make a written objection to the same within ten days after the expiration of the time of the publication and posting of said notice, which objection shall be delivered to the clerk of the city council, who shall indorse thereon the date of its reception by him, and such objections so delivered and indorsed shall be a bar for six months to any further proceedings in relation to the doing of said work or making said improvements, unless the owners of the one half or more of the frontage, as aforesaid, shall meanwhile petition for the same to be done. At any time before the issuance of the assessment roll, all owners of lots or lands liable to assessment therein, who, after the first publication of said resolution of intention, may feel aggrieved, or who may have objections to any of the subsequent proceedings of said council in relation to the performance of the work mentioned in said notice of intention, shall file with the clerk a petition of remonstrance, wherein they shall state in what respect they feel aggrieved, or the proceedings to which they object; such petition or remonstrance shall be passed upon by the said city council, and its decision therein shall be final and conclusive. But when the work or improvement proposed to be done is the construction of sewers, manholes, culverts, or cesspools, crosswalks, or sidewalks, curbs and gutters, and the objection thereto is signed by the owners of a majority of the frontage liable to be assessed for the expense of said work, as aforesaid, the said city council shall, at its next meeting, fix a time for hearing said objections, not less than one week thereafter. The city clerk shall thereupon notify the persons making such objections, by depositing a notice thereof in the post-office of said city, postage prepaid, addressed to each objector, or his agent, when he appears for such objector. At the time specified said city council shall hear the objections urged, and pass upon the same, and its decisions shall be final and conclusive, and the said bar for six months to any further proceedings shall not be applicable thereto. And when not more than two blocks, including street crossings, remain ungraded to the official grade, or otherwise unimproved, in whole or in part, and a block or more on each side upon said street has been so graded or otherwise improved, or when not more than two blocks at the end of a street remain so ungraded or otherwise unimproved, said city council may order any of the work mentioned in this act to be done upon said intervening ungraded or unimproved part of said street, or at the end of a street, and said work upon said intervening part, or

at the end of a street, shall not be stayed or prevented by any written or other objection unless such council shall deem proper. And if one half or more in width or in length, or as to grading, one half or more of the grading work of any street lying and being between two successive main street crossings, or if a crossing has been already partially graded or improved, as aforesaid, said council may order the remainder improved, graded or otherwise, notwithstanding such objections of property owners. At the expiration of twenty days after the expiration of the time of said publication by said street superintendent, and at the expiration of twenty-five days after the advertising and posting, as aforesaid, of any resolution of intention, if no written objection to the work therein described has been delivered, as aforesaid, by the owners of a major frontage of the property fronting on said proposed work or improvement, or if any written objection purporting to be signed by the owners of a major frontage is disallowed by said council, as not of itself barring said work for six months, because in its judgment, said objection has not been legally signed by the owners of a majority of said frontage, the city council shall be deemed to have acquired jurisdiction to order any of the work to be done, or improvement to be made, which is authorized by this act; which order, when made, shall be published for two days, the same as provided for the publication of the resolution of intention. Before passing any resolution for the construction of said improvements, plans and specifications and careful estimates of the costs and expenses thereof shall be furnished to said city council, if required by it, by the city engineer of said city; and for the work of constructing sewers, specifications shall always be furnished by him. Whenever the contemplated work of improvement, in the opinion of the city council, is of more than local or ordinary public benefit, or whenever, according to estimate to be furnished by the city engineer, the total estimated costs and expenses thereof would exceed one half the total assessed value of the lots and lands assessed, if assessed upon the lots or land fronting upon said proposed work or improvement, according to the valuation fixed by the last assessment roll whereon it was assessed for taxes for municipal purposes, and allowing a reasonable depth from such frontage for lots or lands assessed in bulk, the city council may make the expense of such work or improvement chargeable upon a district, which the said city council shall, in its resolution of intention, declare to be the district benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof. Objections to the extent of the district of lands to be affected or benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof, may be made by interested parties, in writing, within ten days after the expiration of the time of the publication of the notice of the passage of the resolution of intention. The city clerk shall lay said objections before the city council, which shall, at its next meeting, fix a time for hearing said objections not less than one week thereafter. The city clerk shall thereupon notify the persons making such objections by depositing a notice thereof in the post-office of said city, postage prepaid, addressed to each objector. At the time specified the city council shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive. If the objections are sustained, all proceedings shall be stopped; but proceedings may be immediately again commenced by giving

the notice of intention to do the said work or make said improvements. If the objections are overruled by the city council, the proceedings shall continue the same as if such objections had not been made. [Amendment, Stats. 1905, 64-66; in effect after sixty days.]

§ 5. Before the awarding of any contract by the city council for doing any work authorized by this act, the city council shall cause notice, with specifications, to be posted conspicuously for five days on or near the council chamber door of said council, inviting sealed proposals or bids for doing the work ordered, and shall also cause notice of said work inviting said proposal, and referring to the specifications posted or on file, to be published for two days in a daily, semiweekly, or weekly newspaper published and circulated in said city, designated by the council for that purpose, and in case there is no newspaper published in said city, then it shall only be posted as hereinbefore provided. All proposals or bids offered shall be accompanied by a check payable to the order of the mayor of the city, certified by a responsible bank, for an amount which shall not be less than ten per centum of the aggregate of the proposal, or by a bond for the said amount and so payable, signed by the bidder and by two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions. Said proposals or bids shall be delivered to the clerk of the said city council, and said council shall, in open session, examine and publicly declare the same; provided, however, that no proposal or bid shall be considered unless accompanied by said check or bond satisfactory to the council. The city council may reject any and all proposals or bids should it deem this for the public good, and also the bid of any party who has been delinquent and unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the prices named in his bid, which award shall be approved by the mayor or a three-fourths vote of the city council. If not approved by him, or a three-fourths vote of the city council, without further proceedings, the city council may readvertise for proposals or bids for the performance of the work as in the first instance, and thereafter proceed in the manner in this section provided, and shall thereupon return to the proper parties the respective checks and bonds corresponding to the bid so rejected. But the checks accompanying such accepted proposals or bids shall be held by the city clerk of said city until the contract for doing said work, as hereinafter provided, has been entered into, either by said lowest bidder or by the owners of three fourths part of the frontage, whereupon said certified check shall be returned to said bidder. But if said bidder fails, neglects or refuses to enter into the contract to perform said work or improvement, as hereinafter provided, then the certified check accompanying his bid and the amount therein mentioned, shall be declared to be forfeited to said city, and shall be collected by it and paid into its fund for repairs of streets; and any bond forfeited may be prosecuted, and the amount due thereon collected and paid into said fund. Notice of such awards of contracts shall be posted for five days, in the same manner as hereinbefore provided for the posting of proposals for said work, and shall be published for two days in a daily newspaper published and circulated in said city and desig-

nated by said city council, or in cities where there is no daily newspaper, by one insertion in a semiweekly or weekly newspaper so published, circulated and designated; provided, however, that in case there is no newspaper printed or published in any such city, then such notice of award shall only be kept posted as hereinbefore provided. The owners of three fourths of the frontage of lots and lands upon the street whereon said work is to be done, or their agents, and who shall make oath that they are such owners or agents, shall not be required to present sealed proposals or bids, but may, within ten days after the first posting and publication of said notice of said award, elect to take said work and enter into a written contract to do the whole work at the price at which the same has been awarded. Should the said owners fail to elect to take said work, and to enter into a written contract therefor within ten days, or to commence the work within fifteen days after the first posting and publication of said award, and to prosecute the same with diligence to completion, it shall be the duty of the superintendent of streets to enter into a contract with the original bidder to whom the contract was awarded, and at the prices specified in his bid. But if such original bidder neglects, fails or refuses, for fifteen days after the first posting and publication of the notice of award, to enter into the contract, then the city council, without further proceedings, shall again advertise for proposals or bids, as in the first instance, and award the contract for said work to the then lowest regular bidder. The bids of all persons and the election of all owners, as aforesaid, who have failed to enter into the contract as herein provided, shall be rejected in any bidding or election subsequent to the first for the same work. If the owner or contractor, who may have taken any contract, do not complete the same within the time limited in the contract, or within such further time as the city council may give them, the superintendent of streets shall report such delinquency to the city council which may relet the unfinished portion of said work, after pursuing the formalities prescribed hereinbefore for the letting of the whole in the first instance. All contractors, contracting owners included, shall, at the time of executing any contract for street work, execute a bond to the satisfaction and approval of the superintendent of streets of said city, with two or more sureties and payable to such city, in such sums as the mayor shall deem adequate, conditioned for the faithful performance of the contract; and the sureties shall justify before any person competent to administer an oath, in double the amount mentioned in said bond, over and above all statutory exemptions. Before being entitled to a contract, the bidder to whom the award was made, or the owners who have elected to take the contract, must advance to the superintendent of streets, for payment by him, the cost of publication of the notices, resolutions, orders, or other incidental expenses and matters required under the proceedings prescribed in this act, and such other notices as may be deemed requisite by the city council. And in case the work is abandoned by the city before the letting of the contract, the incidental expenses incurred previous to such abandonment shall be paid out of the city treasury. [Amendment, Stats. 1891, 199.]

§ 6. The superintendent of streets is hereby authorized, in his official capacity, to make all written contracts, and receive all bonds authorized by this act, and to do any other act, either express or implied, that pertains to the street department under this act; and he shall fix the time for the commence-

ment, which shall not be more than fifteen days from the date of the contract, and for the completion of the work under all contracts entered into by him, which work shall be prosecuted with diligence from day to day thereafter to completion, and he may extend the time so fixed from time to time, under the direction of the city council. The work provided for in section two of this act must, in all cases, be done under the direction and to the satisfaction of the superintendent of streets, and the materials used shall comply with the specifications and be to the satisfaction of said superintendent of streets, and all contracts made therefor must contain a provision to that effect, and also express notice that, in no case, except where it is otherwise provided in this act, will the city, or any officer thereof, be liable for any portion of the expense, nor for any delinquency of persons or property assessed. The city council may, by ordinance, prescribe general rules directing the superintendent of streets and the contractor as to the materials to be used, and the mode of executing the work, under all contracts thereafter made. The assessment and apportionment of the expenses of all such work or improvement shall be made by the superintendent of streets in the mode herein provided.

§ 6½. Every contractor, person, company, or corporation, including contracting owners, to whom is awarded any contract for street work under this act, shall, before executing the said contract, file with the superintendent of streets a good and sufficient bond, approved by the mayor, in a sum not less than one half of the total amount payable by the terms of said contract; such bond shall be executed by the principal and at least two sureties, who shall qualify for double the sum specified in said bond, and shall be made to inure to the benefit of any and all persons, companies, or corporations who perform labor on, or furnish materials to be used in the said work of improvement, and shall provide that if the contractor, person, company, or corporation to whom said contract was awarded fails to pay for any materials so furnished for the said work of improvement, or for any work or labor done thereon of any kind, that the sureties will pay the same, to an amount not exceeding the sum specified in said bond. Any materialman, person, company, or corporation, furnishing materials to be used in the performance of said work specified in said contract, or who performed work or labor upon the said improvement, whose claim has not been paid by the said contractor, company, or corporation to whom the said contract was awarded, may, within thirty days from the time said improvement is completed, file with the superintendent of streets a verified statement of his or its claim, together with a statement that the same, or some part thereof, has not been paid. At any time within ninety days after the filing of such claim, the person, company, or corporation, filing the same, or their assigns, may commence an action on said bond for the recovery of the amount due on said claim, together with the costs incurred in said action, and a reasonable attorney fee, to be fixed by the court, for the prosecution thereof. [New section, Stats. 1899, 23.]

§ 7. Subdivision One—The expense incurred for any work authorized by this act (which expense shall not include the cost of any work done in such portion of any street as is required by law to be kept in order or repair by any person or company having railroad tracks thereon, nor include work which shall have been declared in the resolution of intention to be assessed on a dis-

trict benefited) shall be assessed upon the lots and lands fronting thereon, except as hereinafter specifically provided; each lot or portion of a lot being separately assessed, in proportion to the frontage, at a rate per front foot sufficient to cover the total expense of the work.

Subdivision Two—The expense of all improvements, except such as are done by contractors under the provisions of section thirteen of this act, until the streets, avenues, street crossings, lanes, alleys, places, or courts are finally accepted, as provided in section twenty of this act, shall be assessed upon the lots and lands, as provided in this section, according to the nature and character of the work; and after such acceptance the expense of all the work thereafter done thereon shall be paid by said city out of the street department fund.

Subdivision Three—The expense of the work done on main street crossings shall be assessed at a uniform rate per front foot of the quarter blocks and irregular blocks adjoining and cornering upon the crossings, and separately upon the whole of each lot or portion of lot having any frontage in the said blocks fronting on said main streets, half-way to the next main street crossing, and all the way on said blocks to a boundary line of the city where no such crossing intervenes, but only according to its frontage in said quarter blocks and irregular blocks.

Subdivision Four—Where a main street terminates in another main street, the expenses of the work done on one half of the width of the street opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main streets, and the expense of the other half of the width of said street upon the lot or lots fronting on the latter half of the street at such termination.

Subdivision Five—Where any alley or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all lots or portions of lots half-way on said alley or subdivision street to the next crossing or intersection, or to the end of such alley or subdivision street, if it does not meet another.

Subdivision Six—The expense of work done on alley or subdivision street crossings shall be assessed upon the lots fronting upon such alley or subdivision streets on each side thereof, in all directions, half-way to the next street, place or court, on either side, respectively, or to the end of such alley or subdivision street, if it does not meet another.

Subdivision Seven—Where a subdivision street, avenue, lane, alley, place, or court terminates in another street, avenue, lane, alley, place, or court, the expense of the work done on one half of the width of the subdivision street, avenue, lane, alley, place, or court opposite the termination, shall be assessed upon the lot or lots fronting on such subdivision street, or avenue, lane, alley, place, or court so terminating, according to its frontage thereon, half-way on each side, respectively, to the next street, avenue, lane, alley, court, or place, or to the end of such street, avenue, lane, alley, place, or court, if it does not meet another, and the other one half of the width upon the lots fronting such termination.

Subdivision Eight—Where any work mentioned in this act (manholes, cess-pools, culverts, crosswalks, piling and capping excepted) is done on either or

both sides of the center line of any street for one block or less, and further work opposite to the work of the same class already done is ordered to be done to complete the unimproved portion of said street, the assessment to cover the total expenses of said work so ordered shall be made upon the lots or portions of the lots only fronting the portions of the work so ordered. And when sewerage or re-sewerage is ordered to be done under the sidewalk on only one side of a street for any length thereof, the assessment for its expenses shall be made only upon the lots and lands fronting nearest upon that side, and for intervening intersections only upon the two quarter blocks adjoining and cornering upon that side.

Subdivision Nine—Section one of chapter three hundred and twenty-five of the laws of this state, entitled “An act amendatory of and supplementary to ‘An act to provide revenue for the support of the government of this state,’ approved April twenty-ninth, eighteen hundred and fifty-seven,” approved April nineteenth, eighteen hundred and fifty-nine, shall not be applicable to the provisions of this section; but the property herein mentioned shall be subject to the provisions of this act, and be assessed for work done under the provisions of this section.

Subdivision Ten—It shall be lawful for the owner or owners of lots or lands fronting upon any street the width and grade of which have been established by the city council, to perform, at his or their own expense (after obtaining permission from the council so to do, but before said council has passed its resolution of intention to order grading inclusive of this), any grading upon said street, to its full width, or to the center line thereof, and to its grade as then established, and thereupon to procure, at his or their own expense, a certificate from the city engineer, setting forth the number of cubic yards of cutting and filling made by him or them in said grading, and the proportions performed by each owner, and that the same is done to the established width and grade of said street, or to the center line thereof, and thereafter to file said certificate with the superintendent of streets, which certificate the superintendent shall record in a book kept for that purpose in his office, properly indexed. Whenever thereafter the city council orders the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been done, the bids and contracts must express the price by the cubic yard for cutting and filling in grading; and the said owner or owners, and his or their successors in interest, shall be entitled to credit, on the assessment upon his or their lots and lands fronting on said streets for the grading thereof, to the amount of the cubic yards of cutting and filling set forth in his or their said certificate, at the prices named in the contract for said cutting and filling; or, if the grade meanwhile has been duly altered, only for so much of said certified work as would be required for grading to the altered grade; provided, however, that such owner or owners shall not be entitled to such credit as may be in excess of the assessments for grading upon the lots and lands owned by him or them, and proportionately assessed for the whole of said grading; and the superintendent of streets shall include in the assessment for the whole of said grading upon the same grade the number of cubic yards of cutting and filling set forth in any and all certificates so recorded in his office, or for the whole of said grading to the duly altered grade so much of said certified work as

would be required for grading thereto, and shall enter corresponding credits, deducting the same as payments upon the amounts assessed against the lots and lands owned, respectively, by said certified owners and their successors in interest; provided, however, that he shall not so include any grading quantities or credit any sums in excess of the proportionate assessments for the whole of the grading which are made upon any lots and lands fronting upon said street and belonging to any such certified owners or their successors in interest. Whenever any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do, any work (except grading) on such street, in front of any block, at his or their own expense, and the city council shall subsequently order any work to be done of the same class in front of the same block, said work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done, as provided in subdivision eleven of this section of this act; provided, that the work so done at the expense of such owner or owners, shall be upon the official grade, and in condition satisfactory to the street superintendent at the time said order is passed.

Subdivision Eleven—The city council may include in one resolution of intention and order any of the different kinds of work mentioned in this act, and it may except therefrom any of said work already done upon the street to the official grade. The lots and portions of lots fronting upon said excepted work already done shall not be included in the frontage assessment for the class of work from which the exception is made; provided, that this shall not be construed so as to affect the special provisions as to grading contained in subdivision ten of this section.

Subdivision Twelve—Whenever the resolution of intention declares that the costs and expenses of the work and improvement are to be assessed upon a district, the city council shall direct the city engineer to make a diagram of the property affected or benefited by the proposed work or improvement, as described in the resolution of intention, and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of such lots, pieces, or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district; and when said diagram shall have been approved by the city council, the clerk shall, at the time, of such approval, certify the fact and date thereof. Immediately thereafter the said diagram shall be delivered to the superintendent of streets of said city, who shall after the contractor of any street work has fulfilled his contract to the satisfaction of said superintendent of streets or city council, on appeal, proceed to estimate upon the lands, lots or portions of lots within said assessment district, as shown by said diagram, the benefits arising from such work, and to be received by each such lot, portion of such lot, piece, or subdivision of land, and shall thereupon assess upon and against said land in said assessment district the total amount of the costs and expenses of such proposed work, and in so doing shall assess said total sum upon the several pieces, parcels, lots, or portions of lots, and subdivisions of land in said district benefited thereby, to wit: Upon each respectively, in proportion to the estimated benefits to be received by each of said several lots, portions of lots, or subdivisions of land. In other respects the

assessment shall be as provided in the next section, and the provisions of subdivisions three, four, five, six, seven, and eight of this section shall not be applicable to the work or improvement provided for in this subdivision. [Amendment, Stats. 1891, 201.]

§ 8. After the contractor of any street work has fulfilled his contract to the satisfaction of the street superintendent of said city, or city council on appeal, the street superintendent shall make an assessment to cover the sum due for the work performed and specified in said contract (including any incidental expenses), in conformity with the provisions of the preceding section according to the character of the work done; or, if any direction and decision be given by said council on appeal, then in conformity with such direction and decision, which assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per front foot assessed, if the assessment be made per front foot, the amount of each assessment, the name of the owner of each lot, or portion of a lot (if known to the street superintendent); if unknown the word "Unknown" shall be written opposite the number of the lot, and the amount assessed thereon, the number of each lot or portion or portions of a lot assessed, and shall have attached thereto a diagram exhibiting each street or street crossing, lane, alley, place, or court, on which any work has been done, and showing the relative location of each district, lot, or portion of lot to the work done, numbered to correspond with the numbers in the assessments, and showing the number of feet fronting, or number of lots assessed, for said work contracted for and performed. [Amendment, Stats. 1889, 166.]

§ 9. To said assessment shall be attached a warrant, which shall be signed by the superintendent of streets, and countersigned by the mayor of said city. The said warrant shall be substantially in the following form:

By virtue hereof, I (name of the superintendent of streets), of the city of ———, county of ——— (or city and county of ———), and state of California, by virtue of the authority vested in me as said superintendent of streets, do authorize and empower (name of contractor), (his or their) agents or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be (his or their) warrant for the same.
(Date.)

———— (name of superintendent of streets.)

Countersigned by (name of mayor).

Said warrant, assessment, and diagram, together with the certificate of the city engineer, shall be recorded in the office of said superintendent of streets. When so recorded, the several amounts assessed shall be a lien upon the lands, lots, or portions of lots assessed, respectively, for the period of two years from the date of said recording, unless sooner discharged; and from and after the date of said recording of any warrant, assessment, diagram and certificate, all persons mentioned in section eleven of this act shall be deemed to have notice of the contents of the record thereof. After said warrant, assessment, diagram, and certificate are recorded, the same shall be delivered to the contractor, or his agent, or assigns, on demand, but not until after the payment to the said superintendent of streets of the incidental expenses not previously paid

by the contractor, or his assigns; and by virtue of said warrant said contractor, or his agent or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contracts and assessments. Whenever it shall appear by any final judgment of any court of this state that any suit brought to foreclose the lien of any sum of money assessed to cover the expense of said street work done under the provisions of this act has been defeated by reason of any defect, error, informality, omission, irregularity, or illegality in any assessment hereafter to be made and issued, or in the recording thereof, or in the return thereof made to or recorded by said superintendent of streets, any person interested therein may, at any time within three months after the entry of said final judgment, apply to said superintendent of streets who issued the same, or to any superintendent of streets in office at the time of said application, for another assessment to be issued in conformity to law; and said superintendent shall, within fifteen days after the date of said application, make and deliver to said applicant a new assessment, diagram, and warrant in accordance with law; and the acting mayor shall countersign the same as now provided by law, which assessment shall be a lien for the period of two years from the date of said assessment, and be enforced as provided in section seven of this act. [Amendment, Stats. 1891, 205.]

§ 10. The contractor, or his assigns, or some person in his or their behalf, shall call upon the persons assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made the contractor, his assigns, or some person in his or their behalf, shall receipt the same upon the assessment in presence of the person making such payment, and shall also give a separate receipt if demanded. Whenever the person[s] so assessed, or their agents, cannot conveniently be found, or whenever the name of the owner of the lot is stated as "Unknown" on the assessment, then the said contractor, or his assigns, or some person in his or their behalf, shall publicly demand payment on the premises assessed. The warrant shall be returned to the superintendent of streets within thirty days after its date, with a return indorsed thereon, signed by the contractor, or his assigns, or some person in his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid, in whole or in part, and the amount thereof. Thereupon the superintendent of streets shall record the return so made, in the margin of the record of the warrant and assessment, and also the original contract referred to therein, if it has not already been recorded at full length in a book to be kept for that purpose in his office, and shall sign the record. The said superintendent of streets is authorized at any time to receive the amount due upon any assessment list and warrant issued by him, and give a good and sufficient discharge therefor; provided, that no such payment so made after suit has been commenced, without the consent of the plaintiff in the action, shall operate as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff; and he may release any assessment upon the books of his office, on the payment to him of the amount of the assessment against any lot with interest, or on the production to him of the receipt of the party or his assigns to whom the assessment and warrant were issued; and if any contractor shall fail to return his

warrant within the time and in the form provided in this section, he shall thenceforth have no lien upon the property assessed; provided, however, that in case any warrant is lost, upon proof of such loss a duplicate can be issued, upon which a return may be made, with the same effect as if the original had been so returned. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of ten per centum per annum until paid.

§ 11. The owners, whether named in the assessment or not, the contractor, or his assigns, and all other persons directly interested in any work provided for in this act, or in the assessment, feeling aggrieved by any act or determination of the superintendent of streets in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or having or making any objection to the correctness or legality of the assessment or other act, determination, or proceedings of the superintendent of streets, shall, within thirty days after the date of the warrant, appeal to the city council, as provided in this section, by briefly stating their objections in writing, and filing the same with the clerk of said city council. Notice of the time and place of the hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts, determinations, or proceedings objected to or complained of, shall be published for five days. Upon such appeal, the said city council may remedy and correct any error or informality in the proceedings, and revise and correct any of the acts or determinations of the superintendent of streets relative to said work; may confirm, amend, set aside, alter, modify, or correct the assessment in such manner as to them shall seem just, and require the work to be completed according to the directions of the city council; and may instruct and direct the superintendent of streets to correct the warrant, assessment, or diagram in any particular, or to make and issue a new warrant, assessment, and diagram, to conform to the decisions of said city council in relation thereto, at their option. All the decisions and determinations of said city council, upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities, and irregularities which said city council might have remedied and avoided; and no assessment shall be held invalid, except upon appeal to the city council, as provided in this section, for any error, informality, or other defect in any of the proceedings prior to the assessment, or in the assessment itself, where notice of the intention of the city council to order the work to be done, for which the assessment is made, has been actually published in any designated newspaper of said city for the length of time prescribed by law, before the passage of the resolution ordering the work to be done.

§ 12. At any time after the period of thirty-five days from the day of the date of the warrants, as herein provided, or if an appeal is taken to the city council, as provided in section eleven of this act, at any time after five days from the decision of said council, or after the return of the warrant or assessment, after the same may have been corrected, altered, or modified, as provided in said section eleven (but not less than thirty-five days from the date of the warrant), the contractor or his assignee may sue, in his own name, the owner of the land, lots, or portions of lots, assessed on the day of the date of the

recording of the warrant, assessment, and diagram, or any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining unpaid, with interest thereon at the rate of ten per centum per annum until paid. And in all cases of recovery under the provisions of this act, the plaintiff shall recover the sum of fifteen dollars, in addition to the taxable cost as attorney's fees, but not any percentage upon said recovery. And when suit has been brought, after a personal demand has been made and a refusal to pay such assessment so demanded, the plaintiff shall also be entitled to have and recover said sum of fifteen dollars as attorney's fees, in addition to all taxable costs, notwithstanding that the suit may be settled or a tender may be made before a recovery in said action, and he may have judgment therefor. Suit may be brought in the superior court within whose jurisdiction the city is in which said work has been done, and in case any of the assessments are made against lots, portions of lots, or lands the owners thereof cannot, with due diligence, be found, the service in each of such actions may be had in such manner as is prescribed in the codes and laws of this state. The said warrant, assessment, certificate, and diagram, with the affidavit of demand and non-payment, shall be held *prima facie* evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the superintendent of streets and city council upon which said warrant, assessment, and diagram are based, and like evidence of the right of the plaintiff to recover in the action. The court in which said suit shall be commenced shall have power to adjudge and decree a lien against the premises assessed, and to order such premises to be sold on execution, as in other cases of the sale of real estate by the process of said courts; and on appeal, the appellate courts shall be vested with the same power to adjudge and decree a lien and to order such premises to be sold on execution or decree as is conferred on the court from which an appeal is taken. Such premises, if sold, may be redeemed as in other cases. In all suits now pending, or hereafter brought to recover street assessments, the proceedings therein shall be governed and regulated by the provisions of this act, and also, when not in conflict herewith, by the codes of this state. This act shall be liberally construed to effect the ends of justice. [Amendment, Stats. 1889, 168.]

§ 12½. The city council, instead of waiting until the completion of the improvement, may, in its discretion, and not otherwise, upon the completion of two blocks or more of any improvement, order the street superintendent to make an assessment for the proportionate amount of the contract completed, and thereupon proceedings and rights of collection of such proportionate amount shall be had as in sections eight, nine, ten, eleven, and twelve of the act of which this is amendatory is provided. [New section, Stats. 1889, 169.]

§ 13. When any portion of any street, avenue, lane, alley, court, or place in said city improved, or any sidewalk constructed thereon shall be out of repair, or needing reconstruction, and in condition to endanger persons or property passing thereon, or in condition to interfere with the public convenience in the use thereof, it shall be the duty of said superintendent of streets to require, by notice in writing, to be delivered to them or their agents personally, or left on the premises, the owners or occupants of lots or portions of lots fronting on said portion of said street, avenue, alley, lane, court, or place, or of said

portion of said sidewalks so out of repair or needing reconstruction as aforesaid, to repair or reconstruct, or to do both, forthwith, said portion of said street, avenue, lane, alley, court, or place, to the center line of said street in front of the property of which he is the owner, or tenant, or occupant; and said superintendent of streets shall particularly specify in said notice what work is required to be done, and how the same is to be done, and what material shall be used in said repairs, or reconstructions, or both. If said repairs, or reconstructions, or both, be not commenced within three days after notice given as aforesaid, and diligently and without interruption prosecuted to completion, the said superintendent of streets may, under authority from said city council, make such repairs, reconstruction, or both, or enter into a contract with any suitable person, at the expense of the owner, tenant, or occupant, after the specification for the doing of said work shall have been conspicuously posted by him in his office for two days, inviting bids for the doing of said work, which bids shall be delivered to him at his office on or before the second day of said posting, and opened by him on the next day following the expiration of said two days of posting, and the contract by him be awarded to the lowest bidder, if such lowest bid, in the judgment of said street superintendent, shall be reasonable. All of said bids shall be preserved in his office and open at all times after the letting of the contract to the inspection of all persons, and such owner, tenant, or occupant shall be liable to pay said contract price. Such work shall be commenced within twenty-four hours after the contract shall have been signed, and completed without delay to the satisfaction of said street superintendent. Upon the completion of said repairs, or reconstruction, or both, by said contractors as aforesaid, to the satisfaction of said superintendent of streets, said superintendent of streets shall make and deliver to said contractor a certificate to the effect that said repairs, or reconstruction, or both, have been properly made by said contractor to the grade, and that the charges for the same are reasonable and just, and that he, said superintendent, has accepted the same. [Amendment, Stats. 1889, 169.]

§ 14. If the expenses of the work and material for such improvement, after the completion thereof, and the delivery to said contractor of said certificate, be not paid to the contractor so employed, or his agent or assignee, on demand, the said contractor, or his assignee, shall have the right to sue such owner, tenant, or occupant for the amount contracted to be paid; and said certificate of the superintendent of streets shall be prima facie evidence of the amount claimed for said work and materials, and of the right of the contractor to recover for the same in such action. Said certificate shall be recorded by the said superintendent of streets in a book kept by him in his office for that purpose, properly indexed, and the sum contracted to be paid shall be a lien, the same as provided in section nine of this act, and may be enforced in the same manner.

§ 15. In addition, and as cumulative to the remedies above given, the city council shall have power, by resolution or ordinance, to prescribe the penalties that shall be incurred by any owner or person liable, or neglecting, or refusing to make repairs when required, as provided in section (13) thirteen of this act, which fines and penalties shall be recovered for the use of the city by prosecution in the name of the people of the state of California, in the court

having jurisdiction thereof, and may be applied, if deemed expedient by the said council, in the payment of the expenses of any such repairs not otherwise provided for.

§ 16. The person owning the fee, or the person in whom, on the day the action is commenced, appears the legal title to the lots and lands, by deeds duly recorded in the county recorder's office of each county, or the person in possession of lands, lots, or portions of lots or buildings under claim, or exercising acts of ownership over the same for himself, or as the executor, administrator, or guardian of the owner, shall be regarded, treated, and deemed to be the "owner" (for the purpose of this law), according to the intent and meaning of that word as used in this act. And in case of property leased, the possession of the tenant or lessee holding and occupying under such persons shall be deemed to be the possession of such owner.

§ 17. Any tenant or lessee of the lands or lots liable may pay the amount assessed against the property of which he is the tenant or lessee under the provisions of this act, or he may pay the price agreed on to be paid under the provision of section thirteen of this act, either before or after suit brought, together with costs, to the contractor, or his assigns, or he may redeem the property, if sold on execution or decree for the benefit of the owner, within the time prescribed by law, and deduct the amount so paid from the rents due and to become due from him, and for any sums so paid beyond the rents due from him, he shall have a lien upon and may retain possession of the said land and lots until the amount so paid and advanced be satisfied, with legal interest, from accruing rents, or by payment by the owner.

§ 18. The records kept by the superintendent of streets of said city, in conformity with the provisions of this act, and signed by him, shall have the same force and effect as other public records, and copies therefrom, duly certified, may be used in evidence with the same effect as the originals. The said records shall, during all office hours, be open to the inspection of any citizen wishing to examine them, free of charge.

§ 19. Notices in writing which are required to be given by the superintendent of streets, under the provisions of this act, may be served by any person, with the permission of the superintendent of streets, and the fact of such service shall be verified by the oath of the person making it, taken before the superintendent of streets, who for that purpose, and for all other purposes, and in all cases where a verification is required under the provisions of this act, is hereby authorized to administer oaths, or other person authorized to administer oaths, or such notices may be delivered to the superintendent of streets himself, who must also verify the service thereof, and who shall keep a record of the fact of giving such notices, when delivered by himself personally, and also of the notices and proof of service when delivered by any other person. [Amendment, Stats. 1889, 170.]

§ 20. Whenever any street, or portion of a street, has been or shall hereafter be fully constructed to the satisfaction of the superintendent of streets and of the city council, and is in good condition throughout, and a sewer, gas pipes, and water pipes are laid therein, under such regulations as the city council shall adopt, the same shall be accepted by the city council, by ordinance, and

thereafter shall be kept in repair and improved by the said municipality; the expense thereof, together with the assessment for street work done in front of city property, to be paid out of a fund to be provided by said council for that purpose; provided, that the city council shall not accept of any portion of the street less than the entire width of the roadway (including the curbing), and one block in length, or one entire crossing; and, provided further, that the city council may partially or conditionally accept any street, or portion of a street, without a sewer, or gas pipes, or water pipes therein, if the ordinance of acceptance expressly states that the council deems such sewer, or gas pipes, or water pipes, to be then unnecessary, but the lots of land previously, or at any time, assessable for the cost of constructing a sewer, shall remain and be assessable for such cost, and for the cost of repairs and restoration of the street damaged in the said construction, whenever said council shall deem a sewer to be necessary, and shall order it to be constructed, the same as if no partial or conditional acceptance had ever been made. The superintendent of streets shall keep in his office a register of all streets accepted by the city council under this section, which register shall be indexed for easy reference thereto.

§ 21. The superintendent of streets shall keep a public office in some convenient place within the municipality, and such records as may be required by the provisions of this act. He shall superintend and direct the cleaning of all sewers, and the expense of the same shall be paid out of the street or sewer fund of said city.

§ 22. It shall be the duty of the superintendent of streets to see that the laws, ordinances, orders, and regulations relating to the public streets and highways be fully carried into execution, and that the penalties thereof are rigidly enforced. He shall keep himself informed of the condition of all the public streets and highways, and also of all public buildings, parks, lots, and grounds of said city, as may be prescribed by the city council. He shall, before entering upon the duties of his office, give bonds to the municipality, with such sureties and for such sums as may be required by the city council; and should he fail to see the laws, ordinances, orders, and regulations relative to the public streets or highways carried into execution, after notice from any citizen of a violation thereof, he and his sureties shall be liable upon his official bond to any person injured in his person or property in consequence of said official neglect.

§ 23. If, in consequence of any graded street or public highway improved under the provisions of this act, being out of repair and in condition to endanger persons or property passing thereon, any person, while carefully using said street or public highway, and exercising ordinary care to avoid danger, suffer damage to his person or property, through any such defect therein, no recourse for damages thus suffered shall be had against such city; but if such defect in the street or public highway shall have existed for the period of twenty-four hours or more after notice thereof to the said superintendent of streets, then the person or persons on whom the law may have imposed the obligations to repair such defect in the street or public highway, and also the officer or officers through whose official negligence such defect remains unrepaired, shall be jointly and severally liable to the party injured for the damage sustained; provided, that said superintendent has the authority to make said repairs, under the direction of the city council, at the expense of the city.

§ 24. The city council of such city shall have full power and authority to construct sewers, gutters, and manholes, and provide for the cleaning of the same, and culverts or cesspools, or crosswalks or sidewalks, or any portion of any sidewalk, upon or in any street, avenue, lane, alley, court, or place in such city; and also for drainage purposes, over or through any right of way obtained or granted for such purposes, with necessary and proper outlet or outlets to the same, of such materials, in such a manner, and upon such terms as it may be deemed proper. None of the work or improvements described in this section shall be stayed or prevented by any written or any other remonstrance or objection, unless such council deems proper. [Amendment, Stats. 1893, 173.]

§ 25. The city council may, in its discretion, repair and water streets that shall have been graded, curbed, and planked, paved, or macadamized, and may build, repair, and clean sewers, and shall provide a street contingent fund at the same time and in the same manner as other funds are provided, out of which to pay the costs and expenses of making said repairs, and watering said streets, and building, repairing, and cleaning said sewers; but whenever any unaccepted street or part of a street requires regrading, recurbing, repiling, repaving, replanking, regravelling, or remacadamizing, or requires new culverts, or new crosswalks, or new sidewalks, or new sewers, the work shall be advertised and let out by contract, and the costs and expenses thereof shall be assessed upon the property affected or benefited thereby, the same as in the first instance.

§ 26. The city council may, in its discretion, order, by resolution, that the whole or any part of the cost and expenses of any of the work mentioned in this act be paid out of the treasury of the municipality from such fund as the council may designate. Whenever a part of such cost and expenses is so ordered to be paid, the superintendent of streets, in making up the assessment heretofore provided for such cost and expenses, shall first deduct from the whole cost and expenses such part thereof as has been so ordered to be paid out of the municipal treasury, and shall assess the remainder of said cost and expenses proportionately upon the lots, parts of lots, and lands fronting on the streets where said work was done, or liable to be assessed for such work, and in the manner heretofore provided. [Amendment, Stats. 1891, 206.]

PART II.

§ 27. Whenever the city council deem it necessary to construct a sewer, then the said council may, in its discretion, determine to construct said sewer, and assess the cost and expenses thereof upon the property to be affected or benefited thereby, in such manner and within such assessment district as it shall prescribe, and the lien therefor upon said property shall be the same as is provided in section nine of this act, or said council may determine to construct said sewer and pay therefor out of the street contingent fund.

§ 28. If, at any time, the city council shall deem it necessary to incur any indebtedness for the construction of sewers, in excess of the money in the street contingent fund applicable to the construction of such sewers, they shall give notice of a special election by the qualified electors of the city, to be held to determine whether such indebtedness shall be incurred. Such notice shall specify the amount of indebtedness proposed to be incurred, the route and general character of the sewer, or sewers to be constructed, and the amount of money necessary

to be raised annually by taxation for an interest and sinking fund as herein-after provided. Such notice shall be published for at least three weeks in some newspaper published in such city, and no other question or matter shall be submitted to the electors at such election. If, upon a canvass of the votes cast at such election, it appear that not less than two thirds of all the qualified electors voting at such election shall have voted in favor of incurring such indebtedness, it shall be the duty of the city council to pass an ordinance providing for the mode of creating such indebtedness, and of paying the same; and in such ordinance provision shall be made for the levy and collection of an annual tax upon all the real and personal property subject to taxation, within such city, sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof, within a period of not more than twenty years from the time of contracting the same. It shall be the duty of the city council in each year thereafter, at the time when other taxes are levied, to levy a tax sufficient for such purpose, in addition to the taxes authorized to be levied for city purposes. Such tax, when collected, shall be kept in the treasury as a separate fund, to be inviolably appropriated to the payment of the principal and interest of such indebtedness.

§ 29. If bonds are issued under the provisions of the last section, said bonds shall be in sums of not less than one hundred dollars nor more than one thousand dollars, shall be signed by the mayor and treasurer of the city, and the seal of the city shall be affixed thereto. Coupons for the interest shall be attached to each bond, signed by the mayor and treasurer. Said bonds shall bear interest, to be fixed by the city council, at the rate of not to exceed five per centum per annum.

§ 30. Before the sale of said bonds, the council shall, at a regular meeting, by resolution, declare its intention to sell a specified amount of said bonds, and the day and hour of such sale, and shall cause such resolution to be entered in the minutes, and shall cause notice of such sale to be published for fifteen days in at least one newspaper published in the city in which the bonds are issued, and one published in the city and county of San Francisco, and in any other newspaper in the state, at their discretion. The notice shall state that sealed proposals will be received by the council for the purchase of the bonds on the day and hour named in the resolution. The council, at the time appointed, shall open the proposals and award the purchase of the bonds to the highest bidder, but may reject all bids.

§ 31. The council may sell said bonds, at not less than par value, without the notice provided for in the preceding section.

§ 32. The proceeds of the sale of the bonds shall be deposited in the city treasury, to the account of the sewer fund, but no payment therefrom shall be made, except to pay for the construction of the sewer or sewers, for the construction of which the bonds were issued, and upon the certificate of the superintendent of streets and the city engineer that the work has been done according to the contract; provided, that after the completion of the sewers, for the construction of which said bonds were issued, if there be any money of said fund left in the treasury, the same may be transferred to the general fund, for general purposes. [Amendment, Stats. 1887, 148.]

§ 33. Whenever said council shall determine to construct any sewer, and pay therefor out of the street contingent fund, or by the issuance of bonds, as above provided, then said council shall cause to be prepared plans and specifications of said work in sections, and shall advertise for twenty days in at least one newspaper published in the city in which the sewer is to be constructed, and one in the city and county of San Francisco, for sealed proposals for constructing said sewer. The work may be let in sections, and must be awarded to the lowest responsible bidder, the council having the right to reject any and all bids. The work shall be done and the materials furnished under the supervision and to the satisfaction of the superintendent of streets and the city engineer.

PART III.

§ 34. First—The city engineer, or where there is no city engineer, the county, or city and county surveyor, shall be the proper officer to do the surveying and other engineering work necessary to be done under this act, and to survey and measure the work to be done under contracts for grading and macadamizing streets, and to estimate the costs and expenses thereof; and every certificate signed by him in his official character shall be prima facie evidence in all courts in this state of the truth of its contents. Proof of the publication or posting of any

notice provided for herein shall be made by affidavit of the owner, publisher or clerk of the newspaper, or of the poster of the notice. No publication or notice, other than that provided for in this act, shall be necessary to give validity to any of the proceedings provided for therein.

In all those cities where there is no street superintendent or superintendent of streets, the city council thereof is hereby authorized and empowered to appoint a suitable person to discharge the duties herein laid down as those of street superintendent or superintendent of streets; and all provisions hereof applicable to the street superintendent or superintendent of streets shall apply to such person so appointed.

Ninth—The term “city council” is hereby declared to include any body or board which, under the law, is the legislative department of the government of any city.

§ 35. The superintendent of streets in all cities having a population of fifty thousand or over shall, when in his judgment it is necessary, appoint a suitable person to take charge of and superintend the construction and improvement of each and every sewer constructed or improved under the provisions of this act, and of piling and capping, sidewalks, or of the paving of whatever character heretofore mentioned, in whole or in part, of one block or more, whose duty it shall be to see that the contract made for the doing of said work is strictly fulfilled in every respect, and in case of any departure therefrom to report the same to the superintendent of streets. Such person shall be allowed for his time actually employed in the discharge of his duties such compensation as shall be just, but not to exceed four dollars per day. The sum to which the party so employed shall be entitled shall be deemed to be incidental expenses, within the meaning of those words as defined by this act. [Amendment, Stats. 1903, 88.]

§ 36. The act entitled "An act to provide for the improvement of streets, lanes, alleys, courts, places, and sidewalks, and the construction of sewers within municipalities," approved March sixth, eighteen hundred and eighty-three, is hereby repealed; provided, that any work or proceedings commenced thereunder prior to the passage of this act shall in nowise be affected hereby, but shall in all respects be finished and completed under said act of March sixth, eighteen hundred and eighty-three, and said repeal shall in nowise affect said work or proceedings.

§ 37. That said act shall take effect and be in force immediately upon its passage, and all acts and parts of acts in conflict with this act are hereby repealed; and provided, however, that any work or proceeding of the city council commenced under the act of which this is amendatory shall in nowise be affected thereby, but shall in all respects be finished and completed thereunder. [Amendment, Stats. 1893, 173.]

§ 38. The city council is hereby empowered to change or modify the grade of any public street, lane, alley, place, or court, and to regrade or repave the same, so as to conform to such modified grade, in the manner as hereinafter provided. Before any change of grade is ordered the city council shall pass an ordinance or resolution of intention to make such change or modification of grade, and it shall have power at the same time and in the same ordinance or resolution to provide for the actual cost of performing the work of regrading, repaving, sewerage, sidewalking, or curbing of said street or portion of street, with the same or other material with which it was formerly graded, paved, sewered, sidewalked, or curbed; and that the cost of the same shall also be assessed upon the same district which is declared to be benefited by such changed or modified grade. One or more streets or blocks of streets may be embraced in the same ordinance or resolution. Such ordinance or resolution shall be published in the newspaper in which the official notices of the city council are usually printed and published, and such newspaper is to be designated in such ordinance or resolution. Such publication shall be made in every regular issue of such paper for not less than ten days, and shall describe the proposed change or modification of grade or regrading, and shall designate and establish the district to be benefited

by such change or modification of grade or regrading, and to be assessed for the cost of the same. Within five days after the first publication of the ordinance or resolution of intention, the superintendent of streets shall cause to be conspicuously posted within the district designated in the ordinance or resolution, notice of the passage of said resolution. Said notices shall be the same in all requirements of contents and posting as the "Notices of Street Work" provided for in section three of the original act to which this is amendatory. If no objection to said proposed change or changes, or modifications of grade, shall be filed with the clerk of the council within thirty days from the first publication of the ordinance or resolution of intention hereinbefore mentioned, the city council shall have power to declare such grades to be changed and established in conformity to said ordinance or resolution; provided, that no change of an established grade shall be ordered except on petition of the owners of a majority of the property affected by the proposed change of grade. [Amendment, Stats. 1893, 89.]

§ 39. Within thirty days after the first publication of said notice, any person owning property fronting upon said portions of the street or streets where such change of grade is made, may file a petition with the clerk of the city council showing the fact of such ownership, the description and situation of the property claimed to be damaged, its market value, and the estimated amount of damages over and above all benefits which the property would sustain by the proposed change if completed. Such petition shall be verified by the oath of the petitioners or their agents. [Amendment, Stats. 1893, 90.]

§ 40. Whenever such petition or petitions have been filed, the mayor, surveyor, and superintendent of streets of the city, or city and county, acting as a board of commissioners, shall assess the benefits, damages, and costs of the proposed change of grade upon each separate lot of land situated within such assessment district, as said lot appears of record upon the last city, or city and county assessment roll. [Amendment, Stats. 1893, 90.]

§ 41. The commissioners shall be sworn to make the assessments of benefits and damages to the best of their judgment and ability, without fear or favor. [Amendment, Stats. 1893, 90.]

§ 42. The commissioners shall have power to subpoena witnesses to appear before them to be examined under oath, which any one of said commissioners is authorized to administer. [Amendment, Stats. 1893, 90.]

§ 43. The commissioners having determined the damage which would be sustained by each petitioner, in excess of all benefits, shall proceed to assess the total amount thereof, together with the costs, charges, and expenses of the proceedings, upon the several lots of land benefited within the district of assessment, so that each of the lots shall be assessed in accordance with its benefits caused by such work or improvement; and during the progress of their work shall make a report to such city council as often as it may be required. [Amendment, Stats. 1893, 90.]

§ 44. The commissioners shall make their report, in writing, and shall subscribe to the same and file with the city council. In their said report they shall describe separately each piece of property which will sustain damage, stating the amount of damages each will sustain over and above all benefits. They shall also give a brief description of each lot benefited within said assessment district,

the name of the owner, if known, and the amount of benefits in excess of damages assessed against the same. In case the three commissioners do not agree, the award agreed upon by any two of them shall be sufficient. In designating the lots to be assessed, reference may be had to a diagram of the property in the district affected; such diagram to be attached to and made a part of the report of the commissioners. [Amendment, Stats. 1893, 90.]

§ 45. If in any case the commissioners find that conflicting claims of title exist, or shall be in ignorance or doubt of the ownership of any lot or land, or any improvement thereon, or any interest therein, it shall be set down as belonging to unknown owners. Error in the designation of the owner or owners of any land or improvements, or particulars of their interest, shall not affect the validity of the assessment. On the filing of said report, the clerk of said city council shall give notice of such filing by the publication of at least ten days in one or more daily newspapers published and circulated in said city; or if there be no daily newspaper, by three successive issues in a weekly or semiweekly newspaper so published and circulated; and said notice shall require all persons interested to show cause, if any, why such report should not be confirmed, before the city council, on a day to be fixed by the city council and stated in said notice, which day shall not be less than twenty days from the first publication thereof. [Amendment, Stats. 1893, 91.]

§ 46. All objections shall be in writing and filed with the clerk of the city council, who shall, at the next meeting after the date fixed in the notice to show cause, lay the said objections, if any, before the council, which shall fix a time for hearing the same; of which time the clerk shall notify the objectors in the same manner as are notified objectors to the original resolution of intention. At the time set, or at such other time as the hearing may be adjourned, the city council shall hear such objections and pass upon the same, and at such time shall proceed to pass upon such report, and may confirm, correct, or modify the same, or may order the commissioners to make a new assessment, report, and plat, which shall be filed, notice given and had, as in the case of an original report. In case the ordinance or resolution of intention also provides for the assessing upon the district the cost of regrading or repaving such street or streets to such changed or modified grade, after the report of the commissioners as to the damages caused by such change of grade has been passed upon by the city council, it shall then advertise for bids to perform the work of regrading, repaving, sewerage, sidewalking, or curbing such street or streets with the same or other material with which the same had been formerly graded, paved, sewerage, sidewalked, or curbed; first causing a notice, with specifications, to be posted conspicuously for five days on or near the council chamber door, inviting sealed proposals for bids for doing such work, and shall also cause notices of said work, inviting said proposals and referring to the specifications posted or on file, to be published two days in a daily, semiweekly, or weekly newspaper published and circulated in said city, and designated by the city council for that purpose, and in case there is no newspaper published in the city, then it shall be posted as provided in section three of the original act to which this is amendatory. All proposals or bids offered shall be accompanied by a check, payable to the order of the mayor of the city, and certified by a responsible bank for that amount, which shall not be less than ten per centum of the aggregate of the proposals;

or by a bond for said amount, signed by the bidder and two sureties, who shall justify under oath in double said amount over and above all statutory exemptions. Said proposals or bids shall be delivered to the clerk of the said city council, and said council shall in open session, examine and publicly declare the same; provided, however, that no proposal or bid shall be considered unless accompanied by a check or a bond satisfactory to the council. The city council may reject any and all bids, and may award the contract to the lowest responsible bidder, which award shall be approved by the mayor or the three-fourths vote of the city council. If not approved by the mayor or the three-fourths vote of the city council, the city council may readvertise for proposals or bids for the performance of the work, as in the first instance, and thereafter proceed in the manner in this section provided. All checks accompanying bids shall be held by the clerk until the bearer has entered into a contract, as herein provided; and in case he refuses so to do, then the amount of his certified check shall be declared forfeited to the city, and shall be collected and paid into its general fund, and all bonds so forfeited shall be prosecuted, and the amount thereon collected paid into such fund. Notice of the awards of the contracts shall be published and posted in the same manner as hereinbefore provided for the posting of proposals for said work. [Amendment, Stats. 1893, 91.]

§ 47. After such contract has been awarded and entered into, the clerk of the city council shall certify to the city council that fact, together with the total amount of the cost of the same, whereupon the city council shall cause to be forwarded to the commissioners a copy of such certificate; whereupon such commissioners shall proceed to assess the cost of doing such work upon all the lots and land lying within the district to be assessed, distributing the same so that each lot will be assessed for its proportion of the same, according to the benefits it receives from the work, and in the same manner in which the damages caused by the change of grade were assessed upon the same. Such commissioners, in making such assessment, shall show the total amount for which each lot or tract is assessed, in excess of all benefits, for the total cost of changing and modifying the grade of the street, as well as the regrading, repaving, sewerage, sidewalking, and curbing of the same, and costs or damages connected therewith. The provisions of the act to which this is amendatory in regard to the mode or manner of the assessment of the cost of such work shall not apply to the work herein contemplated; neither shall the provisions of the same in regard to the issuing of bonds to represent the cost of the same, nor the provisions in regard to the right of protest against the work. [Amendment, Stats. 1893, 92.]

§ 48. The clerk of said city council shall forward to the street superintendent of the city a certified copy of the report, assessment, and plat, as finally confirmed and adopted by the city council. Such certified copy shall thereupon be on the assessment roll, the cost of which shall be provided for by the commissioners, as a portion of the cost of the proceedings therein. Immediately upon receipt thereof by the street superintendent, the assessment therein contained shall become due and payable, and shall be a lien upon all the property contained or described therein. [Amendment, Stats. 1893, 93.]

§ 49. The superintendent of streets shall thereupon give notice, by publication for ten days in one or more daily newspapers published and circulated in said city, or city and county, or two successive insertions in a weekly or semi-

weekly newspaper so published and circulated, that he has received said assessment-roll, and that all sums levied and assessed in said assessment roll are due and payable immediately, and that the payment of said sums is to be made to him within thirty days from the date of the first publication of said notice. Said notice shall also contain a statement that all assessments not paid before the expiration of said thirty days will be declared to be delinquent, and that thereafter the sum of five per centum upon the amount of such delinquent assessment, together with the cost of advertising each delinquent assessment, will be added thereto. When payment of any assessment is made to said superintendent of streets, he shall write the word "Paid" and the date of payment opposite the respective assessment so paid, and the name of the persons by or for whom said assessment is paid, and shall give a receipt therefor. On the expiration of said thirty days, all assessments then unpaid shall be and become delinquent, and said superintendent of streets shall certify such fact at the foot of said assessment roll, and shall add five per centum to the amount of each assessment so delinquent. The said superintendent of streets shall, within five days from the date of such delinquency, proceed to advertise the various sums delinquent, and the whole thereof, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece, or parcel of land separately assessed, by the sale of the assessed property in the same manner as is or may be provided for the collection of state and county taxes; and after the date of said delinquency, and before the time of such sale herein provided for, no assessment shall be received, unless at the same time the five per centum added to as aforesaid, together with the cost of advertising then already incurred, shall be paid therewith. Said list of delinquent assessments, with a notice of the time and place of sale of the property affected thereby, shall be published daily for five days, in one or more daily newspapers published and circulated in such city, or by at least two insertions in a weekly newspaper so published and circulated before the day of sale for such delinquent assessment. Said time of sale must not be less than seven days from the date of the first publication of said delinquent assessment list, and the place must be in or in front of the office of said superintendent of streets. All property sold shall be subject to redemption for one year, and in the same manner as in sales for delinquent state and county taxes; and the superintendent of streets shall, if there is no redemption, make and deliver to the purchaser at such sale a deed conveying the property sold, and may collect for each certificate fifty cents, and for each deed one dollar. All provisions of the law in reference to the sale and redemption of property for delinquent state and county taxes, in force at any given time, shall also then, as far as the same are not in conflict with the provisions of this act, be applicable to the sale and redemption of property for delinquent assessments hereunder, including the issuance of certificates and execution of deeds. The deed of the street superintendent, made after such sale, in case of failure to redeem, shall be prima facie evidence of the regularity of all proceedings hereunder, and of title in the grantee. The superintendent of streets shall from time to time pay over to the city treasurer all moneys collected by him on account of any such assessments. The city treasurer shall, upon receipt thereof, place the same in a separate fund, designating each fund by the name of the street, square, lane, alley, court, or place for the change of grade for which the assessment was made. Pay-

ments shall be made from said fund to the parties entitled thereto, upon warrants signed by the commissioners or a majority of them. [Amendment, Stats. 1893, 93.]

§ 50. When sufficient money is in the hands of the city treasurer, in the fund voted for the proposed work or improvement, to pay the total cost for damages, as well as for the cost of doing the work, and all other expenses connected therewith, it shall be the duty of the commissioners to notify the owner, possessor, or occupant of the premises damaged, and to whom damages have been awarded, that a warrant has been drawn for the payment of the same, which can be received at the office of such commissioners. Such notification may be made by depositing a notice, postage paid, in the post-office, addressed to his last known place of residence. If, after the expiration of three days after the service or deposit of the notice in the post-office, he shall not have applied for such warrant, the same shall be drawn and deposited with the city treasurer, to be delivered to him upon demand. [Amendment, Stats. 1893, 94.]

§ 51. If the owner of any premises damaged neglects or refuses, for ten days after the warrant has been placed in the hands of the city treasurer, subject to his demand, to accept the same, the city council may cause proceedings to be commenced, in the name of the city, to condemn said premises, as provided by law under the right of eminent domain. The ordinance or resolution of intention shall be conclusive evidence of the necessity of the same. Such proceedings shall have precedence, so far as the business of the court will permit, and any judgment for damages therein rendered shall be payable out of the special fund in the treasury for that purpose. At any time after the trial and judgment entered, or pending appeal, the court may order the city treasurer to set apart in the city treasury a sufficient sum from said fund to answer the judgment, and thereupon may authorize or order the municipality to proceed with the proposed work or improvements. In case of a deficiency in said fund to pay the whole assessed judgment and damages, the city council may, in its discretion, order the balance thereof to be paid out of the general fund of the treasury, or to be distributed by the commissioners over the property assessed by a supplementary assessment; but in the last-named case, in order to avoid delay, the city council may advance such balance out of any available fund in the treasury, and reimburse the same from the collection of assessments. The treasurer shall pay such warrants in the order of their presentation; provided, that warrants for damages and for costs of performing the work shall have priority over warrants for charges and expenses, and the treasurer shall see that sufficient money remains in the fund to pay all warrants of the first class before paying any of the second. The provisions of section one thousand two hundred and fifty-one of the Code of Civil Procedure, requiring the payment of damages within thirty days after the entry of judgment, shall not apply to damages rendered in proceedings under this act. [Amendment, Stats. 1893, 95.]

§ 52. All other provisions contained in the act to which this is amendatory, and which provisions are not in conflict herewith, shall apply to all matters herein contained. All proceedings in any work or improvement, such as is provided for in this act, already commenced and now in progress under another act now in force, or by virtue of an ordinance or resolution of intention heretofore

passed, may, from any stage of such proceedings already commenced and now in progress, be continued under this act by resolution of the city council. The said work or improvement may then be conducted under the provisions of this act, with full force and effect in all respects from the stage of such proceedings at and from which such resolution or ordinance shall declare the intention to have such work done or improvement cease under such other acts or ordinances and continued under this act; and from such election so made all proceedings theretofore had are hereby ratified, confirmed, and made valid, and it shall be unnecessary to renew or conduct over again any proceedings prior to the passage of this act. [Amendment, Stats. 1893, 95.]

§ 53. The provisions of this act shall be liberally construed to permit the objects thereof. [Amendment, Stats. 1893, 96.]

Bonds.—See next following statute (1893, 33).

The general law for street improvement and construction of sewers, of 1883 (Stats. 1883, 32), was repealed by general law of 1885, 147, § 36, p. 165. This latter act has been amended as follows: § 32, 1887, 148; §§ 2, 3, 4, 5, 7, 9, 12, 13, 19, 24, 26, 34, 37, by 1889, 157; §§ 2, 3, 4, 5, 7, 9, 24, 26, 34, 35, 37, by 1891, 196; §§ 38 to 53, inclusive, were added, 1891, 461; and these latter sections were amended by 1893, 89; §§ 2, 24, and 37 were amended by 1893, 172; § 6½ was added, 1899, 23; § 35 was also amended by 1903, 88.

It may also be noted that a part IV, embracing §§ 38 to 43 inclusive, was added to the Act of 1885, by 1891, 116, but the latter was in turn repealed by § 8 of the "bond" act of 1893, 33.

As to authority for laying out, opening, widening, extending, etc., of streets, statute of 1889, 70, is entirely unaffected by statute of 1903, 376. By Act of 1893, 220, the Act of 1889, 70, was attempted to be limited to municipalities of less than forty thousand inhabitants, or, more correctly, the latter act was made to apply to cities of forty thousand or more inhabitants. The constitutionality of the Act of 1893, 220, was questioned in *Brown vs. Board of Supervisors* (though conceded for the purposes of that case), 124 Cal. 274, 277, 57 Pac. Rep. 82. Compare with *Pasadena vs. Stimson*, 91 Cal. 238, 258, 27 Pac. Rep. 604, and *Darcy vs. Mayor of San Jose*, 104 Cal. 642, 38 Pac. Rep. 500. The new enactment of 1903, 376-386, provides alternative procedure.

STREET LAW—BONDS.

To provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds.

(Stats. 1893, 33, ch. XXI; amended 1899, 40, ch. XLII.)

§ 1. Wherever in this act the phrase "street work act" is used, it means, and shall be taken to mean, the act entitled "An act to provide for work upon streets, lanes, alleys, courts, places, and sidewalks, and for construction of sewers within municipalities," approved March eighteenth, eighteen hundred and eighty-five, and all acts amendatory thereof or supplementary thereto; and wherever in this act the name of any municipal body or officer is used, or any word or phrase is used which is not herein expressly defined, it means and shall be taken to mean such municipal body or officer, or word or phrase, as the same is expressly defined in said street work act, and in all acts amendatory thereof or supplementary thereto.

§ 2. Whenever the city council of any municipality in this state shall find, upon estimates of the city engineer, that the cost of any proposed work or improvement authorized by said street work act will be greater than fifty cents per front foot along each line of the street so proposed to be improved, including the cost of intersection work assessable upon said frontage, it shall have the power, in its discretion, to determine that serial bonds shall be issued to represent the cost of said work or improvement, in the manner and form hereinafter provided. Said serial bonds shall extend over a period not to exceed ten years

from their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date, until the whole is paid, and the interest shall be payable semiannually, by coupon, on the second days of January and July, respectively, of each year, at the rate of not to exceed ten per centum per annum on all sums unpaid, until the whole of said principal and interest are [is] paid. Said bonds and interest thereon shall be paid at the office of the city treasurer of said municipality, who shall keep a fund designated by the name of said bonds, into which he shall receive all sums paid him for the principal of said bonds and the interest thereon, and from which he shall disburse such sums, upon the presentation of said coupons; and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. Said city treasurer shall keep a register in his office, which shall show the series, number, date, amount, rate of interest, payee and indorsees of each bond, and the number and amount of each coupon or principal or interest paid by him, and shall cancel and file each coupon so paid. [Amendment, Stats. 1899, 40.]

§ 3. When said city council shall determine that serial bonds shall be issued to represent the expenses of any proposed work or improvement under said street work act, it shall so declare in the resolution of intention to do said work, and shall specify the rate of interest which they shall bear. The like description of said bonds shall be inserted in the resolution ordering the work, in the resolution of award, and in all notices of said proceedings required by said street work act to be either posted or published; and also a notice that a bond will issue to represent each assessment of twenty-five dollars or more remaining unpaid for thirty days after the date of the warrant, or five days after the decision of said council upon an appeal, and describing the bonds, shall be included in the warrant provided for in section nine of said street work act. [Amendment, Stats. 1899, 40.]

§ 4. After the full expiration of thirty days from the date of the warrant, or if an appeal be taken to the city council, as provided in section eleven of said street work act, then five days after the final decision of said council, and after the street superintendent shall have recorded the return, as provided in section ten of the same act, the street superintendent shall make and certify to the city treasurer a complete list of all assessments unpaid, which amount to twenty-five dollars or over, upon any assessment or diagram number; and said treasurer shall thereupon make out, sign, and issue to the contractor, or his assigns, payee of the warrant and assessment, a separate bond, representing upon each lot or parcel of land upon said list the total amount of the assessments against the same, as thereon shown. And if said lot or parcel of land is described upon said assessment and diagram by its number or block, or both, and is also designated by its number or block, or both, upon the official map of said municipality, or upon any map on file in the office of the county recorder of the county in which said municipality is situated, then it shall be in said bond a sufficient description of said lot or parcel of land to designate it by said number or block, or both, as it appears on said official or recorded map.

Said bond shall be substantially in the following form:

Series (designating it), in the city (or other form of the municipality) of (naming it).

\$———100.

No. ——.

Under and by virtue of an act of the legislature of the state of California (title of said act), I, out of the fund for the above designated street improvement bonds, series ——, will pay to ——, or order, the sum of ——dollars (\$——) with interest at the rate of —— per centum per annum, all as is hereinafter specified, and at the office of the —— treasurer of the —— of ——, state of California. This bond is issued to represent the cost of certain street work upon ——, in the —— of ——, as the same is more fully described in assessment number ——, issued by the street superintendent of said ——, after his acceptance of said work, and recorded in his office. Its amount is the amount assessed in said assessment against the lot or parcel of land numbered therein, and in the diagram attached thereto, as number ——, and which now remains unpaid, but until paid, with accrued interest, is a first lien upon the property affected thereby, as the same is described herein, and in said recorded assessment with its diagram, to wit: the lot or parcel of land in said —— of ——, county of ——, state of California, ——.

This bond is payable exclusively from said fund, and neither the municipality nor any officer thereof is to be holden for payment otherwise of its principal or interest. The term of this bond is —— years from its date, and at the expiration of said time the whole sum then unpaid shall be due and payable; but on the second day of January of each year after its date an even annual proportion of its whole amount is due and payable, upon presentation of the coupon therefor, until the whole is paid, with all accrued interest at the rate of —— per centum per annum.

The interest is payable semiannually, to wit: on the second days of January and of July in each year hereafter, upon presentation of the coupons therefor, the first of which is for the interest from date to the next second day of ——, and thereafter the interest coupons are for semiannual interest, except the last, which is for interest from the semiannual payment next preceeding and to the date of the final maturity of this bond.

Should default be made in the annual payment upon the principal, or in any payment of interest from the owner of said lot or parcel of land, or any one in his behalf, the holder of this bond is entitled to declare the whole unpaid amount to be due and payable, and to have said lot or parcel of land advertised and sold forthwith, in the manner provided by law.

At said —— of ——, this —— day of ——, in the year one thousand —— hundred and ——.

_____,
City treasurer of the —— of ——.

Provided, that in case the amount of unpaid assessments upon any lot or parcel of land shall be less than twenty-five dollars, then the same shall be collected as is hereinbefore provided in part one of said street work act.

Provided, also, that if any person, or his authorized agent, shall at any time before the issuance of the bond for said assessment upon his lot or parcel of land present to the city treasurer his affidavit, made before a competent officer, that

he is the owner of a lot or parcel of land in said list, accompanied by the certificate of a searcher of records that he is such owner of record, and with such affidavit and certificate such person notifies said treasurer in writing that he desires no bond to be issued for the assessments upon said lot or parcel of land, then no such bond shall be issued therefor, and the payee of the warrant, or his assigns, shall retain his right for enforcing collection as if said lot or parcel of land had not been so listed by the street superintendent.

The bonds so issued by said treasurer shall be payable to the party to whom they issue, or order, and shall be serial bonds, as is hereinbefore described, and shall bear interest at the rate specified in the resolution of intention to do said work. They shall have annual coupons attached thereto, payable in annual order, on the second day of January in each year after the date of the bond, until all are paid, and each coupon shall be for an even annual proportion of the principal of the bond. They shall have semiannual interest coupons thereto attached, the first of which shall be payable upon the second day of January or July, as the case may be, next after its date, and shall be for the interest accrued at that time, and the last of which shall be for the amount of interest accruing from the second day of January or July, as the case may be, next preceding the maturity of said bonds to the maturity thereof. The city treasurer shall, in addition to his other duties in the premises, report all coupon payments of principal upon said bonds to the street superintendent, who shall forthwith indorse the same upon the margin of the record of the assessment to the credit of which the same is paid, and said assessment shall be a first lien upon the property affected thereby until the bond issued for the payment thereof, and the accrued interest thereon, shall be fully paid. Said bonds, by their issuance, shall be prima facie evidence of the regularity of all proceedings thereto under said street work act and this act, previous to the making of the certified list of all assessments unpaid to the amount of twenty-five dollars or over by the street superintendent, to the city treasurer, and of the validity of said lien, up to the date of said list. [Amendment, Stats. 1899, 41.]

§ 5. Whenever, through the default of the owner of any lot or parcel of land to represent the assessment upon which such bond has been, or may hereafter be, issued, and payment, either upon the principal, or of the interest, has not been, or shall not be made when the same has become, or shall become due, and the holder of the bond thereupon demands, in writing, that the said city treasurer proceed to advertise and sell said lot or parcel of land, as herein provided, then the whole bond, or its unpaid remainder, with its accrued interest, as expressed in said bond, shall become due and payable immediately, and on the day following shall become delinquent.

Subdivision a. Upon the application of the holder of any bond that is now or shall hereafter become delinquent as provided in this section, the said city treasurer shall publish for two weeks in a newspaper of general circulation, to be designated by him, published in the city where his office is situated, a notice which must contain the date, number, and series of the delinquent bond, a description of the property mentioned in said bond, and the name of the owner of such property (if known), and if unknown, the fact shall be so stated, the amount due thereon, and a statement that unless the amount of said bond and the interest due thereon, together with the cost of publication of such notice, are

paid, the real property described in said bond will be sold at public auction on a day to be therein fixed, which shall not be less than fifteen nor more than thirty days from the day of the first publication of said notice, and the place of such sale, which must be the office of the said city treasurer.

Subdivision b. The city treasurer, before the day of sale hereinafter provided for, must file with the city clerk a copy of the publication, with an affidavit of the publisher of such newspaper, or some one in his behalf, attached thereto, that it is a true copy of the same; that the publication was made in a newspaper, stating its name and place of publication and the date of each appearance in which such publication was made—which affidavit is primary evidence of all the facts stated therein.

Subdivision c. The city treasurer must collect, in addition to the amount due on such bond, the cost of the publication of such notice, and fifty cents for the certificate of sale, as hereinafter provided.

Subdivision d. At any time prior to the sale, the owner or person in possession of any real estate offered for sale under the provisions of this act may pay the whole amount of said bond then due, with costs, and such bond shall thereupon be canceled; but in case such payment is not made by such owner, or person in possession, or by some one in behalf of such owner, or person in possession, the property subject thereto shall be sold as herein provided.

Subdivision f. The city treasurer, before delivering any certificate, must, in a book kept in his office for that purpose, enter the date, number, and series of the bond, a description of the land sold corresponding with the description in the certificate, the date of sale, purchaser's name, the amount paid, regularly number the descriptions on the margin of the book, and put a corresponding number on each certificate. Such book must be open to public inspection during office hours when not in actual use, and he shall enter on the record of the bond the words "Canceled by sale of the property," giving the date of such sale.

Subdivision g. Immediately on the sale, the purchaser shall become vested with a lien on the property, so sold to him, to the extent of his bid, and is only divested of such lien by the payment to the city treasurer of the purchase money, including costs herein provided for, with interest thereon at the rate of one per centum per month from the date of sale.

Subdivision h. A redemption of the property sold may be made by the owner of the property, or any party in interest, within twelve months from the date of purchase, or at any time prior to the application for a deed, as hereinafter provided. Redemption must be made in lawful money of the United States, and when made to the city treasurer he must credit the amount paid to the person named in his certificate, and pay it on demand to him or his assignees.

Subdivision i. On receiving the certificate of sale, the recorder must file it, and make an entry in a book similar to that required of the city treasurer, the fee for which shall be fifty cents, and on presentation of the receipt of the city treasurer for the total amount of the redemption money, the recorder must, without charge, mark the word "Redeemed," the date, and by whom redeemed, on the margin of the book where the entry of the certificate is made.

Subdivision j. If the property is not redeemed within the time allowed by subdivision h hereof for its redemption, the city treasurer, or his successor in office, upon application of the purchaser or his assignee, must make to said pur-

chaser, or his assignee, a deed to the property, reciting in the deed, substantially, the matter contained in the certificate, and that no person has redeemed the property during the time allowed for its redemption; the treasurer shall be entitled to receive from the purchaser two dollars for making said deed, which shall be deposited in the city treasury for the use of the city after payment has been made therefrom for the acknowledgment of said deed; provided, however, that the purchaser of the property, or his assignee, must, thirty days prior to the expiration of the time of the redemption, or thirty days before his application for a deed, serve upon the owner or agent of the property purchased, if named in such certificate, and upon the party occupying the property, if the property is occupied, a written notice, stating that said property, or a portion thereof, has been sold to satisfy the bond lien, the date of sale, the date, number, and series of the bond, the amount then due, and the time when the right of redemption will expire, or when the purchaser will apply for a deed, and the owner of the property shall have the right of redemption indefinitely, until such notice shall have been given and said deed applied for, upon the payment of the fees, penalties, and costs in this act required. In case of unoccupied property, a similar notice must be posted in a conspicuous place upon the property at least thirty days before the expiration of the time for redemption, or thirty days before the purchaser applies for a deed; and no deed to the property sold, in accordance with the provisions of this act, shall be issued by the city treasurer to the purchaser of such property, until such purchaser shall have filed with such treasurer an affidavit showing that the notice hereinbefore required to be given has been given as herein required, which said affidavit shall be filed and preserved by the said treasurer as other records kept by him in his office. Such purchaser shall be entitled to receive the sum of fifty cents for his service of such notice and the making of said affidavit, which sum of fifty cents shall be paid by redemptioner at the time and in the same manner as the other sums, costs, and fees are paid.

Subdivision k. The deed, when duly acknowledged or proved, is primary evidence of the regularity of all proceedings theretofore had, and conveys to the grantee the absolute title to the lands described therein, as of the date of the expiration of the period for redemption, free of all encumbrances, except the lien for state, county, and municipal taxes. [Amendment, Stats. 1899, 43.]

§ 6. Whenever any railroad track or tracks of any description exists upon any street or streets on which the city council has ordered work to be done or improvements made, excepting therefrom such portions as is [are] required by law to be kept in order or repair, by any person or company having railroad tracks thereon, the said council may, at any time thereafter, order such person or company to perform upon said excepted portion the work or improvements, similar in all respects to that already ordered to be performed under the same specifications and superintendence, with the same materials, within the same time, and to the like satisfaction and acceptance. Thereupon it shall be the duty of the clerk of said council to deliver immediately a copy of such order, certified by him, to such person or company, and to make and preserve in his office a certificate of such delivery, its date, and upon whom made. Should such person or company, for thirty days, or within such extension of time as the city council may grant, thereafter refuse or neglect to make or have made such work

or improvement in the manner or time ordered, it shall be the duty of the city council to have such work or improvement performed, and such refusal or neglect punished in the manner provided by law. Within fifteen days after receiving the certified copy of said order, such person or company may file with the clerk of said council a written assumption of the performance of said work or improvement, according to the order, or a request to the council to have such work or improvement performed, for and at the expense of such person or company, in the manner herein provided. The failure to file such instrument within said time shall be taken and deemed to be a refusal to comply with the order. Upon reception of said assumption of the direct performance of said work or improvement, the city council shall take no further proceedings in the matter, unless such person or company neglects or fails for thirty days, or such further time as the council may grant, to comply with the provisions of the order. But if such person or company files the said request that the said council have such work or improvement performed, or fails to perform said work within thirty days, or within such further time as the council may grant, then said city council may pass an ordinance of intention to perform said work, which ordinance shall specify the work to be performed, and a statement that unless within thirty days after the recording of the return of the warrant, or within five days after the final decision of the council on an appeal, the said person or company shall pay the cost of said work, or the street superintendent of said city shall issue bonds to represent the cost of said work, stating also that the cost of said work, in case bonds shall issue, shall be paid in ten yearly instalments, and also the rate of interest (not to exceed ten per centum per annum) that the same shall bear. The subsequent procedure shall be as provided by the "Street Work Act." A similar statement shall also be incorporated in all notices required to be posted or published by the provisions of the "Street Work Act"; also in the ordinance or resolution ordering the work, advertisement for proposals, and in the contract. Whenever the person or company owning any such railroad shall not have, within thirty days after the recording of the return of the warrant, or within five days after the final decision of the council on an appeal, paid the cost of such work, the street superintendent shall issue to the contractor, or his assigns, bonds for the amount of such cost, which shall describe the franchise, tracks, and roadbed along or between which said work has been performed, and describing the same as upon the assessment and diagram, giving its assessment number. Such bonds shall also describe the work performed, giving the total amount of the cost of such work, the name of the owner of said railroad, the number of instalments in which the cost of the work is to be paid, and the rate of interest which the deferred payments shall bear. Said bonds shall be in sums of not less than one hundred dollars or more than one thousand dollars, and shall recite that the total amount of the cost of such work, together with the interest thereon, as represented in said bonds, is, except state, county, and municipal taxes, a first lien upon all the track, roadbed, switches, and franchises of said railroad lying within the corporate limits of the city or town, on any part of which said work has been performed. Said street superintendent shall also keep a record of such bonds, as required by section eighteen of the "Street Work Act." Whenever bonds have been issued, as herein provided, the same, together with the cost of such work and the interest thereon, shall be, except state, county,

or municipal taxes, a first lien upon all the tracks, roadbed, switches, and franchises of said railroad within the corporate limits of the city or town, on any part of which said work has been performed. Sections four and five of this act, regarding the form, issuance, and foreclosure of street bonds, and the sale of property described therein, shall apply hereto, except that the work required to be performed by the treasurer by said sections shall be performed by the street superintendent, in so far as the bonds for the paving of railroads are concerned. None of the provisions of the "Street Work Act" in regard to a protest against the work shall apply to any work contemplated by this section. All provisions of the "Street Work Act" not inconsistent with the provisions hereof shall apply hereto.

§ 7. The term "city treasurer," as used in this act, shall be held to mean and include any person who, under whatever name or title, is the custodian of the funds of the municipality.

§ 8. The act entitled "An act to amend an act entitled 'An act to provide for work upon streets, lanes, alleys, courts, places, and sidewalks, and for construction of sewers within municipalities,' approved March eighteenth, eighteen hundred and eighty-five, by adding thereto an additional part, numbered four, consisting of sections thirty-eight, thirty-nine, forty, forty-one, forty-two, forty-three, and forty-four, relative to a system of street improvement bonds," approved March seventeenth, eighteen hundred and ninety-one, is hereby repealed, except as to any and all proceedings hitherto commenced thereunder, which proceedings may be completed and have full force as is therein provided.

§ 9. This act shall take effect and become of force from and after its passage.

STREET LAW—CITIES OVER FORTY THOUSAND.

To provide for laying out, opening, extending, widening, straightening, diverging, curving, contracting, or closing up, in whole or in part, any street, square, lane, alley, court, or place within municipalities or cities and counties of forty thousand inhabitants or over, and to condemn and acquire any and all land and property necessary or convenient for that purpose.

(Stats. 1893, 220, ch. CLXXXVI.)

§ 1. Be it enacted: Whenever the public interest or convenience may require, the city council of any municipality or cities and counties, containing over forty thousand inhabitants, shall have full power to order, and upon the petition of the owners of a majority of the frontage to be taken for said purpose shall order, the opening, extending, widening, straightening, diverging, curving, contracting, or closing up, in whole or in part, of any street, square, lane, alley, court, or place within the bounds of such city, and shall condemn and acquire any and all lands necessary or convenient for that purpose.

§ 2. Before ordering any work to be done or improvement made, which is authorized by section one of this act, the city council shall then pass a resolution declaring the intention to do said work, describing the work or improvement, and the land deemed necessary to be taken therefor, and specifying the exterior boundaries of the district of land to be affected or benefited by said work or improvement, and be assessed to pay the damages, cost, and expense thereof.

§ 3. The street superintendent shall then cause to be conspicuously posted along the line of said contemplated work or improvement, and not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of said resolution. Said notice shall be headed, "Notice of Public Work," in letters not less than one inch in length, shall be in legible characters, state the fact of the passage of the resolution, its date, and, briefly, the work of improvement proposed, and refer to the resolution for further particulars. He shall also cause a notice similar in substance to be published for a period of ten days in one or more daily newspapers published and circulated in said city, and designated by said city council; or if there is no daily newspaper so published and circulated in said city, then by four successive insertions in a weekly or semiweekly newspaper so published, circulated, and designated.

§ 4. Any person through whose lands said proposed street extension runs, or who will be damaged or affected by said proposed work, may, within ten days after the first publication of said notice, file with the clerk of the city council his written objections thereto, stating in what manner and to what extent he will be damaged, which objection shall be delivered to the clerk of the city council, who shall indorse thereon the date of its reception by him, and at the next meeting of the city council, after the expiration of said ten days, lay said objections before said city council, which shall fix a time for hearing said objections, not less than one week thereafter. The city clerk shall thereupon notify the persons making such objections by depositing a notice thereof in the post-office of said city, postage prepaid, addressed to such objector.

§ 5. At the time specified, or to which the hearing may be adjourned, the city council shall hear the objections filed, and if the owners of a majority of the frontage of all lands to be assessed for benefits, as said owners appear on the last preceding annual assessment roll for state and county taxes, object, in writing, to said proposed opening, extending, and widening, straightening, diverging, curving, contracting, or closing up of said street, said city council shall sustain said objections, and all proceedings therefor shall be stopped for the period of twelve months. Proceedings may be again commenced by a new resolution of intention. If the owners of a majority of the frontage of all streets within the assessment district do not object, in writing, thereto, within the time specified in this act, the city council shall be deemed to have acquired jurisdiction to order any of the work to be done or improvements to be made which is authorized by section one of this act.

§ 6. Having acquired jurisdiction, as provided in the preceding section, the city council shall order said work to be done, and, unless the proposed work is for closing up, and it appears that no assessment is necessary, shall appoint three disinterested persons, who shall constitute a board of commissioners in that regard, who shall have full supervision of the proposed work or improvement until the completion thereof in compliance with this statute. For their services they shall each receive, as compensation, not to exceed five dollars for every day of actual service; provided, that said compensation shall not be paid for a longer term than six months for each district, unless extended by the council. Such extension shall not exceed two months at one time, nor shall the term of office of said commissioners, for any district, continue for longer than one year. Such compensation shall be added to and be chargeable as a part of

the expenses of the work or improvement. Each of said commissioners shall file with the clerk of the city council an affidavit and a bond to the state of California, in the sum of five thousand dollars, to faithfully perform the duties of his office. The city council may at any time remove any or all of said commissioners for cause upon reasonable notice and hearing, and may fill any vacancies occurring among them for any cause. At the end of the terms of said commissioners, they shall hand over all unfinished business to the city council, who shall complete the same. In all municipalities where there is a board of public works such board shall constitute the board of commissioners in this section provided for, and shall perform the duties of such commissioners, and their salaries as members of the board of public works shall be in full compensation for such services. It shall be the official duty of the city attorney to render said commissioners all necessary legal services; provided, that the city surveyor shall, for any work or services which he may perform by the direction of the common council or other legislative department of the city government, receive, in addition to his salary allowed by law, all sums which he may lay out, pay out, or expend in the prosecution of said work, for materials or labor necessarily therein by him employed.

§ 7. Said commissioners shall have an office assigned to them by the city council, in the city hall, and shall have power to employ a secretary, at a salary not to exceed one hundred and fifty dollars per month, and such other clerical assistance as shall be provided them by the city council, the salaries and fees of whom shall be established and fixed by said city council.

§ 8. All such charges and expenses shall be deemed as expenses of said work of [or] improvement, and be a charge only upon the funds devoted to the particular work or improvement as provided hereinafter. All payments, as well for the land and improvements taken or damaged, and for the charges and expenses, shall be paid by the city treasurer, upon warrants drawn upon said fund from time to time, signed by said commissioners, or a majority of them. All such warrants shall state whether they are issued for land or improvements taken or damaged, or for charges and expenses, and that the demand is only payable out of the money in said fund, and in no event shall the city be liable for the failure to collect any assessment made by virtue hereof, nor shall said warrant be payable out of any other fund, nor a claim against the city.

§ 9. Said commissioners shall proceed to view the lands described in the resolution of intention, and may examine witnesses on oath, to be administered by any of them. Having viewed the land to be taken, and the improvements affected, and considered the testimony presented, they shall proceed with all diligence to determine the value of the land, and the damage to improvement and property affected, and also the amount of the expenses incident to said work or improvement, and having determined the same, shall proceed to assess the same upon the lands described in said district herein provided. The lands fronting on said extension or widening shall only be assessed to the depth of one hundred and twenty feet, or the full depth of the lots, not exceeding one hundred and fifty feet; and said lands shall be assessed with reference to the amount of grading to be done, and their location on the grades of said street or improvement; and the expenses of grading said lots or lands, whether filling or cutting shall be necessary to place them on the grade of said street or improvement, shall be

estimated in determining the value of the land, and the damage to the improvement and property affected.

§ 10. Said commissioners, having made their assessment of benefits and damage, shall, with all diligence, make a written report thereof, to the city council, and shall accompany their report with a plat showing the land taken, or about to be taken, for the work or improvement, and the lands assessed, showing the relative location of each district, block, lot, or portion of lot, and its dimensions, so far as the commissioners can reasonably ascertain the same. Each block and lot, or portion of lot, taken or assessed, shall be designated and described in said plat by an appropriate number, and a reference to it by such descriptive number shall be a sufficient description of it in any suit entered to condemn and in all respects. When the report and plat are approved by the city council, a copy of said plat, appropriately designated, shall be filed by the clerk thereof in the office of the recorder of the county.

§ 11. Said report shall specify each lot, subdivision, or piece of property taken or injured by the widening or other improvement, or assessed therefor, together with the name of the owner or claimant thereof, or of persons interested therein as lessees, encumbrancers, or otherwise, so far as the same are known to such commissioners, and the particulars of their interests, so far as the same can be ascertained, and the amount of value or damage, or the amount assessed, as the case may be.

§ 12. If in any case the commissioners find conflicting claims of title exist, or shall be in ignorance or doubt as to the ownership of any lot of land, or of any improvements thereon, or any interest therein, it shall be set down as belonging to unknown owners. Error in the designation of the owner or owners of any land or improvements, or of the particulars of their interest, shall not affect the validity of the assessment or the condemnation of the property to be taken.

§ 13. Said report and plat shall be filed in the clerk's office of the city council, and thereupon the clerk of said city council shall give notice of such filing by publication for at least ten days in one or more daily newspapers published and circulated in said city; or if there be no daily newspaper, by three successive insertions in a weekly or semiweekly newspaper so published and circulated. Said notice shall also require all persons interested to show cause, if any, why such report should not be confirmed, before the city council, on or before a day fixed by the clerk thereof, and stated in said notice, which day shall be not less than thirty days from the first publication thereof.

§ 14. All objections shall be in writing, and filed with the clerk of the city council, who shall, at the next meeting after the day fixed in the notice to show cause, lay the said objections, if any, before the city council, which shall fix a time for hearing the same, of which the clerk shall notify the objectors in the same manner as objectors to the original resolution of intention. At the time set, or at such other time as the hearing may be adjourned to, the city council shall hear such objections and pass upon the same; and at such time, or if there be no objections at the first meeting after the day set in such order to show cause, or such other time as may be fixed, shall proceed to pass upon such report, and may confirm, correct or modify, or may sustain the objections thereto and order the commissioners to make a new report, assessment, and plat, which in either

case shall be filed, and notice given and hearing had, as in the case of the original report; but no report, or plat, or assessment shall be filed by said commissioners after the expiration of ten months after their appointment.

§ 15. The clerk of said city council shall forward to the street superintendent of the city a certified copy of the report, assessment, and plat as finally confirmed and adopted by the city council. Such certified copy shall thereupon be the assessment roll, and thirty days after such filing shall become a lien on the property assessed therein, for its proportion of the costs of said improvement, as hereinbefore provided.

§ 16. The superintendent of streets shall thereupon give notice by publication for ten days in two daily newspapers published and circulated in said city and county, or by two successive insertions in a weekly or semiweekly newspaper so published and circulated, that he has received said assessment roll, and that all sums levied and assessed in said assessment roll are due and payable immediately, and that the payment of said sums is to be made to him within thirty days from the date of the first publication of said notice. Said notice shall also contain a statement that all assessments not paid before the expiration of said thirty days will be declared to be delinquent, and that thereafter the sum of five per centum upon the amount of each delinquent assessment, together with the cost of advertising each delinquent assessment, will be added thereto. When payment of any assessment is made to said superintendent of streets, he shall write the word "Paid" and the date of payment opposite the respective assessments so paid, and the names of persons by or for whom said assessment is paid, and shall, if so required, give a receipt therefor. On the expiration of said thirty days, all assessments then unpaid shall be and become delinquent, and said superintendent of streets shall certify such fact at the foot of said assessment roll, and shall add five per centum to the amount of each assessment so delinquent. The said superintendent of streets shall, within five days from the date of said delinquency, proceed to advertise and collect the various sums delinquent and the whole thereof, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece, or parcel of land separately assessed, by the sale of the assessed property in the same manner as is or may be provided for the collection of state and county taxes; and after the date of said delinquency, and before the time of said sale herein provided for, no assessment shall be received unless at the same time the five per centum added thereto, as aforesaid, together with the cost of advertising then already incurred, shall be paid therewith. Said list of delinquent assessments shall be published daily for five days in one or more daily newspapers published and circulated in such city, or by at least one insertion in a weekly newspaper so published and circulated, before the day of sale of such delinquent assessment. Said time of sale must not be less than seven days from the date of the first publication of said delinquent assessment list, and the place must be in or in front of the office of said superintendent of streets. All property sold shall be subject to redemption in the same time and manner as in sales for delinquent state and county taxes; and the superintendent of streets may collect for each certificate fifty cents, and for each deed one dollar. All provisions of the law in reference to the sale and redemption of property for delinquent state and county taxes in force at any given time shall also then, so far as the same are not in conflict with the provisions of this act, be applicable

to the sale and redemption of property for delinquent assessments hereunder, including the issuance of certificates and the execution of deeds. The deed of the street superintendent made after such sales, in case of failure to redeem, shall be prima facie evidence of the regularity of all proceedings hereunder and of title in the grantee. It shall be conclusive evidence of the necessity of taking or damaging the lands taken or damaged, and of the correctness of the compensation awarded therefor. The superintendent of streets shall, from time to time, pay over to the city treasurer all moneys collected by him on account of any such assessments. The city treasurer shall, upon receipt thereof, place the same in a separate fund, designating such fund by the name of the street, square, lane, alley, court, or place for the widening, opening, or other improvement of which the assessment was made. Payments shall be made from said fund to the parties entitled thereto, upon warrants signed by the commissioners, or a majority of them.

§ 17. When sufficient money is in the hands of the city treasurer, in the fund devoted to the proposed work or improvement, to pay for the land or improvements taken or damaged, and when, in the discretion of the commissioners, or a majority of them, the time shall have come to make payments, it shall be the duty of the commissioners to notify the owner, possessor, or occupant of any land or improvements thereon to whom damages shall have been awarded that a warrant has been drawn for the payment of the same, and that he can receive such warrant at the office of such commissioners, upon tendering a conveyance of any property to be taken; such a notification, except in the case of unknown owners, to be made by depositing a notice, postage paid, in the post-office, addressed to his last known place of abode or residence. If, at the expiration of thirty days after the deposit of such notice, he should not have applied for such warrant and tendered a conveyance of the land to be taken, the warrant so drawn shall be deposited with the county treasurer, and shall be delivered to such owner, possessor, or occupant, upon tendering a conveyance as aforesaid, unless judgment of condemnation shall be had, when the same shall be canceled.

§ 18. If any owner of land to be taken neglects or refuses to accept the warrant drawn in his favor, as aforesaid, or objects to the report as to the necessity of taking his land, the commissioners, with the approval of the city council, may cause proceedings to be taken for the condemnation thereof, as provided by law under the right of eminent domain. The complaint may aver that it is necessary for the city to take or damage and condemn the said lands, or an easement therein, as the case may be, without setting forth the proceedings herein provided for, and the resolution and ordinance ordering said work to be done shall be conclusive evidence of such necessity. Such proceedings shall be brought in the name of the municipality, and have precedence, so far as the business of the court will permit; and any judgment for damages therein rendered shall be payable out of such portion of the special fund as may remain in the treasury, so far as the same can be applied. At any time after trial and judgment entered, or preceding an appeal, the court may order the city treasurer to set apart in the city treasury a sufficient sum from the fund appropriated to the particular improvement, to answer the judgment and all damages, and thereupon may authorize and order the municipality to enter upon the land and proceed with the proposed work and improvement. In case of a deficiency in said fund to

pay the whole of said judgment and damages, the city council shall order the balance thereof to be paid out of the general fund of the treasury.

§ 19. The treasurer shall pay such warrants out of the appropriate fund, and not otherwise, in the order of their presentation; provided, that warrants for land or improvements taken or damaged shall have priority over warrants for charges and expenses, and the treasurer shall see that sufficient money is and remains in the fund to pay all warrants of the first class before paying any of the second.

§ 20. If any title attempted to be acquired by virtue of this act shall be found to be defective from any cause, the city council may again institute proceedings to acquire the land as in this act provided, or otherwise, or may authorize the commissioners to purchase the same, and include the cost thereof in a supplementary assessment, as provided in the last section.

§ 21. 1. The words "work" and "improvement," as used in this act, shall include all work mentioned in section one of this act.

2. In case there is no daily or weekly or semiweekly newspaper printed and circulated in the city, then such notices as are herein required to be published in a newspaper shall be posted and kept posted for the length of time required herein for the publication of the same in a weekly newspaper, in three of the most public places in such city. Proof of the publication of posting of any notice provided for herein shall be made by affidavit of the owner, publisher, or clerk of the newspaper, or of the poster of the notice.

3. The word "municipality" and the word "city" shall be understood and so construed as to include all corporations heretofore organized and now existing, or hereafter organized, for municipal purposes.

4. The terms "street superintendent" and "superintendent of streets," as used in this act, shall be understood and so construed as to include, and are hereby declared to include, any person or officer whose duty it is, under the law, to have the care or charge of the streets, or the improvement thereof, in any city. In all those cities where there is no street superintendent or superintendent of streets, the city council thereof is hereby authorized and empowered to appoint a suitable person to discharge the duties herein laid down as those of street superintendent or superintendent of streets, and all the provisions hereof applicable to the street superintendent or superintendent of streets shall apply to such persons so appointed.

5. The term "city council" is hereby declared to include any body or board which, under the law, is the legislative department of the government of any city.

6. The term[s] "clerk" and "city clerk," as used in this act, is [are] hereby declared to include any person or officer who shall be clerk of said city council.

7. The term "treasurer" or "city treasurer," as used in this act, shall include any person or officer who shall have charge and make payment of the city funds.

§ 22. The mayor, tax collector, and city or city and county attorney, as the case may be, of all municipalities wherein there is existing at the passage of this act any commission appointed for the opening, extending, or widening of streets under the provision of said act of March sixth, eighteen hundred and eighty-nine, and which commission is not within the proviso of section twenty-three of this act, are hereby constituted a board of audit, whose duty it shall be, upon

petition of said commission, to carefully examine all the accounts, bills, and expenditures, made or contracted for by said commission, including the salaries of the said commissioners; and said board of audit, or a majority of its members, is hereby authorized to audit and allow such amounts as it shall find to be just and reasonable, and report said amounts, with the items thereof and to whom payable, to the city council. Said report shall be final and conclusive as to said amounts. The city council is authorized to pass and allow and order paid to each of the persons entitled thereto, the amounts so found to be due, in the same manner as claims and demands against such municipality are passed, allowed, and ordered paid. The payment of said amounts shall be provided for in the tax levy next thereafter made by said city council, and when said taxes are collected the said amounts shall be paid out of the general fund of said municipality in the same manner as other claims and demands are paid.

§ 23. The act approved March sixth, eighteen hundred and eighty-nine, entitled an act for opening, widening, and extending streets, et cetera, after the passage of this act, shall not apply to any city or city and county having a population of forty thousand inhabitants or over; but as to any city or city and county having a population of forty thousand or over said act shall not apply; but said cities and cities and counties shall be subject only to the provisions of this act in all matters embraced within the purview of this act; provided, however, that the present city council or other governing body of any municipality of forty thousand inhabitants or over shall have power, by a three-fourths vote of its members, to extend the life of any existing commission until its work shall have been completed as in said act provided; but in all other cases in cities or cities and counties of forty thousand inhabitants or over, the assessments, plats, and reports filed by said commissioners are declared to be null and void, and all moneys collected under the provisions of said act shall be refunded to the persons from whom the same were collected, in the same manner as taxes which have been twice collected, and the said commissioners are hereby removed from office; provided further, however, that in case of the lands necessary to widen or open any street, there shall have been actually purchased and conveyed to the municipality, under the provisions of said act of March sixth, eighteen hundred and eighty-nine, more than one half of the land necessary for said improvements, as shown by the report and plat on file, then said streets, and the improvement thereof, shall not be affected by this act, but the same shall be completed as commenced.

§ 24. This act shall be liberally construed, to promote the objects thereof.

This act shall take effect and be in force from the time of its passage.

Porphry P. Co. vs. Ancker, 104 Cal. 340, 444, 58 Pac. Rep. 920. § 2—O'Dea vs. Mitchell, 341, 37 Pac. Rep. 1050; Los Angeles L. Co. 144 Cal. 374, 379, 77 Pac. STREET LAW—OPENING, WIDENING, ETC.

To provide for laying out, opening, extending, widening, straightening, or closing up in whole or in part any street, square, lane, alley, court, or place within municipalities, and to condemn and acquire any and all land and property necessary or convenient for that purpose.

(Stats. 1889, 70, ch. LXXVI.)

§ 1. Whenever the public interest or convenience may require, the city council of any municipality shall have full power and authority to order the opening, extending, widening, straightening, or closing up in whole or in part of any street, square, lane, alley, court, or place within the bounds of such city, and to condemn and acquire any and all land and property necessary or convenient for that purpose.

§ 2. Before ordering any work to be done or improvement made which is authorized by section one of this act, the city council shall pass a resolution declaring its intention to do so, describing the work or improvement, and the land deemed necessary to be taken therefor, and specifying the exterior boundaries of the district of lands to be affected or benefited by said work or improvement, and to be assessed to pay the damages, cost, and expenses thereof.

§ 3. The street superintendent shall then cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of said resolution. Said notice shall be headed "Notice of Public Work," in letters not less than one inch in length, shall be in legible characters, state the fact of passage of the resolution, its date, and, briefly, the work or improvement proposed, and refer to the resolution for further particulars. He shall also cause a notice, similar in substance, to be published for a period of ten days in one or more daily newspapers published and circulated in said city, and designated by said city council; or if there is no daily newspaper so published and circulated in said city, then by four successive insertions in a weekly or semi-weekly newspaper, so published, circulated, and designated.

§ 4. Any person interested objecting to said work or improvement, or to the extent of the district of lands to be affected or benefited by said work or improvement, and to be assessed to pay the cost and expenses thereof, may make written objections to the same within ten days after the expiration of the time for the publication of said notice, which objection shall be delivered to the clerk of the city council, who shall indorse thereon the date of its reception by him, and at the next meeting of the city council after the expiration of said ten days lay said objections before said city council, which shall fix a time for hearing said objections, not less than one week thereafter. The city clerk shall thereupon notify the persons making such objections, by depositing a notice thereof in the post-office of said city, postage prepaid, addressed to such objector.

§ 5. At the time specified or to which the hearing may be adjourned, the said city council shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive. If such objections are sustained, all proceedings shall be stopped, but proceedings may be again commenced at any time by giving notice of intention to do said work or make said improvement. If such objection is overruled by the city council, the proceedings shall continue the same as if such objection had not been made. At the expiration of the time prescribed during which objections to said work or improvement may be made, if no objections shall have been made, or if an objection shall have been made, and said council, after hearing, shall have overruled the same, the city council shall be deemed to have acquired jurisdiction to order any of the work to be done, or improvements to be made, which is authorized by section one of this act.

§ 6. Having acquired jurisdiction as provided in the preceding section, the city council shall order said work to be done, and unless the proposed work is for closing up, and it appears that no assessment is necessary, shall appoint three commissioners to assess benefits and damages, and have general supervision of the proposed work or improvement until the completion thereof in compliance with this statute. For their services, they shall receive such compensation as the city council may determine from time to time; provided, that such compensation shall not exceed two hundred dollars per month each, nor continue more than six months, unless extended by order of the city council. Such compensation shall be added to and be chargeable as a part of the expenses of the work or improvement. Each of said commissioners shall file with the clerk of the city council an affidavit, and a bond to the state of California in the sum of five thousand dollars, to faithfully perform the duties of his office. The city council may at any time remove any or all of said commissioners for cause, upon reasonable notice and hearing, and may fill any vacancies occurring among them for any cause.

§ 7. Said commissioners shall have power to employ such assistance, legal or otherwise, as they may deem necessary and proper; also to rent an office, and provide such maps, diagrams, plans, books, stationery, fuel, lights, postage, expressage and incur such incidental expenses as they may deem necessary.

§ 8. All such charges and expenses shall be deemed as expenses of said work or improvement, and be a charge only upon the funds devoted to the particular work or improvement as provided hereinafter. All payments, as well for the land and improvements taken or damaged, as for the charges and expenses, shall be paid by the city treasurer, upon warrants drawn upon said fund from time to time, signed by said commissioners, or a majority of them. All such warrants shall state whether they are issued for land or improvements taken or damaged, or for charges and expenses, and that the demand is payable only out of the money in said fund, and in no event shall the city be liable for the failure to collect any assessment made by virtue hereof, nor shall said warrant be payable out of any other fund, nor [be] a claim against the city.

§ 9. Said commissioners shall proceed to view the lands described in the resolution of intention, and may examine witnesses on oath to be administered by any one of them. Having viewed the land to be taken, and the improvements affected, and considered the testimony presented, they shall proceed with all diligence to determine the value of the land and the damage to improvements and property affected, and also the amount of the expenses incident to said work or improvement, and having determined the same shall proceed to assess the same upon the district of lands declared benefited, the exterior boundaries of which were fixed by the resolution of intention provided for by section two hereof. Such assessment shall be made upon the lands within said district in proportion to the benefit to be derived from said work or improvement, so far as the said commissioners can reasonably estimate the same, including in such estimate the property of any railroad company within said district, if such there be.

§ 10. Said commissioners having made their assessment of benefits and damage, shall, with all diligence, make a written report thereof to the city council, and shall accompany their report with a plat of the assessment district showing the land taken or to be taken for the work or improvement, and the lands

assessed, showing the relative location of each district, block, lot or portion of lot, and its dimensions, so far as the commissioners can reasonably ascertain the same. Each block and lot, or portion of lot, taken or assessed, shall be designated and described in said plat by an appropriate number, and a reference to it by such descriptive number shall be a sufficient description of it in any suit entered to condemn, and in all respects. When the report and plat are approved by the city council, a copy of said plat, appropriately designated, shall be filed by the clerk thereof in the office of the recorder of the county.

§ 11. Said report shall specify each lot, subdivision, or piece of property taken or injured by the widening or other improvement, or assessed therefor, together with the name of the owner or claimants thereof, or of persons interested therein as lessees, encumbrancers, or otherwise, so far as the same are known to such commissioners, and the particulars of their interest, so far as the same can be ascertained, and the amount of value or damage, or the amount assessed, as the case may be.

§ 12. If in any case the commissioners find that conflicting claims of title exist, or shall be in ignorance or doubt as to the ownership of any lot of land, or of any improvements thereon, or of any interest therein, it shall be set down as belonging to unknown owners. Error in the designation of the owner or owners of any land or improvements, or of the particulars of their interest, shall not affect the validity of the assessment or of the condemnation of the property to be taken.

§ 13. Said report and plat shall be filed in the clerk's office of the city council, and thereupon the clerk of said city council shall give notice of such filing by publication for at least ten days in one or more daily newspapers published and circulated in said city; or if there be no daily paper, by three successive insertions in a weekly or semiweekly newspaper so published and circulated. Said notice shall also require all persons interested to show cause, if any, why such report should not be confirmed, before the city council on or before a day fixed by the clerk thereof, and stated in said notice, which day shall not be less than thirty days from the first publication thereof.

§ 14. All objections shall be in writing, and filed with the clerk of the city council, who shall, at the next meeting after the day fixed in the notice to show cause, lay the said objections, if any, before the city council, which shall fix a time for hearing the same, of which the clerk shall notify the objectors in the same manner as objectors to the original resolution of intention; at the time set, or at such other time as the hearing may be adjourned to, the city council shall hear such objections and pass upon the same; and at such time, or, if there be no objections, at the first meeting after the day set in such order to show cause, or such other time as may be fixed, shall proceed to pass upon such report, and may confirm, correct, or modify the same, or may order the commissioners to make a new assessment, report, and plat, which shall be filed, notice given, and hearing had, as in the case of an original report.

§ 15. The clerk of said city council shall forward to the street superintendent of the city a certified copy of the report, assessment, and plat, as finally confirmed and adopted by the city council. Such certified copy shall thereupon be the assessment roll. Immediately upon receipt thereof by the street superintend-

ent, the assessment therein contained shall become due and payable, and shall be a lien upon all the property contained or described therein.

§ 16. The superintendent of streets shall thereupon give notice by publication for ten days in one or more daily newspapers published and circulated in such city or city and county, or by two successive insertions in a weekly or semi-weekly newspaper so published and circulated, that he has received said assessment roll, and that all sums levied and assessed in said assessment roll are due and payable immediately, and that the payment of said sums is to be made to him within thirty days from the date of the first publication of said notice. Said notice shall also contain a statement that all assessments not paid before the expiration of said thirty days will be declared to be delinquent, and that thereafter the sum of five per centum upon the amount of each delinquent assessment, together with the cost of advertising each delinquent assessment, will be added thereto. When payment of any assessment is made to said superintendent of streets, he shall write the word "Paid," and the date of payment, opposite the respective assessment so paid, and the names of persons by or for whom said assessment is paid, and shall, if so required, give a receipt therefor. On the expiration of said thirty days, all assessments then unpaid shall be and become delinquent, and said superintendent of streets shall certify such fact at the foot of said assessment roll, and shall add five per centum to the amount of each assessment so delinquent. The said superintendent of streets shall, within five days from the date of said delinquency, proceed to advertise and collect the various sums delinquent, and the whole thereof, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece or parcel of land separately assessed, by the sale of the assessed property in the same manner as is or may be provided for the collection of state and county taxes; and after the date of said delinquency, and before the time of such sale herein provided for, no assessment shall be received unless at the same time the five per centum added thereto, as aforesaid, together with the costs of advertising then already incurred, shall be paid therewith. Said list of delinquent assessments shall be published daily for five days in one or more daily newspapers published and circulated in such city, or by at least one insertion in a weekly newspaper so published and circulated, before the day of sale of such delinquent assessment. Said time of sale must not be less than seven days from the date of the first publication of said delinquent assessment list, and the place must be in or in front of the office of said superintendent of streets. All property sold shall be subject to redemption in the same time and manner as in sales for delinquent state and county taxes; and the superintendent of streets may collect for each certificate fifty cents, and for each deed one dollar. All provisions of the law, in reference to the sale and redemption of property for delinquent state and county taxes in force at any given time, shall also then, so far as the same are not in conflict with the provisions of this act, be applicable to the sale and redemption of property for delinquent assessments hereunder, including the issuance of certificates and execution of deeds. The deed of the street superintendent made after such sale, in case of failure to redeem, shall be prima facie evidence of the regularity of all proceedings hereunder, and of title in the grantee. It shall be conclusive evidence of the necessity of taking or damaging the lands taken or damaged, and of the correctness of the compensation awarded therefor.

The superintendent of streets shall, from time to time, pay over to the city treasurer all moneys collected by him on account of any such assessments. The city treasurer shall, upon receipt thereof, place the same in a separate fund, designating such fund by the name of the street, square, lane, alley, court, or place for the widening, opening, or other improvement of which the assessment was made. Payments shall be made from said fund to the parties entitled thereto, upon warrants signed by the commissioners, or a majority of them.

§ 17. When sufficient money is in the hands of the city treasurer, in the fund devoted to the proposed work or improvement, to pay for the land and improvements taken or damaged, and when in the discretion of the commissioners, or a majority of them, the time shall have come to make payments, it shall be the duty of the commissioners to notify the owner, possessor, or occupant of any land or improvements thereon to whom damages shall have been awarded, that a warrant has been drawn for the payment of the same, and that he can receive such warrant at the office of such commissioners upon tendering a conveyance of any property to be taken; such notification, except in the case of unknown owners, to be made by depositing a notice, postage paid, in the post-office, addressed to his last known place of abode or residence. If at the expiration of thirty days after the deposit of such notice, he should not have applied for such warrant, and tendered a conveyance of the land to be taken, the warrant so drawn shall be deposited with the county treasurer, and shall be delivered to such owner, possessor, or occupant, upon tendering a conveyance as aforesaid, unless judgment of condemnation shall be had, when the same shall be canceled.

§ 18. If any owner of land to be taken neglects or refuses to accept the warrant drawn in his favor, as aforesaid, or objects to the report as to the necessity of taking his land, the commissioners, with the approval of the city council, may cause proceedings to be taken for the condemnation thereof, as provided by law under the right of eminent domain. The complaint may aver that it is necessary for the city to take or damage and condemn the said lands, or an easement therein, as the case may be, without setting forth the proceedings herein provided for and the resolution and ordinance ordering said work to be done shall be conclusive evidence of such necessity. Such proceeding shall be brought in the name of the municipality, and have precedence so far as the business of the court will permit; and any judgment for damages therein rendered shall be payable out of such portion of the special fund as may remain in the treasury, so far as the same can be applied. At any time after trial and judgment entered, or preceding an appeal, the court may order the city treasurer to set apart in the city treasury a sufficient sum from the fund appropriated to the particular improvement to answer the judgment and all damages, and thereupon may authorize and order the municipality to enter upon the land and proceed with the proposed work and improvement. In case of a deficiency in said fund to pay the whole of such judgment and damages, the city council may, in their discretion, order the balance thereof to be paid out of the general fund of the treasury or to be distributed by the commissioners over the property assessed by a supplementary assessment; but in the last-named case, in order to avoid delay, the city council may advance such balance out of any appropriate fund in the treasury, and reimburse the same from the collections of the assessment. Pending the collection and payment of

the amount of the judgment and damages, the court may order such stay of proceedings as may be necessary.

§ 19. The treasurer shall pay such warrants out of the appropriate fund, and not otherwise, in the order of their presentation; provided, that warrants for land or improvements taken or damaged shall have priority over warrants for charges and expenses, and the treasurer shall see that sufficient money is and remains in the fund to pay all warrants of the first class before paying any of the second.

§ 20. If after the sale of the property for delinquent assessments there should be a deficiency, and there should be unreasonable delay in collecting the same, or if for the purpose of equalizing the assessments supplying a deficiency, or for any cause it appear desirable, the commissioners may so report to the city council, who may order them to make a supplementary assessment and report the same in manner and form as the original, and subject to the same procedure. If by reason of such supplementary assessment, or for any cause, there should be at any time a surplus, the city council may appropriate the same and declare a dividend pro rata to the parties paying the same, and they, upon demand, shall have the right to have the amount of such pro rata dividends refunded to them, or credited upon any subsequent assessment for taxes made against said parties in favor of said city.

§ 21. If any title attempted to be acquired by virtue of this act shall be found to be defective from any cause, the city council may again institute proceedings to acquire the cause as in this act provided, or otherwise, or may authorize the commissioners to purchase the same and include the cost thereof in a supplementary assessment as provided in the last section.

§ 22. If the city council deem it proper that the boundaries of the districts of lands to be affected and assessed to pay the damages, cost, and expenses of any work or improvement under this act, shall include the whole city, then the commissioners appointed shall proceed in a summary manner to purchase the lands to be taken or condemned from the owners and claimants thereof. If said commissioners and the owners and claimants cannot agree upon the price to be paid for said lands, they shall proceed to view and value the same, and shall thereupon make a summary report to the city council. Upon final confirmation of the report, the city council, if there be not sufficient money available in the city treasury, shall cause the cost and expenses of the contemplated public improvement to be assessed upon the whole of the taxable property of said city, and to be included in and form part of the next general assessment roll of said city, and with like effect in all respects as if the same formed a part of the city, state, and county taxes; and when the same shall have been collected the said city council shall cause the land required to be paid for or the value thereof tendered, and the said contemplated public improvement to be forthwith made and completed. All the provisions of the preceding sections not in conflict with this section shall be applicable thereto.

§ 23. 1. The words "work" and "improvement," as used in this act, shall include all work mentioned in section one of this act.

2. In case there is no daily or weekly or semiweekly newspapers printed and circulated in the city, then such notices as are herein required to be published in

a newspaper shall be posted and kept posted for the length of time required herein for the publication of the same in a weekly newspaper, in three of the most public places in such city. Proof of the publication or posting of any notice provided for herein shall be made by affidavit of the owner, publisher or clerk of the newspaper or of the poster of the notice.

3. The word "municipality" and the word "city" shall be understood and so construed as to include all corporations heretofore organized and now existing, or hereafter organized, for municipal purpose[s].

4. The terms "street superintendent" and "superintendent of streets," as used in this act, shall be understood and so construed as to include, and are hereby declared to include, any person or officer whose duty it is, under the law, to have the care or charge of the streets, or the improvement thereof, in any city. In all those cities where there is no street superintendent or superintendent of streets, the city council thereof is hereby authorized and empowered to appoint a suitable person to discharge the duties herein laid down as those of street superintendent or superintendent of streets; and all the provisions hereof applicable to the street superintendent or superintendent of streets shall apply to such persons so appointed.

5. The term "city council" is hereby declared to include any body or board which, under the law, is the legislative department of the government of any city.

6. The terms "clerk" and "city clerk," as used in this act, is [are] hereby declared to include any person or officer who shall be clerk of said city council.

7. The term "treasurer" or "city treasurer," as used in this act, shall include any person or officer who shall have charge and make payment of the city funds.

8. No publications or notice other than that provided for in this act shall be necessary to give validity to any proceedings had thereunder.

§ 24. The proceedings and any work or improvement, such as is provided for in this act, already commenced, and now progressing under any other act now in force, or by virtue of any ordinance passed by any city council or board of supervisors of any city, county, or city and county, by virtue of any other act now in force, may, from any stage of such proceedings already commenced and now progressing, be continued under this act by resolution of the city council. The said work or improvement may then be conducted under the provisions of this act with full force and effect in all respects, from the stage of such proceedings under such other acts or ordinances at and from which such resolution shall declare an election or intention to have said work or improvement cease under such other act or ordinance, and continue under this act; and from such election so made, all proceedings theretofore had under such other act or ordinance are hereby ratified, confirmed, and made valid, and it shall be unnecessary to renew or conduct over again proceedings had under such other act or ordinance. This section shall not apply to any work or improvement proceedings in which [proceedings] were commenced more than eighteen months prior to the passage of this act.

§ 25. The provisions of this act shall be liberally construed to promote the objects thereof. This act shall take effect and be in force from and after its passage.

STREET LAW—SALE AND REDEMPTION.

Fixing and regulating the manner of sale and redemption of real property for delinquent assessments to pay the damages, costs and expense for or incident to laying out, opening, extending, widening, straightening, diverging, curving, contracting, or closing up, in whole or in any part, any street, square, lane, alley, court, or place within municipalities in this state.

(Stats. 1895, 204, ch. CLXXVII.)

§ 1. All sales, and redemptions after sale, of any real property upon which the assessment levied and assessed to pay the damages, costs, and expense for or incident to laying out, opening, extending, widening, straightening, diverging, curving, constructing, or closing up, in whole or in part, any street, square, lane, alley, court, or place within municipalities in this state, shall remain unpaid and become delinquent under the provisions of any act or law regulating such matters, shall be made and had in the same time and manner as such sales and redemption were required by law to be made and had on the first day of January, anno Domini eighteen hundred and ninety-five.

§ 2. All acts or parts of acts in conflict with this act are hereby repealed.

§ 3. This act shall take effect and be in force from and after its passage and approval.

STREET LAW—"ACT OF NINETEEN HUNDRED AND THREE."

To provide for the laying out, opening, extending, widening, or straightening, in whole or in part, of public streets, squares, lanes, alleys, courts, and places, within municipalities, for the condemnation of property necessary or convenient for such purposes, and for the establishment of assessment districts and the assessment of property therein to pay the expense of such improvement.

(Stats. 1903, 376, ch. CCLXVIII.)

§ 1. Whenever the public interest or convenience may require, the city council of any municipality shall have full power and authority to order the laying out, opening, extending, widening, or straightening, in whole or in part, of any public street, square, lane, alley, court, or place within such municipality, and to acquire, by condemnation, any and all property necessary or convenient for that purpose.

§ 2. Before ordering any improvement to be made, which is authorized by section one of this act, the city council shall pass an ordinance declaring its in-

tention to do so, describing the improvement, and the land necessary or convenient to be taken therefor, and specifying the boundaries of the district to be benefited by said improvement, and to be assessed to pay the expense thereof, and to be known as the assessment district.

§ 3. The street superintendent shall thereupon cause to be conspicuously posted along all streets and parts of streets within the assessment district described in said ordinance, at not more than three hundred feet in distance apart, notices (not less than three in all) of the passage of said ordinance. Said notices shall be headed "Notice of Public Work," in letters not less than one inch in length, shall be in legible characters, and shall state the fact and date of the passage of said ordinance, and briefly describe the improvement proposed, and refer to said ordinance for further particulars. He shall also cause a notice similar in substance to be published for a period of five days, in a daily newspaper published and circulated in said municipality, and designated by said city council for that purpose, or if there is no such daily newspaper, then by four successive insertions in a weekly newspaper so published, circulated, and designated.

§ 4. Any person interested, objecting to said improvement, or to the extent of the assessment district described in said ordinance of intention, may file a written protest with the clerk of the city council, within thirty days after the first publication of the notice required by section three of this act. The clerk shall indorse on every such protest the date of its reception by him, and, at the next regular meeting of the city council after the expiration of the time for filing protests, shall present to said city council all protests so filed with him. If such protests are against the said improvement, and said city council finds that the same are signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, all further proceedings under said ordinance of intention shall be barred, and no new ordinance of intention for the same improvement shall be passed within six months after the presentation of such protests to the city council, unless the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district shall in the mean time petition therefor. If such protests are against the improvement, and the council finds that they are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within the assessment district, or if such protests are only against the extent of the assessment district, the council shall hear said protests at said meeting, or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision shall be final and conclusive. If such protests are sustained, no further proceedings shall be had under said ordinance of intention, but a new ordinance of intention for the same improvement may be passed at any time. If such protests are denied, the proceedings shall continue as if such protests had not been made. At the expiration of the time within which protests may be filed, if none are filed, or if protests are filed, and after hearing are denied, as above provided, then upon such denial, the city council shall acquire jurisdiction to order the improvement described in the ordinance of intention.

§ 5. Having acquired jurisdiction, the city council shall, by ordinance, order said improvement to be made, and direct an action to be brought by the city

attorney, in the proper superior court, in the name of the municipality, for the condemnation of the property necessary or convenient to be taken therefor. Such ordinance need not describe the property to be taken, nor the assessment district, but may refer to the ordinance of intention for all particulars.

§ 6. Said action must be brought within sixty days after the passage of the ordinance ordering the improvement, but the council may, by ordinance, extend the time for the bringing of such action. Said action shall, in all respects, be subject to and governed by such rules of the Code of Civil Procedure now existing, or that may be hereafter adopted, as may be applicable thereto, except in the particulars otherwise provided for in this act.

§ 7. The complaint shall set forth, or state the effect of, the ordinance of intention, and the ordinance ordering the improvement, but need not set up any other proceedings had before the bringing of the action. Said ordinances shall be conclusive evidence, in such action, of the public necessity of the proposed improvement, and also that the same is located in the manner which will be most compatible with the greatest public good and the least private injury.

§ 8. If a jury is waived by the defendants, or any of them, the court must appoint three disinterested persons referees, to ascertain the compensation to be paid to such defendants waiving a jury. Such referees must be residents of the municipality where such improvement is to be made, and over the age of twenty-one years, and must take and file with the court an oath to discharge their duties faithfully and impartially. If any of such referees fails to qualify, or resigns, or is, or becomes, unable to act, the vacancy so created shall be filled by the court.

§ 9. The referees shall at once proceed to view the lands sought to be condemned, and ascertain the compensation proper to be paid to such of the parties interested in each parcel thereof as have waived a jury. They shall have power to examine witnesses under oath, to be administered by any of them, and may have subpoenas issued by the clerk of the court requiring the attendance of witnesses, or the production of evidence before them. They shall, as soon as practicable, make and file with the court a written report of their findings, and also of the number of days spent by them in the matter of such reference, and of their necessary expenses. Any two of such referees who agree thereto, may make such report.

§ 10. The referees or jury, as the case may be, shall find separately:

First—The value of each parcel of property sought to be condemned, and all improvements thereon pertaining to the realty, and of each separate estate or interest therein;

Second—If any parcel of property sought to be condemned is only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, and to each separate estate or interest therein, by reason of its severance from the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff. Such damages must be fixed irrespective of any benefit from such improvement.

§ 11. Upon the filing of such report, the court must, on motion of any party, appoint a day for hearing the same. Notice of the time and place of said hearing must be served on all the parties who have answered at least five days before the time appointed. At said hearing, any party to the action may appear and file his

exceptions, in writing, to said report, and contest the same. After hearing the report, and any exceptions thereto, the court may confirm the report, or may modify it and confirm it as modified, or may set it aside and order a new report, from the same referees, or from new referees to be appointed. If new referees are appointed, the same proceedings shall be had as upon the first reference.

§ 12. Upon confirmation of the report of the referees, and receipt of the verdict of the jury, the court shall make and enter an interlocutory judgment in accordance with such report and verdict, adjudging that upon payment to the respective parties, or into court for their benefit, of the several amounts found due them, as compensation, and of the costs allowed to them, the property involved in the action shall be condemned to the use of the plaintiff, and dedicated to the use specified in the complaint. The court shall allow to the referees, as costs to be paid by the plaintiff, a reasonable compensation for their services, not exceeding five dollars each, for each day necessarily spent in the matter of the reference, and their necessary expenses.

§ 13. An appeal may be taken from such interlocutory judgment within thirty days from the entry thereof, and from any order granting or denying a new trial within ten days after the entry thereof.

§ 14. The city council may, at any time prior to the payment of the compensation awarded the defendants, abandon the proceedings, by ordinance, and cause the said action to be dismissed, without prejudice; and if any of the assessments levied to pay the expense of the improvement, as hereinafter provided, shall have been actually paid in money at the time of such abandonment, the same shall be refunded to the persons by whom they were paid.

§ 15. Upon the entry of the interlocutory judgment, the city council shall order the city engineer, or if there be no city engineer, any civil engineer whom it may employ for that purpose, to make and deliver to the street superintendent, a diagram of the improvement and of the property within the assessment district described in the ordinance of intention. Said diagram shall show the land to be taken for the proposed improvement, and also each separate lot, piece, or parcel of land within the assessment district, and the dimensions of each such lot, piece, or parcel of land, and the relative location of the same to the proposed improvement.

§ 16. The street superintendent, upon receiving the said diagram, shall proceed to assess the total expense of the proposed improvement upon and against the lands, including the property of any railroad, within said assessment district, except the land to be taken for such improvement, in proportion to the benefits to be received from said improvement. The total expense of the improvement so to be assessed shall include the amounts awarded to the defendants by the interlocutory judgment in the action for condemnation, the compensation and expenses of the referees, as allowed by the court, and all other costs of the plaintiff in such action, the expenses of making the assessment, and all expenses necessarily incurred by said city, in connection with the proposed improvement, for maps, diagrams, plans, surveys, searches and certificates of title to the property to be taken, and all other matters incident thereto.

§ 17. The street superintendent shall make the said assessment in writing. Such assessment shall describe each lot, piece, or parcel of land assessed for said

improvement, and shall designate each such lot, piece, or parcel of land with an appropriate number. The street superintendent shall also designate each such lot, piece, or parcel of land on said diagram, with the number corresponding with the number thereof in said assessment, and said diagram shall thereupon be attached to and become and be deemed to be a part of said assessment. Such assessment shall show the total sum to be raised thereby, as hereinbefore provided, and also the items of such total sum, and opposite each lot, piece or parcel of land assessed, the amount assessed thereon, and the name of the owner thereof, if known to the street superintendent; or if the owner's name is unknown, the word "Unknown" shall be written instead of such name. Any error or mistake in the designation of the owner of any lot, piece, or parcel of land, or in the particulars of his interest therein, shall not affect the validity of the assessment.

§ 18. As soon as said assessment is completed the street superintendent shall file the same with the diagram attached thereto and made a part thereof as aforesaid, with the clerk of the council, who shall give notice of such filing by publication for at least ten days in a daily newspaper published and circulated in the city, or if there be no such daily newspaper, by three successive insertions in a weekly newspaper so published and circulated. Said notice shall require all persons interested to file with said clerk their objections, if any they have, to the confirmation of said assessment, within thirty days after the date of the first publication of such notice, which date shall be stated in said notice.

§ 19. All objections shall be in writing and shall be filed with said clerk within the time prescribed in the notice required by section eighteen hereof. The clerk shall, at the next regular meeting of the city council after the expiration of the time for filing objections, lay said assessment and all objections so filed with him, before the council; and said council shall hear all such objections at said meeting, or at any other time to which the hearing thereof may be adjourned, and pass upon such assessment, and may confirm, modify, or correct said assessment, or may order a new assessment, upon which like proceedings shall be had, as in the case of an original assessment; or if there be no objections, the council shall, at any regular meeting after the expiration of the time for filing objections, confirm such assessment, and the action of the council upon such objections and assessment shall be final and conclusive in the premises.

§ 20. The clerk of the council shall thereupon deliver to the street superintendent the assessment as confirmed by the city council, with his certificate of such confirmation, and of the date thereof. The street superintendent shall thereupon record such assessment and diagram in his office, in a suitable book to be kept for that purpose, and append thereto his certificate of the date of such recording, and such record shall be the assessment roll. From the date of such recording all persons shall be deemed to have notice of the contents of such assessment roll. Immediately upon such recording, the several assessments contained in such assessment roll shall become due and payable, and each of such assessments shall be a lien upon the property against which it is made.

§ 21. The owner of any property assessed, who is entitled to compensation under the award made by the interlocutory judgment, may, at any time after such assessment becomes payable, and before the sale of said property for non-payment thereof, as hereinafter provided, demand of the street superintendent

that such assessment, or any number of such assessments, be offset against the amount to which he is entitled under said judgment. Thereupon, if said amount is equal to or greater than such assessments, including any penalties and costs due thereon, the assessment shall be marked "Paid by offset"; and if the said amount is less than the assessment, and any penalties and costs due thereon, the person demanding such offset shall at the same time pay the difference to the street superintendent in money, and the assessments shall, on such payment, be marked paid, the entry showing what part thereof is paid by offset and what part in money. In either case, as a condition of the offset, such person must execute to the city and deliver to the street superintendent duplicate receipts for such part of the amount due him under said interlocutory judgment as is offset against such assessments, penalties, and costs. One of said duplicate receipts shall be filed by the street superintendent in his office, the other shall be filed with the clerk of the superior court, and on such filing, the city shall be entitled to a satisfaction pro tanto of said interlocutory judgment.

§ 22. The street superintendent shall, upon the recording of said assessment, give notice, by publication for ten days in a daily newspaper, published and circulated in such municipality, or by three successive insertions in a weekly newspaper, so published and circulated, that said assessment has been recorded in his office, and that all sums assessed therein are due and payable immediately, and that the payment of the said sums is to be made to him within thirty days after the date of the first publication, which date shall be stated in the notice. Said notice shall also contain a statement that all assessments not paid before the expiration of said thirty days will become delinquent, and that thereupon five per centum upon the amount of each such assessment will be added thereto. When payment of any assessment is made, the street superintendent shall mark opposite such assessment, the word, "Paid," the date of payment, and the name of the person by or for whom the same is paid, and shall, if so requested, give receipt therefor. On the expiration of said period of thirty days, all assessments then unpaid shall become delinquent, and the street superintendent shall certify such fact at the foot of said assessment roll, and mark each such assessment "Delinquent," and add five per centum to the amount of each assessment delinquent.

§ 23. The street superintendent shall, within ten days from the date of such delinquency, begin the publication of a list of the delinquent assessments, which list must contain a description of each parcel of property delinquent, and opposite or against each description, the name of the owner as stated in the assessment roll, and the amount of the assessment, penalty, and costs due, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece, or parcel of land, separately assessed. The street superintendent shall append to and publish with said delinquent list a notice that unless each assessment delinquent, together with the penalty and costs thereon, is paid, the property upon which such assessment is a lien, will be sold at public auction at a time and place to be specified in the notice. The publication must be made for a period of ten days, in some daily newspaper published and circulated in the municipality, or for three weeks in a weekly newspaper so published and circulated. The time of sale must not be less than five days, nor more than ten days, after the expiration of the period of publication of said list,

and the place of sale must be in, or in front of, the office of the street superintendent.

§ 24. At any time after such delinquency, and prior to the sale of any piece of property assessed and delinquent, any person may pay the assessment on such piece of property, together with the penalty, and costs then due, including the cost of advertising, if such payment is made after the first publication of the list of delinquent assessments. The street superintendent shall thereupon mark such assessment "Paid," as hereinbefore provided.

§ 25. On the day fixed for the sale, the street superintendent must, at the hour of ten o'clock a. m. commence the sale of the property advertised, commencing at the head of the list, and continuing in the numerical order of lots or parcels of land until all are sold; provided, that he may postpone or continue the sale from day to day until all the property is sold. Each lot, piece or parcel of land separately assessed must be offered for sale separately, and the person who will take the least quantity of land, and then and there pay the amount of the assessment, penalty, and costs due, including fifty cents to the street superintendent for a certificate of sale, shall become the purchaser. In case there is no purchaser, for any lot, piece or parcel of land so offered for sale the same shall be struck off to the municipality, as purchaser, and the city council shall appropriate, out of the general fund of the treasury, the amount required for such purchase, and shall order the city treasurer to place the same in the special fund for such improvement. No charge shall be made for the certificate of sale when the municipality is the purchaser.

§ 26. After making the sale, the street superintendent must execute, in duplicate, a certificate of sale setting forth a description of the property sold, the name of the owner thereof, as given on the assessment roll, that said property was sold for a delinquent assessment, (specifying the improvement for which the same was made), the amount for which such property was sold, the date of sale, the name of the purchaser, and the time when the purchaser will be entitled to a deed. The street superintendent must file one copy of such certificate in his office, and deliver the other to the purchaser, or if the municipality is the purchaser, to the clerk of the council, who shall file the same in his office. On the filing of the copy of such certificate in the office of the street superintendent, the lien of the assessment shall vest in the purchaser, and is only divested by a redemption of the property, as in this act provided. The street superintendent shall also enter on the assessment roll, opposite the description of each piece of property offered for sale, a description of the part thereof sold, the amount for which the same was sold, the date of the sale, and the name of the purchaser.

§ 27. A redemption of any parcel of property sold for delinquent assessment may be made by any party in interest, at any time prior to the execution and delivery of a deed therefor, by paying to the street superintendent the amount for which the property was sold, and in addition thereto ten per centum thereon if paid within three months from the date of sale; twenty per centum if paid within six months; thirty per centum if paid within nine months; forty per centum if paid within twelve months, or fifty per centum if paid at any time after twelve months. When redemption is made, the street superintendent shall note that fact on the duplicate cer-

tificate of sale on file in his office, and deposit the amount paid with the city treasurer, who shall credit the purchaser named in the certificate of sale with the said amount, and pay the same to such purchaser, or his assignee, upon the surrender of the certificate of sale, and upon satisfactory proof of assignment thereof, if any. When the municipality is the purchaser, the treasurer shall notify the clerk of the council of the redemption, and such clerk shall thereupon cancel the certificate of sale on file in his office.

§ 28. At any time after the expiration of twelve months from the date of sale, the street superintendent must execute to the purchaser, or his assignee on his application, if such purchaser or assignee has complied with the provisions of this section, a deed of the property sold, in which shall be recited substantially the matters contained in the certificate, also any assignment thereof, and the fact that no person has redeemed the property. The street superintendent shall receive from the applicant for a deed, one dollar for making such deed, unless the municipality is the purchaser, in which case no charge shall be made therefor. The purchaser or his assignee must, at least thirty days before he applies for a deed, serve upon the owner of the property, and upon the occupant of such property, if the same is occupied, a written notice, setting forth a description of the property that said property has been sold for a delinquent assessment (specifying the improvement for which the same was made), the amount for which it was sold, the amount necessary to redeem at the time of giving notice, and the time when such purchaser or assignee will apply to the street superintendent for a deed. If the said owner cannot be found, after due diligence, said notice must be posted in a conspicuous place upon said property, at least thirty days before the time stated therein, at which the application for a deed will be made. The person applying for a deed must file with the street superintendent an affidavit or affidavits showing that notice of such application has been given, as herein required, and if the notice was not served on the owner of the property personally, that due diligence was used to find said owner; which affidavit or affidavits must be filed by the street superintendent in his office. If redemption of the property is made after such affidavits are filed, and more than eleven months from the date of sale, the person making such redemption must pay, in addition to the other amounts required, three dollars for the service of notice and the making of such affidavits, which amount shall be paid over to the purchaser or his assignee in the same manner as other sums paid for redemption. No deed for any property sold for delinquent assessment shall be made until the purchaser or his assignee has complied with all the provisions of this section, and filed the proper affidavits with the street superintendent.

§ 29. The deed of the street superintendent shall be prima facie evidence of the truth of all matters recited therein, and of the regularity of all proceedings prior to the execution thereof, and of title in the grantee.

§ 30. The street superintendent shall, from time to time, pay over to the city treasurer all moneys collected by him on account of any assessments made under the provisions of this act. The city treasurer shall, on receipt thereof, place the same in a special fund, designating such fund by the name of the improvement for which the assessment was made.

§ 31. As soon as there is sufficient money in the hands of the city treasurer, in the special fund devoted to the proposed improvement, to pay the amounts awarded to the defendants by the interlocutory judgment in the action of condemnation, or such parts thereof as have not been paid by offset against assessments, as hereinbefore provided, the said amounts shall be paid to the parties entitled thereto, or into court for their benefit. On satisfactory proof being made to the court of payment of the amounts awarded by the interlocutory judgment to the respective parties entitled thereto, or into court for their benefit, it shall direct the interlocutory judgment to be satisfied, and shall make and enter a final judgment, condemning the lands described in the complaint to the use of the plaintiff for the purposes specified in such complaint.

§ 32. In case of a deficiency in the fund for such improvement, the city council, in its discretion, may provide for such deficiency by an appropriation out of the general fund of the treasury, or by ordering a supplementary assessment to be made by the street superintendent upon the property in said assessment district in the same manner and form, and subject to the same procedure as the original assessment, and in the last named case, in order to avoid delay, the city council may advance such deficiency out of the city treasury and reimburse the treasury from the collections under such supplementary assessment. In case of a surplus in the fund for such improvement, the city council may order such surplus refunded pro rata to the parties who paid the assessments.

§ 33. The following words and phrases shall, where used in this act, have the following meanings:

(1) The term "improvement," includes all the improvements mentioned in section one of this act.

(2) The terms, "municipality" and "city," include all incorporated cities, cities and counties, and other corporations organized for municipal purposes.

(3) The terms, "city council" and "council," include any body or board in which by law is vested the legislative power of any municipality.

(4) The terms, "clerk" and "city clerk," include any person or officer who acts as clerk of said city council.

(5) The terms, "treasurer" and "city treasurer," include any person or officer who has charge and makes payment of the city funds.

(6) The term, "street superintendent," includes any person or officer whose duty it is by law to have the care or charge of streets or the improvement thereof, in any city. In any city where there is no street superintendent, the city council is hereby authorized to appoint a suitable person to discharge the duties of street superintendent, as provided in this act, and all the provisions hereof applicable to the street superintendent shall apply to the person so appointed.

§ 34. In case there is no daily or weekly newspaper published and circulated in the city, then such notices and delinquent lists as are herein required to be published in a newspaper shall be posted in three of the most public places in such city, for the length of time required herein for the publication of the same in a weekly newspaper. No publication or notice other than that provided in this act shall be necessary to give validity to any proceedings had thereunder.

§ 35. Proof of publication of any notice required by this act shall be made by affidavit, as provided in the Code of Civil Procedure, and proof of the posting of any such notice shall be made by the affidavit of the person posting the same, setting forth the facts regarding such posting. It shall be the duty of any officer who is required by this act to have any notice published or posted, to obtain and file in his office the affidavit or affidavits in proof thereof; provided that his failure so to do shall not affect the validity of any proceedings under this act. Any such affidavit so filed shall be prima facie evidence of the facts therein stated regarding such publication or posting.

§ 36. This act shall in nowise affect an act entitled "An act to provide for laying out, opening, extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, alley, court, or place within municipalities, and to condemn and acquire any and all land and property necessary or convenient for that purpose," approved March sixth, eighteen hundred and eighty-nine, or amendments thereto, or any other acts on the same subject, or apply to proceedings had thereunder, but it is intended to and does provide an alternate system of proceedings for making the improvements provided for by this act; and it shall be within the discretion of the city council of any municipality to proceed in making such improvements, either under the provisions of this act, or under the provisions of such other acts; but when any proceedings are commenced under this act, the provisions of this act, and of such amendments thereof as may be hereafter adopted, and no other, shall apply to all such proceedings, and any provisions contained in said acts or any acts in conflict with the provisions hereof shall be void and of no effect as to the proceedings commenced under the provisions of this act. The election of the city council to proceed under the provisions of this act shall be expressed in its ordinance of intention to order the work done.

§ 37. The provisions of this act shall be liberally construed to promote the objects thereof. This act may be designated and referred to as the "Street Opening Act of Nineteen Hundred and Three," and shall take effect and be in force upon its passage and approval.

(Stats. 1905, 374, ch. CCCXXV.)

§ 1. In any such action the owner of any property or of any interest in property against which the lien of any such tax is sought to be enforced, and any predecessor in interest of any such owner whose title or interest was deraigned through

any such decedent by will or succession or by decree of distribution of the estate of such decedent, and any lienor or encumbrancer subsequent to the lien of such tax may be made a party defendant. § 2. Actions may be brought against the state for the purpose of quieting the title to any property, against the lien or claim of lien of any tax or taxes under said act of March twenty-third, eighteen hundred and ninety-three, and the several acts amendatory thereof, or for the purpose of having it determined that any property is not subject to any lien for taxes under said act and the acts amendatory thereof. In any such action, the plaintiffs may be any administrator or executor of the estate or will of any decedent who has died since the said act of March twenty-third, eighteen hundred and ninety-three, went into effect, or who may hereafter die, whether the said estate shall have been fully administered and the estate settled and closed or not, and any heir, legatee or devisee of any such decedent, or trustee of the estate or of any part of the estate of such decedent, or distributee of the estate or of any part of the estate of any such decedent, and any assignee, grantee or successor in interest of any of such persons, and all or any other persons who might be made parties defendant in any action brought under the provisions of section one of this act, and notwithstanding that all or any of the persons enumerated in this section shall or may have assigned, granted, conveyed or otherwise parted with all or any interest in or title to the property, or any thereof, involved in any such claim of lien before the commencement of such action. All or any of the persons in this action enumerated may be joined or united as parties plaintiff. The enumeration in this section of the persons who may be made parties shall not be deemed to be exclusive, but the joinder or non-joinder of parties, except when otherwise herein provided, shall be governed by the rules in equity in similar cases. In all cases any person who might properly be a party plaintiff in any such action who refuses to join as plaintiff may be made a defendant.

TAXATION—COMPLAINT IN SUITS.

Prescribing the form of complaint in actions to recover delinquent taxes, and to authorize the bringing of suits therefor.

(Stats. 1880, 136, ch. CXXIII.)

§ 1. In any action that may be hereafter commenced in any county, or city and county, in this state, for the collection of delinquent taxes for any fiscal year, the complaint may be in the following form, and shall be legally sufficient, and on the trial thereof the duplicate assessment roll for any said fiscal year, of said county, or city or county, or a copy of any entry therein duly certified, showing unpaid taxes against the defendant, or in cases where the defendant is sued in a representative capacity against any person or estate he represents, shall be prima facie evidence of the plaintiff's right to recover:

(Title of court.) (Name of plaintiff) vs. (name of defendant.) Plaintiff avers that defendant is indebted to plaintiff in the sum of \$—— (naming the amount for county, or city and county), [for] taxes, with five per centum penalty added thereto for the non-payment thereof, and interest thereon at the rate of two per centum per month from the (date), and fifty cents costs of advertising. Plaintiff further avers that defendant is indebted to plaintiff in the further sum of \$—— (naming amount), for state taxes, with five per centum penalty added thereto for the non-payment thereof, and interest thereon at the rate of two per centum per month from (date), and fifty cents costs of advertising, which said taxes were duly assessed and levied upon (the real or personal) property of said defendant, to wit: (describing property as assessed), for the fiscal year (naming the year). Wherefore, plaintiff prays judgment against said defendant, for said several sums, with interest and penalty as aforesaid, and costs of suit.

(Signature of attorney.)

And in any case where the defendant is sued in a representative capacity, such other further or additional allegations as may be necessary to charge him in such capacity; and it is further provided, that any county, or city and county, where such taxes are delinquent, may sue in its own name for the recovery of delinquent taxes, whether the same be for county, or city and county, and state purposes, or taxes, or either of them.

§ 2. This act shall take effect and be in force from and after its passage.

It is held in *San Diego vs. Southern Pac. R. Co.*, 108 Cal. 46, 40 Pac. Rep. 1052, that the foregoing act is repealed by § 3670, Pol. Code, as amended in 1883, so far as relates to actions against railroads by counties or cities and counties.

In *San Bernardino vs. Southern Pac. R. Co.*, 137 Cal. 659, 660, 661, 70 Pac. Rep. 782, it is said that the act is wholly inconsistent with the Political Code as to collection of taxes upon railroad property.

The form prescribed for the complaint

may be sufficient in other actions, where a municipality is authorized to bring actions. But see also *Los Angeles County vs. Bal-lerino*, 99 Cal. 593, 595, 32 Pac. Rep. 581,

TORRENS LAND SYSTEM.

For the certification of land titles and the simplification of the transfer of real estate.

(Stats. 1897, 138, ch. CX.)

§ 1. Recorders and ex officio recorders in the several counties of this state shall be registrars of titles in their respective counties, and their deputies shall be deputy registrars. All laws relative to recorders and their deputies, including their compensation, clerk hire, and expenses, shall extend to registrars and their deputies, so far as the same may be applicable, except as in this act otherwise provided. Registrars of titles shall be county officers within the meaning of the laws of this state.

§ 2. The official bonds now required by law to be given by recorders and ex officio recorders before entering upon the discharge of their duties, shall also apply to and cover the faithful discharge of their duties as registrars, whether such additional condition be specifically provided for in such bonds or not.

§ 3. Deputies may perform any and all duties of the registrar, in the name of the registrar, and the acts of such deputies shall be held to be the acts of the registrar.

§ 4. Registrars and deputy registrars are prohibited from practising law, or acting as attorneys or counselors at law, or having as a partner a lawyer or any one who acts as such, or from acting as searchers of title under this act.

§ 5. Land may be brought under the operation of this act by the filing with the county clerk of a verified petition to the superior court of the county within which such land is situated, by the owner of any estate or interest in such land, whether legal or equitable (other than an undivided share, or an easement). The clerk shall immediately indorse on such application the exact time of its presentation, and enter the same in a book kept for that purpose and known as the land register docket. Persons who collectively claim to hold the entire legal estate in fee simple may jointly file such petition. A corporation may apply by its authorized agent, an infant by his guardian, any other person under disability by his guardian or trustee. Land constituting a single parcel and lying partly in two or more counties may be included in one application, which may be made in either county in which the land lies, but the certificate issued therefor must be filed with the registrars of all the counties within which such land is situated. Two or more parcels of land may be included in one application if owned by the same person and in the same right.

§ 6. The petition shall set forth substantially:

(a) The name, occupation, place of residence, and post-office address of the applicant, and if the application is by one acting in behalf of another, the name, place of residence, post-office address, and capacity of the person so acting, and the nature of the disability of the person for whom he is acting.

(b) Whether the applicant (except in case of a corporation) is married or not, and, if married, the name and residence of the husband or wife.

(c) The description of the land.

(d) The applicant's estate or interest in the same, and whether the same is subject to an estate of homestead.

(e) Whether the land is occupied or unoccupied, and, if occupied, the name and post-office address of each occupant, and what estate or interest he has or claims in the land.

(f) Whether the land is subject to any easement, lien, or encumbrance, and, if any, the name and post-office address if known of each holder thereof, and the nature and amount of the same, and, if recorded, the book and page of the record.

(g) Whether any other person has any estate or claims any interest in the land, in law or equity, in possession, remainder, reversion, or expectancy, and, if any, the name and post-office address if known of every such person, and the nature of his estate or claim.

(h) The names and post-office addresses of all the owners of the adjoining lands, so far as he is able, upon diligent inquiry, to ascertain the same.

(i) If the applicant is a male, that he is of the full age of twenty-one years; if a female, that she is of the full age of eighteen years. If the application is made by a corporation, its name, when and where incorporated, its principal place of business, and the names and post-office addresses of its president and secretary. If the application is by a husband or wife, and the property is community property, the petition must so state, and both spouses must join therein. A plat or plan of survey of the land made by the county or a licensed surveyor must accompany the application, and if said land is a part of a city, town, or subdivision, the application must refer to the book and page of the records of the county where the map of said city, town, or subdivision is recorded, if at all.

Each application must be accompanied by an abstract of the title, verified by the searcher making the same, as required in proceedings in partition, or, if made by a corporation engaged in the business of making and certifying abstracts of title, then in lieu of the affidavit a certificate by such corporation, under its seal, shall be sufficient. When the title to the land in question has been previously determined by a final decree of a court of competent jurisdiction, such abstracts need not antedate such decree unless required by the court in which such application is filed. No person or corporation shall be authorized to make or furnish such abstracts of title until after entering into an undertaking with two or more sufficient sureties to the people of the state of California in a sum not less than ten thousand dollars, which may be increased from time to time by order of the court. Such bonds shall be recorded in the record of official bonds in the recorder's office of the county and then filed in the county clerk's office. Said bonds shall be conditioned to pay all damages and costs which the state may sustain by reason of any error or insufficiency in said abstract. The

sureties on such bond shall qualify as provided in section ten hundred and fifty-seven of the Code of Civil Procedure, and the sufficiency of the bond and of the sureties thereon shall be approved by a judge of the superior court of the county where such bond is to be filed. The sureties upon such bond may become severally liable in portions of not less than five hundred dollars each, making in the aggregate at least two sureties for the whole sum. Said bond shall be renewed as often at least as once in every period of three years.

§ 7. No mortgage, lien, charge, or lesser estate than a fee simple shall be registered unless the fee simple to the same land is first registered.

§ 8. It shall not be an objection to bringing land under this act, that the estate or interest of the applicant is subject to any outstanding lesser estate, mortgage, lien, or charge; but every such lesser estate, mortgage, lien, or charge shall be noted upon the certificate of title and the duplicate thereof, and the title or interest certified shall be subject only to such estates, mortgages, liens, and charges as are so noted, except as herein provided.

§ 9. No title derived through sale for any tax or assessment shall be entitled to be first registered, unless it shall appear to the satisfaction of the court, upon the hearing of the application, that the applicant, or those through whom he claims title, have been in the open, actual, continuous, uninterrupted, undisputed, exclusive, and adverse possession of the land under such title at least five years, and have paid all taxes and assessments legally levied thereon for five successive years.

§ 10. The application may be amended only by petition verified as in the case of the original. Such amendment may be ordered by the court on its own motion, or upon the motion of any person interested in the proceeding.

§ 11. The filing of the application in the office of the county clerk shall be sufficient notice of the same to all subsequent purchasers or encumbrancers without the filing of a *lis pendens* in the office of the recorder.

§ 12. The court shall, in its discretion, examine the abstract itself, or refer the same, as provided in section eighteen of this act. If it shall appear to the court, from an examination of the abstract, or from the report of the referee, that the title to the land described in the application is substantially as alleged by the applicant, the application shall be set for hearing, otherwise the court may order the application dismissed.

§ 13. When the time and place for hearing the application is fixed by the court, notice thereof shall be given to all parties interested, as shown by the petition and the abstract or referee's report, and to the husband or wife of the applicant, if married, and the owners of adjoining lands, in the same manner as the service of a summons in a civil action, and by publication for at least four weeks, in some newspaper of general circulation, to be designated by the court; provided, that no copy of abstract or map need be served with the petition. Any person interested may appear and object to the granting of the application, and if such objection is sustained, the costs of the same shall be paid by the applicant; if not, by the person so objecting. The time for appearance after service shall be the same as in the case of a civil action.

§ 14. Upon the day set for the hearing of the application, or at such time as the same may be continued to, the court shall cause examination to be made into

the applicant's title to the land in question, and shall hear testimony as to the allegations of the petition, or of any objections thereto; and if any defects are found in the application, or in the applicant's title to the land, or if any of the allegations of the petition are found to be untrue, or any objections to said petition are sustained, the court may dismiss such application, or may give the applicant such further time as the court may deem reasonable, before finally passing upon his application.

§ 15. If it shall be made to appear, to the satisfaction of the court, that the notice required by section thirteen has been duly given and served; that the facts stated in the application are true, and that the applicant is the owner of the land, or interested therein, as set forth in the petition, the court shall duly make, give and enter a decree to that effect, which said decree shall contain an accurate description of the property in question, with a diagram thereof, and also shall set forth all liens and encumbrances on said land, with the name of the holder thereof, and the nature, amount, and order of the same, and, if recorded, the book and page of the record. Any party aggrieved by such decree may appeal therefrom in the manner now or hereafter provided by law for appeals in civil actions.

§ 16. A certified copy of such decree shall be filed in the office of the registrar, who shall thereupon issue a certificate of title to the person entitled thereto as shown by said decree, and shall proceed to bring said land under the operation of this act, as herein provided. Said certificate shall contain the description of the property set forth in the decree, and shall also show the nature, amount, and order of the liens thereon.

§ 17. The decree of the court ordering registration shall be in the nature of a decree in rem, and shall be final and conclusive as against the rights of every and all persons, known and unknown, to assert any estate, interest, claim, lien, or demand of any nature or kind whatever, against the land so ordered registered, except as provided in this act.

§ 18. Upon the filing of the petition the court may appoint a referee to examine and report upon the abstract accompanying the same. Such referee shall be an attorney in good standing, skilled in the examination of titles, of not less than three years' practice at the bar of the court so appointing him. The compensation of the searcher and of the referee shall be fixed by the court, or agreed upon between themselves and the applicant, and shall be paid by the applicant as a part of the costs of the proceeding.

§ 19. Whenever such abstract shall be made and such referee appointed, no decree shall be entered by the court until the written opinion of such referee shall be filed in the proceeding, showing the nature of the applicant's title to the land; and if the same is subject to any lesser estate, mortgage, lien, or charge, particularly specifying the same and the priority thereof. The estate of homestead shall be included in the term "lesser estate."

§ 20. Any applicant may, upon payment of all fees due, withdraw his application for registration at any time prior to the issuing of a certificate of title; and upon the written request of such applicant and the order of the court, the clerk shall return to the applicant all abstracts of title, deeds, and other instru-

ments, except depositions or affidavits deposited by him for the purpose of supporting his application.

§ 21. In case of the death or any disability of the applicant, the court, on motion, may allow the proceeding to be continued by or against his representative or successor in interest. In case of any other transfer of interest the proceeding may be continued in the name of the original applicant, or the court may allow the person to whom the transfer is made to be substituted in the proceeding.

§ 22. The registrar shall immediately, upon the registration of any land, make an entry in a book kept by him for that purpose, showing the name of the person to whom the certificate was issued, its number, the day, hour, and minute of its issuance, the name of the person to whom the duplicate certificate was delivered, and the book and page where the original certificate is entered or recorded.

§ 23. Every first and subsequent certificate of title shall be in duplicate and numbered consecutively and bear date the year, month, day, hour, and minute of its issue, and be under the hand and official seal of the registrar, one copy of which shall be retained by the registrar and be known as the original, and the other shall be delivered to the owner, or person acting for him, and be known as the duplicate. It shall state whether the owner, except in the case of a corporation, executor, administrator, assignee, or other trustee, is married or not married, and the name of the husband or wife. If the owner is a minor it shall state his age; if under any other disability, the nature of the disability. If issued to an executor or administrator, the certificate shall show the name of the deceased testator or intestate; if to an assignee in insolvency, the name of the insolvent. The registrar shall note at the end of the certificate, original and duplicate, in such manner as to show and preserve their priorities, the particulars of all estate, mortgages, liens, encumbrances, and charges to which the owner's title is subject.

§ 24. No particular form of certificate of title is required, but the same may be, subject to such changes as the case may require, substantially in the following form:

State of California, }
County of ———— } ss.

A B (state occupation and residence, giving street and number), state of California (if an administrator, give the name of the deceased; if a minor, give his age; if under other disability, state its nature), married to (name of husband or wife, or if not married so state), is the owner of an estate in fee simple (or as the case may be) in the following land (insert description contained in the decree). Registrar of titles in and for the county of —, state of California.
[Seal.]

§ 25. In all cases where two or more persons are entitled as tenants in common to an estate in registered land, such persons may receive one certificate for the entirety, or each may receive a separate certificate for his undivided share.

§ 26. Upon the application of any registered owner of land held under separate certificates of title, or under one certificate, and delivering up of such certificate or certificates of title, the registrar may issue to such owner a single certificate of title for the whole of such land, or several certificates, each containing a portion of such land, in accordance with such application, and as far as the same may be done consistently with any regulations at the time being in force, respecting the certificates of land that may be included in one certificate of title; and upon issuing any such certificate of title said registrar shall indorse on the last previous certificate of title of such land so delivered up a memorial, setting forth the occasion of such cancelation and referring to the volume and folium of the new certificate or certificates of title so issued.

§ 27. In the event of a duplicate certificate of title being lost, mislaid, or destroyed, the owner may apply to the court for an order upon the registrar to issue a certified copy of the original certificate of registration. Upon the hearing of such application, the court may order such notice to be given to such persons, and for such time as it may deem proper. If the court is satisfied that the applicant is the person named in the original certificate on file in the registrar's office, and that the duplicate certificate has been lost, mislaid, or destroyed, the court shall make an order directing the registrar to issue a certified copy of the original certificate to the applicant. A certified copy of such order shall be filed in the registrar's office, who shall thereupon issue to such applicant a certified copy of the original certificate, with the memorials and notations appearing upon the register, and shall note upon the register the fact, cause, and date of such issue, and shall also mark upon such certified copy: "Owner's certified copy, issued in place of lost (mislaid, or destroyed, as the case may be) certificate," and such certified copy shall stand in the place of, and have like effect, as the missing duplicate certificate. In case of a lost certificate, no transfer of the land shall be made until such certified copy is issued by the registrar. A certified copy of the certificate of title may be issued by the registrar for use as evidence, upon the receipt by him of an order therefor made by the court; provided, that such certified copy shall have written or stamp across the face thereof the words "For use as evidence only." The issuance of such certified copy and the purpose thereof shall also be noted upon the original certificate by the registrar.

§ 28. If an owner's name or description is incorrectly registered, or becomes changed (e. g. by marriage, adoption, divorce, etc.), the court, upon the filing of an application and proof of facts in the manner set forth in,

section twenty-seven of this act, and the production by the owner of the duplicate certificate, shall order the registrar to issue a new certificate, with such changes as the case may require.

§ 29. The registrar shall keep a book, to be known as the "Register of Titles," wherein he shall enter all original certificates of title, in the order of their numbers, with appropriate blanks for the entry of memorials and notations allowed by this act. Each certificate, with such blanks, shall constitute a separate folium of such book. All memorials and notations that may be entered upon the register under the terms of this act shall be entered upon the folium constituted by the last certificate of title of the land to which they relate. Each certificate of title shall be numbered the same as the folium of the register on which the registration of the title of which it is a duplicate is entered.

§ 30. Before the delivery of any duplicate certificate of title, a receipt for it shall be required to be signed by the owner. Where such receipt is signed in the presence of the registrar or a deputy, it shall be witnessed by such officer. If signed elsewhere, it shall be acknowledged before any officer authorized to take acknowledgments of deeds.

§ 31. In every case of first registration of land or an estate or interest therein, the same shall be deemed to be registered under this act, when the registrar shall have marked upon the certificate of title, in duplicate, the volume and folium of the register in which the original may be found.

§ 32. Every transfer of registered land shall be deemed to be registered under this act, when the new certificate to the transferee shall have been marked, as in the case of the first registration; and all other dealings shall be considered as registered when the memorial or notation shall have been entered in the register upon the folium constituted by the existing certificate of title of the land. But, for the protection of the transferee or person claiming through any transfer or dealing, the registration shall relate back to the time of filing in the registrar's office the deed, instrument, or notice pursuant to which the transfer memorial or notation is made.

§ 33. Any person feeling himself aggrieved by the action of the registrar, or by his refusal to act in any matter pertaining to the first registration of land, or any subsequent transfer, or charge upon the same, or failing, or neglecting, or refusing to file any instrument, or to enter or cancel any memorial or notation, or to do any other thing required of him by this act, may file a complaint in the superior court making the registrar and other persons, whose interests may be affected, parties defendant, and the court may proceed therein as in other cases, and make such order or decree as shall be according to equity and the purport of this act. A certified copy of such order or decree shall be presented to the registrar, who shall file the same and make such entry thereof as by this act required.

§ 34. The registered owner of any estate or interest in land brought under this act shall, except in case of fraud to which he is a party, or of the person through whom he claims without valuable consideration paid in good faith, hold the same subject only to such estates, mortgages, liens, charges, and interests as may be noted in the last certificate of title in the registrar's office, and free from all others, except:

1. Any subsisting lease or agreement for a lease for a period not exceeding one year, where there is actual occupation of the land under lease. The term "lease" shall include a verbal letting.

2. All public highways embraced in the description of the lands included in the certificate.

3. Any subsisting right of way or other easement, however created, upon, over, or in respect of the land.

4. Any tax or special assessment for which a sale of the land has not been had at the date of the certificate of title.

5. Such right of action or claim as is allowed by this act.

6. Liens, claims, or rights arising under the laws of the United States, which the statutes of California cannot require to appear of record upon the register.

§ 35. After land has been registered no title thereto adverse or in derogation to the title of the registered owner shall be acquired by any length of possession.

§ 36. Except in case of fraud, and except as herein otherwise provided, no person taking a transfer of registered land, or any estate or interest therein, or of any charge upon the same from the registered owner, shall be held to inquire into the circumstances under which, or the consideration for which, such owner or any previous registered owner was registered, or be affected with notice, actual or constructive, of any unregistered trust, lien, claim, demand, or interest; and the knowledge that any unregistered trust, lien, claim, demand, or interest is in existence shall not of itself be imputed as fraud.

§ 37. In case of fraud, any person defrauded shall have all rights and remedies that he would have had if the land were not under the provisions of this act; provided, that nothing contained in this section shall affect the title of a registered owner who has taken bona fide for a valuable consideration, or of any person bona fide claiming through or under him.

§ 38. If a deed or other instrument is registered, which is forged, or executed by a person under legal disability, such registration shall be void; provided, that the title of a registered owner, who has taken bona fide for a valuable consideration, shall not be affected by reason of his claiming title through some one the registration of whose right or interest was void, as provided in this section.

§ 39. No unregistered estate, interest, power, right, claim, contract, or trust shall prevail against the title of a registered owner taking bona fide for a valuable consideration, or of any person bona fide claiming through or under him.

§ 40. In any suit for specific performance brought by a registered owner of any land under the provisions of this act against a person who may have contracted to purchase such land, not having notice of any fraud or other circumstances which, according to the provisions of this act, would affect the right of the vendor, the certificate of title of such registered owner shall be held in every court to be conclusive evidence that such registered owner has a good and valid title to the land, and for the estate or interest therein mentioned or described.

§ 41. In any action or proceeding brought for ejectment, partition, or pos-

session of land, the certificate of title of a registered owner shall be held in every court to be conclusive evidence, except as herein otherwise provided, that such registered owner has a good and valid title to the land, and for the estate or interest therein mentioned or described, and that such registered owner is entitled to the possession of said land.

§ 42. The register of any land, and duly certified copies thereof, shall, except as herein otherwise provided, be received in law and in equity as evidence of the facts therein stated, and as conclusive evidence that the person named therein as owner is entitled to the land for the estate or interests therein specified.

§ 43. Whenever a memorial has been entered, as permitted by this act, the registrar shall carry the same forward upon all certificates of title until the same is canceled in some manner authorized by this act.

§ 44. All dealings with land or any estate or interest therein, after the same has been brought under this act, and all liens, encumbrances, and charges upon the same subsequent to the first registration thereof, shall be deemed to be subject to the terms of this act, and to such amendments and alterations as may hereafter be made. The bringing of land under this act shall imply an agreement which shall run with the land, that the same shall be subject to the terms and provisions of the act and of amendments and alterations thereof.

§ 45. No person shall commence any action at law or in equity for the recovery of land, or assert any interest, right in, or lien or demand upon the same, or make entry thereon adversely to the title or interest certified in the first certificate bringing the land under the operation of this act, unless within five years after the first registration. It shall not be an exception to this rule that the person entitled to bring the action or make the entry is an infant, lunatic, or is under any disability, but action may be brought by such person by his next friend or guardian. It shall be the duty of the guardian, if there is any, to bring action in the name of his ward whenever it is necessary to preserve or enforce the ward's rights in registered land; provided, however, before such action shall proceed, it must be made to appear to the court that the person bringing such action, or those under whom he claims, had no actual notice of the proceedings to register such lands in time to appear and file his objections or assert his claim.

§ 46. The action provided for in the last preceding section, shall in no way affect or disturb the rights of any person in said land, acquired subsequent to the registration thereof, bona fide and without knowledge, and for a valuable consideration.

§ 47. Any person having any interest, right, title, lien, or demand, whether vested, contingent, or inchoate, in, to, or upon registered land which existed at the time the land was first registered, and upon or for which no cause of action shall have accrued at the date of the registration of the land, may, prior to the expiration of said five years after such registration, file in the registrar's office a notice, under oath, setting forth his interest, right, title, lien, or demand, and how and under whom derived, and the character and nature thereof; and if such claim is so filed, an action may be brought to assert or recover or enforce the same at any time within one year after the right of action shall have accrued thereon, or at any time within the period of five years after said first registration, and not afterwards. It shall be the duty of a life tenant or trustee to file such

claim on behalf of any remainderman or reversioner, whether the remainder or reversion be at the time vested or contingent, and of a guardian to file such claim on behalf of his ward.

§ 48. A registered owner of land desiring to transfer his whole estate or interest therein, or some distinct part or parcel thereof, or some undivided interest therein, or to grant out of his estate an estate for life or for a term of not less than ten years, may execute to the intended transferee a deed or instrument of conveyance in any form authorized by law for that purpose. And upon filing such deed or other instrument in the registrar's office and surrendering to the registrar the duplicate certificate of title, the transfer shall be complete and the title so transferred shall vest in the transferee; thereupon, the registrar shall issue in duplicate and register, as hereinbefore provided, a new certificate, certifying the title to the estate or interest in the land desired to be conveyed to be in the transferee, and shall note upon the original and duplicate certificate the date of the transfer, the name of the transferee, and the volume and folium in which the new certificate is registered, and shall stamp across the original and surrendered duplicate certificate the word "Canceled," in whole or in part, as the case may be.

§ 49. When only a part of the land described in a certificate is transferred, or some estate or interest in the land is to remain in the transferor, a new certificate shall be issued to him for the part, estate, or interest remaining in him.

§ 50. The registrar shall mark as filed every deed, mortgage, lease, and other instrument which may be filed in his office, in the order of its receipt, and shall note thereon at the date of filing the minute, hour, day, and year it is received. When the date of filing any instrument is required to be entered upon the register, it shall be the same as that indorsed upon such instrument.

§ 51. All instruments, notices, and papers required or permitted by this act to be filed in the office of the registrar, shall be retained and kept in such office, and shall not be taken therefrom except by a subpoena duces tecum issued to, and served upon the registrar by a court of record. But the registrar, on demand, the proper fee being tendered therefor, shall deliver to any person a copy or copies of such an instrument, with all memoranda, memorials, and indorsements thereon, duly certified under his hand and seal of office. The registrar shall, however, upon all such copies, indorse thereon in writing across the face thereof, in red ink, "Copy, no rights conveyed hereby."

§ 52. Every copy of original instruments so certified as provided for in the last preceding section, shall be received in all cases in place of the original, and as evidence have the same force and effect as the original instrument.

§ 53. Like forms of deeds, mortgages, leases, and other instruments as are now or may hereafter be sufficient in law for the purpose intended, may be used in dealing with registered land and any estate or interest therein. Such instrument shall give the number of the certificate of title of the land described therein. But an indorsement, duly acknowledged, upon the duplicate certificate of title, substantially in the following form, viz.: "I ———, grant to ——— the real property described in this certificate. Witness ——— hand ——— and seal ——— this ——— day of ———, ———," shall be sufficient to transfer the property in said certificate described.

§ 54. On all instruments presented to the registrar for registration shall be indorsed the name and address of the person so presenting the same, and all notices relating to the land therein described may be served on such person at such address. The address may be changed from time to time by such person filing with the registrar a written notice of such change.

§ 55. A deed, mortgage, lease, or other instrument purporting to convey, transfer, mortgage, lease, charge, or otherwise deal with registered land, or any estate or interest therein, or charge upon the same, other than a will or a lease not exceeding one year where the land is in the actual possession of the lessee or his assigns, shall take effect only by way of contract between the parties thereto, and as authority to the registrar to register the transfer, mortgage, lease, charge, or other dealing upon compliance with the terms of this act. On the filing of such instrument, the land, estate, interest, or charge shall become transferred, mortgaged, leased, charged, or dealt with according to the purport and terms of the deed, mortgage, lease, or other instrument. The registrar shall immediately, upon the filing of such instrument, stamp or write upon the original and duplicate certificates of title the word "Transferred," "Mortgaged," "Leased," or otherwise, as the case may require, with the date of filing such instrument.

§ 56. No transfer of title to land, or any estate or interest therein, or mortgage, shall be registered, if the last original certificate shows that the land has been sold for any tax or assessment upon which a deed has been given, and that the title is outstanding, or upon which a deed may thereafter be given, or if said certificate shows that the estate of homestead, if any, has not been released or extinguished, unless the transfer or mortgage is intended to be subject to such tax sale or homestead estate, in which case it shall be so stated in the certificate of title.

§ 57. Every certificate of title to land shall state whether the transferee (except when the latter is a corporation, executor, administrator, or assignee) is married or not married, and if married, the name of the husband or wife. If the transferee be an executor or administrator, the certificate shall give the name of the deceased testator or intestate, and if the transferee be an assignee, the name of the insolvent. The transferee shall furnish the registrar the necessary information before he shall be entitled to have the land transferred to him on the register.

§ 58. Every mortgage, lease, contract to sell, or other instrument intended to create a lien, encumbrance, or charge upon registered land, or any interest therein, shall be deemed to be a charge thereon, and must be registered as hereinafter provided.

§ 59. On the filing of the instrument intended to create the charge in the registrar's office, and the production of the duplicate certificate of title, and it appearing from the original certificate of title that the person intending to create the charge has the title and right to create such charge, and the person in whose favor the same is sought to be created being entitled by the terms of this act to have the same registered, the registrar shall enter upon the proper folium of the register, and also upon the duplicate certificate, a memorial of the purport thereof, and the date of filing the instrument, with a reference thereto, by its file number, which memorial shall be signed by the registrar. The registrar

shall also note upon the instrument on file the volume and folium of the register where the memorial is entered.

§ 60. A trust deed in the nature of a mortgage shall be deemed to be a mortgage, and be subject to the same rules as a mortgage.

§ 61. When any mortgage, lease, or other instrument creating or dealing with a charge upon registered land or any estate or interest therein, is in duplicate, triplicate, or more parts, only one of the parts need be filed and kept in the registrar's office; but the registrar shall note upon the register whether the same is in duplicate, triplicate, or as the case may be, and shall also mark upon the others "Mortgagee's Duplicate," "Lessor's Duplicate," "Lessee's Duplicate," or as the case may be, and note upon the same the date of filing and the volume and folium of the register where the memorial is entered, and deliver them to the parties entitled thereto.

§ 62. When an instrument is not executed in a sufficient number of parts for the convenience of the parties, the registrar may make and deliver to each of the parties entitled thereto certified copies of the instrument filed in his office, with the indorsements thereon, marking the same "Mortgagee's Certified Copy," "Lessor's Certified Copy," or as the case may be, and shall note upon the register the fact of issuing such copies. Such certified copies shall have the same force and effect and be treated as duplicates.

§ 63. The holder of any charge upon registered land, desiring to transfer the same or any part thereof, may execute an assignment of the whole or any part thereof. The assignment of a part only must state whether the part transferred is to be given priority, to be deferred, or to rank equally, with the remaining part. Upon such assignment being filed in the office of the registrar and the production of the duplicate or certified copy of the instrument creating the charge held by the assignor, the registrar shall enter in the register opposite the charge, a memorial of such transfer, and how it ranks, with a reference to the assignment by its file number; he shall also note upon the instrument on file in his office intended to be transferred, and upon the duplicate or certified copy thereof produced, the volume and folium where the memorial is entered, with the date of the entry. The transferee shall be entitled to have a certified copy of the instrument of transfer, with the indorsement thereon, and in case of the transfer of the entire charge, the duplicate or certified copy of the instrument creating the charge.

§ 64. A release, discharge, or surrender of a charge, or any part thereof, or of any part of the land charged, may be effected in the same way as above provided in the case of a transfer. In case only a part of the charge or of the land is intended to be released, discharged, or surrendered, the entry shall be made accordingly; but when the whole is released, discharged, or surrendered at the same or several times, the registrar shall stamp across the instrument on file, and the memorial thereof, and the duplicate or certified copy produced, the word "Canceled."

§ 65. All charges upon registered land, or any estate or interest in the same, may be enforced as now or hereafter allowed by law, and all laws with reference to the foreclosure and release or satisfaction of mortgages shall apply to mortgages upon registered land, or any estate or interest therein,

except as herein otherwise provided, and except that until notice of the pendency of any suit to enforce or foreclose such charge is filed in the registrar's office, and a memorial thereof entered on the register, the pendency of such suit shall not be notice to the registrar, or any person dealing with the land or any charge thereon.

§ 66. Before any person can convey, charge, or otherwise deal with registered land, or any estate or interest therein, as attorney in fact for another, the deed or instrument empowering him so to act shall be filed with the registrar, and a memorial thereof entered upon the original and duplicate certificates. If the attorney shall so desire, the registrar shall deliver to him a certified copy of the power of attorney, with the indorsements thereon. Revocation of a power may be registered in like manner.

§ 67. Whenever a deed or other instrument is filed in the registrar's office for the purpose of effecting a transfer of, or charge upon, registered lands, or any estate or interest therein, and it appears from such instrument that the transfer or charge is to be in trust, or upon any condition or limitation therein expressed, the registrar shall note in the certificate, and the duplicate thereof, or memorial, the words "in trust," or "upon condition," or "with limitations," as the case may be, but no entry shall be made of the particulars of any such trust, conditions, or limitations.

§ 68. The trustee or transferee in any such instrument named, if the instrument contains the words "with power of sale," shall have power to deal with the land as the owner thereof; and a bona fide purchaser, mortgagee, or lessee is not bound to inquire into or determine whether or not the acts of such trustee are in accordance with the terms and conditions of the trust. When such power is conferred, the registrar shall note upon the certificate and duplicate thereof the words "with power of sale."

§ 69. If, however, such instrument does not contain the words "with power of sale," such trustee shall have no power to sell or otherwise deal with the land without an order of court so to do, duly given and made, a certified copy of which said order shall be filed with the registrar, and a memorial thereof entered upon the certificate of title, which shall be conclusive evidence as against all persons that the authority of such trustee was duly executed in accordance with the true intent and meaning of the trust, condition, or limitation.

§ 70. A trustee under any will admitted to probate, unless such power shall have been expressly withheld by the terms of such will, shall have power to deal with any registered land held by him in trust as fully in every respect as if such lands belonged to him individually.

§ 71. The distribution, transfer, leasing, mortgaging, or other change in the status of the title of registered land that is within the jurisdiction of any court by reason of the pendency of probate, insolvency or equity proceedings, shall be made under the same conditions and limitations as now or hereafter provided by the law of this state.

§ 72. The court in its order or decree making such distribution, transfer, leasing, mortgaging, or other change in the status of the title of registered land, shall direct the registrar to issue a certificate of title, or to note a me-

morial of the transaction, as the case may require, in accordance with such order or decree.

§ 73. The executor, administrator, assignee, receiver, or other person acting under the direction of said court, shall file with the registrar a certified copy of such order or decree, also the deed, lease, mortgage, or other instrument executed in accordance with such order or decree, and also a certified copy of the order or decree confirming such sale, lease, mortgage, or other transaction, when such confirmation is required by law.

§ 74. Executors, administrators, and assignees in insolvency shall have no power of sale of lands registered in their names as such, without an order of court obtained for that purpose. Before any certificate can be issued to the purchaser, such sales shall be reported for confirmation to the court under whose authority such executor, administrator, or assignee is acting, and if confirmed a duly certified copy of the order of confirmation shall be filed in the office of the registrar, and a memorial thereof entered upon the certificate of title. Upon the filing of the certified copy of such order of confirmation and the entry of such memorial, the registrar shall issue a certificate to the purchaser at such sale, which certificate, in addition to the usual contents thereof, shall refer to the said order of confirmation. Such order of confirmation shall be conclusive evidence that the sale was in all respects conducted in accordance with law, and the purchaser shall not be bound to inquire into the regularity of the proceeding, or power of the executor or administrator to make such sale.

§ 75. If a testator, by his will, has provided that the executor thereof shall have a power of sale of real estate, the court shall direct the registrar to register the words "with power of sale," in respect of the land of the deceased, and such executor shall have power to sell such land without an order of court so to do, but such sales must be confirmed by the court in the manner now or hereafter provided by the law of this state, and a duly certified copy of the order of such confirmation shall be filed with the registrar before any certificate of title can be issued to the purchaser of such land.

§ 76. Thereupon the registrar shall issue the certificate of title, or note the memorial, as the case may require; and such certificate of title or memorial noted shall be conclusive evidence in favor of all persons thereafter dealing with said land.

§ 77. A purchaser of registered land sold for any tax or assessment, shall, within one day after such purchase, file in the office of the registrar a written notice of such purchase. And thereupon the registrar shall enter a memorial thereof upon the certificate of title, and shall mail to each person named in the certificate, or in the memorials thereon, a copy of said notice, a sufficient number of said copies to be furnished to the registrar by said purchaser at the time of filing said notice. In case the state or a municipal corporation becomes the purchaser of land sold for any tax or assessment, the tax collector shall, within one day thereafter, file with the registrar a notice to that effect. And thereupon the registrar shall enter a memorial thereof upon the register, and shall mail notices to interested parties, as in the case of an individual purchaser. Unless such notice is given as herein provided, the land shall be for-

ever released from the effect of such sale, and no deed shall be issued in pursuance thereof.

§ 78. A tax deed of registered land, or of any estate or interest therein, issued in pursuance of any sale for a tax or assessment made after the taking effect of this act, may be presented by the holder thereof to the registrar, who shall thereupon enter upon the register a memorial of such deed; but such deed, unless the same shall have been issued to the state, shall have only the effect of an agreement for the transfer of the title, and before any certificate of title shall be issued for the land described in such deed, the holder thereof must file with the clerk of the superior court an application for a decree showing the title to said land to be vested in him.

§ 79. All persons appearing upon the register to be interested in said land, and also the person who appears, by the tax collector's books to have paid the tax or assessment last paid before the sale on which the deed is issued, shall be notified; and any person claiming an interest in the land may, upon the hearing of such application, show, as cause why a certificate of title should not issue to the holder of said deed, any fact that might be shown in law or in equity on his behalf to set aside such tax deed, and the applicant shall be required to show affirmatively that all the requirements of the statute to entitle him to a deed have been complied with.

§ 80. Such application shall be heard by the court, which shall render a decree showing the condition of the title to such land, and who is the owner thereof, and upon presentation to him, of a duly certified copy of such decree, the registrar shall issue a certificate for said land in accordance with the terms and conditions of said decree.

§ 81. In case a tax deed of registered land is issued to the state or any municipal corporation, in pursuance of any sale for a tax or assessment made after the taking effect of this act, the registrar shall, upon the filing of such deed in his office, cancel the certificate for the land in said deed described, and issue a new certificate to the state therefor.

§ 82. The notice required in section eighty shall be given upon all persons residing in the state by personal service, and upon all persons living out of the state by mail and by publication in the manner now or hereafter required by the laws of this state in an action to quiet title. If such personal service be made by a sheriff or constable, his certificate, and if by any other person, his affidavit, shall be sufficient proof thereof. In case the place of residence of any person is not known to the registrar or the holder of such deed, notice shall be given by publication in a newspaper of general circulation in the county in which the land is situated, at least once a week for four consecutive weeks. Proof of such publication must be made in the manner now or hereafter required by the laws of this state.

§ 83. Upon presentation to him of a certificate of redemption from any tax sale, the registrar shall cancel the memorial of said sale upon the certificate of title.

§ 84. In proceedings for partition of registered land, proof must be made that all persons, shown by the register of title to be interested in the land, have been made parties to such proceeding.

§ 85. On confirmation of the report of the commissioners setting off registered lands in proceedings for partition, it shall be the duty of the parties to whom the lands are allotted, to cause a certified copy of the judgment or decree to be filed with the registrar. Thereupon the registrar shall transfer the same upon the register, and issue certificates of title to the persons entitled thereto, as shown by said decree.

§ 86. Whenever, in proceedings for partition of registered land, the court shall order a sale of such land, and the same is sold under such order, the purchaser shall file with the registrar a certified copy of the order confirming said sale, together with certificate of the officer holding the writ, that the terms of the sale have been complied with. Thereupon, the registrar shall transfer said land upon the register, and issue a certificate of title to the purchaser, therefor.

§ 87. When a tenant in common has given any mortgage, or granted any other lien or interest upon his undivided interest, and the same is set off in severalty in proceedings for partition, such mortgage, lien, or other interest shall attach only to the lands so set off, and the registrar shall note the same upon a new register of title, and a new certificate of title, and shall indorse a memorandum of the partition upon the instrument creating such lien, mortgage, or other interest, if the same be on file in his office, before a new certificate of title shall be issued therefor.

§ 88. Whenever registered land shall be sold to satisfy any judgment, decree, or order of court, the purchaser shall file with the registrar a duly certified copy of the order of sale, or of the order confirming such sale, when the same needs to be confirmed by the court, and also the certificate, if any, of the officer, that the terms of sale have been complied with, and thereupon the registrar shall transfer the land to him, and issue a new certificate of title therefor to said purchaser.

§ 89. No suit, bill, or proceeding at law or in equity for any purpose whatever, affecting registered land, or any estate or interest therein, or any charge upon the same, shall be deemed to be *lis pendens* or notice to any person dealing with the same until notice of the pendency of such suit, bill, or proceeding shall be filed with the registrar and a memorial thereof entered by him upon the register of the last certificate of the title to be affected; provided, however, this section shall not apply to attachment proceedings when the officer making the levy shall file his certificate as hereinafter provided.

§ 90. When any suit, bill, or proceeding affecting registered lands has been dismissed or otherwise disposed of, or any judgment, decree, or order has been satisfied, released, reversed, or modified, or any levy of execution, attachment, or other process has been released, discharged, or otherwise disposed of, it shall be the duty of the sheriff, or the clerk of the court in which such proceedings were pending, or had, as the case may be, forthwith, under his hand, and, if the clerk, under the seal of the court, to certify to and file with the registrar, an instrument showing such discharge or release. Upon the same being filed, the registrar shall enter a memorial of such discharge on the register. The costs of such certificate and memorial shall be taxed as other costs in the case.

§ 91. No judgment, or decree, or order of any court shall be a lien on or in anywise affect registered land, or any estate or interest therein, until a certified copy of such judgment, decree, or order, under the hand and official seal of the clerk of the court in which the same is of record, is filed in the office of the registrar, and a memorial of the same is entered upon the register of the last certificate of the title to be affected.

§ 92. Whenever registered land is levied upon by virtue of any writ of attachment, execution, or other process, it shall be the duty of the officer making such levy forthwith to file with the registrar a certificate of the fact of such levy, a memorial of which shall be entered upon the register; and no lien shall arise by reason of such levy until the filing of such certificate and the entry in the register of such memorial, any notice thereof, actual or constructive, to the contrary notwithstanding.

§ 93. Notice of liens under the provisions of the mechanics' lien laws of this state shall be filed in the registrar's office, and a memorial thereof, entered by him upon the register, as in the case of other charges, and such liens may be enforced as now or hereafter allowed by law. Until such notice is so filed and registered, no lien shall be deemed to have been created.

§ 94. When in a city, town, or county, an ordinance, resolution, or order is passed or made, to lay out, establish, alter, widen, grade, regrade, relocate, or construct or repair a street, sidewalk, drain or sewer, or to make any other public improvement, or to do any work, the whole or a portion of the expense for which assessments may be made upon real estate, if any registered land or any land included in an application for registration then pending is affected by the act or proceeding and liable to such assessment, the clerk of the board passing such ordinance, resolution, or order shall, within five days after the passage of such ordinance, resolution, or order, file in the registrar's office a notice of the passage thereof, and a memorial shall thereupon be noted on the register. In case of the repeal of such ordinance, resolution, or order, the clerk of said board, and in case of the satisfaction of any lien thereunder, the superintendent of streets or other officer required by law to collect and receive such assessments, shall, within five days thereafter, notify the registrar, who shall thereupon cancel such memorial.

§ 95. No statutory or other lien shall be deemed to affect the title to registered land until after a memorial thereof is entered upon the register, as herein provided, except in cases of liens for labor performed for a corporation, as provided in the act of the legislature of the state of California, approved March thirty-first, eighteen hundred and ninety-one.

§ 96. The certificate of the clerk of the court in which any suit, bill, or proceeding shall have been pending, or any judgment or decree is of record, that such suit, bill, or proceeding has been dismissed or otherwise disposed of, or the judgment, decree, or order has been satisfied, released, reversed, or overruled, or of any sheriff or other officer that the levy of any execution, attachment, or other process certified by him has been released, discharged, or otherwise disposed of, being filed in the registrar's office and noted upon the register, shall be sufficient to authorize the registrar to cancel or otherwise treat the memorial of such suit, bill, proceeding, judgment, decree, or levy, according to the purport of such certificate.

§ 97. After a title has been registered and a certificate issued therefor, or after a memorandum, notation, or memorial has been made on the register of title and has been attested, no correction, alteration, or erasure shall be made therein or thereof, except in the manner herein provided.

§ 98. Whenever it appears to the registrar that there is an error or omission in any certificate or memorial, or that any certificate or memorial has been made, entered, indorsed, issued, or canceled by mistake, he may apply to the court for an order summoning all persons registered as interested in the lands to which such certificate or memorial relates, to appear at an appointed time and place and produce their duplicate certificates and show cause why such omission or mistake should not be corrected, and shall thereupon enter a memorial of such application on the register.

§ 99. If at the time and place appointed all such persons appear and consent, the court may order and direct the registrar to correct any such error, omission, or mistake on the register and on any duplicate certificate, and may direct the cancellation of any certificate or memorial entered by mistake.

§ 100. If such persons, or any of them, fail to appear, or do not consent, the court may proceed to hear testimony as to such alleged error, omission, or mistake, and if it appear to the satisfaction of the court that an error, omission, or mistake has been made, he shall order and direct the registrar to correct the same and to cancel or modify such certificates or memorials as may be necessary to correct such error or mistake. When such error or mistake has been caused by the fault or neglect of the registrar, the costs of such proceedings shall be paid by the state; if by the fault of any person registered as interested in such land, by such person. A certified copy of the order of court, directing the correction of any error, omission, or mistake in respect to any certificate or memorial, shall be filed in the registrar's office before such correction shall be entered or made.

§ 101. Nothing in this act shall be construed to in anywise affect or modify the exercise of the right of eminent domain. When any suit or proceeding shall have been brought in the exercise of such right for the taking of registered land, or any interest therein, or to test the validity of any such taking, or to ascertain and establish the amount of damage by reason of any such taking, it shall be the duty of both parties to the proceeding to see that a certified copy of the judgment or decree therein is duly filed and a memorial thereof entered upon the register; but in the case of the assessment of damages, no such memorial shall be entered by the registrar until such damages have been paid, in which event the register shall also show the payment of such damages; provided, however, that the deposit with the treasurer, as allowed by law, of such damages, shall be deemed a payment thereof, and in such case the treasurer shall forthwith file with the registrar a certificate of such deposit, and thereupon a memorial thereof shall be entered upon the register. Upon the filing of the certified copy of the order or decree of the court and the payment of damages, the registrar shall note on the register of title of the owners whose lands have been appropriated, a description of the land so appropriated, and shall register in the name of the person, corporation, or other body entitled thereto, the title of the land taken, and issue a certificate therefor.

§ 102. The registrar shall keep property indices, the pages of which shall be divided into columns, showing first, the section or subdivision; second, the range or block; third, the township or lot; fourth, any further description necessary to identify the land; fifth, the name of the registered owner; sixth, the volume; and seventh, the page of the register in which the lands are registered.

§ 103. He shall also keep name indices, the pages of which shall be divided into columns, showing in alphabetical order, first, the names of all registered owners and all other persons interested in or holding charges upon registered land; second, the nature of the interest; third, a brief description of the land; fourth, the volume; and fifth, the page of the register in which the lands are registered.

§ 104. An owner of an undivided interest in registered lands may bring an action for the partition thereof. A notice of such action shall, at the time of the commencement thereof, be filed with the registrar and a memorial entered by him upon the register. A certified copy of any judgment or decree rendered in pursuance of such action shall be filed with the registrar, who shall thereupon issue new certificates in accordance therewith.

§ 105. Whenever, under the provisions of this act, any interest in, or lien, encumbrance, or charge upon registered land, arises adversely to the registered owner without voluntary action by him, and not in pursuance of a judgment or decree of court, such registration shall not be conclusive of the regularity of any proceedings or instruments by means of which such interest, lien, encumbrance, or charge arose, or the validity of the same, and shall have no greater force and effect than would the recording, in case the land were not registered, of an instrument creating a similar interest, lien, encumbrance, or charge.

§ 106. In the case of fraud, any person defrauded shall have all rights and remedies that he would have had if the lands were not under the provisions of this act; provided, that nothing contained in this section shall affect the title of a registered owner who has taken bona fide for a valuable consideration, or of any person bona fide claiming through or under him.

§ 107. In case of an appeal from any proceeding under this act, or from any judgment, order, or decree affecting registered lands, the clerk of the court in which the notice of appeal is filed shall forthwith notify the registrar thereof, and thereupon the registrar shall enter upon the register a memorial of such appeal.

§ 108. All fees collected by the registrar under the provisions of this act shall be accounted for, paid, disbursed, and disposed of by him in the same manner that fees collected by him as county recorder are now or may hereafter be by law accounted for, paid, disbursed and disposed of. Should there be a surplus in any year, such surplus shall be carried into the general fund, and be subject to appropriation for any purpose. In case such fees shall not amount to the sum required for the administration of this act, the deficiency shall be paid from any funds in the treasury not otherwise appropriated.

§ 109. All books, blanks, papers, and all things necessary for the purpose of carrying out the provisions of this act, shall be furnished by the board of supervisors, at the expense of the county.

§ 110. The attorney-general, state controller, and secretary of state shall prepare a uniform system of books, blanks, and forms for the use of the public officers required to perform duties under this act, and such forms, and none other, shall be used by such officers.

§ 111. Whoever fraudulently procures, assists in fraudulently procuring, or is privy to the fraudulent procurement of any certificate of title or other instrument, or of any entry in the register or other book kept in the registrar's office, or of any erasure or alteration in any entry in any said book, or in any instrument authorized by this act, or knowingly defrauds or is privy to defrauding any person by means of a false or fraudulent instrument, certificate, statement, or affidavit affecting registered land, shall be guilty of a felony, and fined not exceeding five thousand dollars, or be imprisoned not exceeding five years nor less than one year, or either, or both, in the discretion of the court.

§ 112. Whoever (1) forges, or procures to be forged, or assists in forging the seal of the registrar, or the name, signature, or handwriting of any officer of the registry office in cases where such officer is expressly or impliedly authorized to affix his signature; or (2) fraudulently stamps, or procures to be stamped, or assists in stamping any document with any forged seal of said registrar; or (3) forges, or procures to be forged, or assists in forging the name, signature, or handwriting of any person whomsoever to any instrument which is expressly or impliedly authorized to be signed by such person; or (4) uses any document upon which any impression, or part of the impression, of any seal of said registrar has been forged, knowing the same to have been forged, or any document the signature to which has been forged, knowing the same to have been forged; or (5) swears falsely concerning any matter or procedure made and done in pursuance of this act, shall be guilty of a felony, and imprisoned not exceeding ten years, nor less than one year, or fined not exceeding five thousand dollars, or both fined and imprisoned, in the discretion of the court.

§ 113. No proceeding or conviction for any act hereby declared to be a misdemeanor or a felony shall affect any remedy which any person aggrieved or injured by such act may be entitled to at law or in equity against the person who has committed such act, or against his estate, or against the registrar, or upon his bond.

§ 114. First—The fees, in respect of applications and proceedings under them prior to registration, shall be the same as in actions in the superior court.

Second—There shall be paid to the registrar:

For issuing a certificate of title, including one duplicate thereof, one dollar and fifty cents.

For each additional duplicate, fifty cents.

For registering each transfer, including the issue and registration of the new certificate, one dollar and fifty cents.

For entry of each memorial on the register, including the indorsement upon the duplicate certificates, one dollar.

For the cancelation of each certificate, memorial, or charge, twenty-five cents.

For each certificate showing condition of register, one dollar and fifty cents.

For filing any instrument, or for a certified copy of the register, or of any instrument or writing on file in his office, the same fees allowed by law to recorders for like services.

§ 115. This act shall be construed liberally so far as may be necessary for the purpose of effecting its general intent, but does not adopt by implication the construction of any similar legislation of other jurisdictions which this act may to any extent have followed.

§ 116. This act shall take effect and be in force from and after the first day of July, eighteen hundred and ninety-seven.

TOWNSHIP OFFICERS.

See tit. Fees of Officers.

TOWN SITES—INCORPORATED TOWNS.

To authorize and direct the municipal authorities of the several cities and incorporated towns of this state to execute certain trusts in relation to the town lands granted to the incorporated cities and towns in this state, by the act of Congress entitled "An act for the relief of the inhabitants of cities and towns upon the public lands," approved March second, eighteen hundred and sixty-seven.

(Stats. 1867-8, 487, ch. CCCC1; amended 1871-2, 237, ch. CXCVII.)

§ 1. It shall be the duty of the board of trustees, or other corporate authorities, of any city or incorporated town in this state, to enter at the proper land office of the United States such quantity of land as the inhabitants of any incorporated city or town may be entitled to claim, in the aggregate, according to their population, in the manner required by the laws of the United States and the regulations prescribed by the secretary of the interior of the United States, and by order entered upon their minutes of proceedings, at a regular meeting, to authorize the presiding officer and clerk of such board or other corporate authority, attested by the seal of such corporation, to make and sign all necessary declaratory statements, certificates and affidavits, or other instruments requisite to carry into effect the intentions of this act and the intentions of the act of Congress of the United States entitled "An act for the relief of the inhabitants of cities and towns upon the public lands," approved March second, eighteen hundred and sixty-seven, and to make proof, when required, of the facts necessary to establish the claim of such inhabitants to the lands so granted by said act of Congress.

§ 2. The corporate authorities of every city and incorporated town, situated upon the public lands of this state, shall within three months after date of receipt at the United States district land office of the approved plat of the township, embracing the lands upon which the town or city is situated, file in said land office an application in writing, describing the tract of land thus occupied, and thereafter make proof and payment for the tract in the manner required by law. [Amendment, Stats. 1871-2, 237.]

§ 3. The said corporate authorities shall, after the filing of their application, if not previously done, cause a survey to be made by some competent person, of the lands which the inhabitants of said city or town may be entitled to claim under the said act of Congress, located according to the legal subdivisions of the sections and by the section lines of the United States, and the same shall be distinctly marked by suitable monuments; such survey shall further particularly designate all streets, roads, lanes, and alleys, public squares, churches, school lots, cemeteries and commons, as the same exist and

have been heretofore dedicated in any manner to public use, and by measurement the precise boundaries and area of each and every lot or parcel of land and premises claimed by any person, corporation, or association within said city or town site shall be designated on the map, showing the name or names of the possessor, or occupants and claimants if other than the occupant of each particular lot and parcel of land; and in case of any disputed claim as to lots, lands, premises, or boundaries, the said surveyor, if the same be demanded by any person, shall designate the lines in different color from the body of the plat of such part of any premises so disputed or claimed adversely. A plat thereof shall be made in duplicate, on a scale of not less than eighty feet to one inch, which shall be duly certified under oath by the surveyor, one of which shall be filed with the county recorder of the county wherein the town is situated, and one shall be deposited with the city or town clerk. These plats shall be considered public records, and shall each be accompanied with a copy of the field-notes, and the county recorder shall make a record thereof in a book to be kept by him for that purpose. The said surveyor shall number the blocks as divided by the roads and streets opened at the time of making such survey, and shall number the several lots consecutively in each block, and all other parcels of land within said town or city surveyed as herein provided, which said numbers shall be a sufficient description of any parcel of land in said plats, field-notes, and records, and certified copies thereof shall be prima facie evidence of the contents and correctness thereof in all the courts of this state. [Amendment, Stats. 1871-2, 237.]

§ 4. Before proceeding to make such survey, at least ten days' notice thereof shall be given, by posting within the limits of such town site not less than five written or printed notices of the time when such survey shall commence, and by publication thereof in any newspaper or newspapers published in the city or town if there be one. The survey of said town lands shall be made to the best advantage and at the least expense to the holders and claimants thereof; and said corporate authorities are hereby authorized to receive bids for such surveying, and to let the same by contract to the lowest competent bidder.

§ 5. All streets, roads, lanes and alleys, public squares, cemeteries and commons, surveyed, marked and platted on the map of any town site, as prescribed and directed by the provisions of this act, shall be deemed and considered, and they are hereby declared to be, dedicated to public use by the filing of such town plat in the office of the county recorder, shall become the property of such town or city, and shall be subject to the control of the board of trustees or other municipal authority of such town or city.

§ 6. Each lot or parcel of said lands having thereon valuable improvements or buildings ordinarily used as dwellings or for business purposes, not exceeding one tenth of one acre in area, shall be rated and assessed by the said corporate authorities at the sum of one dollar; each lot or parcel of such lands exceeding one tenth and not exceeding one eighth of one acre in area shall be rated and assessed at the sum of one dollar and fifty cents; each lot or parcel of such lands exceeding in area one eighth of one acre and not exceeding one quarter of an acre shall be rated and assessed at the sum of two dollars; and each lot or parcel of such lands exceeding one quarter of an acre and not exceeding one

half of one acre in area shall be rated and assessed at the sum of two dollars and one half; and each lot or parcel of land so improved, exceeding one half acre in area, shall be assessed at the rate of two dollars and one half for each half an acre or fractional part over half an acre; and every lot or parcel of land inclosed which may not be otherwise improved, or uninclosed, claimed by any person, corporation or association, shall be rated and assessed at the rate of two dollars per acre or fractional part over an acre; and where upon one parcel of land there shall be two or more separate buildings occupied or used ordinarily as dwellings, or for business purposes, each such building, for the purposes of this section, shall be considered as standing on a separate lot of land; but the whole of said premises may be conveyed in one deed; which moneys so assessed shall be paid in gold and silver coin of the United States, and shall be received by the clerk and be paid by him into the city or town treasury.

§ 7. Every person, company, corporation or association, claimant of any town lot or parcel of land within the limits of such town site, shall present to the corporate authorities, by filing the same with the clerk thereof, within six months after the plat shall have been filed in the office of the county recorder, his, her or their affidavit, verified in person or by duly authorized agent or attorney, in which shall be concisely stated the facts constituting the possession or right of possession of the claimant, and that the claimant is entitled to the possession thereof as against all other persons, to the best of his knowledge and belief, to which shall be attached a copy of so much of the plat of said town site as will fully exhibit the particular lot or parcel of land so claimed, with the abutments; and every such claimant, at the time of filing such affidavit, shall pay to such clerk such sum of money as said clerk shall thereon certify to be due for the assessment mentioned in section six of this act, together with the further sum of five dollars, in gold or silver coin of the United States, to be appropriated to the payment of the expenses incurred in carrying out the provisions of this act; and the said clerks shall thereupon give to such claimant a certificate, attested by the corporate seal, containing a description of the lot or parcel of land claimed, and setting forth the amounts paid thereon by such claimant. The corporate authorities of every such city or town shall procure a bound book for each, wherein the said clerk shall make proper entries of the substantial matters contained in every such certificate issued by him, numbering the same in consecutive order, setting forth the name of claimant or claimants in full, date of issue and description of lot or lots claimed.

§ 8. If it shall be found that the amounts hereinbefore specified as assessments and fees for cost and expenses shall prove to be insufficient to cover and defray all the necessary expenses, the corporate authorities of every such city or town shall be and they are hereby authorized and empowered to estimate the deficiency and to assess such deficiency pro rata upon all the lots and parcels of land or lands in such town and to declare the same upon the basis set down in section six of this act; which additional amount, if any, may be paid by the claimant at the time when the certificate hereinbefore mentioned, or at the time when the deed of conveyance hereinafter provided for, shall be issued.

§ 9. At the expiration of six months after the issuance of the certificate mentioned in the preceding section, if there shall have been no adverse claim filed in the mean time, the said board of trustees or other corporate authority shall execute and deliver to such claimant, or to his, her or their heirs, administrators or assigns, a good and sufficient deed of the premises described in the application of the claimant originally filed, which said deed shall be signed and acknowledged by the president or other presiding officer of the municipal board of officers, and clerk, and shall be attested by the corporate seal of such city or town. No conveyance of any such lands made as in this act provided shall be deemed to conclude the rights of third persons; but such third persons may have their action in the premises, to determine alleged interest in such lands against such grantee, his heirs or assigns, to which they may deem themselves entitled either in law or equity; provided, that no action for the recovery of the possession of such premises or any portion thereof shall be maintained in any court against the grantee named therein or against his, her or their assigns, unless such action shall be commenced within two years after such deed shall have been filed for record in the office of the county recorder of the county where such lands are situate; and provided, that nothing herein shall be so construed to extend the time of limitation prescribed by law for the commencement of actions upon a possessory claim or title to real estate, when such action is barred by law at the time of the passage of this act; and provided further, that whenever mining claims shall have been located prior to the passage of this act, and where the same shall be prior in location to the claim of any occupant for other purposes, such mining rights, according to the metes and bounds so located and claimed, shall not in any manner be affected by the provisions of this act; nor shall any sale be made, nor any title be conveyed by reason of any sale or pretended sale, of such lands so claimed for mining purposes until after the occupancy of such mining claims shall have been abandoned by the holders thereof.

§ 10. In all cases of adverse claims or disputes arising out of conflicting claims to lands or boundary lines, the adverse claimants may submit the decision thereof to the corporate authorities of such city or town by an agreement in writing specifying particularly the subject-matter in dispute, and may agree that their decision shall be final. The municipal board shall hear the proofs and shall order a deed to be executed in accordance with the facts; but in all other cases of adverse claim the party out of possession shall commence his action in a court of competent jurisdiction within six months after the filing of the town plat in the office of the county recorder. In case such action be commenced the plaintiff shall serve a notice *lis pendens* upon the president of the municipal board, who shall thereupon stay all proceedings in the matter of granting any certificate or deed until the final decision of such suit; and upon presentation of a certified copy of the final decree of such court in such action, the said board shall execute and deliver a deed of such premises, in accordance with the decree. In case no such action be commenced within the time herein prescribed, the said board shall deliver a deed to the party in possession, as provided in section nine of this act.

§ 11. The said board shall give public notice by advertisement for four weeks in any newspaper or newspapers published in the said city or town, if

any there be—and if there be no newspaper published in said city or town, then by publication in some newspaper having the most general circulation in such city or town—and not less than five written or printed notices posted within the limits of such town site, that the plat thereof has been filed in the recorder's office. And if any person, company, association or other claimant of lands in such town shall fail, neglect or refuse to make application to the said board for a deed of conveyance to the lands so claimed, and to pay the sums of money specified in this act, within six months after the filing of said plat, the clerk of said board shall enter on his book the names of all such persons, with a description of the property or premises, and shall certify the same as delinquent for the amount of assessments certified to by such clerk as due under section six of this act; and at the expiration of thirty days after making such entries, if such application be not made and such assessment be not paid, the said board shall proceed to advertise all such lots and parcels of land for sale, in the same manner as real estate is required to be advertised under execution.

§ 12. At the time of sale mentioned in said advertisement, the marshal of said city or town shall proceed to sell all such parcels of land so remaining delinquent, by public auction, to the highest bidder for cash, at some public place within the limits of said town site; and he shall give to the purchaser at such sale a certificate of his purchase, setting forth therein the description of the premises sold, the amount paid, and that the same is subject to redemption, as prescribed in the next section; provided, that no sale shall be made for less than the whole amount of assessments and the costs of making the sale, which costs shall be divided pro rata among the several parcels offered for sale.

§ 13. At any time within six months after such sale the original claimant shall be entitled to redeem such premises, by paying to the purchaser, or to the clerk of the said board for the purchaser, double the whole amount of the purchase money, in gold and silver coin; but in case no redemption be made, the purchaser, his heirs or assigns, shall be entitled to demand and receive from the said board a deed of such premises, which deed shall be absolute as against the parties delinquent, and shall entitle the grantee, his heirs or assigns, to a writ of assistance from the district court having jurisdiction of the premises.

§ 14. If there shall be any unoccupied or vacant unclaimed lands within the limits of such town site, the said board shall cause the same to be laid out and surveyed into suitable blocks and lots, and shall reserve such portions as may be deemed necessary for public squares and school-house lots, and shall cause all necessary roads, streets, lanes and alleys to be laid out through the same and dedicated to public use; and the said board may sell the same in suitable parcels to possessors of adjoining lands, or to other citizens of said town, at a price not less than five dollars per acre or fraction of an acre in gold coin; and in case two or more claimants apply for the same tract, or parcel of the same tract, they shall sell the same by auction to the highest bidder. And if any such lands remain unsold at the end of six months after the filing of the town plat, the said board shall have power and authority to sell such vacant

lands at public or private sale in such manner and on such terms as they may deem advisable for the best interests of the town, and shall give deeds therefor to the several purchasers.

§ 15. All school lots and parcels of land reserved for school purposes shall be conveyed to the school trustees of the school district in which such town is situated, without cost or charge of any kind whatever.

§ 16. If any person shall falsely make oath to any affidavit required to be made by this act, he or she shall be deemed guilty of perjury and upon conviction shall be punished accordingly.

§ 17. If any guardian or administrator, or tenant, joint tenant, tenant in common, coparcener or partner in the possession of any of the lands mentioned in this act, shall fraudulently procure, or cause, permit, suffer or allow any deed to be obtained therefor, for his or her sole benefit, or by his or her neglect allow the same to be done by others, such deed shall be null and void and shall convey no title; and an action may be brought by any party injured or aggrieved thereby, or claiming any interest in such premises, for the recovery of such interest, at any time within five years after the discovery of such fraud.

§ 18. All moneys required to be paid by any person under this act shall be paid in gold and silver coin; except that for the payment of the price of the land to the government of the United States, the municipal boards shall be authorized and required to purchase, at the market price, so much in legal tender notes as may be requisite therefor.

§ 19. All expenses necessarily incurred or contracted by the carrying into effect of the provisions of this act shall become a charge upon the city or town treasury of each particular city or town ordering the work to be done, to be paid out of the treasury, upon order of the corporate authorities; and all moneys paid for lands or to defray the expenses of carrying into effect the provisions of this act shall be paid into the city or town treasury by the officers receiving the same, and shall constitute a special fund, from which shall be paid all expenses, and the surplus, if any there be, shall be paid into the general fund.

§ 20. No mere informality, failure or omission on the part of any of the persons or officers named in this act shall invalidate the acts of such person or officer; but every certificate or deed granted to any person pursuant to the provisions of this act shall be deemed, taken and considered as conclusive evidence that all preliminary proceedings in relation thereto have been correctly taken and performed; provided, that the city of Petaluma is hereby excepted and exempted from the provisions of this act.

§ 21. This act shall take effect and be in force from and after its passage.

Special act relating to Mendocino County Stats. 1860, 287, ch. CCCVIII.

TOWN SITES—PUBLIC LANDS.

Amendatory of and supplemental to an act to authorize and direct the county judges of the several counties of this state to execute certain trusts in relation to the town lands granted to the unincorporated towns in this state by the act of Congress entitled "An act for the relief of the inhabitants of cities and towns upon the public lands," approved March second, eighteen hundred and sixty-seven.

(Stats. 1867, 692; amended 1873-4, 37; and entirely superseded by 1885, 115, ch. CXXXII.)

§ 1. It shall be the duty of each of the persons who may be acting as a superior judge and judge of the superior court of any county in this state to enter at the proper land office of the United States such quantity of land as the inhabitants of any unincorporated town, situated in the county of such superior judge, may be entitled to claim in the aggregate, according to their [its] population, in the manner required by the laws of the United States, and the regulations prescribed by the secretary of the interior of the United States, and to make and sign all necessary declaratory statements, certificates, and affidavits, or other instruments requisite to carry into effect the intentions of this act, and the intention of the act of Congress of the United States entitled "An act for the relief of the inhabitants of cities and towns upon the public lands," approved March second, eighteen hundred and sixty-seven, and to make proof, when required, of the facts necessary to establish the claim of such inhabitants to the lands so granted by said act of Congress. [Amendment, Stats. 1885, 115.]

§ 2. The superior judge of any county in this state, whenever he shall be so requested by a petition signed by not less than five residents, householders in any unincorporated town, whose names appear upon the assessment roll for the year preceeding such application, which petition shall set forth the existence, name, and locality of such town; whether such town is situated on surveyed or unsurveyed lands, and if on surveyed lands the quarter-sections or lesser subdivision covered thereby shall be stated; the estimated number of its inhabitants; the number of separate lots or parcels of land within such town site, and the amount of land to which they are entitled under said act of Congress, shall estimate the cost of entering such land, and of the survey and recording of the same, and shall indorse such estimate upon said petition; and upon receiving from any of the parties interested the amount of money mentioned in such estimate, the said superior judge may, if he shall deem it necessary, cause an enumeration of the inhabitants of such town to be made by some competent person, who shall be appointed for that purpose by such superior judge; and such enumeration shall be returned by the person so making the same, exhibiting therein names of all the heads of families and occupants of lots, lands, or premises within such town site, alphabetically arranged, verified by his oath, to the superior judge of the county. [Amendment, Stats. 1885, 115.]

§ 3. The said superior judge shall thereupon cause a survey to be made, by some competent person, of the lands which the inhabitants of said town may be entitled to claim under the said act of Congress, located according to the legal subdivision of the sections, and by the section lines of the United States, and the same shall be distinctly marked by suitable monuments. Such surveys shall

further particularly designate all streets, roads, lanes, and alleys, public squares, churches, school lots, cemeteries, and commons, as the same exist, and have been heretofore dedicated in any manner to public use; and by measurement, the precise boundaries and area of each and every lot or parcel of land and premises claimed by any person, corporation, or association, within said town site, shall be designated on the plat, showing the name or names of the possessor or occupant, and claimant, if other than the occupant, of each particular lot and parcel of land; and in case of any disputed claim as to lots, lands, premises, or boundaries, the said surveyor, if the same be demanded by any person, shall designate the lines (in different color from the body of the plat) of such part of any premises so disputed or claimed adversely. A plat thereof shall be made in triplicate, on a scale of not less than eighty feet to one inch, which shall be duly certified under oath by the surveyor, one of which shall be filed with the county recorder of the county wherein the town is situated, one shall be deposited with the superior judge, and one shall be deposited with the justice of the peace resident in or nearest to such town. These plats shall be considered public records, shall each be accompanied with a copy of the field-notes, and the county recorder shall make a record thereof in a book to be kept by him for that purpose. The said surveyor shall number the blocks, as divided by the roads and streets opened at the time of making such survey, and shall number the several lots consecutively in each block, and all other parcels of land within said town site, surveyed as herein provided, which said numbers shall be a sufficient description of any parcel of land in said plat, when mentioned by reference to such town plat; and such plats, field-notes, and records, and certified copies thereof, shall be prima facie evidence of the contents and correctness thereof in all the courts of this state. [Amendment, Stats. 1885, 115.]

§ 4. Before proceeding to make such survey, at least ten days' notice shall be given by the superior judge, by posting within the limits of such town site not less than five written or printed notices of the time when such survey shall commence, and by publication thereof in a newspaper published in such town, if one there be. The survey of said town lands shall be made to the best advantage, and at the least expense to the holders and claimants thereof; and the said superior judge is hereby authorized to receive bids for such surveying, and to let the same by contract to the lowest competent bidder. [Amendment, Stats. 1885, 115.]

§ 5. All streets, roads, lanes, and alleys, public squares, cemeteries, and commons, surveyed, marked, and platted, on the map of any town site, as prescribed and directed by the provisions of this act, shall be deemed and considered, and they are hereby declared to be dedicated to public use, by the filing of such town plat in the office of the county recorder, and shall be inalienable, unless by special order of the board of supervisors of the county, so long as such town shall remain unincorporated; and if such town shall at any time hereafter become incorporated, then the same shall become the property of such town or city, and shall be under the care and subject to the control of the board of trustees, or other municipal authority of such town or city. [Amendment, Stats. 1885, 115.]

§ 6. Each lot or parcel of said land having thereon valuable improvements, or buildings ordinarily used as dwellings or for business purposes, not exceeding one tenth of one acre in area, shall be rated and assessed by the said superior

judge at the sum of one dollar; each lot or parcel of such lands exceeding one tenth and not exceeding one eighth of one acre in area, shall be rated and assessed at the sum of one dollar and fifty cents; each lot or parcel of such lands exceeding in area one eighth of one acre and not exceeding one quarter of an acre in area, shall be rated and assessed at the sum of two dollars; and each lot and parcel of such lands exceeding one quarter of an acre and not exceeding one half of one acre in area, shall be rated and assessed at the sum of two dollars and one half; and each lot or parcel of land so improved exceeding one half an acre in area, shall be assessed at the rate of two dollars and one half for each half an acre, or fractional part over half an acre; and every lot or parcel of land inclosed, which may not be otherwise improved, or uninclosed, claimed by any persons, corporation, or association, shall be rated and assessed at the rate of two dollars per acre or fractional part over an acre; and where, upon one parcel of land, there shall be two or more separate buildings, occupied or used ordinarily as dwellings, or for business purposes, each such building, for the purposes of this section, shall be considered as standing on a separate lot of land, but the whole of such premises may be conveyed in one deed; which moneys so assessed shall be paid in gold and silver coin of the United States, and shall constitute a fund from which shall be reimbursed or paid the moneys necessary to pay the government of the United States for said town lands, and interest thereon, if such moneys shall have been loaned or advanced for the purpose and expenses of their location, entry, and purchase, and the costs and expenses attendant upon the making of such survey and recording thereof. [Amendment, Stats. 1885, 115.]

§ 7. Any sum of money remaining, after defraying all the necessary expenses of location, entry, surveying, platting, and recording of lands, and the expenses of the superior judge, hereinafter mentioned, shall be deposited in the county treasury, to the credit of the fund of each particular town, and shall be kept separate by the county treasurer, to be paid out by him only on the written order of such superior judge, until after the expiration of the time for a final settlement of the affairs of such town lands, as hereinafter provided, at which time any and all balances of moneys so remaining to the credit of each town shall be transferred by such county treasurer to the school fund of the particular school district in which said town shall be situated. [Amendment, Stats. 1885, 115.]

§ 8. Every person, corporation, or association, claimant of any town lot or parcel of land within the limits of such town site, shall present to the superior judge, within six months after the plat shall have been filed in the office of the county recorder, his, her, or their affidavit verified in person, or by duly authorized agent, or attorney, in which shall be concisely stated the facts constituting the possession or right of possession of the claimant, and that the claimant is entitled to the possession thereof as against all other persons, to the best of his knowledge and belief, to which shall be attached a copy of so much of the plat of said town site as will fully exhibit the particular lot or parcel of land so claimed, with the abutments; and every such claimant, at the time of filing such affidavit, shall pay to such superior judge such sum of money as such judge shall thereon certify to be due for the assessment mentioned in section six of this act, together with the further sum of five dollars, in the gold or silver coin of

the United States, to be appropriated to the payment of the expenses incurred in carrying out the provisions of this act; and the superior judge shall thereupon give to such claimant a certificate containing a description of the lot or parcel of land claimed, and setting forth the amounts paid thereon by such claimant. The superior judge shall procure a bound book for each town in his county, wherein he shall make proper entries of the substantial matters contained in every such certificate issued by him, numbering the same in consecutive order, setting forth the name of the claimant or claimants, in full, date of issue, and description of lot or lots claimed. [Amendment, Stats. 1885, 115.]

§ 9. If it shall be found that the amounts, hereinbefore specified as assessments and fees for costs and expenses, shall prove to be insufficient to cover and defray all the necessary expenses, the superior judge shall be and he is hereby empowered to estimate the deficiency, and to assess such deficiency pro rata upon all the lots and parcels of lands in such town, and to declare the same upon the basis set down in section six of this act, which additional amount, if any may be paid by the claimant at the time when the certificate hereinbefore mentioned, or at the time when the deed of conveyance hereinafter provided for, shall be issued. [Amendment, Stats. 1885, 115.]

§ 10. At the expiration of six months after the issuance of the certificate mentioned in the preceding section, if there shall have been no adverse claim filed in the mean time, the said judge shall make, execute, acknowledge, and deliver to each claimant, or to his, her, or their heirs, administrators, or assigns, a good and sufficient deed of the premises described in the application of the claimant originally filed. No conveyance of any such lands, made as in this act provided, shall be deemed to conclude the rights of third persons; but such third persons may have their actions in the premises to determine alleged interest in such lands against such grantee, his heirs, or assigns, to which they may deem themselves entitled either in law or equity; provided, that no action for the recovery of the possession of such premises, or any portion thereof, shall be maintained in any court against the grantee named therein, or against his, her, or their assigns, unless such action shall be commenced within two years after such deeds shall have been filed for record in the office of the county recorder of the county where such lands are situated; and, provided, that nothing herein shall be construed to extend the time of limitation prescribed by law for the commencement of actions upon a possessory claim or title to real estate when such action is barred by law at the time of the passage of this act; provided further, that whenever mining claims shall have been located and held bona fide for mining purposes, such mining rights, according to the metes and bounds of [lands] so located and claimed, shall not in any manner be affected by the provisions of this act; nor shall any sale be made, nor any title be conveyed, by reason of any sale or pretended sale of such lands so claimed for mining purposes, until after the occupancy of such mining claims shall have been abandoned by the holders thereof. [Amendment, Stats. 1885, 115.]

§ 11. In all cases of adverse claims, or disputes arising out of conflicting claims to lands or boundary lines, the adverse claimants may submit the decision thereof to the superior judge by an agreement in writing, specifying particularly the subject-matter in dispute, and may agree that his decision shall be final; in which case the said judge may hear the proofs, and shall execute a deed

in accordance therewith; but in all other cases of adverse claim the party out of possession shall commence his action in a court of competent jurisdiction, within six months after the filing of the town plat in the office of the county recorder. In case such action be commenced, the plaintiff shall serve a notice, *lis pendens*, upon the superior judge, who shall thereupon stay all proceedings in the matter of granting any certificate or deed until the final decision of such suit; and upon presentation of a certified copy of the final decree of such court in such action, the superior judge shall execute and deliver a deed of such premises in accordance with the decree. In case no such action be commenced within the time herein prescribed, the superior judge shall deliver his deed to the party in possession, as provided in section ten of this act. [Amendment, Stats. 1885, 115.]

§ 12. The superior judge shall give public notice by advertisement for four weeks in some newspaper published in the county, if one there be, and if there be no newspaper published in said county, then by not less than five written or printed notices posted within the limits of such town site, that the plat thereof has been filed in the recorder's office; and if any person, company, or association, or other claimants of lands in such town, shall fail, neglect, or refuse to make application to the said superior judge for a deed of conveyance of the lands so claimed, and to pay the sum of money specified in this act, within six months after the filing of said plat, the superior judge shall enter on his book the names of all such persons, with a description of the property or premises, and shall certify the same as delinquent for the amount of assessments certified to by such judge as due under section six of this act; and at the expiration of thirty days after making such entries, if such application be not made and such assessment be not paid, the said judge shall proceed to advertise all such lots and parcels of land for sale in the same manner as real estate is required to be advertised under execution. [Amendment, Stats. 1885, 115.]

§ 13. At the time of sale mentioned in said advertisement, said judge shall proceed to sell all such parcels of land so remaining delinquent, by public auction, to the highest bidder for cash, at some public place within the limits of said town site; and he shall give to the purchaser at such sale a certificate of his purchase, setting forth therein a description of the premises sold, the amount paid, and that the same is subject to redemption, as prescribed in the next section; provided, that no sale shall be made for less than the whole amount of assessments and the cost of making the sale, which costs shall be divided *pro rata* among the several parcels offered for sale. [Amendment, Stats. 1885, 115.]

§ 14. At any time within six months after such sale the original claimant shall be entitled to redeem such premises, by paying to the purchaser, or to the superior judge for purchaser, double the whole amount of the purchase money, in gold and silver coin; but, in case no redemption be made, the purchaser, his heirs, or assigns, shall be entitled to demand and receive from the superior judge a deed of such premises, which deed shall be absolute as against the parties delinquent, and shall entitle the grantee, his heirs, or assigns, to a writ of assistance from the superior court having jurisdiction of the premises. [Amendment, Stats. 1885, 115.]

§ 15. If there shall be any unoccupied or vacant unclaimed lands within the limits of such town site, the said judge shall cause the same to be laid out and

surveyed into suitable blocks and lots, and shall reserve such portions as shall be deemed necessary for public squares and school-house lots; and shall cause all necessary roads, streets, lanes, and alleys to be laid out through the same and dedicated to public use; and the said judge may sell the same in suitable parcels to possessors of adjoining lands, or to other citizens of said town, at a price not less than one dollar per acre, or fraction of an acre, in gold coin; and in case two or more claimants apply for the same tract, or parcel of the same tract, he shall sell the same by auction to the highest bidder; and if any such lands remain unsold at the end of six months after the filing of the town plat, the said judge shall proceed in the same manner and at the same time that any delinquent lands shall be sold, to sell such vacant lands to the highest bidder for cash, and shall give deeds therefor to the several purchasers. [Amendment, Stats. 1885, 115.]

§ 16. All school lots and parcels of land reserved for school purposes, as aforesaid, by order of the superior judge, shall be conveyed to the school trustees of the school district in which such town is situate, without cost or charge of any kind whatever. [Amendment, Stats. 1885, 115.]

§ 17. If any person shall falsely make oath to any affidavit required to be made by this act, he or she shall be deemed guilty of perjury, and, upon conviction, shall be punished accordingly. [Amendment, Stats. 1885, 115.]

§ 18. If any guardian or administrator, or tenant, joint tenant, tenant in common, coparcener, or partner in the possession, of any of the lands mentioned in this act, shall fraudulently procure, or cause, permit, suffer, or allow any deed to be obtained therefor, for his or her sole benefit, or by his or her neglect allow the same to be done by others, such deed shall be null and void, and shall convey no title, and an action may be brought by any party injured or aggrieved thereby or claiming any interest in such premises, for the recovery of such interest, at any time within five years after the discovery of such fraud. [Amendment, Stats. 1885, 115.]

§ 19. In case a vacancy shall occur from any cause in the office of superior judge during the pendency of any of the proceedings to be taken under this act, upon the election or appointment of a successor, it shall be the duty of the county clerk to make out a certificate, under seal, showing the facts and name of such successor, and file the same with the county recorder, who shall record such certificate in a book of deeds, and shall attach the original to the town plat book in his office. [Amendment, Stats. 1885, 115.]

§ 20. For services performed under this act, the superior judge shall be entitled to receive, out of the moneys provided for, to be paid into his hands, the sum of one dollar per mile for all travel necessarily performed by him on such duty; for every deed executed by him, the sum of five dollars, as provided in section eight of this act, which shall include the acknowledgment and revenue stamp thereon required; and for every certificate issued by him, the sum of fifty cents. [Amendment, Stats. 1885, 115.]

§ 21. All moneys required to be paid by any person under this act, shall be paid in gold and silver coin, except that for the payment of the price of the land to the government of the United States, the superior judge shall be authorized and requested to purchase, at the market price, so much in legal tender notes as may be requisite therefor. [Amendment, Stats. 1885, 115.]

§ 22. Every superior judge, when fulfilling the duties imposed upon him by the act of Congress aforesaid, and by this act, shall keep a correct account of all moneys received and paid out by him. He shall deposit all surplus moneys with the county treasurer of his county, and at the end of one year from the time when the town plat of any town shall be filed in the county recorder's office he shall settle up all the affairs pertaining to said town, and shall pay over to the county treasurer all moneys belonging to said town, for the use and benefit of the school district in which said town may be situate; provided, that if any claims to lands in such town shall be the subject of litigation, the same shall be finally settled by such superior judge, whenever the final decree of court shall be served upon him. [Amendment, Stats. 1885, 115.]

§ 23. Whenever the affairs of any such town shall be finally settled and disposed of by such superior judge, he shall deposit all books and papers relating thereto, in the superior court of his county, to be thereafter kept in the custody of the county clerk as public records, subject to the inspection of any citizen. (Amendment, Stats. 1885, 115.)

§ 24. No mere informality, failure, or omission, on the part of any of the persons or officers named in this act, shall invalidate the acts of such person or officer, but every certificate or deed granted to any person pursuant to the provisions of this act, shall be deemed, taken, and considered as conclusive evidence that all preliminary proceedings in relation thereto have been correctly taken and performed. [Amendment, Stats. 1885, 115.]

§ 25. This act shall take effect and be in force from and after its passage; provided, that the towns of Shasta and Red Bluff shall be and are hereby excepted and exempted from the operation of its provisions. [Amendment, Stats. 1885, 115.]

§ 1. All trees, seeds, plants and vines, sold, offered or exposed for sale in the state of California shall be properly named as to variety and kind, and any person knowingly selling, trading, or exchanging, or offering or exposing for sale, any trees, seeds, plants, or vines falsely named as to variety and kind shall be guilty of a misdemeanor, and shall be liable to a fine of not less than ten dollars, nor more than three hundred dollars.

TREES AND HEDGES—STREETS.

To provide for the planting, maintenance, and care of shade trees upon streets, lanes, alleys, courts, and places within municipalities, and of hedges upon the lines thereof; also, for the eradication of certain weeds within city limits.

(Stats. 1893, 153, ch. CXL.)

§ 1. All streets, lanes, alleys, places, or courts in the municipalities of this state now open or dedicated, or which may hereafter be opened or dedicated, to public use, whose grade has been officially established, and which have been actually graded in conformity therewith, may be planted with shade trees, along

the edges of the sidewalks thereof, by order of the city council, which shall have power, also, to provide for the maintenance and care of the same; and the city council shall have power to prescribe the height, thickness, and manner of trimming of all hedges set out, or that shall be hereafter set out, along the line of any street, lane, alley, place, or court dedicated to public use, whether graded or not, and to compel compliance with its ordinances in the premises by the owners or occupants of the lots fronting thereon. The powers hereby conferred upon city councils shall be exercised in the manner and under the proceedings hereinafter described.

§ 2. The city council of any municipality in the state may, at its discretion, pass a resolution of intention to plant, or cause to be planted, with shade trees, any graded street, lane, alley, place, or court within the limits of such municipality. Such resolution of intention may embrace the entire length of any street, lane, alley, place, or court, or any portion thereof, but must specify the kind of trees to be planted, their size, age and their distance apart. The street superintendent shall thereupon cause to be conspicuously posted along both sides of the street mentioned in the resolution at not more than three hundred feet in distance apart, notices of the passage of said resolution. Said notice shall be headed "Notice to plant shade trees," in letters not less than one inch in length, and shall, in legible characters, set forth the language of the resolution and the date of its passage. The city clerk shall also cause a copy of the resolution to be published for six days in one or more daily newspapers published and circulated in said city, and designated by said city council.

§ 3. The owners of a majority of the frontage of the property on both sides of the street proposed to be planted as aforesaid may, within ten days after the expiration of the time of publication of said resolution, file their written statement of objections to the proposed work with the city clerk, which must be signed by the objectors, each one writing after his or her name the number of feet frontage owned by him or her. Such objection must show wherein the parties making them will be injured or aggrieved by the proposed work, and if the objection be to the kind of trees proposed to be planted, they must name some other kind of tree to be substituted therefor. The city council shall, at its next meeting after the filing of said objections, fix a time for hearing the same, not less than one week thereafter. The city clerk shall thereupon notify each objector, or his agent, who has signed his or her name to the statement, by depositing, in the post-office of said city, a notice addressed to him or her, postage prepaid, notifying the objectors of the time and place of hearing. At the time specified, the council shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive, except that in the choice of trees to be planted, it shall be governed by the written request of the owners of a majority of the frontage on both sides of the street which it is proposed to plant. If the objections be sustained, no further proceedings shall be taken under the resolution of intention for six months after the date of its passage. If it be again proposed to plant the street, the council shall commence proceedings de novo as if no action had been previously taken.

§ 4. At the expiration of ten days after the expiration of the time of publication of said resolution of intention, if no written objections to the work therein described shall have been filed with the city clerk, as hereinbefore provided,

otherwise, immediately upon the overruling of the objections by the council, the council shall be deemed to have acquired jurisdiction to order to be done the work which is authorized by this act, which order shall be published for two days in the same papers and manner as provided for the publication of the resolution of intention.

§ 5. Before passing any resolutions for the planting of any street, the city council shall cause notice with specifications, to be posted conspicuously for five days near the door of the council chamber, and shall advertise the same for five days in the same manner and papers as heretofore provided for the publication of the resolution of intention, inviting sealed proposals for bids for furnishing the trees and doing the work ordered. All bids shall state the sum or price for which the bidder will undertake to furnish the trees, of the kind, age, and size required, and will suitably prepare the ground, set out the trees, warrant every one of them to grow, or replace all that fail to grow or receive damage from whatever cause with others of the same kind, and of suitable age and size to preserve uniformity, and will for three years care for, cultivate, protect, irrigate, and trim said trees. And no order for the planting of any street shade trees shall be made that does not likewise provide for the care and maintenance of the trees for three years by the contractor planting the trees. All proposals or bids shall be accompanied by a check payable to the order of the mayor or president of the city council, certified by a responsible bank, for an amount which shall not be less than ten per centum of the aggregate of the proposal. Said proposals or bids shall be delivered to the clerk of the city council, indorsed "Proposals to plant trees," and said council shall, in open session, examine and publicly declare the same; provided, that no proposal or bid shall be considered unless accompanied by said check. The council may reject all proposals, should it deem this for the public good, and shall reject the bid of any party who has been delinquent or unfaithful in any former contract with the municipality, and may award the contract to the lowest responsible bidder, at the prices named in his bid, which award shall be approved by the mayor or president of the council. Notice of such awards of contract shall be posted and advertised for five days, in the manner hereinbefore provided, and it shall be the duty of the superintendent of streets to enter into a contract with the bidder to whom the work shall have been awarded by the council, and at the prices specified in his bid; whereupon the certified checks of all the other bidders shall be returned to them, respectively. But if such lowest bidder neglects, fails, or refuses, for fifteen days after the first posting and publication of the award, to enter into the contract, then the city council, without further proceedings, shall again advertise for proposals or bids, as in the first instance, and shall award the contract for said work to the then lowest bidder. If the contractor who shall have taken any contract shall not complete the planting, within the time limited in the contract, or within such further time as the council may give him, the superintendent of streets shall report such delinquency to the council, which may relet the unfinished portion of the planting and the future care of the trees, after pursuing the formalities hereinbefore prescribed for the letting of the whole in the first instance.

§ 6. All contractors shall, at the time of executing any contract for the planting and care of trees, execute a bond to the satisfaction of the mayor or president

of the city council, with two or more sureties, and payable to the city in such sums as the mayor or president of the council shall deem adequate, conditioned for the faithful performance of the contract, and the sureties shall justify before the recorder or a justice of the peace, in double the amount mentioned in such bond, over and above all statutory exemption. Before being entitled to any contract, the bidder to whom the award shall have been made must pay into the city treasury the cost of the publication of notices, resolutions, and orders, and all other incidental expenses required under the proceedings prescribed by this act.

§ 7. All work done under the provisions of this statute shall be executed under the direction of the superintendent of streets, whose duty it shall be, under the general control of the council, to see that all the obligations assumed by contractors towards the city are faithfully complied with, and that all trees furnished are sound, healthy, free from infection by insects, and of the kind, size, and age called for by the contract. He shall certify to the completion of all work, or portion of work, which, by the terms of the contract, shall entitle the contractor to payment in whole or in part, and the presentation of his certificate by the contractor shall be a condition precedent to each payment that shall become due under the contract.

§ 8. All sums due to contractors under the provisions of this act shall be payable by instalments, as follows, to wit: Not more than one half the entire consideration in the contract shall be payable on the completion of the planting, and out of this amount the superintendent of streets shall see that the trees are paid for, to the party furnishing the same; one half the balance at the end of eighteen months after the completion of the planting; provided, all conditions shall have been complied with; the remaining one half to be paid at the end of three years after the completion of the planting; provided, all conditions shall have been complied with.

§ 9. Immediately upon the execution of any contract for the planting and care of street trees under the provisions of this act, it shall be the duty of the city assessor to make an assessment to cover the sum to become due for the work specified in such contract (including all incidental expenses) upon the lots and land fronting on the street, lane, alley, court, or place to which such contract relates, each lot or portion of a lot being separately assessed, in proportion to the frontage, at a rate per foot front sufficient to cover the total expenses of the work. Said assessment shall briefly refer to the contract, the work contracted for, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per foot front assessed, the amount of each assessment, the name of the owner of each lot, if known to the assessor (if unknown, the word "Unknown" shall be written opposite the number or description of the lot, with the amount assessed thereon). And the assessor shall attach to said assessment a diagram, exhibiting the street, lane, alley, place, or court on which the work is contracted to be done, and showing the relative location and frontage of such lot, numbered to correspond with the numbers in the assessment. To said assessment shall be attached a warrant, which shall be signed by the superintendent of streets, and countersigned by the mayor or president of the council. The said assessments and warrants shall be separately issued for each payment

that shall be due the contractor, as specified in section eight of this act, and shall be substantially in the following form:

By virtue hereof, I (name of the superintendent of streets), of the city of —, county of —, and state of California, by virtue of the authority vested in me as said superintendent of streets, do authorize and empower (name of contractor), his agents or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be his warrant for the same.

Date —, —. (Name of superintendent of streets.)

Countersigned by (name of mayor or president of council).

Recorded (date —, —). (Name of superintendent of streets.)

Said warrant, assessment, and diagram shall be recorded in the office of the superintendent of streets. When so recorded, the several amounts assessed shall be a lien upon the lands, lots, or portions of lots assessed, respectively, for the period of two years from the date of said recording, unless sooner discharged. From and after the date of said record, all persons interested in any manner in any or all of the lots assessed shall be deemed to have notice of the contents of said record.

§ 10. After said warrant, assessment, and diagram shall have been recorded, the same shall be delivered to the contractor, his agents or assigns, on demand, who shall thereby be authorized to demand and receive the amounts of the several assessments. In default whereof, and as regards enforced collections, interest, cost, and penalties, and the correction of errors, the same proceedings are to be had as are specified in sections nine, ten, eleven, twelve, sixteen, and seventeen of an act entitled "An act to provide for work upon streets, lanes, alleys, courts, places, and sidewalks, and for the construction of sewers within municipalities," approved March eighteenth, eighteen hundred and eighty-five, amended March fourteenth, eighteen hundred and eighty-nine.

§ 11. The city council of every municipality in this state has jurisdiction of the hedges and fences placed by property owners along street lines, and may, by ordinance, prohibit the planting of thorn-bearing hedges and the use of barbed wire along street lines, and may regulate the height, width, and the mode of trimming hedges, and enforce ordinances enacted for such purposes against absentees, or other negligent or recusant owners or occupants of lots or lands on which hedges are maintained. They may also condemn as public nuisances, any or all weeds whose seeds are of a winged or downy nature, and are spread by the winds, and may compel the eradication of such weeds by the owners of the lots whereon they grow, or at their expense.

§ 12. The city council or trustees of every municipality shall provide for the replacement of missing trees, and for the trimming and care of all trees that have or shall have been planted for three or more years in the streets and highways, whether such planting shall have been done under this act or otherwise; the expense whereof must be defrayed out of the street fund, and the work be done by the superintendent of streets of such municipality.

§ 13. This act shall only apply to such municipalities as shall by vote of the electors residing therein determine to come within its provisions.

And said bridge so constructed and said roads shall be public highways.

§ 8. Any person riding or driving over said bridge faster than the speed allowed by said bridge owners, shall be deemed guilty of misdemeanor, and, upon conviction thereof before any justice of the peace, shall be fined in any sum not less than five nor more than twenty dollars and costs of prosecution.

§ 9. This act shall take effect on and after its passage.

UNIVERSITY—AGRICULTURE—FARM.

Providing for the purchase of a university farm for the use of the college of agriculture of the University of California; providing for the appointment of a commission to select and purchase said farm, providing for a school of agriculture and a system of instruction on said farm and appropriating money therefor.

(Stats. 1905, 131, ch. CXXIX.)

§ 1. A commission is hereby appointed to consist of five persons who shall be known as the "Commissioners for the Selection and Purchase of a University Farm." Said commission shall consist of the following persons, each of whom shall be, and is hereby appointed as a member of said commission: The governor of the state of California, who shall be the president of said commission; the president of the University of California; the lieutenant-governor of the state of California; the president of the state board of agriculture; and the state commissioner of horticulture of California. Said commission[ers] shall hold office until they have performed the duties hereinafter provided for. They shall receive no compensation, but the expenses of their qualification and necessary traveling expenses shall be paid out of the moneys hereinafter appropriated.

§ 2. Immediately after the appointment of said commissioners they shall organize and proceed to select and purchase a farm or tract of land to be known as the university farm, and to be used as an agricultural college farm, and for the site or location of buildings, and such other structures as may be necessary for use in connection therewith and for the purposes herein set forth. Said farm or tract of land shall be of such size and acreage as in the judgment of the commission, may be necessary for the purposes desired—provided, however, there shall be not less than three hundred and twenty acres of first-class tillable land, located at such place as said commission may deem proper, having consideration for the purposes for which it is to be used. It must be first-class tillable land, and in its soil, location, climate and general environment be typical and representative of the best general agricultural conditions in California, and be capable of successfully producing the general crops of the state, and as many as may be of all of the crops and products successfully grown in California. Provided, that no site or tract shall be chosen, one half of which at least is not susceptible of irrigation, and for the irrigation of which

some system is not already provided, or for which a water right is not purchased or procured at the time the land is selected. For the purposes of securing or purchasing said farm, said commission shall have the power to take and secure options, or bonds, for deeds, and may accept a gift of the whole or any part of said farm. They may also receive gifts of water rights, canals, ditch, flume or other rights, easements or appurtenances to any farm which they may select, and may also purchase any such water or other rights, or acquire the same by the exercise of the right of eminent domain.

§ 3. The deed for said farm or tract of land, or other property purchased, shall, when the same shall have been purchased by said commission, be taken in the name of, and the deed shall be made to the regents of the University of California. When said commission shall have selected and purchased the said tract or farm or other property herein provided for, they shall present their claim for the amount or sum agreed to be paid therefor to the state board of examiners, and upon the allowance of said bill or claim the controller shall draw his warrant for the amount thereof, payable out of the sum hereby appropriated in favor of the owner or owners of the properties selected and purchased as hereinabove provided for. Said warrant or warrants when so drawn shall be delivered to said commission, which shall use the same to pay the purchase price of said farm or tract or other property, taking a deed therefor as aforesaid, the same to be delivered and filed with the regents of the University of California.

§ 4. The said university farm when purchased as aforesaid shall be immediately given into the possession of, and shall be under the management, direction and control of the board of regents of the University of California. Immediately upon obtaining possession of said university farm said regents shall proceed to have constructed thereon buildings and such other structures as shall be necessary for an agricultural school, and for the use thereof for purposes of education in agriculture. They shall provide for the purchase of supplies, implements, machines, and apparatus, the planting of trees and vines, and forage and agricultural crops, for the purchase of domestic live stock, and for the employment of laborers. They shall appoint the necessary instructors and inaugurate and provide for the conduct of instruction in agriculture, and in such other branches of learning as are allied thereto, and as are calculated to better qualify and inform the students attending in the theory and practice of agriculture. This instruction shall be conducted in connection with, and as a part of, the college of agriculture of the University of California, provisions being made by the regents for such attendance on the farm of the college students as may be deemed best and necessary to the completion of their college courses. The university farm, and the instruction given thereon shall be so conducted as to meet the needs of persons who desire instruction in agriculture, horticulture, viticulture, animal industry, dairying, irrigation and poultry raising, and to prepare them for the pursuit thereof; and shall also be used for experimental and investigational work in connection with the agricultural experiment station of the University of California. Short courses of instruction shall also be arranged for in each of the leading branches of agricultural industry, so regulated as to provide for popular attendance and general instruction in agricultural practice.

§ 5. The sum of one hundred and fifty thousand dollars is hereby appropriated out of any moneys in the general fund of the state treasury, for the purposes of this act; provided, that fifty thousand dollars of said sum shall be payable immediately, fifty thousand dollars on the first day of July, nineteen hundred and five, and the remaining fifty thousand dollars thereof on the first day of January, nineteen hundred and six. The commission hereinabove provided for shall draw against said appropriation as hereinabove authorized. After such sums have been paid therefrom, the remaining portion of said appropriation shall be subject to the order of, and shall be paid to the said board of regents to be used by them exclusively for the construction of the buildings and the other purposes herein provided for.

§ 6. This act shall take effect immediately.

Said department of music shall be under the direction of a professor of music to be chosen and appointed by the board of regents, and a professorship of music in the University of California with a salary fixed in the sum of three thousand dollars per annum is hereby created. For the endowment of the University of California.

(Stats. 1869-70, 668, ch. CCCCLX.)

§ 1. The treasurer of state shall place to the credit of the university fund so much of any moneys that may be received by him from the net proceeds of sale of any salt-marsh and tide lands lying in and around the bay of San Francisco, belonging to the state of California, as, being invested in the bonds of said state, or of the United States, shall yield an annual income of fifty thousand dollars (\$50,000).

§ 2. Said moneys shall be a fund, the capital of which shall remain undiminished, and the interest of which shall be inviolably applied to the support of the University of California; provided, that if, at any time, the income accruing to the university from the fund created by this act, and the net income derived from all other sources, shall together exceed an average for the preceding years, reckoning from the date of the passage of this act, of fifty thousand dollars per annum, then the excess above said average of fifty thousand dollars per annum shall be paid into the common school fund of the state.

§ 3. Whenever the sum paid into the university fund, from the proceeds of the sale of salt-marsh and tide lands, as directed in section one, shall amount to fifty thousand dollars, net proceeds, it shall be the duty of the treasurer to advertise, in two daily newspapers published in English, in each of the cities of San Francisco and Sacramento, for sealed proposals for the surrender of any of the civil bonds of the state of California, or of any gold-bearing bonds of the United States. UNIVERSITY OF CALIFORNIA—ORGANIC ACT.

To create and organize the University of California.

(Stats. 1867-8, 248, ch. CCXLIV; amended 1871-2, 655, ch. CCCCXL; 1897, 57, ch. LXV.)

§ 1. A state university is hereby created, pursuant to the requirements of section four, article nine, of the constitution of the state of California, and in

order to devote to the largest purposes of education, the benefaction made to the state of California under and by the provisions of an act of Congress passed July second, eighteen hundred and sixty-two, entitled an act donating land to the several states and territories which may provide colleges for the benefit of agriculture and the mechanic arts. The said university shall be called the University of California, and shall be located upon the grounds heretofore donated to the state of California by the president and board of trustees of the College of California. The said university shall be under the charge and control of a board of directors, to be known and styled "The Regents of the University of California." The university shall have for its design, to provide instruction and complete education in all the departments of science, literature, art, industrial and professional pursuits, and general education, and also special courses of instruction for the professions of agriculture, the mechanic arts, mining, military science, civil engineering, law, medicine and commerce, and shall consist of various colleges, namely:

First—College of arts.

Second—A college of letters.

Third—Such professional and other colleges as may be added thereto or connected therewith.

§ 2. Each full course of instruction shall consist of its appropriate studies, and shall continue for at least four years, and the faculty, instructors and body of students in each course shall constitute a college, to be designated by its appropriate name. For this purpose there shall be organized as soon as the means appropriated therefor shall permit:

First—The following colleges of arts; a state college of agriculture; a state college of mechanic arts; a state college of mines; a state college of civil engineering; and such other colleges of arts as the board of regents may be able and find it expedient to establish.

Second—A state college of letters.

Third—Colleges of medicine, law and other like professional colleges.

§ 3. A proper degree of each college shall be conferred at the end of the course upon such students as, having completed the same, shall, at the annual examination, be found proficient therein; but each college shall also have a partial course for those who may not desire to pursue a full course therein; and any resident of California, of the age of fourteen years or upwards, of approved moral character, shall have the right to enter himself in the university as a student at large, and receive tuition in any branch or branches of instruction at the time when the same are given in their regular course, on such terms as the board of regents may prescribe. The said board of regents shall endeavor so to arrange the several courses of instruction that the students of the different colleges and the students at large may be largely brought into social contact and intercourse with each other by attending the same lectures and branches of instruction.

§ 4. The college of agriculture shall be first established; but in selecting the professors and instructors for the said college of agriculture, the regents shall, so far as in their power, select persons possessing such acquirements in their several vocations as will enable them to discharge the duties of professors

in the several colleges of mechanic arts, of mines and of civil engineering, and in such other colleges as may be hereafter established. As soon as practicable a system of moderate and manual labor shall be established in connection with the agricultural college, and upon its agricultural and ornamental grounds, having for its object practical education in agriculture, landscape gardening, the health of the students, and to afford them an opportunity by their earnings of defraying a portion of the expenses of their education. These advantages shall be open in the first instance to students in the college of agriculture, who shall be entitled to a preference in that behalf.

§ 5. The college of mechanic arts shall be next established; and in organizing this, or any other college, the same regard hereinbefore indicated shall be had for the general acquirements of each professor and instructor, so that he may be able to give general and special instruction in as many classes and sources of instruction as possible; and inasmuch as the original donation, out of which the plan of a state university has had its rise, was made to the state by virtue of the aforesaid act of Congress entitled an act donating land to the several states and territories which may provide colleges for the benefit of agriculture and the mechanic arts, approved July second, eighteen hundred and sixty-two, the said board of regents shall always bear in mind that the college of agriculture and the college of mechanic arts are an especial object of their care and superintendence, and that they shall be considered and treated as entitled primarily to the use of the funds donated for their establishment and maintenance by the said act of Congress.

§ 6. The college of mines and the college of civil engineering shall be next established, and such other colleges of arts as the board of regents may be able to establish with the means in their possession or under their control; and in order to fulfil the requirements of said act of Congress, all able-bodied male students of the university whether pursuing full or partial courses in any college, or as students at large, shall receive instruction and discipline in military tactics in such manner and to such extent as the regents shall prescribe, the requisite arms for which shall be furnished by the state.

§ 7. The board of regents, having in regard the said donation already made to the state by the president and board of trustees of the College of California, and their proposition to surrender all their property to the state for the benefit of the state university, and to become disincorporate and go out of existence as soon as the state shall organize the university, by adding a classical college to the college of arts, shall, as soon as they deem it practicable, establish a college of letters. The college of letters shall be coexistent with the aforesaid colleges of arts, and shall embrace a liberal course of instruction in language, literature and philosophy, together with such courses or parts of courses in the aforesaid colleges of arts as the authorities of the university shall prescribe. The degree of bachelor of arts, upon due examination, and afterwards the degree of master of arts, in usual course, shall be conferred upon the graduates of this college. But the provisions herein and hereinbefore contained regarding the order in which the said colleges shall be organized shall not be construed as directing or permitting the organization of any of the specified colleges to be unnecessarily delayed, but only as indicating the order in which said colleges shall be organized, beginning with the college of agriculture and ad-

ding in succession to the body of instructors in that and the other colleges such other instructors as may be necessary to organize the other colleges successively in the order above indicated. Only the first year's course of instruction shall be provided for in each college at first, the other successive years' courses being added in each year as the students advance to the same, until the full course in each college is established; provided, however, that the board of regents may organize at once the full course of the college of letters, if in their judgment it is expedient so to do in order to allow the College of California to immediately convey the residue of its property to the state for the benefit of the university, and to become disincorporate and go out of existence, pursuant to its proposition to that effect.

§ 8. The board of regents may affiliate with the university, and make an integral part of the same, and incorporate therewith, any incorporated college of medicine or of law, or other special course of instruction now existing, or which may hereafter be created, upon such terms as to the respective corporations may be deemed expedient; and such college or colleges so affiliated shall retain the control of their own property, with their own boards of trustees, and their own faculties and presidents of the same, respectively, and the students of those colleges, recommended by the respective faculties thereof, shall receive from the university the degrees of those colleges; provided, however, that the president of the university shall be, *ex officio*, a member of the faculty, of each and every college of the university, and president of such faculty.

§ 9. The examinations for degrees shall be annual, and the board of regents shall take measures to make such examinations thorough and complete. Students who shall have passed not less than a full year as resident students in any college, academy or school in this state, and, after examination by the respective faculty of such college, academy, or school, are recommended by such faculty as proficient candidates for any degree in any regular course of the university, shall be entitled to be examined therefor at the annual examination; and, on passing such examination, shall receive such degree for that course, and the diploma of the university therefor, and shall rank and be considered in all respects as graduates of the university. All students of the university who have been resident students thereof for not less than one year, and all graduates of the university in any course, may present themselves for examination in any other course, or courses, at the annual examinations, and on passing such examination shall receive the degree and diploma of that course. Upon such examinations each professor and instructor of that course shall cast one vote upon each application for recommendation to the board of regents for a degree, and the votes shall be by ballot. In case the College of California shall surrender its property to the university, and said donation shall be accepted by the board of regents, and said College of California shall thereafter become disincorporate in pursuance of its proposition heretofore made to that effect, the graduates and those who shall have received the degrees of that college, shall receive the degrees from the university, and be considered in all respects graduates of the same. And the last above expressed provision shall apply to the previous graduates of any incorporated college of medicine, law, or other professional college which shall become affiliated with the university, as herein otherwise provided. The board of regents shall

also confer certificates of proficiency in any branch of study upon such students of the university as, upon examination, shall be found entitled to the same. The style of diplomas and degrees shall be: "University of California, College of Agriculture;" or, with the name of the other respective college; but honorary degrees for the higher degrees, not lower than that of master of arts, may be conferred, with the designation of the university alone, upon persons distinguished in literature, science and art.

§ 10. Scholarships may be established in the university by the state, associations or individuals, for the purpose of affording tuition in any course of the university, free from the ordinary charges, to any scholar in the public schools of the state, who shall distinguish himself in study, according to the recommendation of his teachers, and shall pass the previous examination required for the grade at which he wishes to enter the university, or for the purpose of private benefaction; provided, that the said scholarships shall be approved and accepted by the board of regents.

§ 11. The general government and superintendence of the university shall vest in a board of regents, to be dominated the "Regents of the University of California," who shall become incorporated under the general laws of the state of California by that corporate name and style. The said board shall consist of twenty-two members, all of whom shall be citizens and permanent residents of the state of California, as follows:

First—Of the following ex officio members, namely: His excellency the governor; the lieutenant governor, or the person acting as such; the speaker, for the time being, of the assembly; the state superintendent of public instruction; the president, for the time being, of the state agricultural society; and the president, for the time being, of the Méchanics' Institute of the city and county of San Francisco;

Secondly—Of eight other appointed members, to be nominated by the governor, by and with the advice and consent of the senate, who shall hold their office for the term of sixteen years; provided, that such members first so appointed shall be classified by lot at the first meeting of the board of regents, so that one of the numbers so appointed shall go out of office at the end of every successive two years, and after that the full term to be sixteen years; and the record of such classification shall be transmitted by said board of regents to the secretary of state and filed in his office;

Thirdly—Of eight additional honorary members, to be chosen from the body of the state by the official and appointed members, who shall hold their office for the term of sixteen years; provided, that such honorary members first so chosen shall be classified by lot, when so appointed, by the board of regents so appointing them, so that one of the members so chosen shall go out of office at the end of each successive two years, and after that the full term to be sixteen years; and the record of such classification shall be transmitted by said board of regents to the secretary of state and filed in his office. Each member of the said board, whether official, appointed or honorary, shall, if present, be entitled to one vote at all the meetings of said board. The first official year from which the terms of office shall be computed to run, shall be the first day of March, in the year eighteen hundred and sixty-eight. Vacancies in the office of appointed members of the board, occurring in the recess

of the legislature, shall be filled for the rest of the term by appointment of the governor. Vacancies in the office of honorary members occurring from any cause other than expiration of the term by limitation shall be filled for the rest of the term by appointment of the board of regents. In case the senate shall adjourn before the governor shall have nominated the first appointed members of the board of regents under this act, or before it shall have confirmed his nomination in their behalf, the governor shall appoint the same by his sole act. No member of the board of regents, or of the university, shall be deemed a public officer by virtue of such membership, or required to take any oath of office, but his employment as such shall be held and deemed to be exclusively a private trust, and no person who at the time holds any executive office or appointment under the state shall be a member of said board, except the executive officers above mentioned. The governor shall be president of the board of regents, and in his absence the board shall appoint a president pro tempore.

§ 12. The said board of regents, when so incorporated, shall have the custody of the books, records, buildings, and all other property of the university. The lands and other property heretofore donated to the state by the president and trustees of the College of California, and which are situated in the township of Oakland, in the county of Alameda, for the purpose of erecting thereon an agricultural college, and for other purposes mentioned in the deed of conveyance by which the same were so conveyed, shall be and forever remain vested in the state of California; as shall also be so vested in the said state all property which shall be purchased by the funds of the state, or from the proceeds of donations made to the state for the purpose of the university, or of any of the colleges or professorships thereof; and the said board of regents shall have no power to alienate or encumber, by mortgage, hypothecation, lien, or otherwise, any portion of said property except on terms such as the legislature shall have previously approved; any act of the said regents, or of any other person, which shall purport to have that effect shall be wholly null and void. All lands, moneys, bonds, securities or other property which shall be donated, conveyed or transferred to the said board of regents by gift, devise, or otherwise, including such property as may hereafter be donated and conveyed by the president and board of trustees of the College of California, in trust, or otherwise, for the use of said university, or of any college thereof, or of any professorship, chair, or scholarship therein, or for the library, observatory, or any other purpose appropriate thereto, shall be taken, received, held, managed, invested, reinvested, sold, transferred, and in all respects managed, and the proceeds thereof used, bestowed, invested and reinvested, by the said board of regents, in their corporate name and capacity, for the purposes and under the terms, provisions and conditions respectively prescribed by the act of gift, devise, or other act in the respective case. In case any incorporated college of law, medicine, or the like, shall be brought into the said university by affiliation, as herein otherwise provided, such college so affiliated may retain its own property, then possessed by it or thereafter to be acquired, to be vested in, and held and managed by its own corporation, and the said board of regents shall have no right of property in, or power or control over the same, nor shall be liable for any acts or contracts of such affiliated corporation.

§ 13. The regents and their successors in office, when so incorporated, shall have power, and it shall be their duty, to enact laws for the government of the university, to elect a president of the university and the requisite number of professors, instructors, officers and employees, and to fix their salaries, also the term of office of each, and to determine the moral and educational qualification of applicants for admission to the various courses of instruction. They shall also consider and determine whether the interests of the university and of the students, as well as those of the state, and of the great body of scientific men in the state whose purpose is to devote themselves to public instruction, will not be greatly promoted by committing those courses of instruction which are brief and special to professors employed for short terms, and for only a portion of each year in their special departments, and to be termed non-resident professors; and their decision in that regard may be reconsidered by them as often as they deem is expedient. And it is expressly provided that no sectarian, political or partizan test shall ever be allowed or exercised in the appointment of regents, or in the election of professors, teachers, or other officers of the university, or in the admission of students thereto, or for any purpose whatsoever; nor at any time shall the majority of the board of regents be of any one religious sect, or of no religious sect; and persons of every religious denomination, or of no religious denomination, shall be equally eligible to all offices, appointments and scholarships.

§ 14. For the time being, an admission fee and rate of tuition, such as the board of regents shall deem expedient, may be required of each pupil, except as herein otherwise provided; and as soon as the income of the university shall permit, admission and tuition shall be free to all residents of the state; and it shall be the duty of the regents, according to population, to so apportion the representation of students, when necessary, that all portions of the state shall enjoy equal privilege therein.

§ 15. The president of the university shall be president of the several faculties and the executive head of the institution in all its departments, except as herein otherwise provided. He shall have authority, subject to the board of regents, to give general direction to the practical affairs of the several colleges, and, in the recess of the board of regents, to remove any employee or subordinate officer not a member of any faculty and to supply for the time being any vacancies thus created; and, so long as the interests of the institution require it, he shall be charged with the duties of one of the professorships. A competent person, who is a practical agriculturist by profession, competent to superintend the workings of the agricultural farm, and of sufficient scientific acquirements to discharge the duties of secretary of the board of regents as prescribed in this act, shall be chosen by said board as their secretary, and, in addition to his special duties as such, as prescribed in this act, he shall perform such other duties as they shall impose. He shall receive for his services such reasonable salary as the board of regents shall prescribe. The board of regents may also appoint a treasurer of the university, and prescribe the form and sureties of his bond as such, which shall be executed, approved by them and filed with the secretary, before any such treasurer shall go into office. The secretary and treasurer shall be subject to summary removal by the board of regents.

§ 16. The secretary of the board of regents shall reside and keep his office

at the seat of the university. It shall be his duty to keep a record of the transactions of the board of regents, which shall be open at all times to the inspection of any citizen of this state. He shall also have the custody of all books, papers, documents, and other property which may be deposited in his office; also keep and file all reports and communications which may be made to the university from time to time by county, state and district agricultural societies, horticulture, viniculture, mechanical and mining societies; and of all correspondence from other persons and societies appertaining to the business of education, science, art, husbandry, mechanics and mining; address circulars to societies, and to the best practical farmers, mechanics and miners in this state and elsewhere, with a view of eliciting information upon the latest and best modes of culture of the products, vegetables, trees, et cetera, adapted to the soil and climate of the state, and also on all subjects connected with field culture, horticulture, stock raising and the dairy; he shall also correspond with established schools of mining and metallurgy in Europe, and obtain such information respecting the improvements of mining machinery adapted to California, and publish from time to time such information, as will be of practical benefit to the mining interests and the working of all ores and metals; receive and distribute such rare and valuable seeds, plants, shrubbery and trees as may be in his power to procure from the general government and other sources, as may be adapted to our climate and soils, or to purposes of experiment therein. To effect these objects he shall correspond with the patent office at Washington, and with the representatives of our national government abroad, and, if possible, procure valuable contributions to agriculture from these sources. He shall aid, as far as possible, in obtaining contributions to the museums and the library of the said college, and thus aid in the promotion of agriculture, science and literature. He shall keep a correct account of all the executive acts of the president of the university and an accurate account of all moneys received into the treasury as well as those paid out.

§ 17. The seeds, plants, trees and shrubbery received by the secretary and not needed by the university shall be, so far as possible, distributed without charge equally throughout the state, and placed in the hands of those farmers and others who will agree to cultivate them properly and return to the secretary's office a reasonable proportion of the products thereof, with a full statement of the mode of cultivation, and such other information as may be necessary to ascertain their value for general cultivation in the state. Information in regard to agriculture, the mechanic arts, mining and metallurgy may be published by him from time to time in the newspapers of the state as matter of public information, provided it does not involve any expense to the state.

§ 18. The immediate government and discipline of the several colleges shall be intrusted to their respective faculties, to consist of a president and the resident professors of the same, each of which shall have its own organization, regulate the affairs of its own college, recommending the course of study and the text-books to be used, for the approval of the board of regents, and, in connection with the president as its executive officer, have the government of its students. All the faculties and instructors of the university shall be combined into a body which shall be known as the academic senate, which shall have stated meetings at regular intervals and be presided over by the president,

or a president pro tempore, and which is created for the purpose of conducting the general administration of the university and memorializing the board of regents; regulating, in the first instance, the general and special courses of instruction, and to receive and determine all appeals couched in respectful terms from acts of discipline enforced by the faculty of any college. Its proceedings shall be conducted according to rules of order; and every person engaged in instruction in the university, whether resident professors, non-resident professors, lecturers, or instructors, shall have permission to participate in its discussions; but the right to vote shall be confined to the president and the resident and non-resident professors. But the regents shall have power to supervise the general courses of instruction, and on the recommendation of the several faculties prescribe the authorities and text-books to be used in the several courses and colleges, and also to confer such degrees and grant such diplomas as are usual in universities, or as they shall deem appropriate; provided, no honorary degree of any college or course shall be granted by the regents, nor shall any degree, certificate, or diploma, for any course or branch of instruction, be granted by the regents, unless upon examination therefor as prescribed in this act, except the substituted degrees and diplomas provisionally provided or those having received degrees from the College of California, in case the said college becomes extinct and disincorporates, and for the graduates of affiliated professional colleges as herein otherwise provided.

§ 19. At the close of each fiscal year the regents, through their president, shall make a report in detail to the governor, exhibiting the progress, condition and wants of each of the colleges embraced in the university, the course of study in each, the number of professors and students, the amount of receipts and disbursements, together with the nature, cost and results of all important investigations and experiments, and such other information as they may deem important; one printed copy of which shall be transmitted, free, by their secretary, to all colleges endowed under the provisions of the congressional act of July second, eighteen hundred and sixty-two, hereinbefore referred to; also one printed copy to the secretary of the interior, as provided in said act.

§ 20. For the endowment and support of the university and its buildings and improvements, there are hereby appropriated:

First—The capital, income, proceeds, securities, avails and interest that have accrued or may hereafter accrue from the sale of the seventy-two sections of land granted to the state for a seminary of learning by an act of Congress entitled an act to provide for the survey of the public lands in California, the granting of pre-emption rights therein, and for other purposes, approved March third, eighteen hundred and fifty-three, and from the sale of the ten sections of land granted to the state for public buildings, by said act of Congress, which shall be forthwith, so far as the same have been received, and hereafter as fast as the same shall be received by any of the officers of the state, shall be paid over to the said board of regents upon their order therefor.

Secondly—The income, revenue and avails which shall be derived or received from the investment of the proceeds of the sale of the lands, or of the scrip therefor, or of any part thereof, granted to this state by an act of Congress entitled an act donating public lands to the several states and territories of the United States for the benefit of agriculture and the mechanic arts, approved July

second, eighteen hundred and sixty-two, which are hereby appropriated to, and, from time to time, as the same shall be received, shall be paid into the state treasury, carried to the credit of the said board of regents, and paid over to the treasurer of the university, for the use and behoof of the said university, and expended by said board as elsewhere prescribed in this act; and said lands shall be located and sold under the direction of the board of regents, and for such price and on such terms only as they shall prescribe.

Thirdly—All such contributions to the endowment, or other funds, as may be derived from appropriations by the state, from the United States, or from public or private bounty. The entire income of said funds shall be placed at the disposition of the board of regents for the support of the university, and of the several colleges and schools thereof, as herein otherwise provided, with the exception of such affiliated incorporated colleges as shall preserve their own property and the income thereof, as herein otherwise provided; and provided, moreover, that all means derivable from either public or private bounty shall be exclusively devoted to the specific objects for which they shall have been designed by the grantor. The board of regents may appoint competent persons to solicit and collect private contributions for the endowment of the university, and pay them for their services in that behalf, out of the funds so obtained by them, such reasonable compensation as the said board may prescribe.

Fourthly—All such appropriations as may be made for that purpose by the legislature.

§ 21. For the current expenditures of the university, specific sums of money shall be set aside out of the funds at their disposal, by the board of regents, which shall be liable to disbursement for that purpose, and shall be subject to the warrants of the president of the board drawn upon the treasurer of the university in pursuance of the orders of the board of regents. All moneys received from labor and incidental sources shall be paid into the treasury and expended in the same manner as other moneys. All moneys which may at any time be in the state treasury, and subject to the use of the said board of regents, may be drawn therefrom by the president of the board, upon the order of said board, in favor of the treasurer of the university.

§ 22. Meetings of the board of regents may be called in such manner as the regents shall determine, seven of whom shall constitute a quorum for the transaction of business; but a less number may adjourn from time to time. No member of the board shall receive any compensation for his services as such member, nor be entitled to reimbursement for his traveling or other expenses while employed on the business of the board.

§ 23. The regents shall, when they shall be in possession of funds for that purpose, organize and put into operation the first year's course of instruction in as many of the said colleges as possible. If the buildings of the university are not sufficiently completed at that time to be occupied for that purpose, the regents are authorized to make temporary arrangements for sufficient buildings, the use of apparatus and for other needful purposes, in the city of Oakland, if the same shall be practicable.

§ 24. The collections by the state geological survey shall belong to the university, and the regents shall, in their plans, have in view the early and

secure arrangement of the same for the use of the students of the university, and of giving access to the same to the public at large and to visitors from abroad; and shall in every respect, by acts of courtesy and accommodation, encourage the visits of persons of scientific tastes and acquirements from other portions of the United States and of other countries, to California. The said collections shall be arranged by the resident professors of the university in a separate building, which shall be denominated the "Museum of the University." To this museum shall also be added, as fast as the means of the university shall permit, collections of agricultural implements, and objects illustrative of the mechanic arts, science, architecture and the fine arts. The collection of a library shall be commenced at once, and increased and expanded as fast as the board of regents are placed in possession of funds for that purpose. But the board of regents may allow duplicates to be taken from said collections of the state geological survey and made a part of some other museum under the care of an incorporated academy of science, which shall become responsible for the custody and return of the same.

§ 25. The regents shall devise, and cause to be constructed, such buildings as shall be needed for the use of the University of California. Such a plan shall be adopted that separate buildings may be constructed and set aside for separate uses, yet such buildings shall be grouped upon a general plan so that such buildings may harmonize therewith, and be a part of one design. The construction and equipment of the buildings shall in every instance be let upon specifications and advertisement of not less than ten days in at least two daily newspapers of the city and county of San Francisco, to the lowest responsible bidder upon sealed proposals. The regents may require adequate security from all bidders, and shall have power to reject any and all bids and advertise anew. They shall take measures for the immediate and permanent improvement of the grounds of the university, and may make such contracts therefor, or for any part thereof, as they may deem advisable. The provisions of all acts for the erection of state buildings, or the improvement of state grounds, in conflict with this act, shall not apply to the grounds and buildings of the University of California. [Amendment, Stats. 1897, 57.]

§ 26. An act entitled an act to establish an agricultural, mining and mechanical arts college, approved March thirty-first, eighteen hundred and sixty-six, and all acts or parts of acts inconsistent with this act, are hereby repealed, so far as they conflict with the provisions of this act. But the board of directors of the agricultural, mining and mechanic arts college of this state are authorized and directed to transfer and convey all its property real and personal, and all its effects, rights and interests of property, to the regents of the University of California; and said regents may accept and take possession of said property, and may, if they approve the same, ratify and confirm any contracts, executed or unexecuted, made by said directors; and for the purpose of carrying out the purposes of this section said directors are continued in office until the powers herein conferred shall be duly executed.

§ 27. This act shall take effect immediately from and after its passage.

By § 9 of art. IX of the constitution of 1879, it is declared that the university shall constitute a public trust, and that its organization and government shall be perpet-

ually continued in the form and character prescribed by the organic act creating the same (see ante p. 1435), and the several acts amendatory thereof, subject only to

such legislative control as may be necessary to insure compliance with its endowments, and the proper investment and security of its funds, etc.

The university forms the subject of chapter I of title III of Pol. Code (§§ 1385-1477, inclusive), which was adopted subsequent

to the creative act of 1867-8, and the "endowment" act of 1869-70. Owing to the above language of the constitution, those acts have been here inserted.

For aid, appropriations, and endowment, see next following several statutes.

UNIVERSITY OF CALIFORNIA—APPROPRIATIONS.

Making an appropriation of fifty thousand dollars for the use and benefit of the University of California, directing the special purpose therefor, and prescribing the duties of the controller and treasurer in relation thereto.

(Stats. 1901, 110, ch. XCVI.)

Whereas, By the terms of an act of Congress approved the second day of July, anno Domini eighteen hundred and sixty-two, granting certain public lands to the several states and territories of the United States to provide a perpetual fund for the endowment, support and maintenance of colleges, it was prescribed that the capital thereof shall remain forever undiminished, and further that if any portion thereof should in any event be lost, the state to which it belongs shall replace the amount, so that the capital of the fund shall remain forever undiminished; and

Whereas, William C. Turner, late of Merced, California, did in his lifetime borrow from the regents of the University of California, a beneficiary of the act of Congress, aforesaid, the sum of forty-seven thousand (\$47,000) dollars, money of the perpetual fund provided for the University of California by the said act of Congress, and a loss or diminution of the perpetual fund may by possibility result therefrom; now, therefore,

§ 1. The sum of fifty thousand (\$50,000) dollars is hereby appropriated out of any money in the state treasury not otherwise appropriated, for the use, benefit, maintenance, and support of the University of California. The sum hereby appropriated shall be in addition to all other sums of money provided for the use of the University of California; but in the event any diminution of the perpetual endowment fund of the University of California results from the loan to William C. Turner, above mentioned, or loss is caused thereby, the money hereby appropriated, or so much thereof as shall be necessary therefor, shall be used by the regents of the University of California to make good such diminution or loss, and the residue only shall be put into the university fund; but in the event no loss or diminution arises from the loan to William C. Turner, aforesaid, then the whole of the money hereby appropriated shall be paid into the university fund.

§ 2. The controller is authorized and directed to draw his warrant for the sum hereby appropriated, payable to the treasurer of the University of California, and the treasurer of state is directed to pay the same.

§ 3. This act shall be in effect from and after its passage.

§ 2. In addition to all other sums of money or funds provided for the support and maintenance of the University of California, and commencing with the fifty-fifth fiscal year, there shall be an appropriation biennially of the sum of two hundred thousand (\$200,000.00) dollars therefor, which sum shall be carried into the general appropriation bill as are the items of appropriation for other state institutions, and be an item thereof.

UNIVERSITY OF CALIFORNIA.

To provide additional support and maintenance, and for the acquisition of necessary property and improvements for the University of California, by the levy of a rate of taxation, and the creation of a fund thereof.

(Stats. 1897, 44, ch. XLVIII.)

§ 1. In addition to all other sources and means of support, maintenance, advantage, and improvement of the University of California, there is hereby levied, annually, for each fiscal year an "ad valorem" tax of one cent upon each one hundred dollars of value of the taxable property of the state, which tax shall be collected by the several officers charged with the collection of state taxes, in the same manner and at the same time as other state taxes, are collected, upon all or any class of property; which tax is for the use and support of the University of California.

§ 2. The state board of equalization, at the time when it annually determines the rate of state taxes to be collected, must at the same time declare the levy of said rate of one cent, and notify the auditor and board of supervisors of each county thereof.

§ 3. The money collected from said rate, after deducting the proportionate share of expenses of collecting the same to which other state taxes are subject, must be paid into the state treasury, and be by the state treasurer converted into the "State University Fund."

§ 4. The money paid into the said "State University Fund" is hereby appropriated, without reference to fiscal years, for the use and support of the University of California, and is exempted from the provisions of part three, title one, article eighteen, of an act entitled "An act to establish a Political Code," approved March twelfth, eighteen hundred and seventy-two, relating to the board of examiners. When there is any money in said fund, the same may be drawn out upon the order of the board of regents of the University of California, or such officers of the board as may be duly authorized thereto. Upon the receipt of the order, the controller must draw his warrant upon the state treasurer, payable to the order of the treasurer of the University of California, out of said "State University Fund," and said treasurer must pay the same.

§ 5. The money derived from said fund must be applied only to the uses and purposes of the University of California, and the board of regents must include in its biennial report to the governor a statement of the manner and for what purposes the money was expended; provided, that not less than one half

interest on a sum of over seventy-nine thousand dollars, said to have been improperly drawn from the resources of the university. This is however repealed by § 6 of Stats. 1893, 75, ch. LXV, post.

To provide for the payment of interest on the outstanding bonds of the state of California, held in trust for the university fund and the state school fund, and on the sum of seventy-nine thousand seven hundred and fifty dollars, diverted funds belonging to the endowment fund of the University of California, to repeal an act of the legislature of the state of California, approved March fourth, eighteen hundred and eighty-one, entitled "An act to appropriate money to reimburse the University of California, for moneys heretofore appropriated to the endowment fund thereof, which moneys have by mistake been withheld therefrom and appropriated to other state purposes," and making an appropriation to pay the interest on said outstanding bonds from January first to July first, eighteen hundred and ninety-three.

(Stats. 1893, 75, ch. LXV; amended 1899, 93, ch. LXXVII. Foregoing is title of act as amended by Stats. 1899, 93, ch. LXXVII.)

Whereas, There was on the first day of January, eighteen hundred and ninety-three, outstanding and unpaid two million five hundred and twenty-eight thousand five hundred dollars of funded debt bonds of eighteen hundred and seventy-three, issued by the state of California, bearing interest at the rate of six per centum per annum; and whereas, the people of the state of California, at the election held on the eighth day of November, eighteen hundred and ninety-two, refused to refund said bonds; and whereas, the whole of said bonds, excepting the sum of two hundred and fifty-one thousand dollars, are held by the state of California in trust as follows: For the support of the state school fund, one million five hundred and twenty-six thousand five hundred dollars, and for the university fund, in support of the state university, seven hundred and fifty-one thousand dollars; and whereas, the period for which said bonds were to run having expired, and the coupons originally attached thereto having been paid; and whereas, at the present session of the legislature a law has been passed providing for the payment and cancelation of the bonds held by private individuals in the sum of two hundred and fifty-one thousand dollars, together with interest thereon; and whereas, it has become necessary for the state to pay interest on the bonds so held in trust, or to pay said bonds in full, and there being no money in the state treasury to pay the same, or any part thereof; therefore

§ 1. The state of California hereby agrees to pay, and will pay, interest on said outstanding bonds so held in trust for the benefit of the state school fund and the university fund at the rate of six per centum per annum, payable semi-annually, from January first, eighteen hundred and ninety-three, on the second of January and July of each year, and the faith of the state of California is hereby pledged for the payment of the interest as herein provided.

§ 2. The state treasurer shall hereafter pay, semiannually, on the second of January and July of each year, to the University of California, the sum of twenty-four thousand nine hundred and twenty-two dollars and fifty cents, the same being the interest at the rate of six per centum per annum, on the outstanding bonds held by said university against the state, of the face value of seven hundred and fifty-one thousand dollars, and belonging to the endowment fund provided by Congress, to which is added the sum of seventy-nine thousand seven hundred and fifty dollars, also belonging to said endowment fund of said university, the interest on which has heretofore been provided for by the act of March fourth, eighteen hundred and eighty-one.

§ 3. The state treasurer shall also, as in the preceeding section, pay over, semiannually, as now required by law, for the support of the common schools of the state, the sum of forty-five thousand seven hundred and ninety-five dollars, the same being the semiannual interest, computed at the rate of six per centum per annum, due from the state on the bonds belonging to the common school fund, now held by the state treasurer, of the face value of one million five hundred and twenty-six thousand five hundred dollars.

§ 4. For the payment of the interest on said outstanding bonds so held in trust, and on said diverted funds, as herein provided, there shall be levied annually, by the state board of equalization, such rate of tax on each one hundred dollars of the assessed value of the real and personal property in the state, to be computed by the controller of state, on the basis of the assessed value of such

property for the preceding year, as shall produce annually the interest of such bonds and diverted funds provided to be paid in section[s] one, two, and three of this act. The state board of equalization shall certify the rate of tax thus computed to the several county auditors, and the said auditors are hereby directed and required to enter such rate on the assessment rolls of their respective counties, in the same manner and with the same effect as is provided by law in relation to other state taxes. Every tax levied under the provision or authority of this act is hereby made a lien against the property assessed, which lien shall attach on the first Monday in March of each year, and shall not be satisfied or removed until such tax has been paid or the property sold in satisfaction thereof. All moneys derived from taxes authorized by the provisions of this section shall be paid into the state treasury to the credit of the interest and sinking fund, and shall be applied to the payment of the interest as herein provided for; provided, that all the moneys remaining in the state treasury to the credit of said interest and sinking fund on the fifteenth day of July of each year, after the interest on such bonds so held in trust, and on said diverted funds, has been paid, shall be transferred by the treasurer of state, on the order of the controller of state, to the general fund. [Amendment, Stats. 1899, 93.]

[Amendatory act of 1899, 93, also contained the following section: "§ 3. The sum of sixteen thousand seven hundred and forty-seven dollars and fifty cents, now in the university fund and unavailable, is hereby appropriated to the uses of the University of California."]

§ 5. It shall be the duty of the state treasurer to pay the interest on said bonds so held in trust when the same falls due, out of said interest and sinking fund; provided, that the controller of state shall first draw his warrant on the treasury payable to the order of said state treasurer, for the amount of interest money about to become due, which said warrant shall be drawn at least one month previous to the maturing of the interest.

§ 6. The act of the legislature of the state of California, approved March fourth, one thousand eight hundred and eighty-one, entitled "An act to appropriate money to reimburse the University of California for moneys heretofore appropriated to the endowment fund thereof, which moneys have by mistake been withheld therefrom and appropriated to other state purposes," is hereby repealed.

§ 7. There is hereby appropriated out of any moneys in the general fund of the state treasury not otherwise appropriated, the sum of sixty-eight thousand three hundred and twenty-five dollars, to pay the interest on said outstanding bonds so held in trust, from January first to July first, one thousand eight hundred and ninety-three. It shall be the duty of the state treasurer to pay the interest on said bonds when the same falls due, out of the moneys hereby appropriated; provided, that the controller of state shall first draw his warrant on the state treasury, payable to the order of said state treasurer, for the amount of interest money about to become due, which said warrant shall be drawn at least one month previous to the maturing of the interest.

§ 8. This act shall take effect from and after its passage.

The amendatory act also amended the title of the Act of 1893, and amended § 4 of the act itself. The foregoing is the title and act as amended, including § 3 of the

amendatory act, appropriating sixteen thousand dollars, added.

By Stats. 1899-70, 646, ch. CCCCXIV, the legislature authorized the issuance of

twenty-year bonds, not exceeding three million and seven hundred thousand dollars. The proceeds from this bond issue were used for paying the prior outstanding bonds issued under acts of 1857 and 1860 respectively, and also outstanding soldiers' relief and soldiers' bounty bonds.—See *Bickerdike vs. State*, 144 Cal. 681, 695, 78 Pac. Rep. 270.

By Stats. 1873-4, 6, ch. IX, the state treasurer and governor were authorized to dispose of sixty-five thousand dollars of United States five-twenty bonds then being held for the benefit of the University of California, and to purchase therewith state-funded-debt bonds; and by Stats. 1873-4, 235, ch. CLXXI, the loan commissioners, created by the before-mentioned Act of

1869-70, were empowered to dispose of such bonds as were authorized to be issued under that act, and not exchanged for other bonds, or purchased for the university and school funds, in any manner they might deem best. It is understood that these are the bonds authorized to be purchased (and that they were purchased) under the above cited Act of 1873-4, 6, with funds arising from the sale of United States five-twenty bonds. These are the bonds referred to in the Stats. 1893, 75, as amended 1899, 93, and which precede this note.

The other outstanding bonds of the state of the issue of 1873-4, specifically referred to by number, were taken up under the Stats. 1893, 49, ch. XXXVI.

The provisions of this statute relating to the officers to be elected therein, and the manner of organizing the county, are so clearly superseded by subsequent legislation, particularly by provisions of the

County Government Act and the constitution, as to the courts, elections, and terms of office, that it seems superfluous to insert them in this publication; they are accordingly omitted.

VETERANS' HOME—EXCHANGE OF LANDS.

(Stats. 1905, 495, ch. CCCLXXXVII.)

§ 1. Upon the enactment of appropriate legislation by Congress providing for the taking over of the property, real and personal, of the Veterans' Home of California, belonging to the state of California, situate in Napa County and described in that certain act entitled "An act to accept from the Veterans' Home Association the conveyance of and to vest the title in the state of California to the tract of land in Napa County known as the Veterans' Home, with the improvements and furnishings thereon, to make the same a state home for United

States soldiers, sailors and marines, and to provide for the government thereof by the state" approved March eleventh, eighteen hundred and ninety-seven; and such other property and lands as the state of California, for said home, may have since acquired; and providing for the management, control, conduct and support thereof by the government of the United States as a national home; the board of directors of the Veterans' Home of California may, and it is hereby authorized to, convey all the property of said home, belonging to the state of California, both real and personal, to the government of the United States, or to its officers, and to transfer to the government of the United States, its officers, the conduct, control, management and support thereof.

§ 3. Upon the assumption of the conduct, control, management and support of said home by the government of the United States, its officers, the terms of all the officers of said home, and the terms of employment of all its employees, shall expire, and their salaries and wages shall cease, except the terms of the board of directors, its president and vice-president, which shall continue for the period of six months thereafter and therefrom.

§ 4. Before the terms of the members of the board of directors shall expire, as provided in section three of this act, the said board shall make its report to the governor of the state of California, in the manner provided for the annual report in that certain act heretofore in this act referred to; and shall turn over to the treasurer of the state of California all moneys belonging to said home, or to said state, except all moneys held by said board as pension moneys, which shall be returned to the respective pensioners who may be alive, and in case of their death, then to the officers or managers of the national home, taking over the management of said home, to be distributed by them in accordance with the present laws, rules and regulations of said Veterans' Home of California.

§ 5. The board of directors of the Veterans' Home of California is hereby authorized and empowered to do and perform all acts which are or may be necessary in law or otherwise.

§ 6. This act shall take effect and be in force in thirty days after its passage.

VETERANS' HOME—YOUNTVILLE—APPROPRIATION FOR.

To amend section one of an act entitled "An act to amend section one of an act approved March twentieth, eighteen hundred and ninety-nine, entitled 'An act to amend an act entitled "An act to amend an act approved February twenty-eighth, eighteen hundred and eighty-seven, entitled 'An act to amend an act to appropriate money for the support of aged persons in indigent circumstances residing in the Home of the Veterans' Home Association, approved March seventh, eighteen hundred and eighty-three,' providing for an increase in the annual appropriation thereof," and changing the time for the payment thereof,' approved March twenty-third, eighteen hundred and ninety-three, reducing the amount of such appropriation per capita," approved March twelfth, nineteen hundred and one, by providing for a

fixed annual appropriation of sixty-five thousand dollars in the place and stead of seventy-five dollars per annum for each and every aged and indigent United States ex-soldier, sailor or marine admitted to or residing at said home.

(Stats. 1905, 191, ch. CXC VII.)

§ 1. There is hereby appropriated out of any moneys in the state treasury not otherwise appropriated, for the support and maintenance of the Veterans' Home of California, located at Yountville, Napa County, state of California, the sum of sixty-five thousand dollars per annum for each and every year hereafter.

§ 2. This act shall take effect and be in force on and after its passage.

The state had made appropriations in aid of the "Veterans' Home Association," beginning with Stats. 1883, 55, ch. XXXI, and up to the enactment of the foregoing statute.

By Stats. 1889, 418, ch. CCLXVIII, the "Home" was recognized as a "state home," to entitle it to receive moneys appropriated by Congress for such institutions. The appropriation Act of 1883 was amended, 1887, 6, ch. X; 1893, 214, ch. CLXXIX; 1899, 147, ch. CXI; 1901, 270, ch. CXV; and by Stats. 1895, 26, ch. XVII, the state treasurer was directed to turn over to the treasurer of the "Home" moneys received for its benefit through acts of Congress.

By Stats. 1891, 184, ch. CXXXVIII, the

Veterans' Home Association was authorized to exchange with the city and county of San Francisco certain lands there situate. The various appropriations for hospitals and other purposes are not here noted.

The Stats. 1905, ch. CXC VII, appropriates the sum of sixty-five thousand dollars annually for the support of the "Home," thus amending § 1 of the original Act of 1883 as amended by subsequent acts heretofore noted.

The Statute of 1883, here noted, seems inapplicable for any purpose since the "Home" has become a state institution.—See next following statute, by which it is governed.

All other employees of said home shall be appointed by the said board and their term of employment shall commence July first, nineteen hundred and five, to hold at the pleasure of the board. The board of directors shall have power to remove any officer elected by it, for cause, after a full and fair hearing before said board. All vacancies, whether occurring from death, resignation, or removal, shall be filled by said board of directors for the unexpired term. Before entering upon the discharge of their duties all the officers named above shall take the oath of office and each shall file with the board an undertaking in such an amount as the board may determine, and conditioned upon the faithful discharge of his duties. Said undertaking shall be signed and executed by two sufficient sureties to be approved by the said board, or may at the discretion of said board be the undertaking of some authorized surety company. The duties of all officers and employees appointed by the board shall be prescribed by the board, and the same may be changed from time to time by a majority vote of said board. The board shall fix the compensation of all its appointees and employees, and may change the same from time to time at its discretion. [Amendment, Stats. 1905, 471.]

The board shall also make such other reports, from time to time as the governor may require. All reports shall be verified by the oath of the president of the board, or in his absence by the vice-president, and shall be certified by the secretary of the board. [Amendment, Stats. 1905, 471.]

§ 8. All moneys received by the state from the federal government for the use of the home, together with all moneys appropriated by the state for the support and maintenance of said institution, shall be received by the state treasurer and placed to the credit of a fund, to be entitled "Fund for the Support and Maintenance of the Veterans' Home of California."

§ 9. All bills and charges against the board for supplies, salaries, or other expenses incurred by it, shall first be audited by said board and thereafter forwarded to the state board of examiners for their approval, and when approved by said board of examiners the controller shall immediately issue his warrant in payment thereof, which warrant shall be paid out of any moneys in said fund.

§ 10. All moneys received by the directors, or by any officer of the home, (except such as may be paid to them by the state for disbursements), including pension moneys belonging to the pensioners in the home, and all other trust moneys, shall be immediately paid over to the treasurer of the board. Upon the first day of each month the treasurer of the board shall forward to the state treasurer all moneys then in his possession as treasurer, except pension moneys, and other trust funds, the post fund, and the moneys hereinafter referred to as subject to their direct disbursement and designated as the "Emergency Fund," together with a statement of the source from which the same has been received. Said moneys shall be immediately deposited by the state treasurer to the credit of the fund hereinbefore designated as the "Fund for the Support and Maintenance of the Veterans' Home of California." Any balance of pension money held by the board, or under its authority, upon the death of the pensioner, shall be held as a trust to be paid by the board, directly and without probate, or by its order, to his widow, minor children or dependent mother or father, in the order named; and should no widow, minor child, or dependent parent be discovered within one year from the time of the death of the pensioner, said balance shall be paid to the post fund of the home, to be used for the common benefit of the members of the home under the direction of the board, subject to future reclamation by the relatives hereinbefore designated in the order named, upon application filed by the one entitled to the same within five years after the pensioner's death. The board may make proper rules to carry this into effect. Provided, however, that nothing in this act shall in any way conflict with the right of any member of the home to dispose of his property, including such pension money, by last will. [Amendment, Stats. 1905, 471.]

§ 11. All supplies, except those not of a general character, and not exceeding in value the sum of five thousand dollars in any one year, shall be furnished said home on contract, let to the lowest responsible bidder; notice to bidders shall be published for a period of two weeks in a newspaper of general circulation, published in each of the following cities, to wit: Napa and San Francisco. the same must be delivered at the railroad station at Yountville, Napa County, free of charge, at such time and in such quantity as the board may, from time to time, direct. The notice must also state with whom the bids are to be filed, the time and hour when, and the place where the bids will be opened, and the contracts awarded. At the time and place appointed, the board shall proceed to open all bids and shall award the contract to the lowest bidder in each line of supplies called for; provided, however, the board may reject any bid which does not conform to the requirements of the published notice, and if, in their judgment, all bids for any line of supplies are unsatisfactory, they may reject all such bids and readvertise as in the first instance; and provided further, that the board may in the mean time and until a contract or contracts can be let, purchase in the open market the necessary butter, eggs and vegetables for the table of the home, if any contract or contracts for such supplies has or have been rejected. Bids shall be called for and contracts let in the month of June of each year or as near that time as practicable, and no contracts shall be entered into for a longer period than one year, beginning at the time of awarding said bids.

Before entering into a contract with any successful bidder, the board shall require an undertaking from such bidder, payable to the state of California, in such sum as they may deem sufficient to secure the faithful performance of the contract. Such bonds shall be approved by the board.

For the purchase of supplies, not of a general character, the making of necessary and emergency repairs, the construction of minor improvements, and for the defraying of incidental expenses the board shall have the power to expend each year a sum not to exceed in the aggregate five thousand, (5,000), dollars without first submitting said items to the approval of the board of examiners, and the controller is hereby authorized and directed to issue his warrants from time to time, drawn in favor of the treasurer of the board, and payable out of the fund herein referred to for such expenses upon a requisition therefor, signed by the president and secretary of the board. Such warrants shall not exceed, however, in any one year the sum of five thousand dollars. At the end of every three months the board shall file with the board of examiners a detailed statement, showing the expenditure, by items, of all sums of money so used. The treasurer of the board, upon receiving any moneys from the state treasurer under the foregoing provision, shall enter the same in his books in an account to be designated "Emergency Fund," and he shall pay the same out only upon drafts signed by the president and secretary of the board. [Amendment, Stats. 1905, 471.]

§ 12. No person shall be admitted to reside in said home, with the exception of the families of officers and employees, who is not an honorably discharged United States soldier, sailor, or marine, and who has not been a bona fide resident of the state of California for a period of six months immediately preceding his application, except as is provided in section sixteen of this act. The board may make such additional rules governing the admission of applicants, and may prescribe the conditions precedent upon which they may enter, and the conditions upon which they may remain, as in its judgment may be deemed just and proper and for the best interests of the home. [Amendment, Stats. 1905, 471.]

§ 13. Each director and officer of the board shall receive his actual and necessary traveling expenses in attending all the meetings of the board, and in traveling on business authorized by the board; such traveling expenses to be paid out of any moneys appropriated for the support of the home. “(I or we) designated as (weigher or weighers) will correctly weigh all grain or other commodities brought to (here designating the business and place of business) for storage or weighing, or which may be taken out from the same, and in all cases render to the person bringing or receiving the same, as the case may be, upon demand, a full, true and correct account of the weight thereof.”

§ 2. All persons engaged in the business in the foregoing section mentioned shall keep for and use in such business no other than true and correct scales and weights.

Said designation and said oath shall thereupon and within the time aforesaid, be recorded in the office of the recorder of the county in which such business is to be or is being carried on.

No person, excepting the person or persons thus designated and subscribing and recording such oath shall do any of the weighing of such business.

§ 3. Every person engaged in the business in said section one mentioned, shall keep and use therein none but true weights, and scales; said weights must conform to the United States standard of weights.

§ 4. The board of supervisors of the respective counties of the state of California, hereby are authorized to appoint for their respective counties an inspector of weights and measures, who shall hold office at the pleasure of said board and receive such compensation as each board may allow, and whose duty it shall be from time to time to test and examine all scales and weights kept or used in the business in the foregoing sections mentioned, and report all violations of this act to the district attorney of such county, whose duty it shall be to prosecute all violations hereof.

§ 5. Every violation of this act shall be and is punishable as a misdemeanor.

§ 6. Besides the prosecution of the criminal actions herein provided for, every person defrauded by false or incorrect weighing shall be entitled to recover from the person owning or conducting such business as in the foregoing sections mentioned, in any court of competent jurisdiction, three times

the amount of such shortage in weight of the grain or other commodity so delivered or taken out by him.

It is believed that the foregoing is in all respects a duplicate of, and is intended to supersede, Stats. 1903, 171, ch. CLV, excepting that the former statute appropriated

WHITTIER STATE SCHOOL.

To establish a school for the discipline, education, employment, reformation, and protection of juvenile delinquents, in the state of California, to be known as "The Whittier State School."

(Stats. 1889, 111, ch. CVIII; amended 1893, 328, ch. CCXXII. Foregoing is the title as given in the amendatory act of 1893.)

§ 1. There shall be established and maintained in this state, and located at Whittier, in the county of Los Angeles, an institution for the discipline, education, employment, reformation, and protection of juvenile delinquents in the state of California, to be known as "The Whittier State School;" and in all judicial, official, or other proceedings, and in all contracts, transfers, or other instruments in writing, the above name shall be deemed a sufficient designation of said institution. [Amendment, Stats. 1893, 328.]

§ 2. The general supervision and government of said institution shall be vested in a board of trustees, consisting of three citizens of the state of California, who shall be appointed by the governor, with the advice and consent of the senate. The members of said board shall hold their offices for the respective terms of two, three, and four years from the first day of March, eighteen hundred and eighty-nine, and until their successors shall be appointed and qualified, said respective terms to be designated in their appointments; and thereafter there shall be one of said board appointed in the same manner every two years, whose term of office shall continue four years, and until his successor is appointed and qualified. If a vacancy shall occur in said board by expiration of the term of any such trustee, or otherwise, when the senate is not in

session, the governor shall fill such vacancy for the unexpired term, subject to the approval of the senate at its next regular session. Said trustees, before entering on the discharge of the duties of their office, shall each take an oath faithfully to discharge the same.

§ 3. The trustees of such institution shall be a body corporate and politic for certain purposes, namely: To receive, hold, use, and convey or disburse moneys or other property, real and personal, in the name of said corporation, but in trust and for the use and by the authority of the state of California, and to control, manage, and direct, the several trusts committed to them respectively, including the organization, government, and discipline of all officers, employees, and other inmates of said institution, with power to make contracts, to sue and be sued, plead and be impleaded, to have and to use a common seal, and to alter the same at pleasure, and to exercise all the powers usually belonging to said corporations and necessary for the successful discharge of the obligations devolved by law upon said members of trust; provided, that they shall not have power to bind the state by any contract or obligation beyond the amount of appropriations which may at the time have been made for the purposes expressed in the contract or obligation, nor to sell or convey any part of the real estate belonging to such institution without the consent of the legislature, except that they may release any mortgage, or convey any real estate which may be held by them as security for any money or upon any trust, the terms of which authorize such conveyance; and provided further, that the legislature shall have power at any time to amend, alter, revoke, or annul the grant of corporate powers herein contained.

§ 4. The said board of trustees are hereby empowered with full power and authority to select a site for the permanent location of said school in the county of Los Angeles. Said trustees shall, within thirty days after their appointment and qualification, examine the different sites offered by the people of the county of Los Angeles for the location of said school, and select therefrom a suitable location for said buildings; and the site selected by them shall be and remain the permanent site for said school; said site to contain not less than forty nor more than one hundred and sixty acres, giving preference, other things being equal, to a location central and easy of access from all parts of the county or state; provided, that no buildings shall be commenced or erected in said county of Los Angeles until a deed in fee simple of the land selected by the said board of trustees shall be made to the state, and recorded in the records of the county recorder of said Los Angeles County, and said deed deposited in the office of the secretary of state. [Amendment, Stats. 1893, 328.]

§ 5. The said board of trustees shall prepare and adopt plans for the grounds, buildings, and fixtures necessary and proper for such an institution, not in their judgment to exceed in cost the amount of money hereinafter appropriated, but if practicable, of such description that other buildings can be added to or enlarged without injury to their symmetry or usefulness; and may let or make all necessary contracts, with the approval of the governor, for the construction of such buildings and fixtures, and the improvement of the grounds, according to such plans. Said board of trustees shall use all prac-

ticable diligence in the commencement and completion of said building and fixtures, and the improvement of the grounds, according to such plans.

§ 6. No trustee or employee of such institution shall be personally, directly or indirectly, interested in any contract, purchase, or sale made, or any business carried on, in behalf of or for said institution. All contracts, purchases, or sales made in violation of this section shall be held and declared null and void, and all moneys paid to such trustee, employee, or any other person for his benefit, in whole or in part, in consideration of such purchases, contracts, or sales made, may be recovered back by civil suit, to be instituted in the name of the state of California, against such trustee, employee, or person acting in his behalf; and in addition it is hereby made the duty of the governor and the board of trustees, as the case may be, upon proof satisfactory of the fact of such interest, to immediately remove the trustee or employee delinquent as aforesaid, and to report the facts to the attorney-general, who shall take such legal steps in the premises as he shall deem expedient.

§ 7. The board shall make all needful rules and regulations concerning their meetings and the modes of transacting their business; shall take charge of said institution to see that its affairs are properly conducted, that strict discipline is maintained, and that suitable employment and education are provided for its inmates. They are authorized to make contracts for the purchase of furniture, apparatus, tools, stock, provisions, and everything necessary to equip the institution for the purposes herein specified, and to maintain and operate the same; provided, said board shall incur no expense nor contract any debt beyond appropriations made or donations given for the said school; and then only in such manner as may be prescribed by the act of appropriation or the instrument of donation. [Amendment, Stats. 1893, 329.]

§ 8. The board shall annually elect from their own number a president and a vice-president, whose term of office shall be for one year, and until their successors shall be duly appointed and qualified. They shall also elect a treasurer, not one of their own number, whose term of office shall be for two years and until his successor shall be duly elected and qualified; who shall be at all times subject to removal by the board for good cause. [Amendment, Stats. 1893, 329.]

§ 9. The board shall appoint a superintendent of said school, not of their own number, whose salary shall be fixed by said board, not to exceed three thousand six hundred dollars per annum, and shall also appoint such other officers and such assistants as the wants of the institution may from time to time require, and shall prescribe their duties and fix their salaries, as may be reasonable. [Amendment, Stats. 1893, 329.]

§ 10. Said board of trustees shall, on or before the first day of December, every two years, make to the governor a full and detailed report of their doings as such trustees, and of the expense of said institution, with such other information relating thereto as they may think interesting or useful to the state; which report shall be communicated by the governor to the next succeeding session of the state legislature. Said trustees shall receive no salary for their services as such from the state, but shall be allowed all necessary expenses incurred in the discharge of their duties.

§ 11. The board of trustees shall have a regular meeting once every three months, at such time and place as they may direct; special meetings may be called by the president of said board in all cases where it becomes necessary for such a meeting.

§ 12. The superintendent, before entering upon the duties of his office, shall take an oath faithfully to discharge the same, and execute a bond, with sureties to be approved by the board, in a sum to be fixed by the board, conditioned for the faithful performance of all his duties as such superintendent. He shall be a resident at the institution, and shall be ex officio the secretary of the board, taking charge of all books and papers. He shall have charge of the lands, buildings, furniture, apparatus, tools, stock, provisions, and every other species of property belonging to the institution, subject to the direction and control of said board, and shall account to the board in such manner as they may require for all property intrusted to him, and all moneys received by him, from whatever source, shall be deposited with the treasurer. His books shall at all times be open to the inspection of the board, who shall at least once in every three months carefully examine the same, and all accounts, vouchers, [and] documents connected therewith, and make a report of the result of such examination in a book provided for the purpose. He shall have charge of the inmates of said institution; he shall discipline, govern, instruct, employ, and use his best efforts to reform the children and youth under his care, and shall at all times be subject to removal by the board for incapacity, cruelty, negligence, immorality, or any other good cause.

§ 13. The treasurer, before entering upon the duties of his office, shall take an oath faithfully to discharge the same, and shall execute a bond to the people of California, with sureties, to be approved by said board, in at least double the sum of money for which he may be responsible as treasurer, conditioned for the faithful performance of all his duties as such treasurer; he shall take charge of all the funds of the institution, receiving the same and disbursing them on the written order of the superintendent, and shall account to the board, in such a manner as they may require, for all funds intrusted to him, from whatever source. His books shall at all times be open to the inspection of the board and superintendent, who shall at least once in every six months carefully examine the same, and all the accounts, vouchers, and documents connected therewith, and make a report of the result of such examinations. Such treasurer must be a citizen of Los Angeles County, and shall receive for his services a salary of six hundred dollars per annum.

§ 14. Said board of trustees shall arrange the building or buildings to be used for said school, and the grounds about the same, so that a portion thereof may be used for the proper confinement, care, and education of the male inmates, and the remaining portion for the proper confinement, care, and education of the female inmates, and to the absolute exclusion of all communication of any kind or character between the sexes. [Amendment, Stats. 1893, 329.]

§ 15. Whenever said institution shall have been so far completed as to properly admit of the reception of inmates therein, the governor shall make due proclamation of that fact; and thereafter it shall be lawful for said board of trustees to receive into its care and guardianship minors between the ages

of eight and eighteen years committed to its custody, as hereinafter provided. [Amendment, Stats. 1893, 329.]

§ 16. When any boy between the ages of seven and sixteen or any girl between the ages of seven and eighteen years shall be found guilty by a superior court of any county in the state, and who in the opinion of such court would be a fit subject for commitment to the said school, it shall be lawful for the said court to suspend judgment or sentence (except when the penalty is life imprisonment or death), and to commit such minor to the said school until any such male minor shall have reached the age of sixteen years and any such female minor shall have reached the age of twenty-one years unless sooner discharged by law or as in this act provided; but no minor who is under the age of seven years or who is suffering from any contagious, infectious or other disease which would probably endanger the lives or health of the other inmates of said school, shall be committed to said school; and further provided that no such minor shall be committed to said school unless the judge of such court shall be fully satisfied that the mental and physical condition and qualifications of said minor are such as to render it probable that such minor will be benefited by the reformatory and educational discipline of said school. The board of trustees of said school shall have authority to make rules reducing, as the reward for good conduct, the time for which such person or persons have been committed. It shall be the duty of all courts committing any minor to such school to certify to the superintendent thereof the age of the person so committed, as nearly as can be ascertained by testimony taken under oath before such court or in such manner as the court may direct. [Amendment, Stats. 1905, 80.]

§ 16a. Any child between seven and fourteen years of age, who wilfully and habitually absents himself or herself from school contrary to the provisions of an act entitled an act to enforce the educational rights of children and providing penalties for violation of the act, approved March twenty-fourth, nineteen hundred and three, may be committed to the Whittier State School by any superior court judge on the complaint of any peace officer, teacher, parent, guardian or other person, under the same conditions and in the same manner as provided in section sixteen of this act. [New section added, Stats. 1905, 80.]

§ 16b. Any child who comes under the provision of an act entitled an act defining and providing for the control, protection and treatment of dependent and delinquent children, prescribing the powers and duties of courts with respect thereto; providing for the appointment of probation officers, and prescribing their duties and powers; providing for the separation of children from adults when confined in jails or other institutions; providing for the appointment of boards to investigate the qualifications of organizations receiving children under this act and prescribing the duties of such boards; and providing what proceedings under this act shall be admissible in evidence, approved February twenty-sixth, nineteen hundred and three, may be committed to the Whittier State School by any superior judge under the same conditions and in the same manner as provided in section sixteen of this act. [New section added, Stats. 1905, 80.]

§ 16c. [Stats. 1905, 80; § 16b Stats. 1893.] It shall be lawful for the board, whenever it may deem any inmate of said institution to have been so far reformed as to justify his discharge, to give him an honorable dismissal, and to cause an entry of the reasons for such dismissal to be made in the book of records prepared for that purpose. All persons thus honorably dismissed, and all those who shall have served the full term of their respective sentences, shall thereafter be released from all penalties and disabilities resulting from the offense or crime for which they may have been committed. Upon the final discharge of any inmate, as in this section provided, the superintendent, where any sentence or judgment was previously suspended, as mentioned in section sixteen of this act, shall immediately certify such discharge in writing, and shall transmit the said certificate to the court by which such person was committed, and said court shall thereupon dismiss the accusation, and the action pending against said person. [New section, Stats. 1893, 330.]

§ 16d. [Stats. 1905, 82; § 16c Stats. 1893.] The board shall have authority also to issue certificates of conditional dismissal and parole to any worthy minor confined in the institution, on the following conditions: It may bind such minor by articles of indenture to any suitable person who will engage to educate him, and to instruct him in some useful art or trade, or it may return him to his parents, or it may place him under the care of any reputable person who is a citizen and a resident of this state, after such person, parent, guardian, or resident citizen shall have become bound to the said board, with good and sufficient sureties, conditioned on the proper custody, care, education, and moral and industrial training of the said paroled minor. The time of such conditional release shall be made subject to good behavior and continued reformation on the part of the person thus paroled. Any minor who violates his parole, or who becomes habitually disobedient and incorrigible, may be returned to the said school to serve the unexpired term of his sentence, on complaint of his guardian and the written requisition of the superintendent of said school. Every paroled minor who properly observes and obeys the condition of his parole until the date of the expiration of his term of commitment shall be entitled to all the benefits and immunities in this act provided. If at any time it shall be determined by the board of trustees of said school, to its satisfaction, that any minor who may have been committed to the care or guardianship of any third person, as in this section previously provided, is not being properly treated or cared for, according to the terms and conditions under which such minor was intrusted to said third person, then by a resolution of the said board entered upon its minutes, and upon the requisition of the superintendent of said institution issued thereon, the said minor may be recalled to said school, and he or she shall be released from all obligations to such third person. And in such case the said board shall have the right to maintain all necessary actions or proceedings against the said third person and his bondsmen to recover the penalty in whatever bonds may be given by reason of the failure of said third person to perform the conditions under which said minor was intrusted to his care; and in the event of minors who may have been bound out by the said board of trustees by articles of indenture, the said board shall institute and maintain all proper actions and proceedings to cancel and annul said articles of indenture. [New section, Stats. 1893, 331.]

§ 16e. [Stats. 1905; § 16d Stats. 1893.] Any male minor who shall, during the time of his commitment, be found incorrigible, who shall be in the judgment of the board of trustees of said school determined to be an improper person for detention in said school, may be returned to the court from which such minor was committed, and upon written complaint of the said board, attested by the superintendent of said school, and filed with the original complaint, it shall be the duty of said court to commit said male minor to the Preston School of Industry for such judgment and sentence as would have been lawful at the time when the said minor was first committed to the said school. [Section renumbered and amended, Stats. 1905, 80.]

§ 17. If any accusation of the commission of any crime shall be made against any male minor under the age of sixteen years or any female minor under the age of eighteen years before any grand jury and the charge appears to be supported by evidence sufficient to put the accused upon trial, the grand jury may, in their discretion, instead of finding an indictment against the accused, return to the superior court, as it appears to them that the accused is a suitable person to be committed to the court and guardianship of said institution. The court may thereupon order such commitment, if satisfied from the evidence that such commitment ought to be made, which examination may be waived by the parent or guardian of such minor. [Amendment, Stats. 1905, 80.]

§ 18. If any male minor between the ages of seven and sixteen or any female minor between the ages of seven and eighteen shall be arraigned for trial in any court having competent jurisdiction, on charge of any violation of any criminal law of this state (except for the commission of a capital offense or attempt to commit a capital offense), the judge may, in his discretion, with the consent of the accused, arrest at any stage of the cause any further proceedings on the part of the prosecution and commit the accused to the care and guardianship of this institution. [Amendment, Stats. 1905, 80.]

§ 19. All male minors between the ages of seven and sixteen and all female minors between the ages of seven and eighteen, who may be accused of any offense punishable by imprisonment, shall, with a view to the question whether they ought to be committed to said institution, be entitled to a private examination and trial before a court having competent jurisdiction, to which only the parties to the case and the parent or guardian of the accused and their attorneys shall be admitted, unless one of the parents, the guardian or other legal representative of the minor demand a public trial; in such case the proceedings shall be in the usual manner. [Amendment, Stats. 1905, 80.]

[Amendatory act of 1905 also contained the following sections:]

[§ 19a.] § 10. Within sixty days after the passage of this act and its approval by the governor, it shall be the duty of the board of trustees of the Whittier State School to cause all male inmates of said school who are over sixteen years of age to be committed to the Preston School of Industry.

[§ 19b.] § 11. All acts and parts of acts inconsistent with this act are hereby repealed.

§ 20. It shall also be lawful for the said board of trustees, under such rules as they may prescribe, to receive into the care and guardianship of said institu-

tion, whenever it may be convenient so to do, minors between the ages of eight and eighteen years, committed to custody in any of the following modes:

1. Minors committed by any judge of a superior court of this state, on the complaint in writing, filed and due proof thereof made by the parent or guardian of such minor, showing that by reason of the incorrigible and vicious conduct or nature of such minor he is beyond the control and power of such parent or guardian, and that from a regard for the future welfare of such minor and the protection of society it appears that such minor should be placed in the care of such institution.

2. Minors committed by any judge of the superior court of this state where complaint in writing has been filed and due proof of the same has been made showing that such minor is a proper subject for the care and guardianship of such institution in consequence of vagrancy or of incorrigible or vicious conduct, in cases where, from moral depravity or otherwise, the parent or guardian having the control of such minor is incapable of exercising or is unwilling to exercise the proper care or discipline over such minor, or in cases where such minor has no parent, guardian, or other protector.

3. Minors committed by any judge of the superior court of this state where complaint in writing has been filed and due proof of the same has been made by the mother or guardian, when the father is dead, or has abandoned his family, or is an habitual drunkard, or does not provide for the support of such minor, and it appears that such minor is destitute of a suitable home and of adequate means of obtaining an honest living, or is in danger of being brought up to lead an idle and immoral life, and where such mother or guardian is unable to provide the proper support and care for such minor. [Amendment, Stats. 1893, 332.]

§ 21. Before conveying minors to said institution, the person or persons having charge of said minors shall ascertain from the superintendent whether they can be received; and if they cannot, then the case of such minors shall be disposed of as if this act had never been passed and no proceedings taken under it. [Amendment, Stats. 1893, 333.]

§ 22. In all cases where the commitment is executed by the official person, whose proceedings are usually evidenced by the record, or where the occasion of the commitment is a criminal charge or conviction against the infant, no other record shall be made (unless demanded by the infant, his parent, or guardian) than that, in substance, such infant (naming him), who on a day therein named was of the age of ——— years, having been brought before said court or officer, and it having been ascertained by the testimony of the witnesses that such infant was a suitable person to be committed to the instruction and discipline of such institution, and in case of conviction for crime (naming the offense), therefore such infant was ordered to be committed to said institution.

§ 23. Upon the discharge of any person committed to said school, the superintendent thereof, under such regulations and restrictions as the said board of trustees may prescribe, may provide such person with suitable clothing and five dollars in money, and procure transportation for such person to his or her home, if resident in this state, or to the county to which he or she may have been committed, at his or her option. [Amendment, Stats. 1893, 333.]

§ 24. Said board of trustees shall, with the approval of the governor, estimate and determine, as near as may be, the actual expenses per month of keeping and taking care of each minor committed to said institution, not including the use of grounds and buildings, and shall include a statement of such estimated price in each biennial report to the governor. When any minor is committed to said institution at the instance of his or her parent or guardian, or other protector, the cost of keeping said minor, including the cost of transporting to and from the institution, shall be wholly paid by such parent or guardian; unless by reason of the poverty of such parent or guardian or other good cause said board of trustees shall otherwise order and direct; in such case, such expenses, including the cost of transportation, shall be borne one half by the county from which such minor is committed, and the remaining one half shall be borne by the state; and in every case where a minor who has no parent, guardian, or other protector, who is able to pay the cost of transportation to and cost of maintenance at said school, is committed thereto, such cost of transportation and maintenance of such minor shall be borne, one half by the state and the other half by the county from which said minor is committed. The expense which any county may be liable to pay on account of any minor committed to said institution under the provisions of this act shall be paid by the board of supervisors into the state treasury on a certified and detailed statement as to the amount due therefor from such county being furnished to the auditor of the county by said superintendent; but in no case shall the amount charged to any county for the keeping of any minor exceed one half of the estimated cost to the state of his or her support, exclusive of the use of the permanent property of the institution. All moneys paid by such counties under the provisions of this section into the state treasury shall be placed in a fund, to be designated and known as the "Whittier Reform School Fund," for the use of said institution; provided, however, that no order shall be made by said board of trustees charging any county with one half of the cost of keeping in the institution any infant committed at the instance of his or her parent or guardian, or other protector, unless a certificate in writing is first produced, signed by the president of the board of supervisors of such county, setting forth that the case is one in which the expense should be charged to the state and county, and also setting forth the reasons for their being so charged. [Amendment, Stats. 1893, 333.]

§ 25. Immediately after the governor shall make proclamation that said institution is ready for the reception of inmates, the board of trustees shall make the estimated actual expense per month of keeping and taking care of the infants, as required under section twenty-four, which estimate shall control in such matters until the first biennial report of said board is made.

§ 26. If any person procure the escape of any person committed to the school, or advise or connive at, aid, or assist in such escape, or conceal any such person so committed after such escape, he shall, upon conviction thereof in any superior court, be punished by a fine of not less than two hundred dollars nor more than one thousand dollars, or be imprisoned in the county jail not less than two months nor more than one year, or by both such fine and imprisonment; or, if such person so convicted be under the age of sixteen years then he shall be sentenced to the school, as in this act provided. [Amendment, Stats. 1893, 334.]

§ 27. If any parent, or guardian, or master to whom a minor has been ap-

prenticed, or any person occupying the position of parent, protector, or guardian, in fact or in reality, by blood or marriage, not more remote than first cousin to such minor, shall feel aggrieved by such commitment to such institution when such commitment has been made under section twenty of this act, he may make written application to the board of trustees of the institution for the discharge of such minor, which application shall be filed with the superintendent, who shall inform the trustees thereof, and the same shall be heard and determined by such trustees at such time and place as they shall appoint for that purpose, not later than the next regular meeting of the board. Such application shall state the grounds of the applicant's claim to the custody of the minor, and the reasons for claiming such custody. Within ten days after hearing said application, the trustees shall make and announce their opinion thereon, and if they shall be of the opinion that the welfare of such minor would be promoted by granting the application, they shall make an order to that effect; otherwise, they shall deny the application. The applicant may, upon the denial of his application, by first giving security for the payment of all costs (the security to be approved by the clerk of the proper court) commence an action in the superior court of the county in which the institution may be situated, for the recovery of the custody of such minor, against the trustees of such institution. The complaint in said action shall state the fact and manner of the minor's commitment to the said institution, the making of the applicant's application to the trustees for the custody of such minor, and the overruling of such application by such trustees, as well as the ground upon which the applicant relies for the recovery of the custody of such minor. Said action shall be prosecuted in like manner as other civil actions, and the cost thereof shall be paid by the applicant without reference to the result of the action, unless the court shall state in the judgment that the refusal of the trustees to grant the application of the applicant was plainly unreasonable, or that the original commitment was manifestly improper and unnecessary. [Amendment, Stats. 1893, 334.]

§ 28. It shall be the duty of the sheriff of any county wherein an order is made or approved by a superior judge committing any minor to said school, to execute any and all writs of commitment issued or approved by said judge, and to receive as compensation therefor such fees as are now or may hereafter be provided by law for the transportation of prisoners to the state prison; provided, that in all cases where the commitment shall be made under section twenty of this act, the parent, guardian, or other protector of such minor may, at his option, and in all cases where he is liable, or where the estate of such minor is sufficient, execute said writ of commitment, after having been duly sworn therefor, with like powers and with like effect as the sheriff would possess in such case, but without expense to the said estate; and further provided, that in the case of minor females committed to said school, and there is no parent, guardian, or other protector of such minor, who, in the opinion of the court, is a proper person to safely conduct such female to said school, that then, in such case, the court shall appoint some suitable woman of satisfactory character and discretion, who shall take the custody of such minor female after her said commitment, and shall forthwith deliver her to said school, and be entitled to the same compensation therefor as is otherwise provided to be paid to the sheriff in all cases where, if such minor were a boy and were by a sheriff delivered to

said school, he, the said sheriff, would be entitled to receive compensation, under the terms of this act. [Amendment, Stats. 1893, 335.]

§ 29. In all cases where an infant has been committed to said school for any of the causes mentioned in section twenty of this act, and such minor, at the time of his commitment or afterwards, and during his term of confinement at said school, succeeds to any estate which is of sufficient value to cover his expenses to and from and while at said school, the same shall become subject to such expense; and the said superior court shall, by a proper order therein entered, cause the parent or guardian to sell so much of said minor's estate (there not being sufficient money) to pay such expenses. In each case the proceedings thereon shall be similar to those required of guardians in ordinary sales of the property of wards. When any money is realized by virtue of any such sales, the court, by proper order, shall cause the same, or a sufficient amount thereof, to be paid to the trustees of such institution; or in case any expense of said minor has been borne already by the state or county, then such court shall order said county and state to be fully reimbursed for said expense, by causing a sufficient amount therefor to be placed in the state and county treasury. [Amendment, Stats. 1893, 336.]

§ 30. The said board of trustees shall examine, audit, and allow the demands arising under the terms of the aforesaid act and the amendments thereto, and the state controller shall thereupon draw his warrants therefor payable out of the proper fund, and the state treasurer is hereby ordered to pay such warrants.

All acts or parts of acts in conflict with this act are hereby repealed. [Amendment, Stats. 1893, 336.]

§ 31. This act shall take effect and be in force from and after its passage.

Relating to commitments to the state school at Whittier and to the Preston School of Industry; fixing the authority to examine and commit to such schools with the superior court judges of the counties, and fixing the responsibilities from which commitments are made to the state for maintenance of the persons committed therefrom; providing for the manner of payment thereof, and fixing the responsibility of the parents to the counties from which their children are committed.

(Stats. 1895, 122, ch. CXXXI.)

§ 1. The superior judge of any county, and no other judicial officer, shall have power to examine, discharge, or commit any offender either to the Whittier State School or to the Preston School of Industry; provided, that the superior judge shall determine whether or not the parent or guardian of any minor committed to the Whittier State School or to the Preston School of Industry is able to pay to the county in which the commitment is made for the maintenance of such minor during the term of such commitment; and when the superior judge shall determine that said parent or guardian has the ability to pay as aforesaid

for the maintenance of such minor during the term of such confinement, the parent or parents or guardian shall pay into the treasury of such county the sum of eleven dollars per month in advance; and in case of the failure to pay the same as herein provided, it shall be the duty of the district attorney of such county to proceed to collect the amount from such parent, parents, or guardian in the manner that other indebtedness against the county is collected.

§ 2. For each and every person hereafter committed to either the Whittier State School or the Preston School of Industry, the county from which the commitment is made shall pay into the state treasury the sum of one hundred and thirty-two dollars per annum, and at that rate for each fraction of a year.

§ 3. It is hereby made the duty of the clerk of the superior court of the county from which such commitment is made, to certify to the county auditor the name, age, and date of commitment of each person committed by the superior judge thereof, and the amount due to the state from the county by reason of such commitments, and before the first day of May and December of each and every year to file with the treasurer of the county a statement of the number of commitments, with the date thereof, and the amount due from the county by reason of such commitments, to the state treasurer; and it is further made the duty of the county treasurer, during the settlement or at the time of the settlement with the state during the month of May and December of each year, to pay to the state treasurer, through the state controller, the amount so found to be due to the state by reason of commitments to the state schools as herein provided.

§ 4. The superintendents of the state school at Whittier and the Preston School of Industry are hereby required to transmit to the state treasurer a statement of all commitments to their respective institutions, showing the name of the person committed, the date of the commitment, and the county from which the commitment is made, and the amount due to the state from the county by reason of such commitments; said statement to be made quarterly, as follows: On or before the first day of January, the first day of April, the first day of July, and the first day of October of each year; and it is hereby made the duty of the controller of state to add [to] the amounts due to the state from said counties such sum as may be shown to be due by reason of commitments to such schools, as in section two of this act provided.

§ 5. All acts and parts of acts in conflict herewith are hereby repealed.

§ 6. This act shall take effect immediately.

§ 1—Matter of Robinson, 138 Cal. 491, 494, 71 Pac. Rep. 690.

WHITTIER STATE SCHOOL—GIRLS.

To authorize the board of trustees of the Whittier State School to contract for the care and keeping of girls committed to said school in charitable or benevolent institutions or with private persons, and to pay for their care while in such institution or with such persons.

(Stats. 1905, 226, ch. CCLIII.)

§ 1. The board of trustees of the Whittier State School are hereby authorized, and in proper cases it shall be their duty to contract for the care and keeping of any girl committed to said school with any charitable or benevolent

association organized for the purpose of caring for criminal or wayward girls, or with any woman of good moral character, and to place such girl in the care and keeping of such institution or woman, and to pay therefor out of the support fund of said school such sum as may be agreed upon, but in no case to exceed the sum of fifteen dollars per month, including board and clothing, for the actual time such girl is in the care and keeping of such institution or woman.

§ 2. The board of trustees of said school may recall and take back any girl so placed in the care and keeping of any institution or woman, when in their judgment it is for the interest of such girl to do so, and shall take back such girl whenever requested to do so by the institution or woman in whose care and keeping such girl has been placed.

§ 3. The said board of trustees shall require the institution or woman receiving any girl from said school under this act to report to them monthly concerning the behavior and progress of said girl, and such other matters as said board may desire. And it shall be their duty further to inform themselves concerning the behavior, progress and general welfare of said girl by causing her to be visited occasionally by such officer or agent of the school as they may select.

§ 4. Nothing in this act shall be construed as affecting the power to parole and discharge which is now or may hereafter be conferred by law upon said board, but in all cases the power of parole and final discharge shall remain in said board of trustees, the same as though said girl had remained an inmate of said school.

§ 5. Nothing in this act shall be construed as relinquishing the counties, or others liable, from the payment of such sums to the state for the cost of maintenance as is now, or may hereafter be required by law, but such sums shall be paid the same as though said girl had remained an inmate of said school.

§ 6. This act shall take effect and be in force from and after its passage.

WINE—SOPHISTICATION AND ADULTERATION.

To prohibit the sophistication and adulteration of wine, and to prevent fraud in the manufacture and sale thereof.

(Stats. 1887, 46, ch. XXXVI.)

§ 1. For the purposes of this act, pure wine shall be defined as follows: The juice of grapes fermented, preserved, or fortified for use as a beverage, or as a medicine, by methods recognized as legitimate according to the provisions of this

act; unfermented grape juice, containing no addition of distilled spirits, may be denominated according to popular custom and demand as wine only when described as "unfermented wine," and shall be deemed pure only when preserved for use as a beverage or medicine, in accordance with the provisions of this act. Pure grape must shall be deemed to be the juice of grapes, only in its natural condition, whether expressed or mingled with the pure skins, seeds, or stems of grapes. Pure condensed grape must shall be deemed to be pure grape must from which water has been extracted by evaporation, for purposes of preservation or increase of saccharine strength. Dry wine is that produced by complete fermentation of saccharine contained in must. Sweet wine is that which contains more or less saccharine appreciable to the taste. Fortified wine is that wine to which distilled spirits have been added to increase alcoholic strength, for purposes of preservation only, and shall be held to be pure when the spirits so used are the product of the grape only. Pure champagne, or sparkling wine is that which contains carbonic acid gas or effervescence produced only by natural fermentation of saccharine matter of must, or partially fermented wine in bottle.

§ 2. In the fermentation, preservation, and fortification of pure wine, it shall be specifically understood that no materials shall be used intended as substitutes for grapes, or any part of grapes; no coloring matters shall be added which are not the pure product of grapes during fermentation, or by extraction from grapes with the aid of pure grape spirits; no foreign fruit juices, and no spirits imported from foreign countries whether pure or compounded with fruit juices or other material not the pure product of grapes, shall be used for any purposes; no aniline dyes, salicylic acid, glycerin, alum, or other chemical anti-septics or ingredients recognized as deleterious to the health of consumers, or as injurious to the reputation of wine as pure, shall be permitted; and no distilled spirits shall be added except for the sole purpose of preservation, and without the intention of enabling trade to lengthen the volume of fortified dry wine by the addition of water, or other wine weaker in alcoholic strength.

§ 3. In the fermentation and preservation of pure wine, and during the operations of fining, or clarifying, removing defects, improving qualities, blending and maturing, no methods shall be employed which essentially conflict with the provisions of the preceding sections of this act, and no materials shall be used for the promotion of fermentation, or the assistance of any of the operations of wine treatment, which are injurious to the consumer or the reputation of wine as pure; provided, that it shall be expressly understood that the practices of using pure tannin in small quantities, leaven to excite fermentation only, and not to increase the material for the production of alcohol; water before or during, but not after, fermentation, for the purpose of decreasing the saccharine strength of must to enable perfect fermentation; and the natural products of grapes in the pure forms as they exist in pure grape must, skins, and seeds; sulphur fumes to disinfect cooperage and prevent disease in wine; and pure gelatinous and albuminous substances, for the sole purpose of assisting fining, or clarification, shall be specifically permitted in the operations hereinbefore mentioned, in accordance with recognized legitimate custom.

§ 4. It shall be unlawful to sell, or expose, or offer to sell, under the name of wine, or grape musts, or condensed musts, or under any names designating

pure wines or pure musts, as hereinbefore classified and defined, or branded, labeled, or designated in any way as wine or musts, or by any name popularly and commercially used as a designation of wine produced from grapes, such as claret, burgundy, hock, sauterne, port, sherry, madeira, and angelica, any substance or compound, except pure wine, or pure grape must or pure grape condensed must, as defined by this act, and produced in accordance with and subject to restrictions herein set forth; provided, that this act shall not apply to liquors imported from any foreign country, which are taxed upon entry by custom laws in accordance with a specific duty, and contained in original packages or vessels, and prominently branded, labeled, or marked, so as to be known to all persons as foreign products, excepting, however, when such liquor shall contain adulterations of artificial coloring matters, antiseptic chemicals, or other ingredients known to be deleterious to the health of consumers; and provided, further, that this act shall not apply to currant wine, gooseberry wine, or wines made from other fruits than the grape, which are labeled or branded and designated, and sold or offered or exposed for sale, under names, including the word wine, but also expressing distinctly the fruit from which they are made, as gooseberry wine, elderberry wine, or the like. Any violation of any of the provisions of any of the preceding sections shall be a misdemeanor.

§ 5. Exceptions from the provisions of this act shall be made in the case of pure champagne, or sparkling wine, so far as to permit the use of crystallized sugar in sweetening the same according to usual customs, but in no other respect.

§ 6. In all sales and contracts for sale, production, or delivery of products defined in this act, such products, in the absence of a written agreement to the contrary, shall be presumed to be pure, as herein defined, and such sale or contracts shall, in the absence of such an agreement, be void, if it be established that the products so sold or contracted for were not pure as herein defined; and in such case the concealment of the true character of such products shall constitute actual fraud for which damages may be recovered, and in a judgment for damages, reasonable attorney fees, to be fixed by the court, shall be taxed as costs.

§ 7. The controller of the state shall cause to have engraved plates, from which shall be printed labels, which shall set forth that the wine covered by such labels is pure California wine, in accordance with this act, and leaving blanks for the name of the particular kind of wine and the name or names of the seller of the wine and place of business. These labels shall be of two forms or shapes, one a narrow strip to cap over the corks of bottles, the other a round or square and sufficiently large, say three inches square, to cover the bungs of packages in which wine is sold. Such labels shall be furnished upon proper application to actual residents, and to be used in this state only, and only to those who are known to be growers, manufacturers, traders, or handlers, or bottlers of California wine; and such parties will be required to file a sworn statement with said controller, setting forth that his or their written application for such labels is and will be for his or their sole use and benefit, and that he or they will not give, sell, or loan such label to any other person or persons whomsoever. Such labels shall be paid for at the same rate and price as shall be found to be the actual cost price to the state, and shall be supplied from time

to time as needed, upon the written application of such parties as are before mentioned. Such label, when affixed to bottle or wine package, shall be so affixed that by drawing the cork from bottle or opening the bung of package, such label shall be destroyed by such opening; and before affixing such labels, all blanks shall be filled out, by stating the variety or kind of wine that is contained in such bottle or package, and also by the name or names and post-office address of such grower, manufacturer, trader, handler, or bottler of such wine.

§ 8. It is desired and required that all and every grower, manufacturer, trader, handler, or bottler of California wine, when selling or putting up for sale any California wine, or when shipping California wine to parties to whom sold, shall plainly stencil, brand, or have printed where it will be easily seen, first, "Pure California Wine," and secondly his name, or the firm's name, as the case may be, both on label of bottle or package in which wine is sold and sent; or he may in lieu thereof, if he so prefers and elects, affix the label which has been provided for in section seven. It shall be unlawful to affix any such stamp or label as above provided to any vessel containing any substance other than pure wine as herein defined, or to prepare, or use on any vessel containing any liquid, any imitation or counterfeit of such stamp, or any paper in the similitude or resemblance thereof, or any paper of such form and appearance as to be calculated to mislead or deceive any unwary person, or cause him to suppose the contents of such vessel to be pure wine. It shall be unlawful for any person or persons, other than the ones for whom such stamps were procured, to in any way use such stamps, or to have possession of the same. A violation of any of the provisions of this section shall be a misdemeanor, and punishable by fine of not less than fifty dollars and not more than five hundred dollars, or by imprisonment in the county jail for a term of not exceeding ninety days, or by both such fine and imprisonment. All moneys collected by virtue of prosecutions had against persons violating any provisions of this or any preceding sections shall go, one half to the informer, and one half to the district attorney prosecuting the same.

§ 9. It shall be the duty of the controller to keep an account, in a book to be kept for that purpose, of all stamps, the number, design, time when and to whom furnished. The parties procuring the same are hereby required to return to the controller semiannual statements under oath, setting forth the number used, and how many remains on hand. Any violation of this section by the person receiving such stamps is a misdemeanor.

§ 10. It shall be the duty of any and all persons receiving such stamps to use the same only in their business, in no manner or in nowise to allow the same to be disposed of except in the manner authorized by this act; to not allow the same to be used by any other person or persons. It shall be their duty to become satisfied that the wine contained in the barrels or bottles is all that said label imports as defined by this act. That they will use the said stamps only in this state, and shall not permit the same to part from their possession, except with the barrels, packages, or bottles upon which they are placed as provided by this act. A violation of any of the provisions of this section is hereby made a felony.

§ 11. This act shall take effect and be in force ninety days after its passage.
